FIGHT FOR YOUR FREEDOM!

PEOPLES' BULLITEN NO. 6 — PIGS NOW BEAT WOMEN

Chuck Geary was out of town Wednesday night-the pigs knew that Chuck was out of town. About 1:30 a.m. 5 squad cars and onevan pulled up in front of his house, (4501 Clifton) where his wife, daughter, and son were in a group of about 8 people in front of the house. Officers Johnson and Shiro (20th dist.) asked them who they were. Then the pigs became insulting so Martha Geary took their badge numbers and names. Johnson took her by the hair of her head and threw her into the paddy wagon. Her son Eddie and her daughter Marcelle were taken too, when they tried to help their mother. Eddies head somehow got banged against the sidewalk. No one else in the group was arrested when they tried to help Martha, only the Gearys-on charges of DISTURBING THE PEACE (taking a pig's badge #) and curfew (Eddie was with his mother in front of his own house, which is no violation.). Mrs. Geary was very badly bruised all over her body and was taken to Weiss Memorial Hospital for first aid.

Pigs have always brutalized the men and young guys in our community but now they're starting on women!

The pigs protect the interest of the rich people in Uptown, not the poor people. They treat us like animals. Police should come from our community. They should be responsible to us and live with us. If a policeman had to come back to his home in in the community at night, he would think twice about beating up on his neighbor's wife and kids.

The Young Patriots charge the pigs with DISTURBING THE PEACE in our community. When the pigs start protecting the poor people they will be called police.

PEOPLE'S BULLETIN #3------------A VICTORY FOR THE PEOPLE!

The purpose of this people's bulletin is to announce a victory of the poor people of Uptown over the rich pigs who run our lives. We of the Young Patriots are proud to say that the college which th the rich pigs wanted for Clifton & Racine is not going through! THIS IS A FACT!! The rich pigs themselves had to admit that they could not go against the united will of the people to fight for their freedom.

We won this victory because we were determined to fight with everything we have for our freedom. We were determined to pick up the gun to protect our homes and families! The rich people knew this and they were scared----THEY BACKED OFF!! This just shows what united people can do to better their lives if they are willing to fight!!

This is nothing new to Americans---Americans have always been freedom-fighters, and we are Americans! But we are real Americans like the men who founded and built this country. Not like the pig-Americans who cheated and lied their way into control of everything. We are not like these pig-Americans who put aside the real idea of America---freedom---for their own ideas---greed and selfishness.

We of the Young Patriots are proud of the People of Uptown. We are proud that the people put aside their racism so that the black, white, brown, yellow and red people could fight together for their freedom. We are proud that people put aside their fear of the pigs guns and clubs and stood up to the pig and said:

WE WANT OUR FREEDOM!!!!!!

ALL POWER TO THE PEOPLE!!!!!

YOU SPENT $62.57 ON FOREIGN AID LAST YEAR! WHAT HAS IT DONE FOR YOU

An example of what happened to your tax money:
In 1965, four American students visited Guatemala. They made a point of interviewing an official of the U.S. Agency for International Development (AID), which handles most U.S. foreign aid. The AID gouges $ 2,300,000,000 from U.S. taxpayers each year. The students were interested in what we get in return.

One of the students asked the AID man what sort of things were being done to help the Guatemalan people. The official replied, "Well, actually that's not our direct responsibility. You see, the real purpose of AID is to open up this country to American business investment." The students were shocked, but the AID man went on to tell them why he thought this was a good thing. Pointing to a construction site, he said, "See that housing project? We got a U.S. construction company to come down here and build low cost housing units for local workers and their families."

One of the students asked the man, "How much do you charge for one?"
AID man: "$2,500 altogether, but that's in small monthly payments."
Student: "How much does it cost to build one?"
AID man: "Well, the companies have to make a profit . . . ."
Student: "Come on, how much?"
AID man: "About $800 a piece."

What has happened here?
A U.S. taxpayer is milked of $800. The government gives the money to AID, which turns it over to an American construction company. Now the stuffed-shirt businessman who gets this money goes down to Guatemala, hires workers there for 30¢ an hour to build a house, and then charges these workers $2,500 to live in it.

This has happened:
1 The American working man is conned out of money
2 A Guatemalan worker is forced to work for starvation wages, mortgages his life away for a home, and begins to hate the U.S. for screwin him and his country
3 A rich businessman who owns an international construction company makes $1,700 clear, tax free profit while undertaking no risk and investing almost no money.

Why does this happen?
U.S. Government dominates small foreign countries to serve the need of the very rich, the small class of hogs that actually runs this country. The working people of the entire world are bled by this ruling class. That is why they revolt in Cuba, Vietnam, Bolivia, and Guatemala. And that is why they say, "Yankee go home!"

Government must serve the People!

WHERE DOES YOUR TAX MONEY GO?

Lying politicians say it goes to Poor people, Negroes, Mexicans . .

The hell it does!

It goes to Guns, bombs, interest, airplanes, and fat businessmen.

The average working man in Illinois makes $6,530 a year. (The poor women dont make but $3,684 average) A married man and housewife pay an average

$ 1,099.50	Federal income tax
110.00	Surtax
287.32	Social security
$ 1,496.82	FEDERAL TAXES

Where does it go?

Warfare, arms, military	$ 660
(Vietnam portion of above)	($ 234)
Interest on national debt	$ 130
Commerce and transport	$ 73
International affairs	$ 43
Space exploration	$ 41

$ 950 for crap that doesn't do the common people one bit of good. And look at the crumbs left for our welfare:

Elementary and high schools	$ 19
Welfare	$ 31
Low income housing	$ 7.50
Medicare	$ 51
Medicaid & ADC medical	$ 21
All other health programs	$ 19
Retirement and social security	$ 210

There's plenty of money for business and war, but not much for us.

WHY ARE THINGS LIKE THIS?
Because the forces that run this country are front men for BIG MONEY - the working people and poor people are bilked, conned, and bled to finance war, pay interest to the rich, support profits of big business, and fling chunks of metal into the sky!

The country is being run for the good of the rich ruling class that owns the banks, real estate, aircraft and gun factories, chain stores, and so forth. They serve themselves without regard for what the common people want or need. Until we working people and common Joes rise up and demand control over our jobs, our communities, our government, OUR LIVES - it will never be any different.

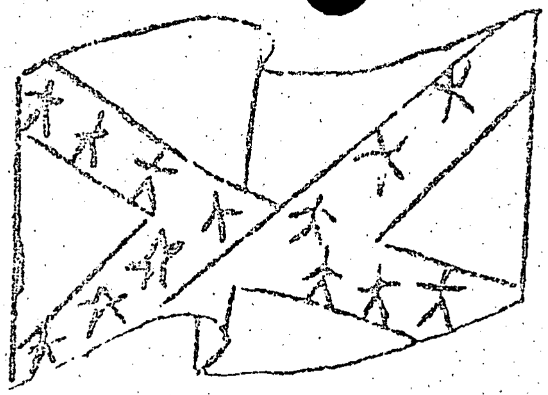
1421 Wilson Ave.



WHO HAS THE POWER?

1. Who likes the U.S. Government?
   Those who it helps.

2. Who does it help?
   Owners of big businesses- banks, factories, chain stores.

3. What are these people called?
   Boss. Capitalist. Parasite. Bloodsucker. Ruling class.

4. How many capitalists are there?
   Damn few. The richest 1% owns 76% of all stock. The top 99 families alone are worth 37 Billion Dollars.

5. What does that mean to us?
   Since these rich pigs have the money, they can say where it goes, who gets it, and how much they get.

6. What are the results of this?
   1 out of 3 Americans is underfed.
   Not enough schools.
   Not enough houses.
   Not enough medical care.
   Rotten air and poisoned water.
   Wars that kill our youth, widow our women, and turn half the world against us: Vietnam. Korea. Dominican Republic.

7. Why do we blame the capitalists?
   Look who holds the power in this country. Look where our "leaders" spend our money. These multi-millionaires made their fortunes off other men's sweat and labor. They didn't give a damn about us then, when they took the profits. They don't share the wealth that we produced. They make the decisions; we do the work and pay the taxes.

Something must be done. The Young Patriots Organization is about doing it. All Power to the People!

BLACK PANTHER PARTY, Also
Known As Black Panther Party
for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. MICHAEL KLONSKY, National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the world-wide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power and does not support the polices of that country.

SDS maintains a National Office in Room 206, 1608 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

At 5:05 A.M. on June 4, 1969, a telephone call was placed by SA R. B. YADON to Black Panther Party (BPP) Headquarters, 2350 West Madison Street, Chicago. The call was answered by an unidentified female who verified the number of the BPP organization. A request of this individual was made to speak with the person in command and an unidentified male answered the telephone stating he was the "O.D." (officer of the day).

SA YADON advised this individual that he was representing the FBI and that the FBI held arrest warrants for four BPP members, namely GEORGE SAMS, Jr.; RORY B. HITHE; LANDON R. WILLIAMS and LONNIE MC LUCAS. He advised that these warrants charge the above-listed individuals with Unlawful Flight to Avoid Prosecution for Murder; Conspiracy to Commit Murder and Kidnapping. He further advised the "O.D." that the FBI had information indicating one or more of these individuals was at that location, that the headquarters were surrounded by FBI personnel and that he should open the front door. This individual stated that none of these persons were there and he was again instructed to open the door. The individual left the phone unattended, with the line open, and sounds of movement and arguing could be heard. The phone was then answered by a woman with male voices in the background, one stating "I'll kill them", followed by obscene language. A man then came on the phone to indicate they would let one man come in and he was advised that this was not acceptable; he was again instructed to open the door and leave the premises. The male individual indicated that they were negotiating and then stated, "We are coming out"; however, persons in the room continued arguing and one individual was heard to say "Give me that shotgun".

During the course of the telephone being left open, SA YADON heard what appeared to him to be a noise made by a shotgun action being racked.

Upon being ordered from the building, an individual who identified himself as "O.D.", indicated he was coming out and subsequently did leave the building. This individual was later identified as PATRICK KEEN and he was brought to the command car where he was permitted to give instructions for his fellow members to leave the building.

Six individuals came out of the BPP Headquarters on instructions of FBI Agents and PATRICK KEEN. As these individuals left the building, each shouted obscenities at Agents on the street and they all made statements about "the revolution", with several stating "in the revolution, one wins or dies". PATRICK KEEN, during his efforts to get his fellow members from the building, also made the statement that "in the revolution, one wins or dies". He also stated that people in the building were "true revolutionaries" and would not come out of the building on orders of the FBI or any other law enforcement official but would die before they would obey. He stated they are not subject to "your laws". He also said over the bullhorn, to his comrades, that they should come out so they could work for the revolution.

STRATTON was present at 2350 West Madison, Chicago, Illinois, when arrests were made for harboring a fugitive from justice, in building occupied by an organization calling themselves the Black Panthers. Special Agent in Charge MARLIN W. JOHNSON of the Chicago Federal Bureau of Investigation office instructed SA STRATTON to conduct a lawful search of the building in which the arrests were made, with assistance of other Special Agents of the FBI.

Posters, pamphlets, printed material and machines were observed on the walls, floors, desks and chairs and it appeared to SA STRATTON that these items would be subject to seizure under a search warrant issued in conformance with Rule 41 (b) of the Federal Rules of Criminal Procedure in conjunction with violations of Title 18, U.S. Code, Sections 2383, 2384 and 2385.

Section 2383 relates to rebellion or insurrection against the authority of the United States or the laws thereof or in giving aid and comfort thereto.

Section 2384 relates to conspiracy to overthrow, put down, or to destroy by force the Government of the United States, or to levy war against them, or to oppose by force the authority thereof, or by force to prevent, hinder, or delay the execution of any law of the United States, etc.

Section 2385 relates to willfully advocating, etc. the overthrow of the Government of the United States and the printing, etc. of material, and the orgnizing, etc. of persons for such purposes.

SA STRATTON therefore directed that certain materials be seized and preserved as evidence of violations of laws of the United States, possibly being committed in presence of Agents, both as mere evidence and as material designed or intended for use or which is or has been used as means of committing a criminal offense (Rule 41 (b)) and material that constitutes evidence of a criminal offense in violation of the laws of the United States (Title 18, U.S. Code, Section 3103a).

In conducting this search, the following matters were considered:

The arrests were completed between approximately 5:30 a.m. and 6:00 a.m. and it would not be possible to prepare detailed affidavits for search warrant and appear before the U.S. Commissioner or a District Court judge for several hours.

The building had been prepared with electrical devices and with solid steel doors and iron doors and bars placed over entrances, exits and windows, thusly preventing any entrance without breaking and entering and with use of firearms. Several weapons were present and seized and it is known to Agents that this organization calling themselves the Black Panthers has consistently stated that attempts to search or to effect arrests would be violently resisted, even with firearms.

That attempts to enter the building had met with no co-operation of any kind from persons in the building, and any future attempts to enter would undoubtedly be met in the same way, necessitating an armed force sufficient to effect the execution of a search warrant, thus making it impractical to obtain and effect a search by warrant on the same day.

Likelihood of destruction of evidence and removal of evidence while the paperwork necessary for a search by search warrant was being accomplished and filed.

Tenseness of the general neighborhood due to prior racial disorders.

"ILLINOIS BLACK PANTHER PARTY PLATFORM AND PROGRAM

1. WE WANT FREEDOM. WE WANT POWER TO DETERMINE THE DESTINY OF OUR BLACK COMMUNITY.

   We believe that black people will not be free until we are able to determine our destiny.

2. WE WANT FULL EMPLOYMENT FOR OUR PEOPLE.

   We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white american businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. WE WANT AN END TO THE ROBBERY BY THE WHITE MAN OF OUR BLACK COMMUNITY.

   We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans murdered six million Jews. The american racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. WE WANT DECENT HOUSING, FIT FOR SHELTER OF HUMAN BEINGS.

   We believe that if the white landlords will not give decent housing to our black community, then the housing and land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. WE WANT EDUCATION FOR OUR PEOPLE THAT EXPOSES THE TRUE NATURE OF THIS DECADENT AMERICAN SOCIETY. WE WANT EDUCATION THAT TEACHES US OUR TRUE HISTORY AND OUR ROLE IN THIS PRESENT DAY SOCIETY.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. WE WANT ALL OPPRESSED MEN TO BE EXEMPT FROM MILITARY SERVICE.

We believe that black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world, who, like black people, are being victimized by the white racist government of america. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary."

"THE PEOPLE VS. FRED HAMPTON

'"We want all people when brought to trial to be tried in court by a jury of their peer group or people from their communities, as defined by the constitution of the United States."'

"This is the ninth point of the Black Panther Party's Ten-Point Program. The constitution says that a person is to be judged by those of the same socio-economic status. How can a petty bourgeois banker understand how a janitor liberates (steals) some food to feed his starving family? This is the type of injustice every oppressed person is subjected to within the "halls of justice". All Black People are oppressed because we do not control the means of production and distribution. The oppressors, the pig power structure controls our destiny-they determine who lives in our communities, what businesses are allowed in our communities, and what politicians are to serve the people.

" We, of the Illinois Chapter of the Black Panther Party, understand that Fred Hampton, our Deputy Chairman, was unjustly tried by the pig power structure of Illinois. Deputy Chairman Fred Hampton, a member of the Maywood Community, will be tried in court of his peer group defined by the constitution of the United States.

"The members of the Black Panther Party will be calling on you to support and endorse this just trial. The case will be tried in the Western Suburbs some time in the beginning of May. The Black Panther Party will keep the community informed as to the court date and place of the trial.

PETITION TO FREE FRED HAMPTON, A POLITICAL PRISONER

We, the undersigned People of this nation, hereby petition for the immediate release of Fred Hampton, Deputy Chairman of the Illinois Chapter of the Black Panther Party. We believe that he is in prison solely because of his political belief, that all power in this nation should be in the hands of all the People of this nation. We know that he is innocent of the alleged robbery he was sentenced for. We know that he received an unfair trial. Most of all, we believe that denying him liberty before the appeal courts have finally determined whether he received a fair trial is a direct attempt to silence and punish him for his beliefs without any proof that he committed even one crime againost the people.

THE PEOPLE'S COURT

Manuel Ramos, a Revolutionary Brother, was murdered in cold blood by the off-duty racist dog police. This same pig creates disorder in our schools, and vamps on us when we stand up for what is ours, as Manuel did. We make demands for better conditions in our schools. Manuel made a demand for the people. He said, "Man, I believe all people should have power whether they're Black, Brown, or White." And for that he was assassinated.

Manuel's murder is no exception. Everyday our brothers and sisters are murdered and vamped on by the pigs.

--Charles Cox, beaten to death by two pigs in the pigsty last week.
--Lil' Bobby Hutton, shot 18 times in the back, because he demanded justice for all people.
--Ron Nelson, whose pig murderer Nuccio was convicted by the people, but put back on the streets by the racist pig power structure and their lacky kangaroo courts.
--And thousands of other brothers and sisters whose murderers remain armed and loose and dangerous on the streets.

The people are now demanding some of the "law and order and justice" that the pig power structure talks about so much.

We have organized a march on the 18th district pigsty, where the head hog, State Attorney Hanrahan will be and demand action against assassin Pig Lamb Now. . . . .

--We demand the indictment and conviction of Pig Lamb for murder

--We demand the release of our brothers arrested to cover up murderer Lamb

The people have let the pigs rule and terrorize us for too long. They have kept up divided and confused thru racism. We must stop fighting each other and take on our real enemy -- the racist power structure and their army of pigs. We must act together and demand that their jive laws work for us -- the People.

We know that the courts have never worked for us. That they are controlled by the same pig power structure that sends its army of pigs to murder and harass us. We will demand that they give us justice . . . but when they do not we will take it.

THE PEOPLE SHALL HAVE LIBERTY AND JUSTICE - by any means necessary!

(a) "Collaborating with the Enemy." A critical attack on U.S. Government, state and local governments, as well as officials of those branches of government.

(b) "Climax" - This circular criticizes capitalistic system.

(c) "To the Oppressed People". Criticism of Capitalism.

"COLLABORATING WITH THE ENEMY

"The Government of the U.S. is trying desparately to maintain her domination over oppressed peoples in this pig society. One of her first tactics is to base herself an official collaborators and reactionary elements. These traitors-sons are singled out, given concessions, and placed on the national news media to denounce the revolutionary movement and the peoples aspirations for freedom. The government has made a concensus of its loyal and faithful traitors-sons, mobilized them to make declarations and condemnations on radio, TV, and in the papers to the effect of denouncing the peoples' rights to self-defense in the face of brutal pig attacks. The Black Panther Party has uncovered this scheme to keep the people at the mercy of this vicious pig power structure. We see this stepped-up campaign against the revolutionary peoples party as an attempt to cut off the "sound" population from the revolutionary body. The pig power structure knows that if the people follow the Black Panther Party, they will be unable to exploit, oppress, and murder us at will. These same traitors who denounced the people's legal right to be free, endorse the cynical, inhuman, deviate methods used to suppress the people.

"The traitors-sons are helping the enemy pigs in their national propaganda scheme to promote black capitalism, knowing from the start, that the resulting black capitalism is neo-colonialism. These collaborators, these black pigs, these white traitors are to be found on national, state, and local levels. They can be found in Congress, in pig Nixon's cabinet, in the supreme court, in state legislative bodies, and in local arms of national civil rights organizations. They will tell you that the problem is economic and social; that they will vigorously try to solve the housing question and end poverty, knowing well that these problems will never be solved as long as there is capitalism. They treat the demand for national liberation as if it is a manifestation of social discontent. They move with the illusions that their promises to improve living conditions will be sufficient to bring back order and peace. They misinterpret the peoples national consciousness and ignore it in order to receive their concessions from the pigs. They are helping those avaricious capitalist pigs run their con games on the people. As long as these enemy pigs exist, the power structure and their running dogs will use them to point the masses in the wrong direction.

"The Black Panther Party will forever educate the masses to their deviate tricks and they, too, will have to face the wrath of the armed people. The Black Panther Party, the beacon light to freedom, will show the people how to resist the efforts of these collaborators, these traitor-sons, these enemy soldiers.

"A pig is a pig is a pig.

"ALL POWER TO THE PEOPLE

"YUSUN

"CLIMAX"

"For a revolutionary atmosphere to exist, contradictions must be heightened to the point where there are two separate and immobile forces, one stimulating revolution-longing about a new established rule for the people; and the other is filled with inconsistency trying to maintain the present status quo.

"We are in the beginning of this revolutionary atmosphere. It is time for Black people to stop the "Civil Rights Game" and learn that the pigs are "playing" for keeps. For 400 years we have been told to be non-violent to the American people so we can arouse their moral feeling. They aren't arousing moral feeling in Viet Nam, Thailand, South and Latin America. You don't see American soldiers holding sit-ins or demonstrations in Saigon or Hue. They don't carry peace signs over Hanoi. The pigs aren't riding around with pslams when the patrol our community. Those are 12-gauge pump shotguns - good for controlling a mob of angry niggers and were brought into existence only for the mass murder of black people.

"In the Geneva Convention it was said that using 12-gauge shotguns were illegal in time of warfare and were inhuman on people.
WHAT ARE WE CONSIDERED BY THEM?

"Everyone Tonto, but no one remembers that in Spanish Tonto means stupid. For years and years, the oppressor has been calling us Tonto and we never knew it.

"But lets talk of the necessity of revolution. For one thing we don't have freedom. We have never and never will be able to control our destiny in this capitalist society. Our people have never seen full employment. They won't ever. The people do the hardest work and receive the least pay. We are constantly being robbed in our community by capitalist pigs who thrive off exploitation and like vultures live off our blood. Decent housing has never been a reality for Black people while avaricious businessmen collect $125 rent and can't fix the faucet. In school we never receive an education. But we want one. We want one that teaches us our true history and our role in present day society. One that exposes the true nature of this racist, decadent society. Black folk have always been fighting Uncle Sam's wars and never received recognition at home. We can never receive fair and impartial trials, because the white man can never understand the average reasoning Black man. We have never been tried by people of our own peer group or people from our Black community and defended by their jive-ass constitution of the United States. We'll never have land, the basis for independence, bread, housing, education, clothing, justice, or peace while we exist in this society. NEED MORE BE SAID.

TO THE OPPRESSED PEOPLE

Intelligence is enhanced by one's ability to observe objectively, participate objectively, and form an objective opinion.

The capitalistic power structure over a period of 340 some odd years has tole oppressed people in various degrees or rhetoric that we as a subhuman animal are unintelligent, uncouth, buffoons, shiftless, etc. As members of the Black Panther Party we are inclined to see the masses of oppressed communities going through a period of subjective observation, subjective participation and formulating subjective opinions. Consequently adhering to the dehumanizing rhetoric instilled in oppressed peoples minds for 340 some odd Years? The Western suburb area (Argo, LaGrange, Maywood) is functioning somewhat on the same level at the mass media, to destroy the people and the peoples party, the Black Panther Party. The mass media strictly deals with one-sided subjective news to be read and listened to solely for the satisfaction of the capitalistic population mainly because it is run by the capitalistic power structure.

You've already been told you are second class citizens, 20th century slaves; you've already been denied first class food, housing, clothing, education, health, but you have the newve to expect first class news concerning the Black Panther Party. Why, because you are behaving on mass psychological un-intelligent state, subjective observation, subjective participation and consequently subjective opinion.

The Black Panther Party circulates newsletters, newspapers, and Black Panther ideology in oppressed communities (Argo, LaGrange, Maywood). Newsletters are thrown away, newspapers go unread, Black Panther ideology is received but not tuned-in to minds and ears.

Consequently you observe the Black Panther Party members in a subjective, non-tuned in manner, as gangbusters, hoodlums, cut-throats, illiterates and mercenaries of the oppressed communities. You don't participate in an objective, intelligent manner. You go about forming subjective, unintelligent conclusions and opinions about the People's Party. You see it is you, you the oppressed people that make the peoples party gangbusters, hoodlums, cut-throats, illiterates, and mercenaries!

WE ARE NOT AGAINST THE PEOPLE, WE ARE FOR THE PEOPLE. THAT IS WHY WE SAY "ALL POWER TO THE PEOPLE."

To rid yourself of this dehumanizing unintelligent, subjective observation, participation, opinion and conclusion, observe objectively the Black Panther Party, participate objectively with the Black Panther Party, form objective conclusions and opinions. Then and only then can we, the Vanguard Party go about liberating you.

"TO WHOM IT MAY CONCERNED:

"You have no doubt heard about the Black Panther Party. If you haven't, the Black Panther Party is the vanguard party of the oppressed people. We have taken upon ourselves the task of getting what the people want, getting what the people need, getting what the people deserve.

"In meeting the wants, needs and just rewards of the people, we have initiated a Breakfast for School Children Program which will be free to hungry children-- children who go to school without food in their stomachs; and a Defense Fund for the many Brothers placed in jails and prisons because they have not received a fair and impartial trial.

"We, the Black Panther Party know that both these causes are of such magnitude as to warrant the immediate attention of the entire community. We realize that its hard enough to go to school, but for a child to have to go to school on an empty stomach is criminal. Criminal because some super rich capitalist won"t pay decent wages or hire qualified people today to do a job to make enough money to feed their children. At the same time we realize the courts have been unjust and unconstitutional in their handling of Black people brought before them. The pig power structure in this country is focusing it's blood thirsty attacks on the leaders of the Black Panther Party in all states. It is most important that these leaders remain among the people. They must be allowed to tell the truth about this decadent system.

"We come to you, knowing you are fair and asking for your support for these two worthy causes. We are asking for donations of food for these hungry children and money contributions for the Defense Fund. Your donation may be small or large--it will all be appreciated. We of the Black Panther Party thank you for your donation if there is one.

The Black Panther Party atuned to the needs of Black People--is implementing a Breakfast for Children 's program. This program is designed to feed children from 7-9 a.m. before they go to school. We have various centers covering the west and south and north sides from which to work--but we are in need of more funds and food. The breakfast themselves are free to the children at our expense and this why in order to substain it, we must have donations of food and money.

We are appealing to Businessmen to support this most worthy program either in the form of financial support or donations of food and other perishable goods. There can be no doubt in your mind as to the necessity of this program and there should be no doubt as to the sincerity of the Panthers. The Black Panther Party is here to serve the needs of Black People--with your help our program can be accelerated and be made beneficial to every child in the ghettos of Chicago.

POWER TO THE PEOPLE

ADDED NOTE: We have one fully operating center at 1512 S. Pulaski--with a few tentative others, hinging upon the question food supply.
Daily we feed approx. 200 children with an expectancy o more

WE CORDIALYY INVITE YOU TO COME AND OBSERVE OUR PROGRAM IN ACTION.

We are primarily a Revolutionary Vanguard Army, but we must relate and move with the needs of the people. Due to the system's adverse position against Black People--many Black children go to school hungry. Therefore the Black Panther Party atuned to the needs of Black People--feels it is necessary to enact a Breakfast for Children Program.

This program will begin April 1, we now have a west-side base to work from--what is primarily involved is to get space accessible to neighboring schools and feed our children form 7-9 a.m.

We have no working base on the southside--and we cannot ignore the needs of our oppressed Brothers and Sisters. Therefore we are asking you to donate your church hall or any space that would house from one to three hundred children.

We would appreciate you assistance in our implementing this beautiful program.

ATTENTION:

Dear Sir:

In reference to the conversation between you and Miss Ross some months ago I am submitting this report as to the reason for the Black Panthers Fund Raising Drive for the B/lack community. We have a number of programs for the community which through your assistance we would like to see implemented.

Some of which are:

- Breakfast for Children Program
- Law Firm Center
- Free Health Clinics
- Food Buying Club (which we have, but which is not being operated on a larg basis)
- Economics Assistance to ADC Mothers
- Day Care Nursery
- Tenant's Union for the upkeep of the buildings

We have at present limited vehicles by which to makethis materialize to:

- Rallies
- Minimal Donations
- Proceeds from Posters, Papers, Pamphlets, etc.

These as you see are very limited for the programs we have in mind. We are not asking you for money; simply your assistance in securing a financial base for the Black community. With the many resources that you have at hand -- in implementing many of our communi objectives would be a definite boost.

Sincerely,
Alvino Suing
Deputy Minister of Finance

The pigs can threaten us with jail, exile and murder us, but as long as the Black Panther Party exists, we will feed our children.

The centers on the westside (1512 South Pulaski), southside (503 East 37th) and northside (1400 North Cleveland) will continue to operate from 7 a.m. to 9 a.m. and new centers will be opened to fit the needs of the people.

Soon, we will open up a free health clinic, another thing which the people need.

And in the words of deputy Chairman Fred Hampton:

> "You can jail a revolutionary,
> but you can't jail revolution.
> You can kill a liberator,
> but you can't kill liberation.
> You can run a freedom fighter around the country,
> but you can't run freedom.
> Because, if you do, you come up with questions that don't question,
> answers that don't answer, conclusions that don't conclude, explanations that don't explain and endings that don't end."

So, the pigs can refuse to let us use the centers built for the people, they can deny us all the permits and other little bits of so-called "legality" to keep us from opening up a free health clinic and breakfast centers but, the BLACK PANTHER PARTY will continue to serve the needs of the people.

An eight page document captioned "Suggested Plan for the Complete Breakdown of the State of Illinois Power Structure" was located in a brown record box which was in the private office on the southeast corner of the second floor of the building occupied by the Chicago Black Panther Party (BPP). The office where this document was located is under the sole jurisdiction and control of the Chicago BPP.

The document which is set forth in full in the appendix section of this report set forth information indicating the BPP would seek to cause chaotic conditions in the State of Illinois by the destruction of communication, power and transportation systems. The document indicated the execution of city and state officials should occur as well as crippling the fire department.

The document also sets forth information concerning "Suggested Organization of Section and a 'military' training schedule." The document was labeled "Top Secret."

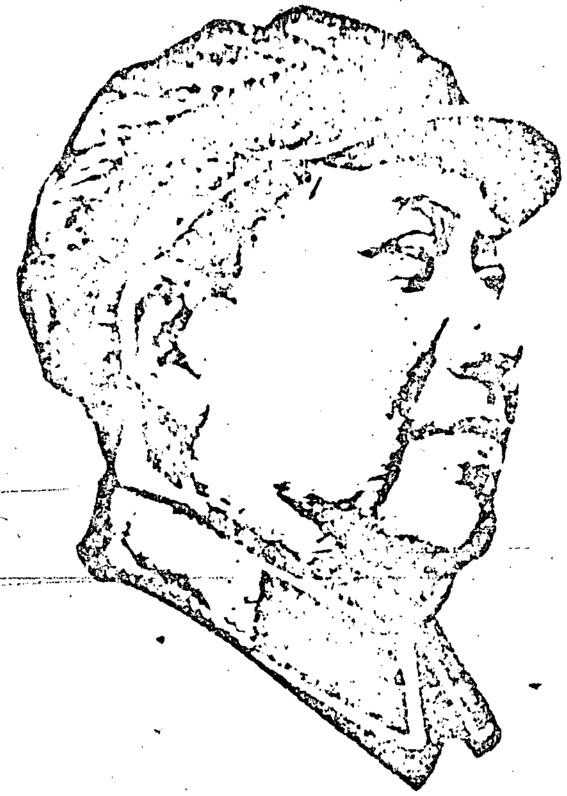
The following 20 pages are reproductions of posters (approximately 15" X 20") quoting MAO Tse-tung, which were promently displayed on walls of Chicago BPP headquarters on June 4, 1969.

The socialist system will eventually replace the capitalist system; this is an objective law independent of man's will. However much the reactionaries try to hold back the wheel of history, sooner or later revolution will take place and will inevitably triumph.

MAO TSE-TUNG



The days of imperialism are numbered. The imperialists have committed all manner of evils and all the oppressed peoples of the whole world will never forgive them.

MAO TSE-TUNG

76

Marxism consists of thousands of truths, but they all boil down to the one sentence, "It is right to rebel." . . . And from this truth there follows resistance, struggle, the fight for socialism.

MAO TSE-TUNG

People of the world, unite and defeat the U.S. aggressors and all their running dogs! People of the world, be courageous, dare to fight, defy difficulties and advance wave upon wave. Then the whole world will belong to the people. Monsters of all kinds shall be destroyed.

MAO TSE-TUNG

What imperialism fears most is the awakening of the Asian, African and Latin American peoples, the awakening of the peoples of all countries. We should unite and drive U.S. imperialism from Asia, Africa and Latin America back to where it came from.

MAO TSE-TUNG

We should support whatever the enemy opposes and oppose whatever the enemy supports.

MAO TSE-TUNG

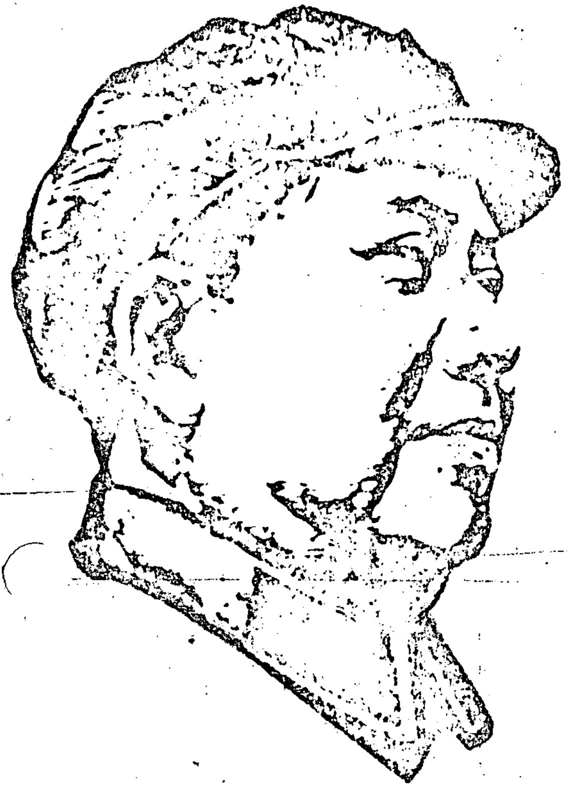
All reactionaries are paper tigers. In appearance, the reactionaries are terrifying, but in reality they are not so powerful. From a long-term point of view, it is not the reactionaries but the people who are really powerful.

MAO TSE-TUNG

We stand for self-reliance. We hope for foreign aid but cannot be dependent on it; we depend on our own efforts, on the creative power of the whole army and the entire people.

MAO TSE-TUNG

82



We stand for self-reliance. We hope for foreign aid but cannot be dependent on it; we depend on our own efforts, on the creative power of the whole army and the entire people.

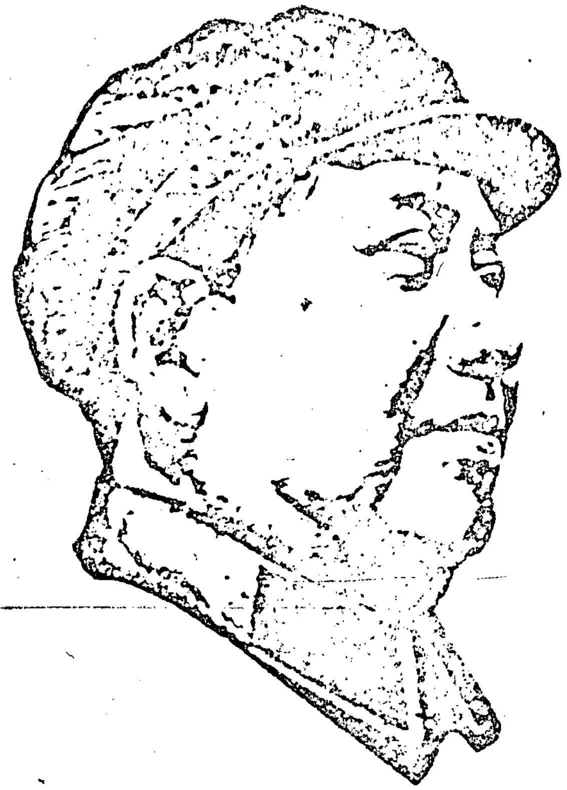
MAO TSE-TUNG

The seizure of power by armed force, the settlement of the issue by war, is the central task and the highest form of revolution. This Marxist-Leninist principle of revolution holds good universally, for China and for all other countries.

MAO TSE-TUNG

What is a true bastion of iron? It is the masses, the millions upon millions of people who genuinely and sincerely support the revolution.

MAO TSE-TUNG

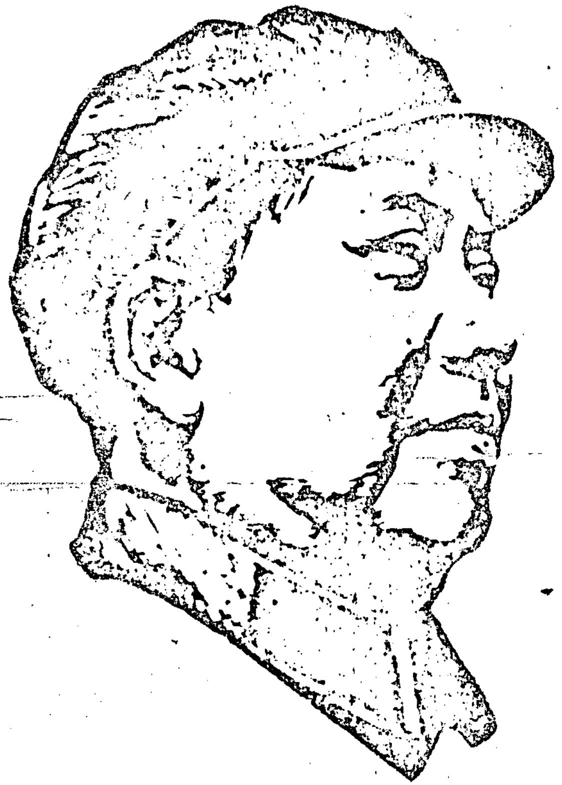


The atom bomb is a paper tiger which the U.S. reactionaries use to scare people. It looks terrible, but in fact it isn't. Of course, the atom bomb is a weapon of mass slaughter, but the outcome of a war is decided by the people, not by one or two new types of weapon.

MAO TSE-TUNG

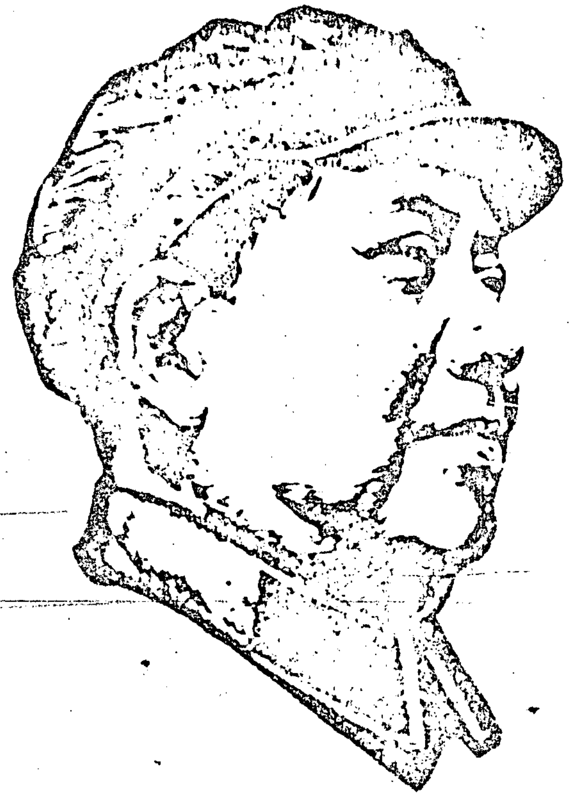
The oppressed peoples and nations must not pin their hopes for liberation on the "sensibleness" of imperialism and its lackeys. They will only triumph by strengthening their unity and persevering in their struggle.

MAO TSE-TUNG



Marxism consists of thousands of truths, but they all boil down to the one sentence, "It is right to rebel." . . . And from this truth there follows resistance, struggle, the fight for socialism.

MAO TSE-TUNG



Who are our enemies? Who are our friends? This is a question of the first importance for the revolution.

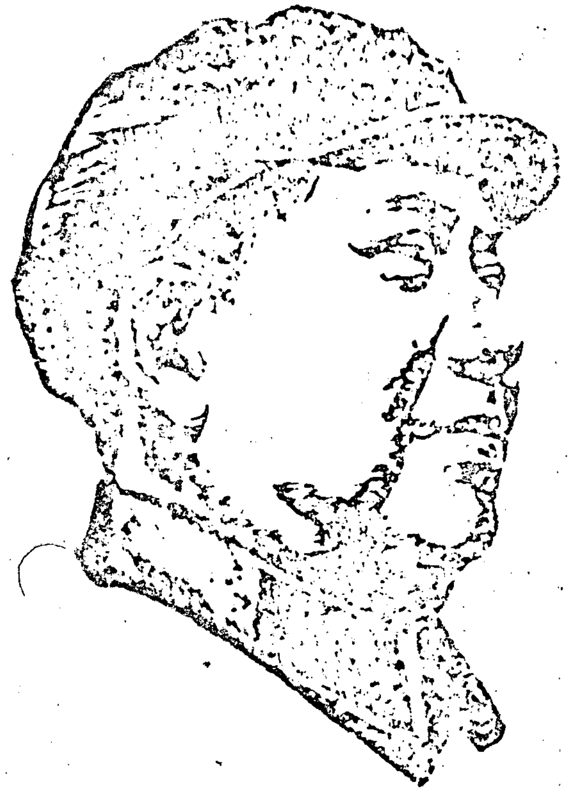
MAO TSE-TUNG

The oppressed peoples and nations must not pin their hopes for liberation on the "sensibleness" of imperialism and its lackeys. They will only triumph by strengthening their unity and persevering in their struggle.

MAO TSE-TUNG

We are advocates of the abolition of war, we do not want war; but war can only be abolished through war, and in order to get rid of the gun it is necessary to take up the gun.

MAO TSE-TUNG

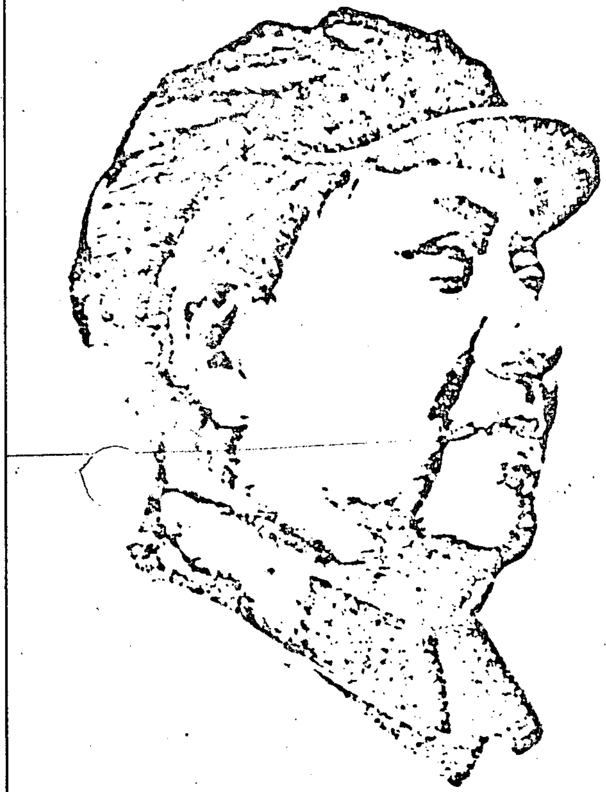


The people, and the people alone, are the motive force in the making of world history.

MAO TSE-TUNG

Everything reactionary is the same; if you don't hit it, it won't fall. This is also like sweeping the floor; as a rule, where the broom does not reach, the dust will not vanish of itself.

MAO TSE-TUNG



In times of difficulty we must not lose sight of our achievements, must see the bright future and must pluck up our courage.

MAO TSE-TUNG

A 16 page pamphlet entitled "Huey Newton Talks to the Movement," was observed at Chicago BPP headquarters, 2350 West Madison Street, Chicago, Illinois, on June 4, 1969.

Hundreds perhaps thousands of copies of this pamphlet were observed. Quantity of pamphlet would indicate likelihood of plans for distribution.

Pamphlet sets forth NEWTON's comments, observations and philosophy regarding the BPP Movement in the United States.

NEWTON also discusses cultural nationalism, Student Non-violent Coordinating Committee, as well as his observations concerning the "liberals" and white revolutionaries. The entire pamphlet is being set forth in the appendix section of this report.

A 26 page pamphlet entitled "Essays from the Minister of Defense Huey Newton," was observed at the Chicago BPP Headquarters, 2350 West Madison Street, Chicago, Illinois on June 4, 1969.

Hundreds of these pamphlets were contained in open boxes in a manner that suggested they were available for general distribution.

The pamphlet is a collection of speeches and writings of HUEY NEWTON. Articles indicated that the pamphlet claims to have a collection of truths, principles, and beliefs of the BPP.

This pamphlet's introduction states "The Black Panther Party is a vanguard party for Africans in the United States. Introduction indicates what we believe in is armed revolution, a permanent revolution, the creation of as many Vietnams as are necessary to defeat United States racism and imperialism throughout the world."

Specific articles related to "the correct handling of a revolution," and "In defense of self-defense."

The entire pamphlet is being set forth in the appendix section of this report.

An eight page pamphlet entitled "Major City Police Departments Command Officer Conferences" with sub-heading (on second page) "The Pig Institute," was observed at Chicago BPP headquarters, 2350 West Madison Street, Chicago, Illinois on June 4, 1969.

Numerous copies of this pamphlet were observed and quantity would suggest the likelihood of plans for general distribution.

This pamphlet makes reference to conferences sponsored by The Criminal Justice Curriculum under a $79,000 grant from the Office of Law Enforcement Assistance.

The pamphlet also sets forth information as to their (the writer's) interpretation as "what police activites are about" and lists several items under caption "Police repression directed against the Black Panther Party."

Contents of this pamphlet is highly critical of police officers making constant references to police officers as "pigs." Pamphlet also indicates identity of BPP members allegedly victims of police repression.

The entire pamphlet is being set forth in the appendix section of this report.

The following four pages entitled "In Defense of Self-Defense: The Correct Handling of a Revolution" sets forth information indicating the BPP, the vanguard party, must provide leadership for the people as they are looking now for guidance to extend and strengthen their resistance struggle against the power structure oppression.

Numerous copies of this pamphlet were observed at Chicago BPP headquarters, 2350 West Madison Street, Chicago, Illinois, on June 4, 1969.

"In Defense o[illegible]f Defense:
The Correct [illegible]ndling of a Revolution."

Most human behavior is learned behavior. Most things the human being learns are gained through an indirect relationship to the obec Humans do not act from instinct as lower animals do. Those things learned indirectly many times stimulate very effective responses to what might be later a direct experience. At this time the black masses are handling the resistanse incorrectly. The bothers in East Oakland learned from Watts a means of resistance fighting by amassing the people in the streets, throwing bricks and molotov cocktails to destroy property and creat disruption. The brothers and sisters in the streets were herded into a small area by the gestopo police and immediatly contained by brotal vel- violence of the oppressor's storm troops. This manner of resistance is sporadic, short-lived, and costly in violenceof the Oppressor's against the people. This method has been transmitted to all the gettos of the black nation across the country. The first man who threw a molotov cocktail is not personally known by the masses, but yet the action was respected and followed by the people.

The Vangard Party must provide leadership for the people. It must teach the correct strategic methods os prolonged resstance through literature and activites. If the activites of the party are respected by the people, the people will follow the example. ~~the~~ This knowledge will propaly be gained insecond-hand by the masses just as the above mentioned was gained indirectly. When the people learn that it is no longer advantageous for them to resist by going into the streets in the activities of the gurrilla warfare method, they will quickly follow this example.

But first, they must respect the party which is transmitting this message. When the Vanguard group destorys the machinery of the oppressor by dealing with him in small groups of three and for, and then escapes the might of the oppressor by ~~dealing~~the masses will adhere to this correct strategy. When the masses will be overjoyed and hear that a gestpo ~~polp~~ police has been executed while sipping coffee at a counter, and the revolutionary executioner fled without bieng traced, the masses will see the validity of this type of approach to resistance. It is not necessary to organize thirty million Black people in primary groups of two's and three's but it is important for the party to show the people how to go about revolution. During slavery, in which no vanguard party existed and froms of communication were severly restricted and insufficient, many slave revolts occurred.

There are basically thr e ways one can learn; Through study, through observation, and through actual experience. The black community is basically composed of activists. The community learns through activity, either through abservation of or participation in the activity. To study and learn is good but theactual experience is the best means of learning. Theparty must engage in activities t at will teach the people. The black community is basically not a reading community. There fore it is very significant that the vanguard group first be activists. Without this knowledge of the black community, one could not gain the fundamental knowledge of the black revolution in racist America.

The main fuction of the party is to awaken the people and to teach them the strategic method of resisting the power structure, which is prepared not only to combat the resistance of the people with massive brutality, but to totally annihilate the black community, the black population.

If it is learned by the power structure that black people have"x" amount of guns in their possession, this will not stimulate the power structure to prepare itself with guns, because it is already more than prepared.

The end result of this education will be positive for Black people in their reisitance and negative for the power structure in its oppression, because the party always exemplifies revolutionary defiance. If the party is not going to make the people aware of the tools of liberation and the strategic method that is to be used, there will be no means by which the people will be mobilized properly.

The relationship between the vanguard party and the masses is a secondary relationship. The relationship between the members of the vanguard party is a primary relationship. It is important that the members of the vanguard group maintain a face-toface- relationship with each other. This is important if the party machinery is to be effective. It is impossible to put together functional party machinery or programs without this direct relationship. The members of the vanguard group should be tested revolutionaries. This will minimize the danger of Uncle Tom informers and opportunists.

The main purpose of vanguard group should be to raise the consciousness of the masses through educational programs and certain physical activities the party will participate in. The sleeping masses must be bombarded with the correct approach to struggle through the activities of the vanguard party. Therefore, the masses must know that the party exists. The party must use all means available to get this information across to the masses. If the masses do not have knowledge of the party, it will be impossible for the masses to follow the program of the party.

The vanguard party is never underground in the beginning of its existence, because this would limit its effectiveness and educational processes. How can you teach people if the people do not know the and respect you? The party must exist above ground as long as thedog power structure will allow, and hopefully when the party is forced to go underground the message of the party will already have been put across to the people. The vanguard party's activities on the surface will necessarily be shortlived.

This is why it is so important that the party make a tremendous impact upon the people before it is driven into secrecy.

At this time, the people know the party exists, and they will seek out further information on the activities of this underground party.

Many would-be revolutionaries work under the fallacious illusion that the vanguard party is to [illegible] seefet organization that [illegible] power structure knows nothing about, and the masses know nothing about, except for occasional letters that come to their homes by night. Underground parties cannot distribute leaflets announcing an underground meeting. These are contradictions and inconsistencies of the so-called revolutionaries. The so-called revolutionaries are in fact afraid of the very danger that they are advocating for the people. These so-called revolutionaries want the people to say what they themselves are afraid to do. This makes the so-called revolutionary a coward and a hypocrite.

If these imposters would investigate the history of revolution, they would see that the vanguard group always starts out above ground and is later driven underground by the aggressor. The Cuban Revolution exemplifies this fact; when Fidel Castro started to resist the butcher Batista and the American running dogs, he started by speaking on the campus of the University of Havana in public. He was later driven to the hills. His impact upon the dispossessed people of Cuba was very great and received with much respect. When he went into secrecy, Cuban people searched him out. People went ot the hills to find him and his band of twelve. Castro handled the revolutionary struggle correctly. If the Chinese Revolution is investigated, it will be seen that the Communist Party was quite on the surface so that they would be able to muster support from the masses. There are many areas one can read about to learn the correct approach, such as the revolution in Kenya, the Algerian Revolution, Fanon's THE WRETCHED OF THE EARTH, the Russian Revolution, the works of Chairman Mao Tse-tung, and a host of others.

A revolutionary must realize that if he is sincere, death is imminent due to the fact th at the things he is saying and doing areextremely dangerous. Without this realization, it is impossible to proceed as a revolutionary. The masses are constantly looking for a guide, a Messiah, to liberate them from the hands of the oppressor. The vanguard party must exemplify the characteristics of worthy leadership. Millions and millions of oppressed people might not know members of the vanguard party, personally or directly, but they will gain through an indirect acquaintance the proper strategy for liberation via the mass media and the physical activities of the party. It is of prime importance that the vanguard pafty develop a political organ, such as a newspaper produced by the party, as well as employ strategically revolutionary art and destruction of the oppressor's machinery. For example, Watts. The economy and property of the oppressor was destroyed to such an extent that no matter how the oppressor tried to whitewash the activities of the black brothers, the real nature and the real cause of the activity was communicated to every black community. For further example, no matter how the oppressor tries to distort and confuse the message of Brother Stokely Carmichael, Black people all over the country understand it perfectly and welcome it.

The Black Panther Party for Self Defense teaches that in thefinal analysis, the amount of guns and defense weapons, such as hand grenades, bazookas, and other necessary equipment, will be supplied by taking these weapons from the power structure, as exemplified by the Viet Cong. Therefore, the greater the military preparation on the part of the oppressork the greater is the availability of weapons for the black community. It is believed by some hypocrites that when the people are taught by the vanguard group to prepare for resistance, this only brings the man down on them with increasing violence and brutality; but the fact of the matter is that when the man becomes more oppressive, this only heightens the revolutionary fervor. The people never make revolution. The oppressors by their brutal actions cause the resistance by the people. The vanguard party only teaches the correct methods of resistance. So. if things can get worse for opp[illegible] people, then they will f[illegible]l no need for revolution or resistance. The complaint of the hypocrites that the Black Panther Party for Self Defense if exposing the people to deeper suffering is an incorrect observation People have proved that they will not tolerate any more oppression b y the racist dpg police through their rebellions in the black communities across the country. The people are looking now for guidance.. to extend and strenghthen their resistance struggle.

A nine page pamphlet captioned "Political Education Kit" for BPP members was observed at Chicago BPP headquarters, 2350 West Madison Street, Chicago, Illinois on June 4, 1969.

Numerous copies of this pamphlet were observed and the large quantity would suggest likelihood of plans for distribution.

The Political Education Kit for BPP members from BPP Central Headquarters, Post Office Box 8641, Emeryville Branch, Oakland, California, states among other things that "primary objectives of our party: to establish revolutionary political power for black people.

"The Black Panther Party is an armed body for carrying out the political task of the revolution."

This pamphlet also states stipulations and other disciplinary actions to be taken against BPP members upon violation of party rules as well as setting forth the various positions of the party at the state level and duties of some of these positions.

The entire document is being set forth in the appendix section of this report.

A five page memorandum captioned "National Organizational Structuer, Black Panther Party" was observed at Chicago BPP Headquarters, 2350 West Madison Street, Chicago, Illinois, on June 4, 1969.

Numerous copies of this memorandum were observed.

Memorandum sets forth the three-level organizational structure of the Black Panther Party.

The first level lists the officers and various ranks of the National Central Committee of Black Panther Party.

The second level lists the officers and various ranks of the Central Staff of any state level Black Panther Party Chapter.

The third level refers to the Central Staff of any local city branch of Black Panther and lists the officers and ranks of individuals in such a group.

The entire memorandum is being set forth in the appendix section of this report.

A 23-page pamphlet captioned "Black Panther Coloring Book", was observed at the BPP Headquarters, 2350 West Madison Street, Chicago, Illinois, on June 4, 1969.

Numerous copies of this pamphlet were observed.

The "Black Panther Coloring Book" is a series of pictures for children to color.

The pictures attack the white male, white slave owner, white policeman, and white store owner. Photographs indicate white "pigs" are afraid of black adults and attacks black children. The entire book contains photographs referring to the white man as a "pig".

The entire complete pamphlet is being set forth in the appendix section of this report.

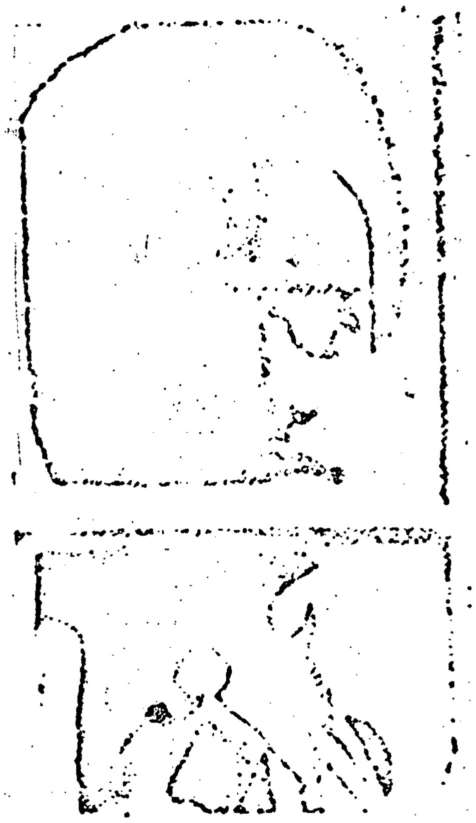
The following four-pages sets forth the contents of BPP pamphlet entitled "Black Panther Party Platform and Program - What We Want - What We Believe."

Numerous copies of this pamphlet were observed at the Chicago BPP Headquarters, 2350 West Madison Street, Chicago, Illinois, on June 4, 1969.

The pamphlet sets forth the "ten point" program of the BPP.

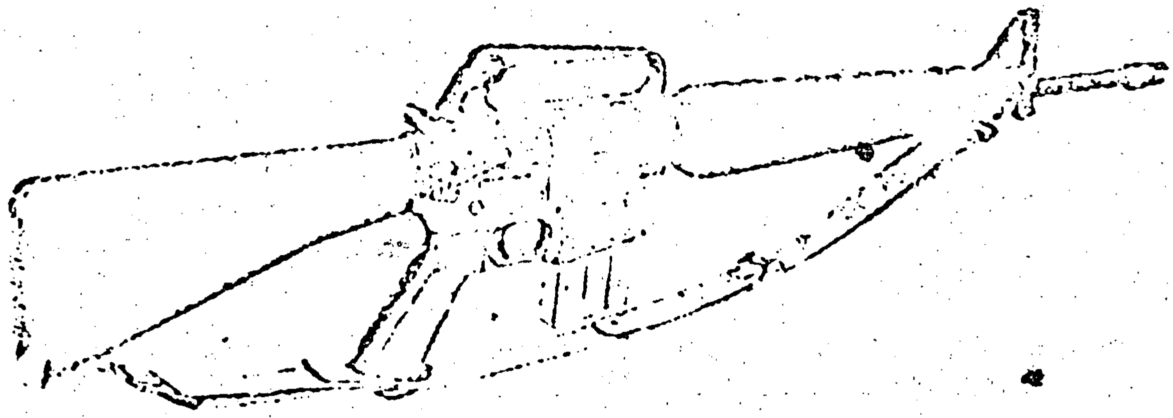
OCTOBER 1966

BLACK PANTHER PARTY PLATFORM and PROGRAM



WHAT WE WANT

WHAT WE BELIEVE



FREE HUEY

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the white man of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights: that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and unsurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.

A metal pin, one and three-eights inches in diameter, colored yellow, with the single word, "Conspiracy!" printed in black across the center of the pin was observed at Chicago BPP Headquarters, 2350 West Madison Street, Chicago, Illinois, on June 4, 1969.

A large number of identical pins were observed, suggesting the likelihood of planned distribution.

The following two pages are xerox copies of xerox posters (approximately 8½" by 11") which were displayed on the walls of the Chicago BPP Headquarters, 2350 West Madison Street, Chicago, Illinois, on June 4, 1969. Both posters were in regard to police officers. Photographs on both posters were poor reproductions, however, printing suggested that San Francisco Police Officer MICHAEL O'BRIEN is a "pig". O'BRIEN's poster indicated he was wanted by the BPP for the murder of brother GEORGE BASSKET.

The second poster was a poor photographic reproduction of a coffin carrying the body of a police officer and captioned "all power to the people."

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

> "Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. Michael Klonsky, National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the world-wide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power and does not support the policies of that country.

SDS maintains a National Office in Room 206, 1608 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

APPENDIX

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC)

The Student Nonviolent Coordinating Committee (SNCC), headquartered at 360-362 Nelson Street, S. W., Atlanta, Georgia, is a nonmembership organization, which was born out of the sit-in movement that erupted across the South beginning in 1960.

Today SNCC identifies itself as an organization in the revolutionary vanguard. It advocates that to be successful it is necessary to develop a revolutionary ideology and revolutionary program.

According to SNCC the year 1967 marked a historic milestone in the struggle for the liberation of black people in the United States and the year that revolutionaries throughout the world began to understand more fully the impact of the black movement. SNCC declared that "liberation will come only when there is final destruction of this mad octopus-- the capitalistic system of the United States with all its life-sucking tentacles of exploitation and racism that choke the people of Africa, Asia, and Latin America. The realities of black life, together with the recognition instilled in SNCC workers forced its members to further popularize the legitimacy of self-defense and rebellions when oppression became too great."

From May, 1966, until May, 1967, Stokely Carmichael was National Chairman of SNCC. As of July, 1968, Carmichael resided in Washington, D. C., where he was affiliated with SNCC and active as temporary chairman of a black coalition group. In May, 1967, Carmichael was replaced by Hubert Geroid Brown, commonly known as H. Rap Brown, who served until June, 1968.

In June, 1968, at the Staff and Central Committee meeting of SNCC held in Atlanta, Georgia, it was decided to restructure the organization by equalization of responsibility by creating ten deputy or vice chairmanships. The primary purpose for this change is to take law enforcement pressure off any single individual.

APPENDIX

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC), CHICAGO BRANCH

A source advised in May, 1968, that the Chicago Branch of SNCC was an affiliate of the national SNCC with headquarters located in Atlanta, Georgia. It was a non-membership type group headed in Chicago by ROBERT ALFONZO BROWN, a 19 year old male Negro, with the title of Midwest Region Director. BROWN maintained strict loyalty to STOKELY CARMICHAEL, Recruiter and Organizer and former National Director of SNCC. BROWN attempted to align Chicago's SNCC activities within the framework of CARMICHAEL's policies.

In a speech at Chicago on March 25, 1968, CARMICHAEL commented as follows: "The white people are preparing to commit genocide against the black race. What are we feeling so moral about? We know the honky got everything. He got it by stealing it. He's not going to give you anything. We got to take it. These brothers on the streets every day take it, but they're taking it for themselves. Let's organize them and let them take it for our people."

This source advised on August 27, 1968, that officials of the Chicago Branch of SNCC disbanded that branch on August 25, 1968, and as of that time it was no longer in existence. Its leaders became associated with the Black Panther Party at that time.

SUGGESTED ORGANIZATION OF SECTION

I. Problem:

A. Separation from main body.

II. Cause:

A. Movement to present level.

III. Theory:

A. Section to function as physical independent arm of main body and as one of the overall arms of the main body.

IV. Practice:
- A. Commander
- B. Intelligence
  - 1. Internal
  - 2. External
- C. Political
- D. Medical
- E. Communications
- F. Supply

A, B, C, D, E and F must receive their training from the respective staffs of the main body, and come back to section and function in that capacity in their respective sections.

Notes

A. Commander: Section Leader, see that section functions smoothly.
B. Intelligence:
  A. Internal, to know the weakness and strength of each member and estimate his actions in any given situation. To expose all counter-revolutionary forces and actions within the section. This position is to remain secret from all members, except Section Leader and high level of main body.

B. External: to gather intelligence material in sectional area.

C. Political: (Sub-Section Leader) Teaching and maintaining a high level of political ideology of party at section of each.

D. Medical: Primary job, aiding injured members of section. Secondary job, aiding the injured of the mass of the people.

F. Communications: Handling communications between sections and main body and within section, and (in grave times) between people and section.

G. Supply: Collection and distribution of supplies.

Other Suggestions

1. Comrade Court, to handle minor violations (major violations are handled by main body), Democratic Court.

2. Sectional Citations, to be given to sections who are outstanding in relating to the people, sell papers, etc. This will build sectional historical pride and increase morale.

3. Sectional title names. Example: Night Fighters, Big Black Five, etc. This will also help build morale.

MILITARY TRAINING SCHEDULE

A four week mandatory class for all members (Tuesday, Thursday and Sunday) with the exclusion of all non-members. Two classes should be conducted by a small military staff, classes conducted expressing party ideology, and stressing military discipline at all times. Example: Upon the entering of the classroom of the military instructor, all talking should cease and all trainees should take a firm attentive standing position, and remain in this manner until given the order to be seated. All classes or class activities should begin with: All power the people and victory to the people's revolution. The main purpose of the class is to give every party member a basic practical knowledge of the military phase of the peoples' struggle. There should be no absenteeism from the Political Education Classes (no excuses), reason being a military mind without a people's ideology is a hired killer, and the people don't need no more pigs. Classes should be conducted in an orderly manner at all times.

Structure of the Classes

I. Discipline:

A. Discipline is the exact execution of orders resulting from an intelligent, willing obedience, rather than one based solely upon habit or fear. Discipline is necessary to secure orderly action which alone can triumph over the seemingly impossible condition of battle. The party members must be able to recognize and face fear because fear is the enemy of discipline. Fear unchecked will lead to panic and a unit that panics is no longer a disciplined unit, but a mob. There is no sane person who is without fear, but with good discipline and high morale all can face danger. Punishment of individual members for breaches of discipline are sometimes necessary, but only to reform or eliminate those who are unfit to serve the people's revolution.

1. To be learned verbatim and understood thoroughly:

a. Discipline of the Party (Red Book)

b. three main rules of discipline (Red Book)
c. eight points of attention

2. Chain of Command

   a. Trying to understand problems with self first, and if no success, go to next ranking member.

3. Military Respect

   a. people respect
   b. Party respect
   c. rank respect

II. Intergradation of Military and Political Ideology.

1. Correcting the false idea that there is a contradiction between military and political ideology.
2. Teaching that the People's Liberation Army cannot exist without the people, the people have nothing without a socialist ideology, so the people are socialist ideology, the People's Liberation Army must have a socialist ideology in order to relate to the people, if it is to serve the people as their military arm.

III. Weaponry

A. Knowledge of
   1. Range
   2. Rate of fire
   3. Loading
   4. Unloading
   5. External parts
      a. care
   6. Internal parts
      a. care
      b. disassemble (time limit)
      c. assemble (time limit)

      a. two riflemen, one auto riflemen

VI. Field Training
   1. Living in and by the elements.
   2. Adhesiveness with fellow members.
   3. There should be at least a three day camp out with rations for one meal, and a condition of red during the whole camp out.

VII. Enemy Interrogation
   1. Rights of Soldier
      a. Name, People Liberation Army
      b. Never has right to surrender
      c. Right and duty to escape
      d. Geneva Agreement

VIII. A test should be given at the end of the four week period of the material covered. If trainee fails he should be given the training over once again, and if he fails again something else should be found for him to do for the people.

HUEY NEWTON TALKS TO THE MOVEMENT ABOUT THE BLACK PANTHER PARTY, CULTURAL NATIONALISM, SNCC, LIBERALS AND WHITE REVOLUTIONARIES

THE MOVEMENT: The question of nationalism is a vital one in the black movement today. Some have made a distinction between cultural nationalism and revolutionary nationalism. Would you comment on the differences and give us your views?

HUEY P. NEWTON: There are two kinds of nationalism, revolutionary nationalism and reactionary nationalism. Revolutionary nationalism is first dependent upon a people's revolution with the end goal being the people in power. Therefore to be a revolutionary nationalist you would by necessity have to be a socialist. If you are a reactionary nationalist you are not a socialist and your end goal is the oppression of the people.

Cultural nationalism, or pork chop nationalism, as I sometimes call it, is basically a problem of having the wrong political perspective. It seems to be a reaction instead of responding to political oppression. The cultural nationalists are concerned with returning to the old African culture and thereby regaining their identity and freedom. In other words, they feel that the African culture will automatically bring political freedom. Many times cultural nationalists fall into line as reactionary nationalists.

Papa Doc in Haiti is an excellent example of reactionary nationalism. He oppresses the people but he does promote the African culture. He's against anything other then black, which on the surface seems very good, but for him it is only to mislead the people. He merely kicked out the racists and replaced them with himself as the oppressor. Many of the nationalists in this country seem to desire the same ends.

The Black Panther Party, which is a revolutionary group of black people, realizes that we have to have an identity. We have to realize our black heritage in order to give us strength to move on and progress. But as far as returning to the old African culture, it's unnecessary and it's not advantageous in many respects. We believe that culture itself will not liberate us. We're going to need some stronger stuff.

Revolutionary Nationalism

A good example of revolutionary nationalism was the revolution in Algeria when Ben Bella took over. The French were kicked out but it was a people's revolution because the people ended up in power. The leaders that took over were not interested in the profit motive where they could exploit the people and keep them in a state of slavery. They nationalized the industry and plowed the would-be profits into the community. That's what socialism is all about in a nutshell. The people's representatives are in office strictly on the leave of the people. The wealth of the country is controlled by the people and they are considered whenever modifications in the industries are made.

The Black Panther Party is a revolutionary Nationalist group and we see a major contradiction between capitalism in this country and our interests. We realize that this country became very rich upon slavery and that slavery is capitalism in the extreme. We have two evils to fight, capitalism and racism. We must destroy both racism and capitalism.

MOVEMENT: Directly related to the question of nationalism is the question of unity within the black community. There has been some question about this since the Black Panther Party has run candidates against other black candidates in recent California elections. What is your position on this matter?

HUEY: Well a very peculiar thing has happened. Historically you got what Malcolm X calls the field nigger and the house nigger. The house nigger had some privileges, a little more. He got the worn-out clothes of the master and he didn't have to work as hard as the field black. He came to respect the master to such an extent until he identified with the master because he got a few of the leftovers that the field blacks did not get. And through this identity with him, he saw the slavemaster's interest as being his interest. Sometimes he would even protect the slavemaster more than the slavemaster would protect himself. Malcolm makes the point that if the master's house happened to catch on fire the house Negro will work harder than the master to put the fire out and save the master's house. While the field Negro, the field blacks was praying that the house burned down. The house black identified with the master so much that when the master would get sick the house Negro would say, "Master, we's sick!"

Black Bourgeoisie

The Black Panther Party are the field blacks, we're hoping the master dies if he gets sick. The Black bourgeoisie seem to be acting in the role of the house Negro. They are pro-administration. They would like a few concessions made, but as far as the overall setup, they have a little more material goods, a little more advantage, a few more privileges than the black have-nots; the lower class. And so they identify with the power structure and they see their interests as the power structure's interest. In fact, it's against their interest.

The Black Panther Party was forced to draw a line of demarcation. We are for all of those who are for the promotion of the interests of the black have-nots, which represents about 98% of blacks here in America. We're not controlled by the white mother country radicals nor are we controlled by the black bourgeoisie. We have a mind of our own and if the black bourgeoisie cannot align itself with our complete program, then the black bourgeoisie sets itself up as our enemy. And they will be attacked and treated as such.

MOVEMENT: The Black Panther Party has had considerable contact with white radicals since its earliest days. What do you see as the role of these white radicals?

HUEY: The white mother country radical is the offspring of the children of the beast that has plundered the world exploiting all people, concentrating on the people of color. These are children of the beast that seek now to be redeemed because they realize that their former heroes, who were slave masters and murderers, put forth ideas that were only facades to hide the treachery they inflicted upon the world. They are turning their backs on their fathers.

The white mother country radical, in resisting the system, becomes somewhat of an abstract thing because he's not oppressed as much as black people are. As a matter of fact his oppression is somewhat abstract simply because he doesn't have to live in a reality of oppression.

Black people in America and colored people throughout the world suffer not only from exploitation, but they suffer from racism. Black people here in America, in the black colony, are oppressed because we're black and we're exploited. The whites are rebels, many of them from the middle class and as far as any overt oppression this is not the case. So therefore I call their rejection of the system somewhat of an abstract thing. They're looking for new heroes. They're looking to wash away the hypocrisy that their fathers have presented to the world. In doing this they see the people who are really fighting for freedom. They see the people who are really standing for justice and equality and peace throughout the world. They are the people of Vietnam, the people of Latin America, the people of Asia, the people of Africa, and the black people in the black colony here in America.

White Revolutionaries

This presents somewhat of a problem in many ways to the black revolutionary especially to the cultural nationalist. The cultural nationalist doesn't understand the white revolutionaries because he can't see why anyone white would turn on the system. So they think that maybe this is some more hypocrisy being planted by white people.

I personally think that there are many young white revolutionaries who are sincere in attempting to realign themselves with mankind, and to make a reality out of the high moral standards that their fathers and forefathers only expressed. In pressing for new heroes the young white revolutionaries found the heroes in the black colony at home and in the colonies throughout the world.

The young white revolutionaries raised the cry for the troops to withdraw from Vietnam, hands off Latin America, withdraw from the Dominican Republic and also to withdraw from the black community or the black colony. So you have a situation in which the young white revolutionaries are attempting to identify with the oppressed people of the colonies and against the exploiter.

The problem arises then in what part they can play. How can they aid the colony? How can they aid the Black Panther Party or any other black revolutionary group? They can aid the black revolutionaries first by simply turning away from the establishment, and secondly by choosing their friends. For instance, they have a choice between whether they will be a friend of Lyndon Baines Johnson or a friend of Fidel Castro. A friend of Robert Kennedy or a friend of Ho Chi Minh. And these are direct opposites. A friend of mine or a friend of Johnsons. After they make this choice then the white revolutionaries have a duty and a responsibility to act.

The Imperialistic or capitalistic system occupies areas. It occupies Vietnam now. They occupy them by sending soldiers there, by sending policeman there. The policemen or soldiers are only a gun in the establishment's hand. They make the racist secure in his racism. The gun in the establishment's hand makes the establishment secure in its exploitation. The first problem it seems is to remove the gun from the establishment's hand. Until lately the white radical has seen no reason to come into conflict with the policemen in his own community. The reason I said until recently is because there is friction now in the mother country between the young white revolutionaries and the police. Because now the white revolutionaries are attempting to put some of their ideas into action, and there's the rub. We say that it should be a permanent thing.

Black people are being oppressed in the colony by white policemen, by white racists. We are saying they must withdraw. We realize that it is not only the Oakland police department but rather the security forces in general. On April 6 it wasn't just the Oakland police department who ambushed the Panthers. It was the Oakland police department, the Emeryville police department and I wouldn't be surprised if there were others. When the white revolutionaries went down to close up the Army terminal in October 1965 it wasn't the Oakland police by themselves who tried to stop them. It was the Oakland police, the Berkeley police, the Highway Patrol, the Sherriff's Department and the national guard was standing by. So we see that they're all part of one organization. They're all a part of the security force to protect the status quo; to make sure that the institutions carry out their goals. They're here to protect the system.

As far as I'm concerned the only reasonable conclusion would be to first realize the enemy, realize the plan, and then when something happens in the black colony--when we're attacked and ambushed in the black colony--then the white revolutionary students and intellectuals and all the other whites who support the colony should respond by defending us, by attacking the enemy in their community. Every time that we're attacked in our community there should be a reaction by the white revolutionaries; they should respond by defending us, by attacking part of the security force. Part of that security force that is determined to carry out the racist ends of the American institutions.

As far as our party is concerned, the Black Panther Party is an all black party, because we feel as Malcolm X felt that there can be no black-white unity until

"WE DON'T HATE WHITE PEOPLE, WE HATE THE OPPRESSOR: IF THE OPPRESSOR HAPPENS TO BE WHITE, THEN WE HATE HIM."

there first is black unity. We have a problem in the black colony that is particular to the colony, but we're willing to accept aid from the mother country as long as the mother country radicals realize that we have, as Eldridge Cleaver says in SOUL ON ICE, a mind of our own. We've regained our mind that was taken away from us and we will decide the political as well as the practical stand that we'll take. We'll make the theory and we'll carry out the practice. It's the duty of the white revolutionary to aid us in this.

So the role of the mother country radical, and he does have a role, is to first choose his friend and his enemy and after doing this, which it seems he's already done, then to not only articulate his desires to regain his moral standard and align himself with humanity, but also to put this into practice by attacking the protectors of the institutions.

MOVEMENT: You have spoken a lot about dealing with the protectors of the system, the armed forces. Would you like to elaborate on why you place so much emphasis on this?

HUEY: The reasons that I feel very strongly about dealing with the protectors of the system is simply because without this protection from the army, the police and the military, the institutions could not go on in their racism and exploitation. For instance, as the Vietnamese are driving the American imperialist troops out of Vietnam, it automatically stops the racist imperialist institutions of America from oppressing that particular country. The country cannot implement its racist program without the guns. And the guns are the military and the police. If the military were disarmed in Vietnam, then the Vietnamese would be victorious.

We are in the same situation here in America. Whenever we attack the system the first thing the administrators do is to send out their strongarm men. If it's a rent-strike, because of the indecent housing we have, they will send out the police to throw the furniture out the window. They don't come themselves. They send their protectors. So to deal with the corrupt exploiter you are going to have to deal with his protector, which is the police who take orders from him. This is a must.

MOVEMENT: Would you like to be more specific on the conditions which must exist before an alliance or coalition can be formed with predominantly white groups? Would you comment specifically on your alliance with the California Peace and Freedom Party?

HUEY: We have an alliance with the Peace and Freedom Party. The Peace and Freedom Party has supported our program in full and this is the criterion for a coalition with the black revolutionary group. If they had not supported our program in full, then we would not have seen any reason to make an alliance with them, because we are the reality of the oppression. They are not. They are only oppressed in an abstract way; we are oppressed in the real way. We are the real slaves! So it's a problem that we suffer from more than anyone else and it's our problem of liberation. Therefore we should decide what measures and what tools and what programs to use to become liberated. Many of the young white revolutionaries realize this and I see no reason not to have a coalition with them.

MOVEMENT: Other black groups seem to feel that from past experience it is impossible for them to work with whites and impossible for them to form alliances. What do you see as the reasons for this and do you think that the history of the Black Panther Party makes this less of a problem?

SNCC and liberals

HUEY: There was somewhat of an unhealthy relationship in the past with the white liberals supporting the black people who were trying to gain their freedom. I think that a good example of this would be the relationship that SNCC had with its white liberals. I call them white liberals because they differ strictly from the white radicals. The relationship was that the whites controlled SNCC for a very long time. From the very start of SNCC until here recently whites were the mind of SNCC. They controlled the program of SNCC with money and they controlled the ideology, or the stands SNCC would take. The blacks in SNCC were completely controlled program-wise; they couldn't do any more than these white liberals wanted them to do, which wasn't very much. So the white liberals were not working for self-determination for the black community. They were interested in a few concessions from the power structure. They undermined SNCC's program.

Stokely Carmichael came along and realizing this started to follow Malcolm X's program of Black Power. This frightened many of the white liberals who were supporting SNCC. Whites were afraid when Stokely came along with Black Power and said that black people have a mind of their own and that SNCC would be an all-black organization and that SNCC would seek self-determination for the black community. The white liberals withdrew their support leaving the organization financially bankrupt. The blacks who were in the organization, Stokely and H. Rap Brown, were left very angry with the white liberals who had been aiding them under the disguise of being sincere. They weren't sincere.

The result was that the leadership of SNCC turned away from the white liberal, which was very good. I don't think they distinguished between the white liberal and the white revolutionary, because the white revolutionary is white also and they are very much afraid to have any contact whatsoever with white people. Even to the point of denying that the white revolutionaries could give support, by supporting the programs of SNCC in the mother country. Not by making any programs, not by being a member of the organization, but simply by resisting. Just as the Vietnamese people realize that they are supported whenever other oppressed people throughout the world resist. Because it helps divide the troops. It drains the country militarily and economically. If the mother country radicals are sincere then this will definitely add to the attack that we are making on the power structure. The Black Panther Party's program is a program where we recognize that the revolution in the mother country will definitely aid us in our freedom and has everything to do with our struggle!

Hate the Oppressor

I think that one of SNCC's great problems is that they were controlled by the traditional administrator: the omnipotent administrator, the white person. He was the mind of SNCC. And so SNCC regained its mind, but I believe that it lost its political perspective. I think that this was a reaction rather than a response. The Black Panther Party has NEVER been controlled by white people. The Black Panther Party has always been a black group. We have always had an integration of mind and body. We have never been controlled by whites and therefore we don't fear the white mother country radicals. Our alliance is one of organized black groups with organized white groups. As soon as the organized white groups do not do the things that would benefit us in our struggle for liberation, that will be our departure point. So we don't suffer in the hangup of a skin color. We don't hate white people; we hate the oppressor. And if the oppressor happens to be white then we hate him. When he stops oppressing us then we no longer hate him. And right now in America you have the slave-master being a white group. We are pushing him out of office through revolution in this country. I think the responsibility of the white revolutionary will be to aid us in this. And when we are attacked by the police or by the military then it will be up to the white mother country radicals to attack the murderers and to respond as we respond, to follow our program.

Slave Masters

MOVEMENT: You indicate that there is a psychological process that has historically existed in white-black relations in the U.S. that must change in the course of revolutionary struggle. Would you like to comment on this?

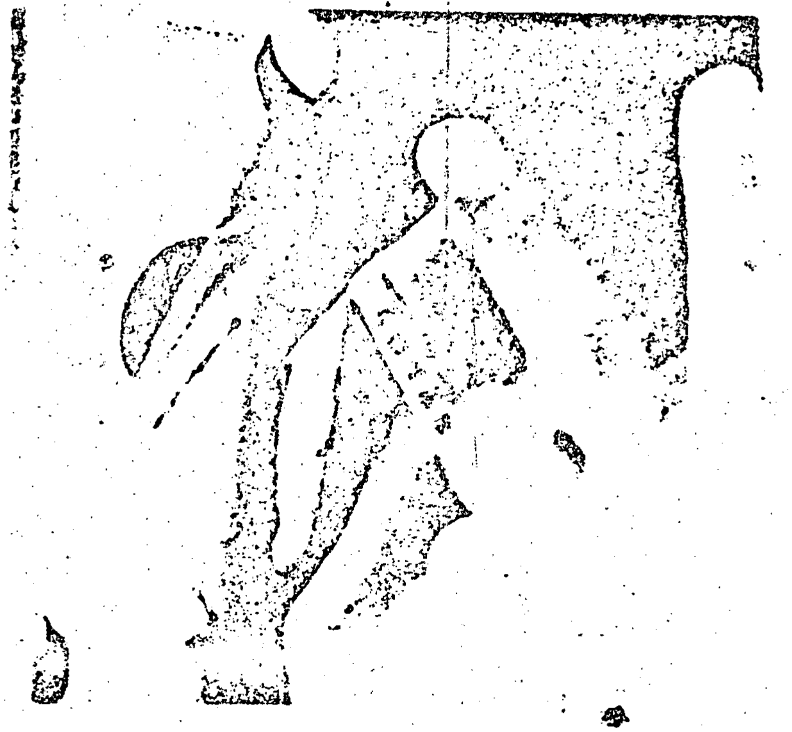
HUEY: Yes. The historical relationship between black and white here in America has been the relationship between the slave and the master; the master being the mind and the slave the body. The slave would carry out the orders that the mind demanded him to carry out. By doing this the master took the manhood from the slave because he stripped him of a mind. He stripped black people of their mind. In the process the slave-master stripped himself of a body. As Eldridge puts it the slave master became the omnipotent administrator and the slave became the supermasculine menial. This puts the omnipotent administrator into the controlling position or the front office and the supermasculine menial into the field.

The whole relationship developed so that the omnipotent administrator and the supermasculine menial became opposites. The slave being a very strong body doing all the practical things, all of the work becomes very masculine. The omnipotent administrator in the process of removing himself from all body functions realizes later that he has emasculated himself. And this is very disturbing to him. So the slave lost his mind and the slave-master his body.

Penis Envy

This caused the slave-master to become very envious of the slave because he pictured the slave as being more of a man, being superior sexually, because

"TO BE A REVOLUTIONARY NATIONALIST YOU WOULD BY NECESSITY HAVE TO BE A SOCIALIST"



the penis is part of the body. The omnipotent administrator laid down a decree when he realized that his plan to enslave the black man had a flaw, when he discovered that he had emasculated himself. He attempted to bind the penis of the slave. He attempted to show that his penis could reach further than the supermasculine menial's penis. He said "I, the omnipotent administrator can have access to the black woman." The supermasculine menial then had a psychological attraction to the white woman (the ultra feminine freak) for the simple reason that it was forbidden fruit. The omnipotent administrator decreed that this kind of contact would be punished by death. At the same time in order to reinforce his sexual desire, to confirm, to assert his manhood, he would go into the slave quarters and have sexual relations with the black women (the self-reliant Amazon). Not to be satisfied but simply to confirm his manhood. Because if he can only satisfy the self-reliant Amazon then he would be sure that he was a man. Because he doesn't have a body, he doesn't have a penis, he psychologically wants to castrate the black man. The slave was constantly seeking unity within himself: a mind and a body. He always wanted to be able to decide, to gain respect from his woman. Because women want one who can control. I give this outline to fit into a framework of what is happening now. The white power structure today in America defines itself as the mind. They want to control the world. They go off and plunder the world. They are the policemen of the world exercising control especially over people of color.

Re-capture the Mind

The white man cannot gain his manhood, cannot unite with the body because the body is black. The body is symbolic of slavery and strength. It's a biological thing as he views it. The slave is in a much better situation because his not being a full man has always been viewed psychologically. And it's always easier to make a psychological transition than a biological one. If he can only recapture his mind, recapture his balls, then he will lose all fear and will be free to determine his destiny. This is what is happening at this time with the rebellion of the world's oppressed people against the controller. They are regaining their mind and they're saying that we have a mind of our own. They're saying that we want freedom to determine the destiny of our people, thereby uniting the mind with their bodies. They are taking the mind back from the omnipotent administrator, the controller, the exploiter.

In America black people are also chanting that we have a mind of our own. We must have freedom to determine our destiny. It's almost a spiritual thing, this unity, this harmony. This unity of the mind and of the body, this unity of man within himself. Certain slogans of Chairman Mao I think demonstrate this theory of uniting the mind with the body within the man. An example is his call to the intellectuals to go to the countryside. The peasants in the countryside are all bodies, they're the workers. And he sent the intellectuals there because the dictatorship of the proletariat has no room for the omnipotent administrator; there's no room for the exploiter. So therefore he must go to the countryside to regain his body; he must work. He is really done a favor, because the people force him to unite his mind with his body by putting them both to work. At the same time the intellectual teaches the people political ideology, he educates them, thus uniting the mind and the body in the peasant. Their minds and bodies are united and they control their country. I think this is a very good example of this unity and it is my idea of the perfect man.

The Guerrilla

MOVEMENT: You mentioned at another point that the guerrilla was the perfect man and this kind of formulation seems to fit in directly with the guerrilla as a political man. Would you like to comment on this?

HUEY: Yes. The guerrilla is a very unique man. This is in contrast to Marxist-Leninist orthodox theories where the party controls the military. The guerrilla is not only the warrior, the military fighter; he is also the military commander as well as the political theoretician. Debray says "poor the pen without the guns, poor the gun without the pen". The pen being just an extension of the mind; a tool to write down concepts, ideas. The gun is only an extension of the body, the extension of our fanged teeth that we lost through evolution. It's the weapon, it's the claws that we lost, it's the body. The guerrilla is the military commander and the political theoretician all in one.

In Bolivia Che said that he got very little help from the Communist Party there. The Communist Party wanted to be the mind, the Communist Party wanted to have full control of the guerrilla activity. But yet weren't taking part in the practical work of the guerrillas. The guerrilla on the other hand is not only united within himself, but he also attempts to spread this to the people by educating the villagers, giving them political perspective, pointing out things, educating them politically, and arming the people. Therefore the guerrilla is giving the peasants and workers a mind. Because they've already got the body you get a unity of the mind and the body. Black people here in America, who have long been the workers, have regained our minds and we now have a unity of mind and body.

MOVEMENT: Would you be willing to extend this formula in terms of white radicals; to say that one of their struggles today is to get back their bodies.

HUEY: Yes. I thought I made that clear. The white mother country radical by becoming an activist is attempting to regain his body. By being an activist and not the traditional theoretician who outlines the plan, as the Communist Party has been trying to do for ever so long, the white mother country radical is regaining his body. The resistance by white radicals in Berkeley during the past three nights is a good indication that the white radicals are on the way home. They have identified their enemies. The white radicals have integrated theory with practice. They realize the American system is the real enemy but in order to attack the American system they must attack the ordinary cop. In order to attack the educational system they must attack the ordinary teacher. Just as the Vietnamese people to attack the American system must attack the ordinary soldier. The white mother country radicals now are regaining their bodies and they're also recognizing that the black man has a mind and that he is a man.

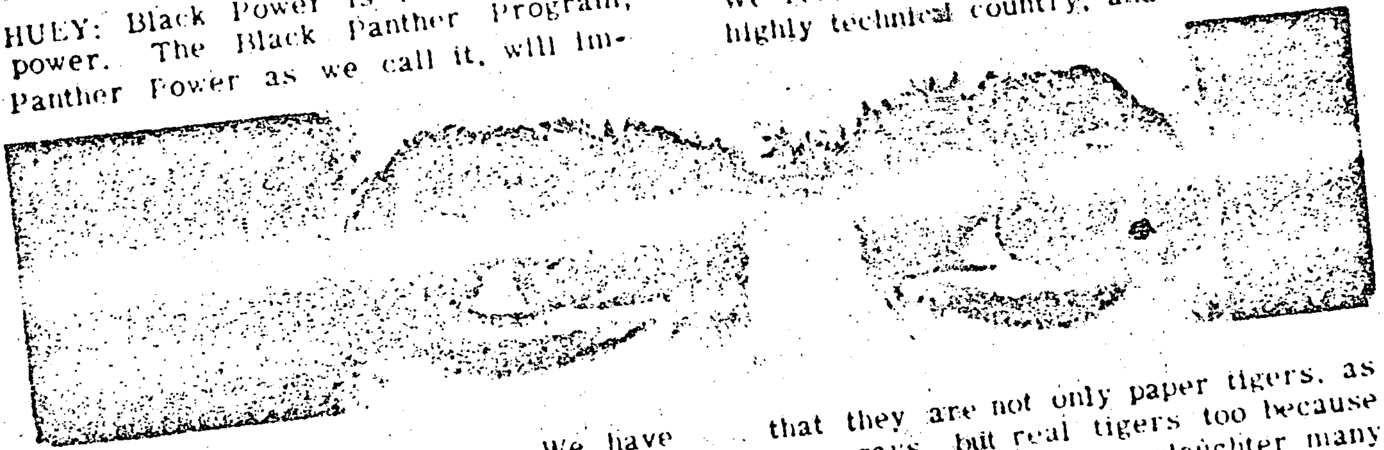
MOVEMENT: Would you comment on how this psychological understanding aids in the revolutionary struggle?

HUEY: You can see that in statements until recently black people who haven't been enlightened have defined the white man by calling him "the MAN". "The Man" is making this decision, "The Man" this and "The Man" that. The black woman found it difficult to respect the black man because he didn't even define himself as a man! Because he didn't have a mind, because the decision maker was outside of himself. But the vanguard group, the Black Panther Party along with all revolutionary black groups have regained our mind and our manhood. Therefore we no longer define the omnipotent administrator as "the Man" . . . or the authority as "the MAN". Matter of fact the omnipotent administrator along with his security agents are less than a man because WE define them as pigs!

I think that this is a revolutionary thing in itself. That's political power. That's power itself. Matter of fact what is power other than the ability to define phenomenon and then make it act in a desired manner? When black people start defining things and making it act in a desired manner, then we call this Black Power!

MOVEMENT: Would you comment further on what you mean by Black Power?

HUEY: Black Power is really people's power. The Black Panther Program, Panther Power as we call it, will implement this people's power. We have respect for all of humanity and we realize that the people should rule and determine their destiny. Wipe out the controller. To have Black Power doesn't humble or subjugate anyone to slavery or oppression. Black Power is giving power to people who have not had power to determine theirdestiny. We advocate and we aid any people who are strugling to determine their destiny. This is regardless of color. The Vietnamese say Vietnam should be able to determine its own destiny. Power of the Vietnamese people. We also chant power of the Vietnamese people. The Latins are talking about Latin America for the Latin Americans. Cuba Si and Yanqui, Non. It's not that they don't want the Yankees to have any power they just don't want them to have power over them. They can have power over themselves. We in the black colony in America want to be able to have power over our destiny and that's black power.



MOVEMENT: A lot of white radicals are romantic about what Che said: "In a revolution one wins or dies . . ." For most of us it is really an abstract or theoretical question. It's a real question for you and we'd like you to rap about how you feel about it.

HUEY: Yes. The revolutionary sees no compromise. We will not compromise because the issue is so basic. If we compromise one iota we will be selling our freedom out. We will be selling the revolution out. And we refuse to remain slaves. As Eldridge says in SOUL ON ICE "a slave who dies of natural causes will not balance two dead flies on the scales of eternity." As far as we're concerned we would rather be dead than to go on with the slavery that we're in. Once we compromise we will be compromising not only our freedom, but also our manhood. We realize that we're going up against a highly technical country, and we realize that they are not only paper tigers, as Mao says, but real tigers too because they have the ability to slaughter many people. But in the long run, they will prove themselves paper tigers because they're not in line with humanity; they are divorced from the people. We know that the enemy is very powerful and that our manhood is at stake, but we feel it necessary to be victorious in regaining ourselves, regaining our manhood. And this is the basic point. So either we will do this or we won't have any freedom. Either we will win or we will die trying to win.

Mood of Black People

MOVEMENT: How would you characterize the mood of Black people in America today? Are they disenchanted, wanting a larger slice of the pie, or alienated, not wanting to integrate into a burning house, not wanting to integrate into Babylon? What do you think it will take for them to become alienated and revolutionary?

HUEY: I was going to say disillusioned, but I don't think we were ever under the illusion that we had freedom in this country. This society is definitely a decadent one and we realize it. Black people are realizing it more and more. We cannot gain our freedom under the present system; the system that is carrying out its plans of institutionalized racism. Your question is what will have to be done to stimulate them to revolution. I think it's already being done, it's a matter of time now for us to educate them to a program and show them the way to liberation. The Black Panther Party is the beacon light to show black people the way to liberation.

You notice the insurrections that have been going on throughout the country, in Watts, in Newark, in Detroit. They were all responses of the people demanding that they have freedom to determine their destiny, rejecting exploitation. Now the Black Panther Party does not think that the traditional riots, or insurrections that have taken place are the answer. It is true they have been against the Establishment, they have been against authority and oppression within their community, but they have been unorganized. However, black people learned from each of these insurrections.

They learned from Watts. I'm sure the people in Detroit were educated by what happened in Watts. Perhaps this was wrong education. It sort of missed the mark. It wasn't quite the correct activity, but the people were educated through the activity. The people of Detroit followed the example of the people in Watts, only they added a little scrutiny to it. The people in Detroit learned that the way to put a hurt on the administration is to make Molotov cocktails and to go into the street in mass numbers. So this was a matter of learning. The slogan went up "Burn, baby, burn". People were educated through the activity and it spread throughout the country. The people were educated on how to resist, but perhaps incorrectly.

Educate Though Activity

What we have to do as a vanguard of the revolution is to correct this through activity. The large majority of black people are either illiterate or semi-literate. They don't read. They need activity to follow. This is true of any colonized people. The same thing happened in Cuba where it was necessary for twelve men with a leadership of Che and Fidel to take to the hills and then attack the corrupt administration; to attack the army who were the protectors of the exploiters in Cuba. They could have leafleted the community and they could have written books, but the people would not respond. They had to act and the people could see and hear about it and therefore become educated on how to respond to oppression.

In this country black revolutionaries have to set an example. We can't do the same things that were done in Cuba because Cuba is Cuba and the U S is the U.S. Cuba has many terrains to protect the guerrilla. This country is mainly urban. We have to work out new solutions to offset the power of the country's technology and communication; its ability to communicate very rapidly by telephone and teletype and so forth. We do have solutions to these problems and they will be put into effect. I wouldn't want to go into the ways and means of this, but we will educate through action. We have to engage in action to make the people want to read our literature. Because they are not attracted to all the writing in this country; there's too much writing. Many books makes one weary.

Threat from Reformers

MOVEMENT: Kennedy before his death, and to a lesser extent Rockefeller and Lindsay and other establishment liberals have been talking about making reforms to give black people a greater share in the pie and thus stop any developing revolutionary movement. Would you comment on this?

HUEY: I would say this: If a Kennedy or Lindsay or anyone else can give decent housing to all of our people; if they can give full employment to our people with a high standard; if they can give full control to black people to determine the destiny of their community; if they can give fair trials in the court system by turning over the structure to the community; if they can end their exploitation of people throughout the world; if they can do all of these things they would have solved the problems. But I don't believe that under this present system, under capitalism, that they will be able to solve these problems.

People Must Control

I don't think black people should be fooled by their come-ons because every one who gets in office promises the same thing. They promise full employment and decent housing; the Great Society, the New Frontier. All of these names, but no real benefits. No effects are felt in the black community, and black people are tired of being deceived and duped. The people must have full control of the means of production. Small black businesses cannot compete with General Motors. That's just out of the question. General Motors robbed us and worked us for nothing for a couple hundred years and took our money and set up factories and became fat and rich and then talks about giving us some of the crumbs. We want full control. We're not interested in anyone promising that the private owners are going to all of a sudden become human beings and give these things to our community. It hasn't ever happened and, based on empirical evidence, we don't expect them to become Buddhists over night.

MOVEMENT: We raised this question not because we feel that these reforms are possible, but rather to get your ideas on what effects such attempted reforms might have on the development of a revolutionary struggle.

HUEY: I think that reforms pose no real threat. The revolution has always been in the hands of the young. The young always inherit the revolution. The young population is growing at a very rapid rate and they are very displeased with the authorities. They want control. I doubt that under the present system any kind of program can be launched that will be able to buy off all these young people. They have not been able to do it with the poverty program, the great society, etc. This country has never been able to employ all of its people simply because it's too interested in private property and the profit motive. A bigger poverty program is just what it says it is, a program to keep people in poverty. So I don't think that there is any real threat from the reforms

MOVEMENT: Would you like to say something about the Panther's organizing especially in terms of the youth?

HUEY: The Panthers represent a cross section of the black community. We have older people as well as younger people. The younger people of course are the ones who are seen on the streets. They are the activists. They are the real vanguard of change because they haven't been indoctrinated and they haven't submitted. They haven't been beaten into line as some of the older people have. But many of the older people realize that we're waging a just fight against the oppressor. They are aiding us and they are taking a part in the program.

Jail

MOVEMENT: Tell us something about your relations with the prisoners in the jail.

HUEY: The black prisoners as well as many of the white prisoners identify with the program of the Panthers. Of course by the very nature of their being prisoners they can see the oppression and they've suffered at the hands of the Gestapo. They have reacted to it. The black prisoners have all joined the Panthers, about 95% of them. Now the jail is all Panther and the police are very worried about this. The white prisoners can identify with us because they realize that they are not in control. They realize there's someone controlling them and the rest of the world with guns. They want some control over their lives also. The Panthers in jail have been educating them and so we are going along with the revolution inside of the jail.

MOVEMENT: What has been the effect of the demonstrations outside the jail calling for "Free Huey"?

HUEY: Very positive reactions. One demonstration, I don't remember which one, a couple of trustees, white trustees, held a cardboard sign out the laundry window reading "Free Huey". They say people saw it and responded to it. They were very enthusiastic about the demonstrators because they too suffer from being treated unfairly by the parole authorities and by the police here in the jail.

Open or Underground

MOVEMENT: The Panthers organizing efforts have been very open up until this point. Would you like to comment about the question of an underground political organization versus an open organization at this point in the struggle?

HUEY: Yeah. Some of the black nationalist groups feel that they have to be underground because they'll be attacked. But we don't feel that you can romanticize being underground. They say we're romantic because we're trying to live revolutionary lives, and we are not taking precautions. But we say that the only way we would go underground is if we're driven underground. All real revolutionary movements are driven underground. Take the revolution in Cuba. The agitation that was going on while Fidel was in law school was very much above ground. Even his existence in the hills was, so to speak, an above the ground affair because he was letting it be known who was doing the damage and why he was doing the damage. To catch him was a different story. The only way we can educate the people is by setting an example for them. We feel that this is very necessary.

This is a pre-revolutionary period and we feel it is very necessary to educate the people while we can. So we're very open about this education. We have been attacked and we will be attacked even more in the future but we're not going to go underground until we get ready to go underground because we have a mind of our own. We're not going to let anyone force us to do anything. We're going to go underground after we educate all of the black people and not before that time. Then it won't really be necessary for us to go underground because you can see black anywhere. We will just have the stuff to protect ourselves and the strategy to offset the great power that the strong-arm men of the establishment have and are planning to use against us.

White Organizing

MOVEMENT: Your comments about the white prisoners seemed encouraging. Do you see the possibility of organizing a white Panther Party in opposition to the establishment possibly among poor and working whites?

HUEY: Well as I put it before Black Power is people's power and as far as organizing white people we give white people the privilege of having a mind and we want them to get a body. They can organize themselves. We can tell them what they should do, what their responsibility is if they're going to claim to be white revolutionaries or white mother country radicals, and that is to arm themselves and support the colonies around the world in their just struggle against imperialism. But anything more than that they will have to do on their own.

ESSAYS FROM
THE MINISTER OF DEFENSE
HUEY NEWTON

INTRODUCTION

"Essays From the Minister of Defense" is a collection of truths, principles and beliefs practiced by the Black Panther Party. The writings come from the pen of Huey Newton, the Minister of Defense of the Black Panther Party but the spirit of the writings, the faith expressed and the undying love for black people exhibited therein comes from the souls of colonized black people. The people are the heroes.

The Black Panther Party is a vanguard party for we Africans in U.S. What we believe in is armed revolution, a permanent revolution, the creation of as many Viet Nams as are necessary to defeat U.S. racism and imperialism throughout the world. As you read "Essays From the Minister of Defense" you will begin to understand the principles for the armed revolution that is beginning in the U.S. If you carry out the principles, you will be a people's warrior, and will be bringing black people and the oppressed people everywhere closer to freedom, justice, and equality throughout the world. The Minister of Defense is currently held in Alameda County jail.

Our slogan is Huey will be set free by any means necessary and if he is not set free the sky is the limit.

IN DEFENSE OF SELF DEFENSE 2

By Huey P. Newton

Introduction:

Huey P. Newton's column in THE BLACK PANTHER newspaper was entitled "In Defense of Self Defense." The following articles by the Minister of Defense were taken from those columns.

* * * * * *

"In Defense of Self Defense." June 20, 1967.

Laws and rules have always been made to serve people. Rules of society are set up by people so that they will be able to function in a harmonious way. In other words, in order to promote the general welfare of society, rules and laws are established by men. Rules should serve men, and not men serve rules. Much of the time, the laws and rules which officials attempt to inflict upon poor people are non-functional in relation to the status of the poor in society.

These officials are blind to the fact that people should not respect rules that are not serving them. It is the duty of the poor to write and construct rules and laws that are in their better interests. This is one of the basic human rights of all men.

Before 1776, white people were colonized by the English. The English government had certain laws and rules that the colonized Americans viewed as not in their best interests but as a colonized people. At that time the English government felt that the colonized Americans had no right to establish laws to promote the general welfare of the people living here in America. The colonized American felt he had no choice but to raise the gun in defense of the welfare of the colonized people. At this time, he made certain laws insuring his protection from external and internal aggressions from governments and agencies. One such form of protection was the Declaration of Independence, which states: "...whenever any government becomes destructive to these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundations on such principles and organizing its powers in such forms as to them shall seem most likely to effect their safety and happiness."

Now these same colonized white people, these ex-slaves, robbers, and thieves, have denied the colonized black man the right to even speak of abolishing this oppressive system which the white colonized American created. They have carried their madness to the four corners of the earth, and now there is universal rebellion against their continued rule and power. The Black people in America are the only people who can free the world, loosen the yoke of colonialism and destroy the war machine. As long as the wheels of the imperialistic war machine are turning there is no country that can defeat this monster of the West. But Black people can make a malfunction of this machine from within. Black people can destroy the machinery that's enslaving the world. America cannot stand to fight every Black country in the world and fight a civil war at the same time. It is militarily impossible to do both of these things at once.

The slavery of Blacks in this country provides the oil for the machinery of war that America uses to enslave the peoples of the world. Without this oil the machinery cannot function. We are the driving shaft; we are in such a strategic position in this machinery that, once we become dislocated, the functioning of the remainder of the machinery breaks down.

Penned up in the ghettos of America, surrounded by his factories and all the physical components of his economic system, we have been made into "the wretched of the earth," who are relegated to the position of spectators while the white racists run their international con game on the suffering peoples. We have been brainwashed to believe that we are powerless and that there is nothing we can do for ourselves to bring about a speedy liberation for our people. We have been taught that we must please our oppressors, that we are only ten per cent of the population, and therefore, we must confine our tactics to categories calculated not to disturb the sleep of our tormentors.

The power structure inflicts pain and brutality upon the peoples and then provides controlled outlets for the pain in ways least likely to upset them or interfere with the process of exploitation. The people must repudiate the channels established as tricks and deceitful snares by the exploiting oppressors. The people must oppose everything the oppressor supports and support everything that he opposes. If Black people go about their struggle for liberation in the way that the oppressor dictates and sponsors, then we will have degenerated to the level of grovelling flunkies for the oppressor himself. When the oppressor makes a vicious attack against freedom fighters because of the way that such freedom fighters choose to go about their liberation, then we know we are moving in the direction of our liberation. The racist dog oppressors have no rights which oppressed Black people are bound to respect. As long as the racist dogs pollute the earth with the evil of their actions, they do not deserve any respect at all, and the rules of their game, written in the people's blood, are beneath contempt.

The oppressor must be harassed until his doom. He must have no peace by day or by night. The slaves have always outnumbered the slavemasters. The power of the oppressor rests upon the submission of the people. When Black people really unite and rise up in all their splendid millions, they will have the strength to smash injustice. We do not understand the power in our numbers. We are millions and millions of Black people scattered across the continent and throughout the Western hemisphere. There are more Black people in America than the total population of many countries that now enjoy full membership in the United Nations. They have power and their power is based primarily on the fact that they are organized and united with each other. They are recognized by the powers of the world.

We, with all our numbers, are recognized by no one. In fact, we do not even recognize our own selves. We are unaware of the potential power latent in our numbers. In 1967, in the midst of a hostile racist nation whose hidden racism is rising to the surface at a phenomenal speed, we are still so blind to our critical fight for our very survival that we are continuing to function in petty, futile ways. Divided, confused, fighting among ourselves, we are still in the elementary stage of throwing rocks, sticks, empty wine bottles and beer cans at racist cops who lie in wait for a chance to murder unarmed Black people. The racist cops have worked out a system for suppressing these spontaneous rebellions that flare up from the anger, frustration, and desperation of the masses of Black people. We can no longer afford the dubious luxury of the terrible casualties wantonly inflicted upon us by the cops during these spontaneous rebellions.

Black people must now move, from the grassroots up through the perfumed circles of the Black bourgeoisie, to seize by any means necessary a proportionate share of the power vested and collected in the structure of America. We must organize and unite to combat by long resistance the brutal force used against us daily. The power structure depends upon the use of force within retaliation. This is why they have made it a felony to teach guerilla warfare. This is why they want the people unarmed.

The racist dog oppressor fears the armed people; they fear most of all Black people armed with weapons and the ideology of the Black Panther Party For Self Defense. An unarmed people are slaves or are subject to slavery at any given moment. If a government is not afraid of the people it will arm the people from foreign aggression. Black people are held captive in the midst of their oppressors. There is a world of difference between thirty million unarmed, submissive Black people and thirty million Black people armed with freedom and defense guns and the strategic methods of liberation.

When a mechanic wants to fix a broken-down car engine, he must have the necessary tools to do the job. When the people move for liberation, they must have the basic tool of liberation: the gun. Only with the power of the gun can the Black masses halt the terror and brutality perpetuated against them by the armed racist power structure; and in one sense only by the power of the gun can the whole world be transformed into the earthly paradise dreamed of by the people from time immemorial. One successful practitioner of the art and science of national liberation and self defense, Brother Mao Tse-tung, put it this way: "We are advocates of the abolition of war, we do not want war; but war can only be abolished through war, and in order to get rid of the gun it is necessary to take up the gun."

The blood, sweat, tears and suffering of Black people are the foundations of the wealth and power of the United States of America. We were forced to build America, and if forced to, we will tear it down. The immediate result of this destruction will be suffering and bloodshed. But the end result will be the perpetual peace for all mankind.

"In Defense of Self Defense"

Historically, the power structure has demanded that Black leaders cater to their desires and to the ends of the imperialistic racism of the oppressor. The power structure has endorsed those Black leaders who have reduced themselves to nothing more than apologizing parrots. They have divided the so-called black leaders within the political arena. The oppressors sponsor radio programs, give space in their racist newspapers, and have shown them the luxury enjoyed only by the oppressor. The Black leaders serve the oppressor by purposely keeping the people submissive and passive — non-violent. At any moment that these so-called Black leaders respond to the cries of the suffering and downtrodden, unemployed and welfare recipients who hunger for liberation by any means necessary.

Historically, there have been a few Black men who have rejected the handouts of the oppressor and who have refused to spread the oppressor's treacherous principles of deceit, gradual indoctrination and brainwashing, and who have refused to indulge in the criminal activity of teaching submission, fear, and love for an enemy who hates the very color black and is determined to commit genocide on an international scale.

There has always existed in the Black colony of Afro-America a fundamental difference over which tactics from the broad spectrum of alternatives Black people should employ in their struggle for national liberation.

One side of this difference contends that Black people are in the peculiar position where, in order to gain acceptance into the "mainstream" of American life, they must employ no tactic that will anger the oppressor whites. This view holds that Black people constitute a hopeless minority and that salvation for Black people lies in developing brotherly relations. There are certain tactics that are taboo. Violence against the oppressor must be avoided at all costs, because the oppressor will retaliate with superior violence. So Black people may protest, but not protect. They can complain, but not cut and shoot. In short, Black people must at all costs remain non-violent.

On the other side of the difference, we find that the point of departure is the principle that the oppressor has no rights that the oppressed is bound to respect. Kill the slavemaster, destroy him utterly, move against him with implacable fortitude. Break his oppressive power by any means necessary. Men who have stood before the Black masses and recommended this response to the oppression have been held in fear by the oppressor. The Blacks in the colony who were wed to the non-violent alternative could not relate to the advocates of implacable opposition to the oppressor. Because the oppressor always prefers to deal with the less radical, i.e., less dangerous, spokesmen for his subjects. He would prefer that his subjects had no spokesmen at all, or better yet, he wishes to speak for them himself. Unable to do this practically, he does the next best thing, and endorses spokesmen who will allow him to speak through them to the masses. Paramount amongst his imperatives is to see to it that implacable spokesmen are never allowed to communicate their message to the masses. They are never allowed to communicate their message to the masses. Their oppressor will resort to any means necessary to silence the implacables.

The oppressor, the endorsed spokesmen, and the implacables form the three points of a triangle of death. The oppressor looks upon the endorsed spokesmen as a tool to use against the implacables to keep the masses passive within the acceptable limits of the tactics he is capable of containing. The endorsed spokesmen look upon the oppressor as a guardian angel who can always be depended upon to protect them from the wrath of the implacables, while he looks upon the implacables as dangerous and irresponsible madmen who, by angering the oppressor, will certainly provoke a blood bath in which they themselves might get washed away. The implacables view both the oppressors and the endorsed leaders as his deadly enemies. If anything, he has a more profound hatred for the endorsed leaders than he has for the oppressor himself, because the implacables know that they can deal with the oppressor only after they have driven the endorsed spokesmen off the scene.

Historically, the endorsed spokesmen have always held the upper hand on the implacables. In Afro-American history, there are shining brief moments when the implacables have outmaneuvered the oppressor and the endorsed spokesmen and gained the attention of the Black masses. The Black masses, recognizing the implacables in the depths of their despair, respond magnetically to the implacables and bestow a devotion and loyalty to them that frightens the oppressor and endorsed spokesmen into a panic-stricken frenzy, and they leap into a rash act -- murder, imprisonment, or exile -- to silence the implacables and to get their show back on the road.

The masses of Black people have always been deeply entrenched and involved in the basic necessities of life. They have not had time to abstract their situation. Abstractions come only with leisure. The people have not had the luxury of leisure. Therefore, the people have been very aware of the true definition of politics: politics are merely the desire of individuals and groups to satisfy first, their basic needs -- food, shelter and clothing, and security for themselves and their loved ones. The Black leaders endorsed by the power structure have attempted to sell the people the simple-minded theory that politics is holding a political office; being able to move into a $40,000 home; being able to sit near white people in a restaurant (while in fact the Black masses have not been able to pay the rent of a $40.00 rat-infested hovel).

The Black leaders have led the community to believe that brutality and force could be ended by subjecting the people to this very force of self-sacrificing demonstrations. The Black people realize brutality and force can only be inflicted if there is submission. The community has not responded in the past or in the present to the absurd and erroneous, deceitful tactics of so-called legitimate Black leaders. The community realizes that force and brutality can only be eliminated by counter force through self defense. Leaders who have recommended these tactics have never had the support and following of the downtrodden black masses who comprise the bulk of the community. Grassroots -- the downtrodden of the Black community, even though they rejected the hand-picked handkerchief heads endorsed by the power structure, the people have not had the academic or administrative knowledge to form themselves in long resistance to the brutality.

Marcus Garvey and Malcolm X were the two Black men of the twentieth century who posed an implacable challenge to both the oppressor and the endorsed spokesmen that could be dealt with in any other way than precisely the foul manner recorded by history. Malcolm, in our time, stood on the threshhold with the oppressor and the endorsed spokesmen in a bag that they couldn't get out of. Malcolm, implacable to the ultimate degree, held out to the Black masses the historical, stupendous victory of Black collective salvation and liberation from the chains of the oppressor and the treacherous embrace of the endorsed spokesmen. Only with the gun were the black masses denied this victory. But they learned from Malcolm that with the gun, they can recapture their dreams and bring them into reality.

The heirs of Malcolm now stand millions strong on their corner of the triangle, facing the racist dog oppressor and the soulless endorsed spokesmen. The heirs of Malcolm have picked up the gun and, taking first things first, are moving to expose the endorsed spokesmen for the Black masses to see them for what they are and always have been. The choice offered by the heirs of Malcolm to the endorsed spokesmen is to repudiate the oppressor and to crawl back to their people

But first, they must respect the party which is transmitting this message. When the Vanguard group destroys the machinery of the oppressor by dealing with him in small groups of three and four, and then escapes the might of the oppressor, the masses will be overjoyed and will adhere to this correct strategy. When the masses hear that a gestapo policeman has been executed while sipping coffee at a counter, and the revolutionary executioners fled without being traced, the masses will see the validity of this type of approach to resistance. It is not necessary to organize thirty million Black people in primary groups of two's and three's but it is important for the party to show the people how to go about revolution. During slavery, in which no vanguard party existed and forms of communication were severely restricted and insufficient, many slave revolts occurred.

There are basically three ways one can learn: through study, through observation, and through actual experience. The black community is basically composed of activists. The community learns through activity, either through observation of or participation in the activity. To study and learn is good but the actual experience is the best means of learning. The party must engage in activities that will teach the people. The black community is basically not a reading community. Therefore it is very significant that the vanguard group first be activists. Without this knowledge of the black community, one could not gain the fundamental knowledge of the black revolution in racist America.

The main function of the party is to awaken the people and to teach them the strategic method of resisting the power structure, which is prepared not only to combat the resistance of the people with massive brutality, but to totally annihilate the black community, the black population.

If it is learned by the power structure that black people have "x" amount of guns in their possession, this will not stimulate the power structure to prepare itself with guns, because it is already more than prepared.

The end result of this education will be positive for Black people in their resistance and negative for the power structure in its oppression, because the party always exemplifies revolutionary defiance. If the party is not going to make the people aware of the tools of liberation and the strategic method that is to be used, there will be no means by which the people will be mobilized properly.

The relationship between the vanguard party and the masses is a secondary relationship. The relationship between the members of the vanguard party is a primary relationship. It is important that the members of the vanguard group maintain a face-to-face relationship with each other. This is important if the party machinery is to be effective. It is impossible to put together functional party machinery or programs without this direct relationship. The members of the vanguard group should be tested revolutionaries. This will minimize the danger of Uncle Tom informers and opportunists.

The main purpose of vanguard group should be to raise the consciousness of the masses through educational programs and certain physical activities the party will participate in. The sleeping masses must be bombarded with the correct approach to struggle through the activities of the vanguard party. Therefore, the masses must know that the party exists. The party must use all means available to get this information across to the masses. If the masses do not have knowledge of the party, it will be impossible for the masses to follow the program of the party.

The vanguard party is never underground in the beginning of its existence, because this would limit its effectiveness and educational processes. How can you teach people if the people do not know and respect you? The party must exist above ground as long as the dog power structure will allow, and hopefully when the party is forced to go underground the message of the party will already have been put across to the people. The vanguard party's activities on the surface will necessarily be short-lived.

This is why it is so important that the party make a tremendous impact upon the people before it is driven into secrecy.

At this time, the people know the party exists, and they will seek out further information on the activities of this underground party.

Many would-be revolutionaries work under the fallacious illusion that the vanguard party is to be a secret organization that the power structure knows nothing about, and the masses know nothing about, except for occasional letters that come to their homes by night. Underground parties cannot distribute leaflets announcing an underground meeting. These are contradictions and inconsistencies of the so-called revolutionaries. The so-called revolutionaries are in fact afraid of the very danger that they are advocating for the people. These so-called revolutionaries want the people to say what they themselves are afraid to say, and the people to do what they themselves are afraid to do. This makes the so-called revolutionary a coward and a hypocrite.

If these imposters would investigate the history of revolution, they would see that the vanguard group always starts out above ground and is later driven underground by the aggressor. The Cuban Revolution exemplifies this fact; when Fidel Castro started to resist the butcher Batista and the American running dogs, he started by speaking on the campus of the University of Havana in public. He was later driven to the hills. His impact upon the dispossessed people of Cuba was very great and received with much respect. When he went into secrecy, Cuban people searched him out. People went to the hills to find him and his band of twelve. Castro handled the revolutionary struggle correctly. If the Chinese Revolution is investigated, it will be seen that the Communist Party was quite on the surface so that they would be able to muster support from the masses. There are many areas one can read about to learn the correct approach, such as the revolution in Kenya, the Algerian Revolution, Fanon's THE WRETCHED OF THE EARTH, the Russian Revolution, the works of Chairman Mao Tse-tung, and a ~~host~~ of others.

A revolutionary must realize at if he is sincere, death is imminent due to the fact that the things he is saying and doing are extremely dangerous. Without this realization, it is impossible to proceed as a revolutionary. The masses are constantly looking for a guide, a Messiah, to liberate them from the hands of the oppressor. The vanguard party must exemplify the characteristics of worthy leadership. Millions and millions of oppressed people might not know members of the vanguard party

personally or directly, but they will gain through an indirect acquaintance the proper strategy for liberation via the mass media and the physical activities of the party. It is of prime importance that the vanguard party develop a political organ, such as a newspaper produced by the party, as well as employ strategically revolutionary art and destruction of the oppressor's machinery. For example, Watts. The economy and property of the oppressor was destroyed to such an extent that no matter how the oppressor tried to whitewash the activities of the black brothers, the real nature and the real cause of the activity was communicated to every black community. For further example, no matter how the oppressor tries to distort and confuse the message of Brother Stokely Carmichael, Black people all over the country understand it perfectly and welcome it.

The Black Panther Party for Self Defense teaches that in the final analysis, the amount of guns and defense weapons, such as hand grenades, bazookas, and other necessary equipment, will be supplied by taking these weapons from the power structure, as exemplified by the Viet Cong. Therefore, the greater the military preparation on the part of the oppressor, the greater is the availability of weapons for the black community. It is believed by some hypocrites that when the people are taught by the vanguard group to prepare for resistance, this only brings the man down on them with increasing violence and brutality; but the fact of the matter is that when the man becomes more oppressive, this only heightens the revolutionary fervor. The people never make revolution. The oppressors by their brutal actions cause the resistance by the people. The vanguard party only teaches the correct methods of resistance. So, if things can get worse for oppressed people, then they will feel no need for revolution or resistance. The complaint of the hypocrites that the Black Panther Part for Self Defense is exposing the people to deeper suffering is an incorrect observation. People have proved that they will not tolerate any more oppression by the racist dog police through their rebellions in the black communities across the country. The people are looking now for guidance to extend and strengthen their resistance struggle.

FEAR AND DOUBT

By Huey P. Newton

May 15, 1967

The lower socio-economic Black male is a man of confusion. He faces a hostile environment and is not sure that it is not his own sins that have attracted the hostilities of society. All his life he has been taught (explicitly and implicitly) that he is an inferior approximation of humanity. As a man, he finds himself void of those things that bring respect and a feeling of worthiness. He looks around for something to blame for his situation, but because he is not sophisticated regarding the socio-economic milieu and because of negativistic parental and institutional teachings, he ultimately blames himself.

When he was a child, his parents told him that they were not affluent because "we didn't have the opportunity to become educated," or "we did not take advantage of the educational opportunities that were offered to us." They tell their children that things will be different for them if they are educated and skilled, but that there is absolutely nothing other than this occasional warning (and often not even this) to stimulate education. Black people are great worshippers of education, even the lower socio-economic Black person, but at the same time, they are afraid of exposing themselves to it. They are afraid because they are vulnerable to having their fears verified; perhaps they will find that they can't compete with white students. The Black person tells himself that he could have done much more if he had really wanted to. The fact is, of course, that the assumed educational opportunities were never available to the lower socio-economic Black person due to the unique position assigned him in life.

It is a two-headed monster that haunts this man. First, his attitude is that he lacks innate ability to cope with the socio-economic problems confronting him, and second, he tells himself that he has the ability but he simply has not felt strongly enough to try to acquire the skills needed to manipulate his environment. In a desperate effort to assume self-respect, he rationalizes that he is lethargic; in this way, he denies a possible lack of innate ability. If he openly attempts to discover his abilities, he and others may see him for what he is - or is not, and this is the real fear. He then withdraws into the world of the invisible, but not without a struggle. He may attempt to make himself visible by processing his hair, acquiring a "boss mop", or driving a long car, even though he can't afford it. He may father several illegitimate children by several different women in order to display his masculinity. But in the end, he realizes that he is ineffectual in his efforts.

Society responds to him as a thing, a beast, a non-entity, something to be ignored or stepped on. He is asked to respect laws that do not respect him. He is asked to digest a code of ethics that acts upon him but not for him. He is confused and in a constant state of rage, of shame and doubt. This psychological set permeates all his interpersonal relationships. It determines his view of the social system. His psychological development has been prematurely arrested. This doubt begins at a very early age and continues through his life. The parents pass it on to the child and the social system reinforces the fear, the shame, and the doubt. In the third or fourth grade, he may find that he shares the classroom with white students, but when the class is engaged in reading exercises, all the Black students find themselves in a group at a table reserved for slow readers. This may be quite an innocent effort on the part of the school system. The teacher may not realize that the Black students feared (in fact, feel certain) that Black means dumb and white means smart. The children do not realize that the head start the children got at home is what accounts for the situation. It is generally accepted that the child is the father of the man; this holds true for the lower socio-economic Black people.

With whom, with what can he, a man, identify? As a child he had no permanent male figure with whom to identify: as a man, he sees nothing in society with which he can identify as an extension of himself. His life is built on mistrust, shame, doubt, guilt, inferiority, role confusion, isolation and despair. He feels that he is something less than a man, and it is evident in his conversation: "the white man is 'THE MAN', he got everything, and he knows everything, and a nigger ain't nothing." In a society where a man is valued according to occupation and material possessions, he is without possessions. He is unskilled and more often than not, either marginally employed or unemployed. Often his wife (who is able to secure a job as a maid cleaning for white people) is the breadwinner. He is, therefore, viewed as quite worthless by his wife and children. He is ineffectual both in and out of the home. He cannot provide for or protect his family. He is invisible, a non-entity. Society will not acknowledge him as a man. He is a consumer and not a producer. He is dependent upon the white man ('THE MAN') to feed his family, to give him a job, educate his children, serve as the model that he tries to emulate. He is dependent and he hates 'THE MAN' and he hates himself. Who is he? Is he a very old adolescent or is he the slave he used to be?

What did he do to be so BLACK and blue?

EXECUTIVE MANDATE NO. 1
STATEMENT BY THE MINISTER OF DEFENSE

Delivered May 2, 1967, at Sacramento, California, State Capitol Building

The Black Panther Party for Self Defense calls upon the American people in general and the Black people in particular to take careful note of the racist California Legislature which is now considering legislation aimed at keeping the Black people disarmed and powerless at the very same time that racist police agencies throughout the country are intensifying the terror, brutality, murder and repression of Black people.

At the same time that the American government is waging a racist war of genocide in Vietnam, the concentration camps* in which Japanese Americans were interned during World War II are being renovated and expanded. Since America has historically reserved the most barbaric treatment for non-white people, we are forced to conclude that these concentration camps are being prepared for Black people who are determined to gain their freedom by any means necessary. The enslavement of Black people from the very beginning of this country, the genocide practiced on the American Indians and the confining of the survivors on reservations, the savage lynching of thousands of Black men and women, the dropping of atomic bombs on Hiroshima and Nagasaki, and now the cowardly massacre in Vietnam, all testify to the fact that towards people of color the racist power structure of America has but one policy: repression, genocide, terror, and the big stick.

Black people have begged, prayed, petitioned, demonstrated and everything else to get the racist power structure of America to right the wrongs which have historically been perpetrated against Black people. All of these efforts have been answered by more repression, deceit, and hypocrisy. As the aggression of the racist American government escalates in Vietnam, the police agencies of America escalate the repression of Black people throughout the ghettos of America. Vicious police dogs, cattle prods and increased patrols have become familiar sights in black communities. City Hall turns a deaf ear to the pleas of Black people for relief from this increasing terror.

The Black Panther Party for Self Defense believes that the time has come for Black people to arm themselves against this terror before it is too late. The pending Mulford Act brings the hour of doom one step nearer. A people who have suffered so much for so long at the hands of a racist society, must draw the line somewhere. We believe that the Black communities of America must rise up as one man to halt the progression of a trend that leads inevitably to their total destruction.

EXECUTIVE MANDATE NO. 2:
STATEMENT OF THE MINISTER OF DEFENSE

Delivered June 29, 1967.

So Let This Be Heard . . .

Brother Stokely Carmichael:

Because you have distinguished yourself in the struggle for the total liberation of Black people from oppression in racist white America;

Because you have acted courageously and shown great fortitude under the most adverse circumstances;

Because you have proven yourself as a true revolutionary guided by a great feeling of love for our people;

Because you have set such a fine example, in the tradition of Brother Malcolm, or dedicating your entire life to the struggle of Black Liberation, inspiring our youth and providing a model for others to emulate;

Because you have refused to serve in the oppressor's racist mercenary, aggressive war machine, showing that you know who your true friends and enemies are;

Because of your new endeavor to organize and liberate the Crown Colony of Washington, D.C., you will inevitably be forced to confront, deal with, and conquer the racist Washington Police Department which functions as the protector of the racist dog power structure, occupying the Black Community in the same manner and for the same reasons that the racist U.S. Armed Forces occupy South Vietnam;

You are hereby drafted into the Black Panther Party for Self Defense, invested with the rank of Field Marshall, delegated the following authority, power, and responsibility:

> To establish revolutionary law, order and justice in the territory lying between the Continental Divide East to the Atlantic Ocean; North of the Mason-Dixon Line to the Canadian Border; South of the Mason-Dixon Line to the Gulf of Mexico.

....So Let It Be Done.

EXECUTIVE MANDATE NO. 3: STATEMENT OF THE MINISTER OF DEFENSE

Delivered on March 1, 1968.

SO LET THIS BE HEARD:

Because of the St. Valentine Day massacre of February 14, 1929, in which outlaws donned the uniforms of Policemen, posed as such, and thereby gained entrance to locked doors controlled by rival outlaws with whom they were contending for control of the bootlegging industry in Chicago; and because these gangsters, gaining entry through their disguise as Policemen, proceeded to exterminate their rivals with machinegun fire, we believe that prudence would dictate that one should be alert when opening one's door to strangers. late at night, in the wee hours of the morning -- even when these strangers wear the uniform of policemen. History teaches us that the man in the uniform may or may not be a policeman authorized to enter the homes of the people.

AND

Taking notice of the fact that (1) on January 16, 1968, at 3:30 A.M., members of the San Francisco Police Department kicked down the door and made an illegal entry and search of the home of Eldridge Cleaver, Minister of Information. These Pigs had no search warrant, no arrest warrant, and were therefore not authorized to enter. They were [illegible] permission for them to enter was explicitly denied by the Minister of Information. Present were Sister Kathleen Cleaver, our Communications Secretary and wife to our Minister of Information, and Brother Emory Douglas, our Revolutionary Artist.

Taking further notice of the fact that (2) on February 25, 1968, several uniformed gestapos of the Berkeley Pig Department, accompanied by several other white men in plainclothes, bearing an assortment of shotguns, rifles, and service revolvers, made a forceful, unlawful entry and search of the home of Bobby Seale, Chairman of our Party, and his wife, Sister Artie Seale. These Pigs had no warrant either to search or to arrest. When asked by Chairman Bobby to produce a warrant, they arrogantly stated that they did not need one. They had no authority to enter -- what they did have was the power of the gun. Thus we are confronted with a critical situation. Our organization has received serious threats, from certain racist elements of White America, including the Oakland, Berkeley, and San Francisco Pig Departments. Threats to take our lives, to exterminate us. We cannot determine when any of these elements, or a combination of them, may move to implement these threats. We must be alert to the danger at all times. We will not fall victim to a St. Valentine's Massacre. Therefore, those who approach our doors in the manner of outlaws, who seek to enter our homes illegally, unlawfully and in a rowdy fashion, those who kick our doors down with no authority and seek to ransack our homes in violation of our HUMAN RIGHTS, will henceforth be treated as outlaws, as gangsters, as evildoers. We have no way of determining that a man in a uniform involved in a forced outlaw entry into our home is in fact a Guardian of the Law. He is acting like a lawbreaker and we must make an appropriate response.

We draw the line at the threshold of our doors. It is therefore mandated as a general order to all members of the Black Panther Party for Self-Defense that all members must acquire the technical equipment to defend their homes and their dependents and shall do so. Any member of the Party having such technical equipment who fails to defend his threshold shall be expelled from the Party for Life.

....SO LET THIS BE DONE.

MARCH 1, 1968

HUEY ON ANARCHISTS AND INDIVIDUALISTS AS RELATED TO REVOLUTIONARY STRUGGLE AND THE BLACK LIBERATION MOVEMENT

We should understand there is a difference between the rebellion of the anarchists and the black revolution or liberation of the black colony.

This is a class society, it always has been. This reactionary class society places its limitations on individuals; not just in terms of their occupation, but also regarding self expression, being mobile, and being free to really be creative and do anything they want to do.

The class society prevents this. This is true not only for the mass of the lower or subjugated class. It is also true within the ruling class, the master class. That class also limits the freedom of the individual souls of the people which comprise it.

In the upper class, the individuals always try to free themselves from these limitations — the artificial limitations placed upon him through external sources, namely, some hierarchy that goes by the name of State or Governmental Administration.

In America, we have not only a class society, we also have a caste system, and black people are fitted into the lowest caste. They have no mobility for going up the class ladder. They have no privilege to enter into the ruling structure at all.

Within the ruling class they're objecting (resisting?), because the people have found that they're completely subjected to the will of the administration and to the manipulators. This brings about a very strange phenomenon in America. That is, many of the rebelling white students and the anarchists are the offspring of this master class. Surely most of them have a middle class background and some even upper-class. They see the limitations imposed upon them and now they're striving, as all men strive, to get freedom of the soul. Freedom of expression, and freedom of movement, without the artificial limitations from antique values.

Blacks and colored people in America, confined within the caste system, are discriminated against as a whole group of people. It s not a question of individual freedom, as it is for the children of the upper classes. We haven't reached the point of trying to free ourselves individually because we're dominated and oppressed as a group of people.

Part of the people of this country -- which is a great part -- part of the youth themselves. But they're not doing this as a group of people. Because as a group they're already free to an extent. Their problem is not a group problem really, because they can easily integrate into the structure. Potentially they're mobile enough to do this. They're the educated ones, the "future of the country," and so forth. They can easily gain a certain amount of power over the society by integrating into the rulership circle.

But they see that even within the rulership circle there are still antique values that have no respect for individualism. They find themselves subjugated. No matter what class they're in they find themselves subjugated because of the nature of this class society. So their fight is to free the individual's soul.

This brings about another problem. They're being ruled by an alien source that has nothing to do with freedom of individual expression. They want to escape this, to overturn this, but they see no need to form a structure or a real, disciplined vanguard movement. Their reasoning is that by setting up a disciplined organization they feel they'd be replacing the old structure with other limitations. They fear they'd be setting themselves up as directing the people, therefore limiting the individual again.

But what they don't understand, or it seems that they don't understand, is as long as the military-industrial complex exists, then the structure of oppression of the individual continue. An individual would be threatened even if he were to achieve his freedom he's seeking. He'll be threatened because there will be an organized lower group there ready to strip him of his individual freedom at any moment.

In Cuba they had a revolution, they had a vanguard group that was a disciplined group, and they realized that the state won't disappear until imperialism is completely wiped out, structurally and also philosophically, or the bourgeois thoughts won't be changed. Once imperialism is wiped out they can have their communist state and the state or territorial boundaries will disappear.

In this country the anarchists seem to feel that if they just express themselves individually and tend to ignore the limitations imposed on them, without leadership and without discipline they can oppose the very disciplined, organized, reactionary state. This is not true. They will be oppressed as long as imperialism exists. You cannot oppose a system such as this to oppose it with orgainzation that's even more extremely disciplined and dedicated than the structure you're opposing.

I can understand the anarchists wanting to go directly from state to non-state, but historically it's incorrect. As far as I m concerned, thinking of the recent French Revolution, the reason the French uprising failed is simply because the anarchists in the country, who by definition had no organization, had no people that were reliable enough as far as the mass of the people were concerned, to replace DeGaulle and his government. Now, the people were skeptical about the Communist Party and the other progressive parties, because they didn't side with the people of medium living. They lagged behind the people, so they lost the respect of the people, and the people looked for guidance from the students and anarchists.

But the anarchists were unable to offer a structural program to replace the DeGaulle government. So the people were forced to turn back to DeGaulle. It wasn't the people's fault, it was Colin Bendit's fault and all the other anarchists who felt they could just go from state to non state.

In this country -- getting back home to North America now -- we can side with the student radicals. We would try to encourage them and persuade them to organize and weid a sharp cutting tool.

In order to do this they would have to be disciplined and they would have at least some philosophical replacement of the system. This is not to say that this itself will free the individual. The individual will not be free until the state does not exist at all, and I think — I don't want to be redundant — this cannot be replaced by the anarchists right away.

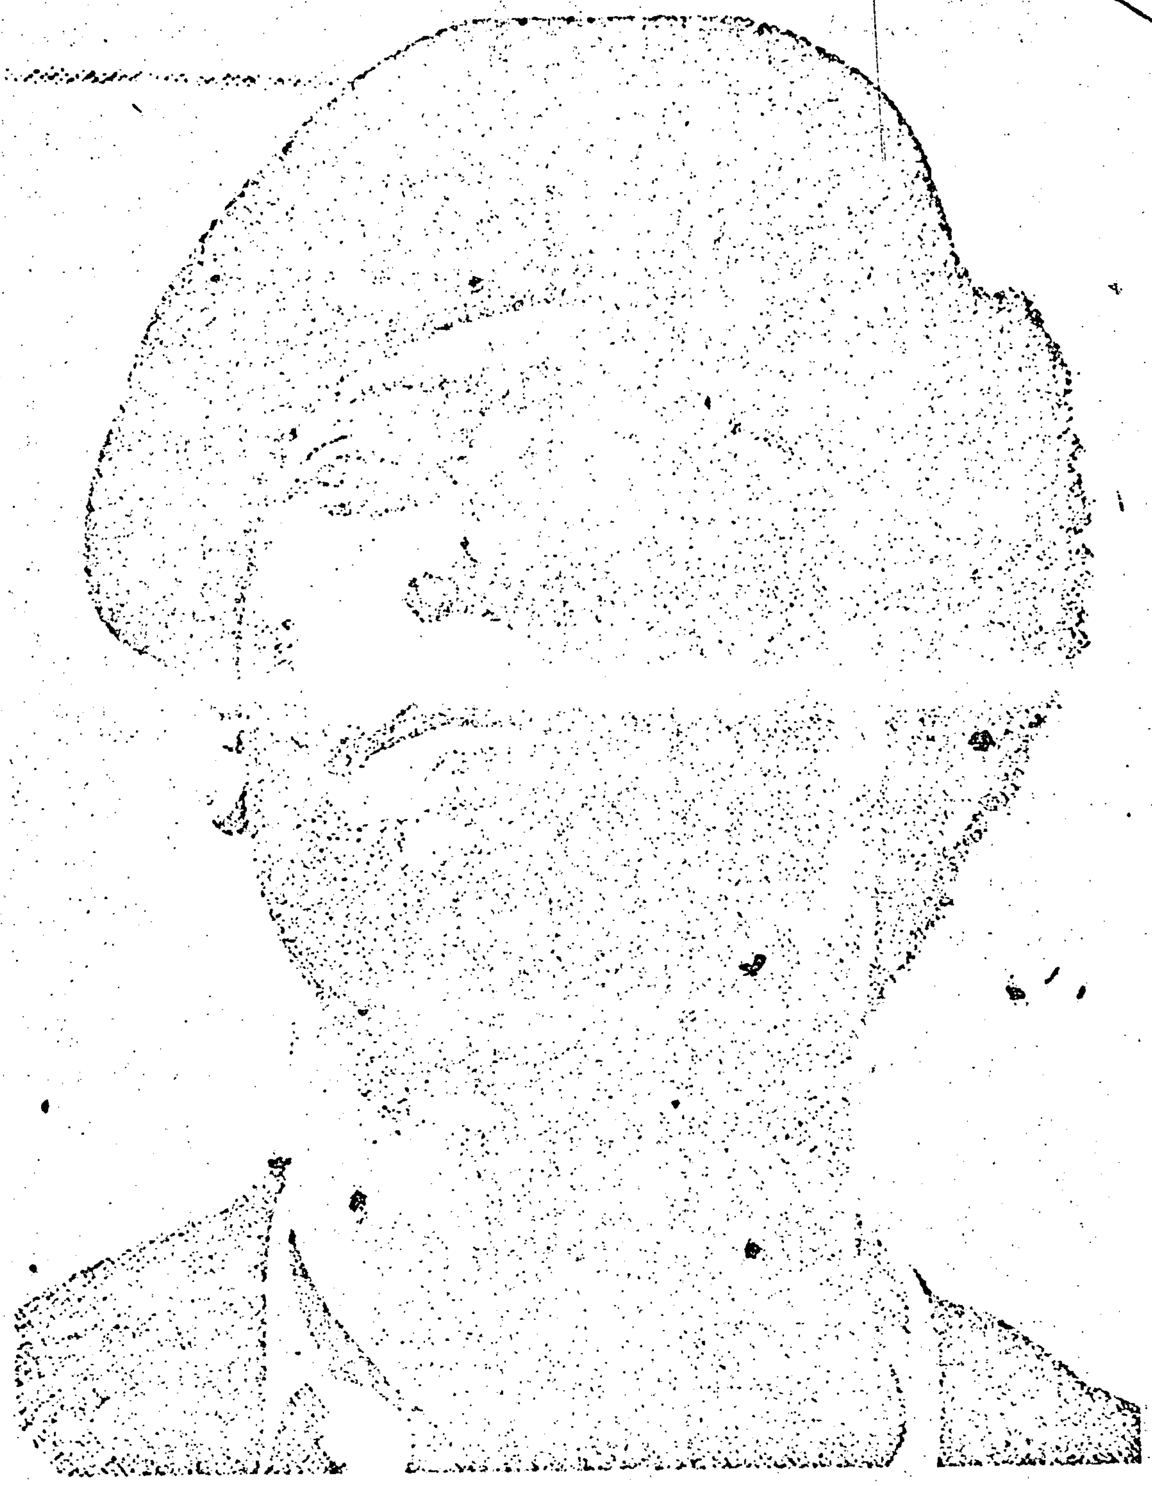
As far as the blacks are concerned, we are not hung up on attempting to actualize or express our individual souls because we're oppressed not as individuals but as a whole group of people. Our evolution, or our liberation, is based first on freeing our group. Freeing our group to a certain degree. After we gain our liberation, our people will not be free. I can imagine in the future that the blacks will rebel against the organized leadership that the blacks themselves have structured. They will see there will be limitations, limiting their individual selves, and limiting their freedom of expression. But this is only after they become free as a group.

This is what makes our group different from the white anarchist — besides he views his group as already free. Now he's striving for freedom of his individual self. This is the big difference. We're not fighting for freedom of our individual selves, we're fighting for a group freedom. In the future there will probably be a rebellion where blacks will say, "Well, our leadership is limiting our freedom, because of the rigid discipline. Now that we've gained our freedom, we will strive for our individualistic freedom that has nothing to do with organized group or state." And the group will be disorganized, and it should be.

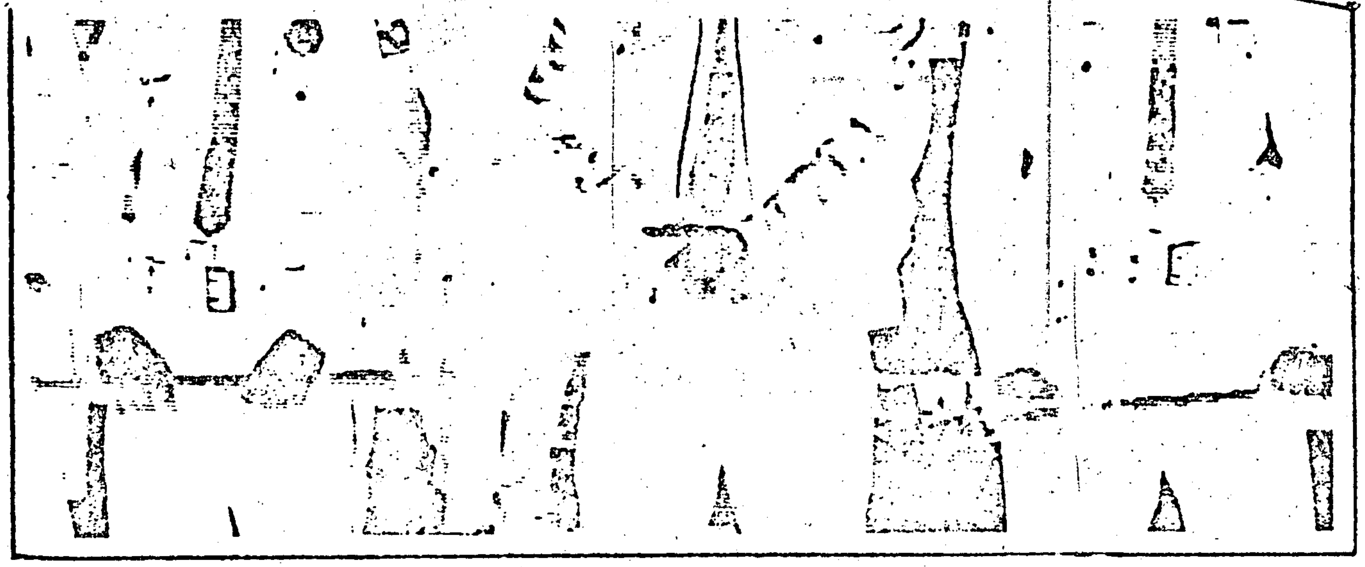
But at this point we stress discipline, we stress organization, we do not stress psychedelic drugs, and all the other things that have to do with just the individual expansion of the mind. We're trying to gain true liberation of a group of people, and this makes our struggle somewhat different from the whites.

Now, how is it the same. It's the same in the fact that both of us are striving for freedom. They will not be free — the white anarchists will not be free — until we are free so that makes our fight their fight really. The imperialists and the bourgeois bureaucratic capitalistic system would not give them individual freedom while they keep a whole group of people based upon race color oppressed as a group. How can they expect to get individual freedom when the imperialists oppress whole nations of people? Until we gain liberation as a group they won't gain any liberation as an individual person. So this makes our fight the same, and we must keep this in perspective, and always see the similarities and differences in it.

There's a tremendous amount of difference in it, and there's a due amount of similarities between the two cases. Both are striving for freedom, and both are striving for liberation of their people, only one is advanced to a degree higher than the other. The anarchists are advanced a step higher, but only in theory. But as actuality of conditions, they shouldn't be advanced higher because they should see the necessity of wiping out the imperialistic structure by organizing groups just as we must be organized.

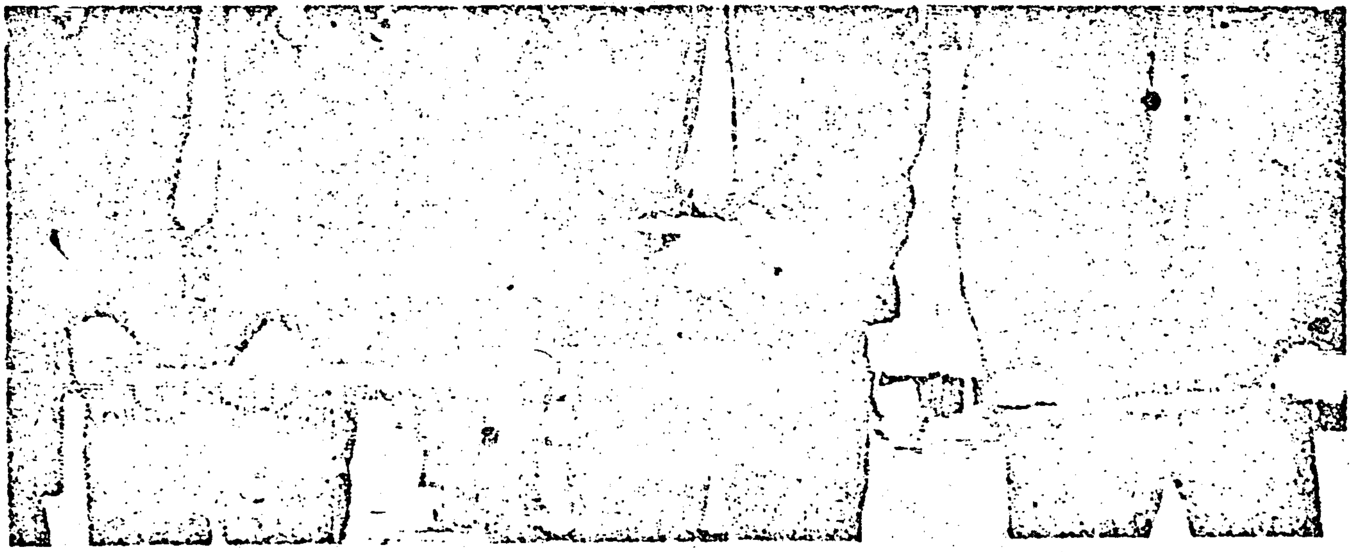


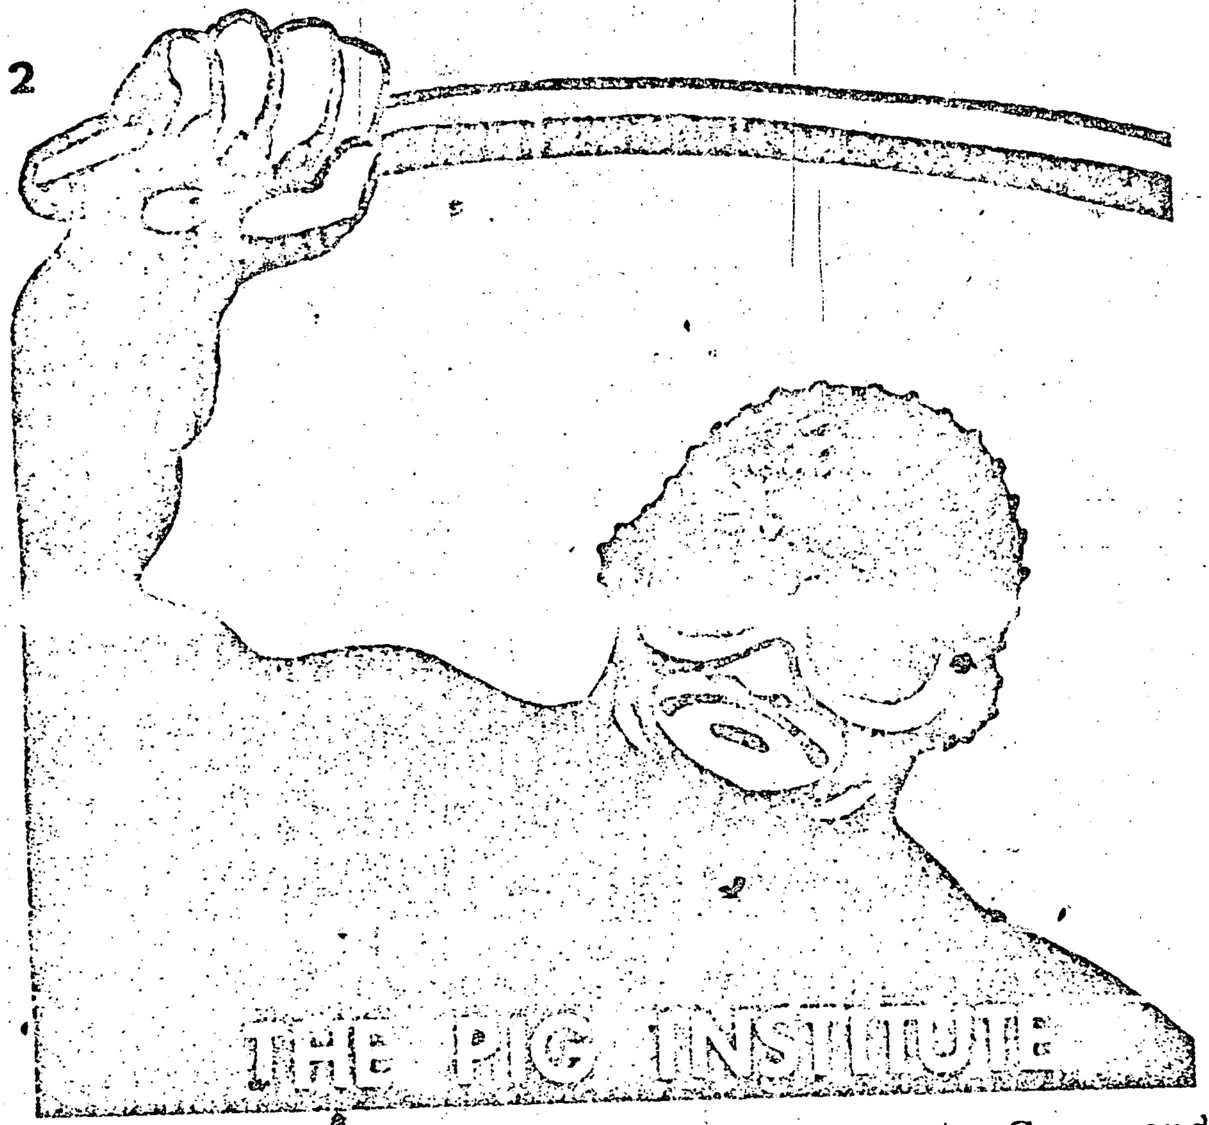
ESSAYS FROM
THE MINISTER OF DEFENSE
HUEY NEWTON



major city police departments command officer conferences

John Brown Caucus, SDS -- U. of Illinois, Chicago Circle
in cooperation with Chicago Regional SDS





TITLE: Major City Police Departments Command Officer Conferences

SPONSOR: Criminal Justice Curriculum (under a $79,000 grant from Office of Law Enforcement Assistance (OLEA)

PROGRAM: 15 one-week conferences over a two-year period--it is "the first project ever conducted in the United States". The first conference is to be held May 25-30 and is entitled "Recruitment and Retention of Police Personnel". (This certainly sounds innocent enough; take the example of the Oakland Police Dept. They use the most modern, computerized psychogical and sociological testing methods to duplicate exactly the racist pigs they now have. Oakland then retains them with the highest wage scale and fringe benefits in the country (even

3 better than Chicago). That's real progress: ask Oakland Panthers Huey Newton, Bobby Hutton or Eldridge Cleaver.)

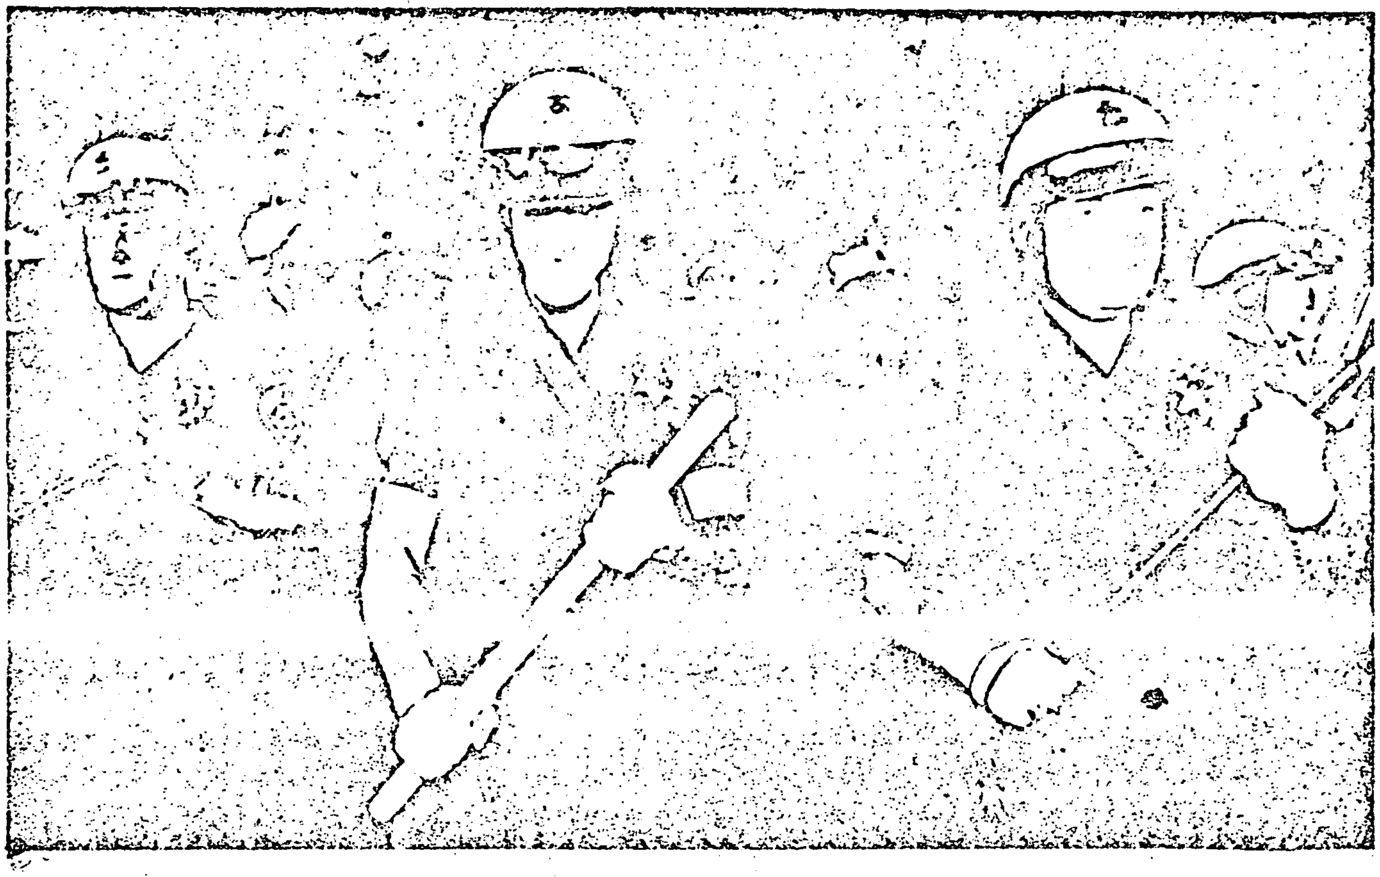
PARTICIPANTS: Command-level officers from the nation's 32 largest cities.

LOCATION: University of Illinois at Chicago Circle: the conferences are to be located in Chicago because this location is "geographically centrally located an ideal base for criminal justice training." Chicago also happens to be the home of "Shoot to Kill" Daley and the most computerized and motorized Pig Dept. and one of the most victimized and brutalized black and Latin communities in the country.

DIRECTOR: Richard A. Wild, a small-town police chief from Michigan who concluded his Masters paper at Michigan State University's Police School with the recommendation that MSU should start teaching required courses in

(1) police pursuit driving
(2) riot and crowd control
(3) firearms training in all police weapons

JUSTIFICATION: The director of the program states that "UICC has acknowledged its role as an urban center university with a responsibility to assist in the solution of urban problems". In reality, the University does not feel a responsibility to serve the people of the community, but the racist power structure. The solution of urban problems can mean anything from a radical restructuring of our society to genocide against the black community. Given that the racist power structure hasn't yet made a serious effort to solve the most serious problems and that in many ways the maintenance of their power depends on the continued existence of these problems, the first alternative seems unlikely. Given the nature of the new police weapons—MACE, cattle prods, armored cars, tear and vomit gas—and the increasing repression directed against the black community, the second alternative —genocide—is more likely.



What Police Institutes Are About

The pigs are coming down on the people. The racist power structure is getting "uptight" because large numbers of black, brown and white people are understanding what this country and the pigs are all about. The more we understand, the harder we fight. And the harder we fight, the greater is the threat to the political, economic and social control of this country by the racist power structure. And when the people in power feel threatened they respond in the only way they can—with force and violence.

As the number of black rebellions, campus revolts, labor strikes, welfare marches and sit-ins, rent strikes, etc., increase, the power structure and its pigs become increasingly incapable of stopping the people and are forced to develop newer, more sophisticated methods to control them. That is what police institutes like the one at the University of Illinois at Chicago Circle and the one on police technology at IIT are all about.

"Just Doin' My Job"

We often hear about how the cop is "just doing his job". That's certainly true enough; but what exactly is his "job"? The actions of the police in the black and brown communities make that clear. Try telling any ghetto dweller that the police are in his community to protect the people. He knows that is a lie—they are there to protect private property, to function as an "occupying army" to protect the property of the outside—generally white—businessman. When the "showdown" between property and people's lives comes the pigs will always side with the businessman. The order that Daley gave last April—"Shoot to kill"—was no mistake. Ogilvie's statement upon sending in the National Guard—"Property Must Be Protected"—meant the same thing—the property of storeowners and slumlords is to be maintained at the cost of human lives.

Pigs serve three repressive functions in what we will call the black and brown internal colonies. This is not to say that the pigs are not repressive in white neighborhoods; the brutal attacks on white youth—students, dropouts, gang kids, and to an increasing extent white workers—should dispel that idea. The pigs function in a similar manner in white neighborhoods but it is obvious that the repression brought down on the black and brown communities is not only more intense given the nature of this racist society, but it is of

The Pig Institute

5 a qualitatively different nature from the way whites are treated.

The police function first to maintain "law and order"; the law which the capitalist class has developed to protect its wealth and property and the order which it needs to maintain its power. The pigs are the armed force which is used to "Serve and Protect" the rulers of this country. Police are assigned to patrol the neighborhoods, schools, hangouts and parks. Any deviation from their ideas as to what constitutes "good behavior" is met with brutal force. They occupy and surround the high schools (black, brown and white) to keep any opposition to the rotten educational system from "getting out of hand". Actually they act more like guards in a prison, which is what the high schools function as. In the past year they have increased the size of the gang intelligence unit (GIU) from 38 to over 200. The GIU watches, spies on, harasses and intimidates anyone they define as being a member of a "gang".

Second, police act to destroy the dignity and spirit of resistance which is so widespread in the black and brown communities. They verbally and physically abuse and intimidate people on the street—men, women, and young people are forced to undergo constant harassment, intimidation and coercion—stop and frisk, curfew violations, no standing on corners, women just walking down the street at night humiliated or arrested for prostitution. The street becomes the cops' turf.

The people who run this country are either unwilling or unable to meet the needs of the people; they are more concerned with maintaining their wealth and power.

The people need and are demanding:

*equality and an end to discrimination

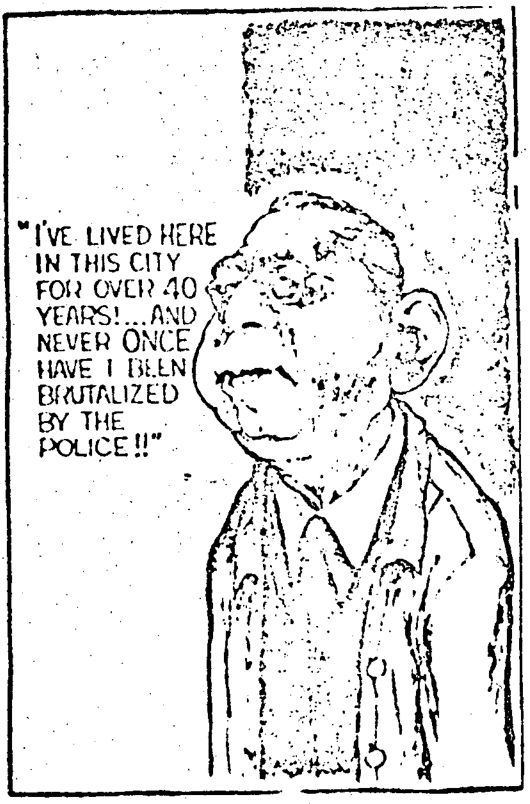
*an end to the fighting and dying in wars which are fought to protect the rulers' business interests

*jobs which provide a decent standards of living with acceptable (that is human) working conditions

*an end to police brutality and repression

*decent food, clothing, and housing

*a radically different educational system—one which doesn't consist of poor facilities, teachers functioning as cops, the tracking system, exclusion of black and brown students, and useless distorted course content



"I'VE LIVED HERE IN THIS CITY FOR OVER 40 YEARS!...AND NEVER ONCE HAVE I BEEN BRUTALIZED BY THE POLICE!!"

In order to meet their needs people begin to organize and fight. When this happens the pigs

6 reveal their third function: that of stopping any movement which threatens the racist power structure. Any organization which seriously attempts to meet the needs of the people will be attacked and if possible destroyed. The pigs will use "any means necessary": from arrests on absurd trumped-up charges to infiltrating organizations and framing people to beatings and murder.

The repression directed against radical and revolutionary groups in the past few months has been overwhelming. In Chicago the Black Panther Party and the Young Lords Organization have experienced police harassment to the greatest extent. The Black Panther Party has been organizing continually to meet the needs of the black community. They have set up a Breakfast for Children program in which they feed several hundred children free breakfast each day (often their only hot meal) and are setting up a free Health Care program. The Panthers have always spoken against racism, urging black and brown people, white working class and young people to fight against the real enemy—the racist power structure. As a result, the Panthers have become the targets of a special program of repression—the shooting and jailing of Huey P. Newton, the attempt to jail Eldridge Cleaver, the murder of at least 15 Panthers around the country, the arrest of 21 in New York on conspiracy charges, and the jailing of more than 30 Panthers in one week in Chicago are specifics of that repression.

The Young Lords, a militant Puerto Rican youth group, has also involved itself in the fight for its people's needs. They have organized a program of opposition to the urban renewal

7 program in Lincoln Park which expels Latin families from their homes and apartments to be replaced by upper-middle-income white professionals. The pigs have come down hard on the Lords as a result of their involvement in these struggles. Cha Cha Jimenez, president of the YLO, has been arrested at least 10 times in the past few months on charges ranging from disorderly conduct to curfew violations to mob action. Lords are continually harassed on the streets by the pigs.

We occasionally hear it said that the fault lies with the individual policeman, and that he needs to be "educated". But the hatred for the police comes not as a result of the actions of the individual cop but as a response to the functions (outlined above) which the police play. Those of us who were in the park during the Convention this summer or who live in black or Spanish communities know that it doesn't matter if a cop is a PhD or a grade school dropout because once he puts on the uniform, he begins to "do his job".

The police have not acquired any new functions; they have historically been tools of the ruling class. They helped the slaveowners to keep the slaves "in their place" and prevented slave rebellions. They served the industrial bosses and robber barons, men like Jay Gould and Andrew Carnegie, in breaking strikes—stopping picket lines, protecting scabs and brutally beating, sometimes killing, striking men and women. They helped the company owners during the thirties when working men and women fought for unions and a decent standard of living. Even today they help to suppress wildcat strikes.

WHAT TO DO

It should be clear that the police institute will not in any way benefit the black and Latin communities, the working people or the youth of this country; will not in any way help to solve the serious problems we face—racial inequality, imperialist wars, poverty. In fact, by emphasizing a policy of overwhelming police power and continued repression it may aggravate the problems.

We must expose and educate people to understand the role of this institute and the pigs. We must demand that this institute be stopped.

While we demand that the police institute get off the Chicago Circle campus, it is not because we see the University as some sort of "ivory tower" which must be protected from outside influences. The university—with its police institutes, war research, military and corporate recruiting, ROTC—is as much a part of the racist power structure as any other institution. We want the pig institute off the campus as a first step to stopping it permanently. If it is moved off the campus and into the community we will organize to stop it there. Our program should be based on the demand: STOP THE PIG INSTITUTE.

POLITICAL EDUCATION KIT
for Black Panther Party Members

Primary Objective of Our Party:

To establish Revolutionary Political Power
for Black People

The Black Panther Party is an armed body for carrying out the political tasks of the revolution. Especially at the present, the Black Panther Party should certianly not confine itself to only fighting; besides fighting to destroy the enemy's military strength, our Party must also shoulder such important tasks as doing propaganda among the masses, organizing the masses arming Black people, helping them to establish revolutionary political power and setting up party organizations. The Black Panther Party defends itself with guns and force not merely for the sake of fighting but in order to conduct propaganda among the masses, organize them, arm them, and help them to establish revolutionary political power. Without these objectives, fighting looses its meaning and the Black Panther Party looses the reason for its existence.

On Subjectivism

Subjectivism exists to a serious degree among some Party members, causing great harm to the analysis of the political situation and the guidance of the work. The reason is that subjective analysis of a political situation and subjective guidance of work inevitably result either in opportunism or in putschism. As for subjective criticism, loose and groundless talk or suspiciousness, such practices inside the Party often breed unprincipled disputes and undermine the Party organization.

Another point that should be mentioned in connection with inner-Party criticism is that some comrades ignore the major issues and confine their attention to minor points when they make criticism. They do not understand that the main task of criticism is to point out political and organizational mistakes. As to personal shortcomings, unless they are related to political and organizational mistakes, there is no need to be overcritical and to embarass the comrades concerned. Moreoever, once such criticism develops, there is the great danger that the Party members will concentrate entirely on minor faults, and everyone will become timid and overcautious and forget the Party's political tasks.

The main method of correction is to educate Party members so that a political and ~~ext xix~~ scientific spirit pervades their thinking and their Party life. To this end we must: (1) teach Party members to apply the Marxist-Leninist method in analysing a political situation and appraising the class forces, instead of making a subjective analysis and appraisal; (2) direct the attention of Party members to social and economic investigation and study, so as to determine the tactics of struggle and methods of work, and help comrades to understand that without investigation of actual conditions they will fall into the pit of fantasy and putschism; and (3) in inner-Party criticism, guard against subjectivism, arbitratiness and the vulgarization of criticism; statements should be based on facts and criticism should centre on politics.

On June 4, 1969, Special Agent (SA) GORDON S. BROOKS and SA HERMAN H. SCOTT arrested PATRICK KEEN at the headquarters of the Black Panther Party (BPP), 2350 West Madison Street.

KEEN was subsequently transported by Bureau automobile to the Federal Bureau of Investigation (FBI) Office at 219 South Dearborn Street, where he was photographed, fingerprinted and interviewed concerning his association with the BPP and with the subject GEORGE SAMS, JR.

KEEN was provided with a copy of a Warning and Waiver Form which he read and stated he understood, but declined to sign.

KEEN provided the following information:

He stated that he has been a member of the BPP for approximately three weeks and advised that on the night of June 3-4, 1969, he was the Officer of the Day (OD) at BPP headquarters, 2350 West Madison, Chicago, Illinois. He advised that as the OD he had been in charge of the BPP office,

KEEN observed a photograph of GEORGE SAMS, JR. and stated that he did not know SAMS by name nor did he recognize the photograph. He stated that he had never seen the person in the photograph in the BPP office.

KEEN advised that a couple of weeks ago, he had gone into the BPP office and had heard someone talking loudly in another room in the office. He stated that he made inquiries about the person making the noise and was told that the man's name was WADDELL and that he was from BPP headquarters on the West coast. He added, however, that he did not actually observe WADDELL and, therefore, would be unable to state whether or not this person was identical with the photograph of GEORGE SAMS, JR.

This refers to your memoranda of December 5 and December 8, 1969 entitled "Black Panther Party Activity, Chicago, Illinois."

In connection with this matter, I am enclosing herewith two copies of a telegram of December 5, 1969 to the Department from John Gwynn of the Illinois State Branch, NAACP and other officials of that organization. We have also received a telegram from Thomas Picou, Managing Editor, Chicago Daily Defender, Whitney M. Young, Jr., Executive Director, National Urban League and from a number of individuals of Maywood, Illinois, all of these communications generally alleging that the shooting and killing of members of the Black Panther organization were, on or about December 4, 1969, unnecessary, unjustified and of questionable legality. They request that an investigation be made of the matter.

In view of the circumstances, please conduct a preliminary investigation so that we may determine whether violations of 18 U.S.C. 242 and 241 are involved. The investigation should include, but need not be limited to, the following.

1. Identify and interview all persons, including the allegedly wounded individuals who were present when the police conducted the Black Panther Party raid at 2337 West Monroe Street, Chicago, on December 4.

2. Identify the police officers who took part in the raid and interview the subjects named above.

3. We understand that two autopsies on victim Fred Hampton's body were performed, one by the Coroner and one by a group of physicians headed by Dr. Victor Levine of Northwestern University. Obtain copies of each report.

4. Ascertain whether a state or local investigation is being conducted or has been conducted, and furnish us with a copy of any available report of such investigation. In this connection, inspect the official records and ascertain the charges placed against the victim and the status of same.

5. Inspect the premises of 2337 West Monroe Street, the location of the raid, and note and photograph any physical evidence such as bullet holes, blood, the general arrangement, location and condition of the furniture, windows etc. In connection with any bullet holes noted, determine if possible, the direction of the bullets, with particular reference as to whether they were apparently fired from the outside doors and windows toward the interior of the apartment and from the interior toward the outside doors and windows. Please furnish us with a diagram of the premises noting the particular location therein where victims Hampton and Clark were allegedly shot.

If victims or other persons in the premises at the time of the raid decline to be interviewed, please notify me immediately without waiting for the completion of the report of this investigation.

In connection with this matter, I am enclosing herewith two copies of a telegram of December 5, 1969 to the Department from John [illegible] of the Illinois State Branch, NAACP and other officials of that organization. We have also received a telegram from Thomas Picou, Managing Editor, Chicago Daily Defender, Whitney M. Young, Jr., Executive Director, National Urban League and from a number of individuals of Maywood, Illinois, all of these communications generally alleging that the shooting and killing of members of the Black Panther organization were, on or about December 4, 1969, unnecessary, unjustified and of questionable legality. They request that an investigation be made of the matter.

In view of the circumstances, please conduct a preliminary investigation so that we may determine whether violations of 18 U.S.C. 242 and 241 are involved. The investigation should include, but need not be limited to, the following.

1. Identify and interview all persons, including the allegedly wounded individuals who were present when the police conducted the Black Panther Party raid at 2337 West Monroe Street, Chicago, on December 4.

2. Identify the police officers who took part in the raid and interview the subjects named above.

3. We understand that two autopsies on victim Fred Hampton's body were performed, one by the Coroner and one by a group of physicians headed by Dr. Victor Levine of Northwestern University. Obtain copies of each report.

4. Ascertain whether a state or local investigation is being conducted or has been conducted, and furnish us with a copy of any available report of such investigation. In this connection, inspect the official records and ascertain the charges placed against the victim and the status of same.

5. Inspect the premises of 2337 West Monroe Street, the location of the raid, and note and photograph any physical evidence such as bullet holes, blood, the general arrangement, location and condition of the furniture, windows etc. In connection with any bullet holes noted, determine if possible, the direction of the bullets, with particular reference as to whether they were apparently fired from the outside doors and windows toward the interior of the apartment and from the interior toward the outside doors and windows. Please furnish us with a diagram of the premises noting the particular location therein where victims Hampton and Clark were allegedly shot.

If victims or other persons in the premises at the time of the raid decline to be interviewed, please notify me immediately without waiting for the completion of the report of this investigation.

DETAILS: AT CHICAGO, ILLINOIS

This report contains the results of a preliminary investigation in accordance with departmental letter to the Bureau dated December 11, 1969, regarding the above captioned matter. This departmental letter, which was forwarded by Mr. JERRIS LEONARD, Assistant Attorney General, Civil Rights Division, is summarized as follows:

The Department received a telegram dated December 5, 1969, from JOHN GWYNN of the Illinois State Branch, National Association for the Advancement of Colored People (NAACP), and other officials of that organization. The Department also received a telegram from THOMAS PICOU, Managing Editor, "Chicago Daily Defender," WHITNEY M. YOUNG, Jr., Executive Director, National Urban League, and a number of individuals of Maywood, Illinois. All of these communications generally alleged that the shooting and killing of members of the Black Panther Party (BPP) on or about December 4, 1969, was unnecessary, unjustified, and of questionable legality. They requested that an investigation be made of the matter.

The departmental letter requested the FBI to conduct a preliminary investigation so that the Department could determine whether violations of Title 18, United States Code, Sections 242 and 241, were involved. It was stated that the investigation should include, but not be limited to, the following:

1. Identify and interview all persons, including the allegedly wounded individuals who were present when the police conducted the Black Panther Party raid at 2337 West Monroe Street, Chicago, Illinois, on December 4, 1969.

2

2. Identify the police officers who took part in the raid and interview the subjects named above.

3. It is understood that two autopsies on victim FRED HAMPTON's body were performed, one by the coroner and one by a group of physicians headed by Dr. VICTOR LEVINE of Northwestern University. Obtain copies of each report.

4. Ascertain whether a state or local investigation is being conducted or has been conducted, and furnish us with a copy of any available report of such investigation. In this connection, inspect the official records and ascertain the charges placed against the victim and the status of same.

5. Inspect the premises of 2337 West Monroe Street, the location of the raid, and note and photograph any physical evidence, such as bullet holes, blood, the general arrangement, location and condition of the furniture, windows, etc. In connection with any bullet holes noted, determine, if possible, the direction of the bullets, with particular reference as to whether they were apparently fired from the outside doors and windows toward the interior of the apartment and from the interior toward the outside doors and windows. A diagram of the premises, noting the particular location therein where victims FRED HAMPTON and MARK CLARK were allegedly shot, is to be furnished.

3

The Department's letter requested that if the victims or other persons in the premises at the time of the raid declined to be interviewed, Mr. JERRIS LEONARD, Assistant Attorney General, Civil Rights Division, should be notified immediately without waiting for the completion of the report of this investigation.

It is noted that the telegram of December 5, 1969, addressed to United States Attorney General JOHN MITCHELL reads as follows:

> We of the NAACP are extremely alarmed, concerned, and confused relative to the contradictory statements and facts in connection with the slaying of MARK CLARK and FRED HAMPTON by Cook County law enforcement officials on December 4, 1969. Pursuant to the same incident, we demand that an adequate, thorough investigation and that the results of such investigation be made known to the public in order to alleviate a tense, anxious situation. We simply will not tolerate a modern day lynching; and should the results of your investigation prove a violation of civil rights, we shall use maximum resources to pursue the apprehension and punishment of those responsible.

Upon receipt of the departmental letter on December 13, 1969, M. W. JOHNSON, Special Agent in Charge (SAC) of the Chicago Office, personally advised United States Attorney (USA) THOMAS A. FORAN of the requested investigation. SAC JOHNSON informed JAMES D. CONLISK, Jr., Superintendent of the Chicago Police Department, of the requested investigation. CONLISK stated that he had no objection to police officers assigned to the State's Attorney's Office being interviewed by the FBI, but he suggested that Cook County State's Attorney EDWARD V. HANRAHAN be contacted as these officers were working for him at the time of the raid.

SAC JOHNSON contacted Cook County State's Attorney HANRAHAN, who advised he would make all 14 officers involved in the raid available for interview immediately, provided an official from his office was present during these interviews and that copies of the results of the interviews in the form of either a signed statement or the Bureau's interview report form would be made available to him. HANRAHAN added that making such copies available to the police officer being interviewed would suffice. HANRAHAN pointed out that demands have been made for these police officers to be charged with murder in connection with the killing of BPP members FRED HAMPTON and MARK CLARK.

Cook County Coroner ANDREW J. TOMAN has announced he is calling a "blue ribbon" coroner's jury to look into this matter. Because of this, HANRAHAN deemed it necessary to grant the interviews of the police officers only under the above stated conditions.

SAC JOHNSON personally contacted Attorney WARREN WOLFSON at 30 North La Salle Street, Chicago, Illinois. WOLFSON advised he represents victim BRENDA HARRIS. WOLFSON stated that all of the victims, except DEBORAH JOHNSON, are either in jail or in custody at the Cook County Hospital and that since the other victims are represented by other attorneys, he desired to consult with these attorneys concerning the granting of interviews by the FBI.

[redacted]

WOLFSON stated that all of the victims had been charged by Cook County authorities with serious crimes; and as the victims are in custody, the attorneys themselves have not had the opportunity for thorough interviews of their clients. WOLFSON stated he wanted to emphasize the fact that statements in the news media credited to the victims and their attorneys are not necessarily true as the attorneys have not authorized such statements. WOLFSON further stated that due to the seriousness of the charges pending against the victims, their attorneys would undoubtedly desire to be present during any FBI interviews.

WOLFSON further stated that he would be most reluctant to authorize an FBI interview with his client, BRENDA HARRIS, until he personally had an opportunity to completely interview her. Also, WOLFSON stated that due to the local charges placed against his client, he would insist upon obtaining a copy of the results of any FBI interview. He was sure that the other attorneys of the victims would feel the same way.

WOLFSON agreed to contact the other attorneys as soon as possible and would advise SAC JOHNSON whether the interviews of the victims would be permitted.

It is noted that in connection with the Department's request for an investigation at the premises of 2337 West Monroe Street, Chicago, Illinois, where the raid of December 4, 1969, occurred, these premises are under the complete control of the BPP.

On December 13, 1969, SAC JOHNSON contacted DENNIS CUNNINGHAM, Attorney for the BPP. CUNNINGHAM advised

[redacted]

that he saw no objection to making these premises available to the FBI, but he desired to first consult with other attorneys, whom he did not identify, and stated he would call SAC JOHNSON later that weekend. CUNNINGHAM said he would try to make the premises available by Monday afternoon, December 15, 1969, or by the morning of December 16, 1969. CUNNINGHAM desired either he or his representative to be present during the FBI investigation at 2337 West Monroe Street, Chicago, Illinois.

On December 13, 1969, the above was discussed with USA THOMAS A. FORAN, Northern District of Illinois (NDI), who stated that although he was not in a position to recommend Federal Grand Jury (FGJ) action at this time, he would give the matter further consideration. USA FORAN stated it was his feeling that the requests by State's Attorney HANRAHAN and the victims' lawyers regarding the interviews should be complied with in view of the pending charges which exist in regards to the 14 police officers and the seven victims in this matter.

On December 14, 1969, DENNIS CUNNINGHAM, BPP Attorney, contacted SAC JOHNSON at 4:30 p.m. and stated that after consulting with "most of the attorneys involved," it was decided that additional consultation was necessary by them before the FBI would be given access to the premises at 2337 West Monroe Street, Chicago, Illinois. CUNNINGHAM advised that the attorneys are meeting at 5:00 p.m. on December 15, 1969, at which time a decision would be made.

CUNNINGHAM stated, however, it is his unofficial opinion that access to these premises by the FBI will be authorized for Tuesday morning, December 16, 1969, and that he would call SAC JOHNSON immediately following the above described meeting with the other attorneys.

It is noted that neither DENNIS CUNNINGHAM nor WARREN WOLFSON, Attorney Spokesman for the victims in this case, contacted, as agreed to, the Chicago Office to permit FBI access to the BPP apartment or interview of the victims, respectively, as of midnight, December 16, 1969.

It is noted that the following were present on December 13, 1969, at the Chicago Office of the FBI when SAC M.W. JOHNSON telephonically contacted USA THOMAS A. FORAN, Superintendent of the Chicago Police Department JAMES D. CONLISK, States Attorney EDWARD V. HANRAHAN, as well as WARREN WOLFSON, representing victim BRENDA HARRIS, and attorney DENNIS CUNNINGHAM, representing the Black Panther Party (BPP):

On December 13, 1969, Officer DAY of the Deputy Superintendent's Office, Chicago Police Department, advised that RONALD SATCHEL had been released that day on $25,000 bond, which was made at the 13th District of the Police Department.

It is noted that DEBORAH JOHNSON, the girlfriend of FRED A. HAMPTON (deceased), who is eight months pregnant, was previously released on $25,000 bond.

On December 17, 1969, JAMES MONTGOMERY, attorney representing the Black Panther Party, telephonically contacted Special Agent PAUL R. ELOFSON at the Chicago Office, to advise that police officers had arrived at 2337 West Monroe Street, that morning, and they had informed BOBBY RUSH, Deputy Defense Minister of the Illinois Black Panther Party, that they had a search warrant for the purpose of searching the outer halls of the building. According to MONTGOMERY, the officers were asked to leave, and they departed. However, the officers returned shortly thereafter, at which time the officers refused Black Panther Party members access to the apartment. MONTGOMERY stated that he was notifying the Federal Bureau of Investigation, in view of his belief that the Federal Bureau of Investigation or the Department of Justice was looking into the shooting incident.

At 3:27 p.m., on December 17, 1969, DENNIS CUNNINGHAM, attorney for the Black Panther Party, telephonically contacted Special Agent in Charge, M. W. JOHNSON, to advise that attorneys for the Black Panther Party and victims had decided they did not feel the Justice Department would help them, and therefore, they were taking the position they would not voluntarily cooperate with any Federal Bureau of Investigation investigation. CUNNINGHAM stated that this

decision was based upon newspaper articles reporting a Federal investigation of the Black Panther Party. CUNNINGHAM further stated that this decision was actually reached on Monday night, December 15, 1969, but that he had been "too busy" to contact Special Agent in Charge JOHNSON.

CUNNINGHAM further informed Special Agent in Charge JOHNSON that undoubtedly the Federal Government could obtain access to the premises at 2337 West Monroe Street, through legal action, and that "of course they could not prevent that." CUNNINGHAM stated that "it is politically impossible for the Black Panther Party to voluntarily cooperate."

CUNNINGHAM also informed Special Agent in Charge JOHNSON that the Cook County States Attorney's Police, "using some kind of warrant" were at the above Monroe Street premises at approximately 10:30 a.m., on December 17, 1969, and that they were denying everyone access to these premises, unless they could present a lease agreement. CUNNINGHAM further stated that he recognized that this latter was not involved with any Federal Bureau of Investigation investigation.

On December 18, 1969, Assistant Attorney General JERRIS LEONARD, together with Department Attorney JAMES TURNER, First Assistant United States Attorney JACK B. SCHMETTERER, met with Acting Chief Judge EDWIN A. ROBSON of the U.S. District Court for the Northern District of Illinois. It is noted that Chief Federal District Judge WILLIAM J. CAMPBELL was ill and that Judge ROBSON was Acting Chief Judge in his absense.

At this meeting the decision was made, subject to the approval of Chief Judge CAMPBELL, that the December, 1969, Federal Grand Jury will be held over to hear testimony in this case. A special charge will be issued this grand jury on December 22, 1969. Assistant Attorney General LEONARD advised that one or two witnesses may appear before this grand jury on approximately December 23, 1969, following which the grand jury will be adjourned until approximately January 5, 1970.

Assistant Attorney General LEONARD advised that he would personally handle the presentation of this matter to the Federal Grand Jury and that he would be assisted by Departmental Attorney JAMES TURNER, WILLIAM O'CONNOR and JESSIE QUEEN, all of whom are from Washington, D.C. Also assisting him would be MILTON BRANCH, Assistant United States Attorney from Denver, Colorado.

United States Attorney Thomas A. Foran at Chicago has subsequently advised Special Agent in Charge MARLIN W. JOHNSON that he completely concurrs in the above described Federal Grand Jury procedure in this case. Mr. FORAN designated ROBERT J. BREAKSTONE as a representative from the United State's Attorney's Office at Chicago to work with Mr. LEONARD.

First Assistant United States Attorney JACK B. SCHMETTERER advised on the evening of December 18, 1969, that Chief Judge WILLIAM J. CAMPBELL did concur with Acting Judge EDWIN A. ROBSON's decision to hold the December, 1969, Federal Grand Jury to hear this matter.

[redacted]

1

First Assistant United States Attorney SCHMETTERER advised at 4:05 p.m. on December 19, 1969, that he had been in contact with Cook County Coroner ANTHONY J. TOMAN. TOMAN advised Mr. SCHMETTERER that as the premises at 2337 West Monroe Street, Chicago, had now been sealed and under his control, that he would grant access to the FBI at any time for the purpose of examination.

It is noted that an FBI examination of these premises commenced on the morning of December 22, 1969.

Mr. SCHMETTERER advised on December 22, 1969, that the December, 1969, Federal Grand Jury was extended and commenced receiving into evidence the official reports of the Cook County Coroner's Office of the deaths of FRED A. HAMPTON and MARK CLARK on December 4, 1969. This evidence was made available to the Federal Grand Jury by KYRAM PHELAN from the coroner's office. It is noted that on December 22, 1969, Special Agent [redacted] [redacted] of the Chicago Office was sworn in and made an agent of this Federal Grand Jury.

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

> "Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, ".....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

DETAILS: AT CHICAGO, ILLINOIS

This report contains the results of a preliminary investigation in accordance with departmental letter to the Bureau dated December 11, 1969, regarding the above captioned matter. This departmental letter, which was forwarded by Mr. JERRIS LEONARD, Assistant Attorney General, Civil Rights Division, is summarized as follows:

The Department received a telegram dated December 5, 1969, from JOHN GWYNN of the Illinois State Branch, National Association for the Advancement of Colored People (NAACP), and other officials of that organization. The Department also received a telegram from THOMAS PICOU, Managing Editor, "Chicago Daily Defender," WHITNEY M. YOUNG, Jr., Executive Director, National Urban League, and a number of individuals of Maywood, Illinois. All of these communications generally alleged that the shooting and killing of members of the Black Panther Party (BPP) on or about December 4, 1969, was unnecessary, unjustified, and of questionable legality. They requested that an investigation be made of the matter.

The departmental letter requested the FBI to conduct a preliminary investigation so that the Department could determine whether violations of Title 18, United States Code, Sections 242 and 241, were involved. It was stated that the investigation should include, but not be limited to, the following:

1. Identify and interview all persons, including the allegedly wounded individuals who were present when the police conducted the Black Panther Party raid at 2337 West Monroe Street, Chicago, Illinois, on December 4, 1969.

2. Identify the police officers who took part in the raid and interview the subjects named above.

3. It is understood that two autopsies on victim FRED HAMPTON's body were performed, one by the coroner and one by a group of physicians headed by Dr. VICTOR LEVINE of Northwestern University. Obtain copies of each report.

4. Ascertain whether a state or local investigation is being conducted or has been conducted, and furnish us with a copy of any available report of such investigation. In this connection, inspect the official records and ascertain the charges placed against the victim and the status of same.

5. Inspect the premises of 2337 West Monroe Street, the location of the raid, and note and photograph any physical evidence, such as bullet holes, blood, the general arrangement, location and condition of the furniture, windows, etc. In connection with any bullet holes noted, determine, if possible, the direction of the bullets, with particular reference as to whether they were apparently fired from the outside doors and windows toward the interior of the apartment and from the interior toward the outside doors and windows. A diagram of the premises, noting the particular location therein where victims FRED HAMPTON and MARK CLARK were allegedly shot, is to be furnished.

3

The Department's letter requested that if the victims or other persons in the premises at the time of the raid declined to be interviewed, Mr. JERRIS LEONARD, Assistant Attorney General, Civil Rights Division, should be notified immediately without waiting for the completion of the report of this investigation.

It is noted that the telegram of December 5, 1969, addressed to United States Attorney General JOHN MITCHELL reads as follows:

> We of the NAACP are extremely alarmed, concerned, and confused relative to the contradictory statements and facts in connection with the slaying of MARK CLARK and FRED HAMPTON by Cook County law enforcement officials on December 4, 1969. Pursuant to the same incident, we demand that an adequate, thorough investigation and that the results of such investigation be made known to the public in order to alleviate a tense, anxious situation. We simply will not tolerate a modern day lynching; and should the results of your investigation prove a violation of civil rights, we shall use maximum resources to pursue the apprehension and punishment of those responsible.

Upon receipt of the departmental letter on December 13, 1969, M. W. JOHNSON, Special Agent in Charge (SAC) of the Chicago Office, personally advised United States Attorney (USA) THOMAS A. FORAN of the requested investigation. SAC JOHNSON informed JAMES D. CONLISK, Jr., Superintendent of the Chicago Police Department, of

[redacted]

the requested investigation. CONLISK stated that he had no objection to police officers assigned to the State's Attorney's Office being interviewed by the FBI, but he suggested that Cook County State's Attorney EDWARD V. HANRAHAN be contacted as these officers were working for him at the time of the raid.

SAC JOHNSON contacted Cook County State's Attorney HANRAHAN, who advised he would make all 14 officers involved in the raid available for interview immediately, provided an official from his office was present during these interviews and that copies of the results of the interviews in the form of either a signed statement or the Bureau's interview report form would be made available to him. HANRAHAN added that making such copies available to the police officer being interviewed would suffice. HANRAHAN pointed out that demands have been made for these police officers to be charged with murder in connection with the killing of BPP members FRED HAMPTON and MARK CLARK.

Cook County Coroner ANDREW J. TOMAN has announced he is calling a "blue ribbon" coroner's jury to look into this matter. Because of this, HANRAHAN deemed it necessary to grant the interviews of the police officers only under the above stated conditions.

SAC JOHNSON personally contacted Attorney WARREN WOLFSON at 30 North La Salle Street, Chicago, Illinois. WOLFSON advised he represents victim BRENDA HARRIS. WOLFSON stated that all of the victims, except DEBORAH JOHNSON, are either in jail or in custody at the Cook County Hospital and that since the other victims are represented by other attorneys, he desired to consult with these attorneys concerning the granting of interviews by the FBI.

WOLFSON stated that all of the victims had been charged by Cook County authorities with serious crimes; and as the victims are in custody, the attorneys themselves have not had the opportunity for thorough interviews of their clients. WOLFSON stated he wanted to emphasize the fact that statements in the news media credited to the victims and their attorneys are not necessarily true as the attorneys have not authorized such statements. WOLFSON further stated that due to the seriousness of the charges pending against the victims, their attorneys would undoubtedly desire to be present during any FBI interviews.

WOLFSON further stated that he would be most reluctant to authorize an FBI interview with his client, BRENDA HARRIS, until he personally had an opportunity to completely interview her. Also, WOLFSON stated that due to the local charges placed against his client, he would insist upon obtaining a copy of the results of any FBI interview. He was sure that the other attorneys of the victims would feel the same way.

WOLFSON agreed to contact the other attorneys as soon as possible and would advise SAC JOHNSON whether the interviews of the victims would be permitted.

It is noted that in connection with the Department's request for an investigation at the premises of 2337 West Monroe Street, Chicago, Illinois, where the raid of December 4, 1969, occurred, these premises are under the complete control of the BPP.

On December 13, 1969, SAC JOHNSON contacted DENNIS CUNNINGHAM, Attorney for the BPP. CUNNINGHAM advised

[redacted]

that he saw no objection to making these premises available to the FBI, but he desired to first consult with other attorneys, whom he did not identify, and stated he would call SAC JOHNSON later that weekend. CUNNINGHAM said he would try to make the premises available by Monday afternoon, December 15, 1969, or by the morning of December 16, 1969. CUNNINGHAM desired either he or his representative to be present during the FBI investigation at 2337 West Monroe Street, Chicago, Illinois.

On December 13, 1969, the above was discussed with USA THOMAS A. FORAN, Northern District of Illinois (NDI), who stated that although he was not in a position to recommend Federal Grand Jury (FGJ) action at this time, he would give the matter further consideration. USA FORAN stated it was his feeling that the requests by State's Attorney HANRAHAN and the victims' lawyers regarding the interviews should be complied with in view of the pending charges which exist in regards to the 14 police officers and the seven victims in this matter.

On December 14, 1969, DENNIS CUNNINGHAM, BPP Attorney, contacted SAC JOHNSON at 4:30 p.m. and stated that after consulting with "most of the attorneys involved," it was decided that additional consultation was necessary by them before the FBI would be given access to the premises at 2337 West Monroe Street, Chicago, Illinois. CUNNINGHAM advised that the attorneys are meeting at 5:00 p.m. on December 15, 1969, at which time a decision would be made.

CUNNINGHAM stated, however, it is his unofficial opinion that access to these premises by the FBI will be authorized for Tuesday morning, December 16, 1969, and that he would call SAC JOHNSON immediately following the above described meeting with the other attorneys.

It is noted that neither DENNIS CUNNINGHAM nor WARREN WOLFSON, Attorney Spokesman for the victims in this case, contacted, as agreed to, the Chicago Office to permit FBI access to the BPP apartment or interview of the victims, respectively, as of midnight, December 16, 1969.

It is noted that the following were present on December 13, 1969, at the Chicago Office of the FBI when SAC M.W. JOHNSON telephonically contacted USA THOMAS A. FORAN, Superintendent of the Chicago Police Department JAMES D. CONLISK, States Attorney EDWARD V. HANRAHAN, as well as WARREN WOLFSON, representing victim BRENDA HARRIS, and attorney DENNIS CUNNINGHAM, representing the Black Panther Party (BPP):

On December 13, 1969, Officer DAY of the Deputy Superintendent's Office, Chicago Police Department, advised that RONALD SATCHEL had been released that day on $25,000 bond, which was made at the 13th District of the Police Department.

It is noted that DEBORAH JOHNSON, the girlfriend of FRED A. HAMPTON (deceased), who is eight months pregnant, was previously released on $25,000 bond.

On December 17, 1969, JAMES MONTGOMERY, attorney representing the Black Panther Party, telephonically contacted Special Agent PAUL R. ELOFSON at the Chicago Office, to advise that police officers had arrived at 2337 West Monroe Street, that morning, and they had informed BOBBY RUSH, Deputy Defense Minister of the Illinois Black Panther Party, that they had a search warrant for the purpose of searching the outer halls of the building. According to MONTGOMERY, the officers were asked to leave, and they departed. However, the officers returned shortly thereafter, at which time the officers refused Black Panther Party members access to the apartment. MONTGOMERY stated that he was notifying the Federal Bureau of Investigation, in view of his belief that the Federal Bureau of Investigation or the Department of Justice was looking into the shooting incident.

At 3:27 p.m., on December 17, 1969, DENNIS CUNNINGHAM, attorney for the Black Panther Party, telephonically contacted Special Agent in Charge, M. W. JOHNSON, to advise that attorneys for the Black Panther Party and victims had decided they did not feel the Justice Department would help them, and therefore, they were taking the position they would not voluntarily cooperate with any Federal Bureau of Investigation investigation. CUNNINGHAM stated that this

decision was based upon newspaper articles reporting a Federal investigation of the Black Panther Party. CUNNINGHAM further stated that this decision was actually reached on Monday night, December 15, 1969, but that he had been "too busy" to contact Special Agent in Charge JOHNSON.

CUNNINGHAM further informed Special Agent in Charge JOHNSON that undoubtedly the Federal Government could obtain access to the premises at 2337 West Monroe Street, through legal action, and that "of course they could not prevent that." CUNNINGHAM stated that "it is politically impossible for the Black Panther Party to voluntarily cooperate."

CUNNINGHAM also informed Special Agent in Charge JOHNSON that the Cook County States Attorney's Police, "using some kind of warrant" were at the above Monroe Street premises at approximately 10:30 a.m., on December 17, 1969, and that they were denying everyone access to these premises, unless they could present a lease agreement. CUNNINGHAM further stated that he recognized that this latter was not involved with any Federal Bureau of Investigation investigation.

On December 18, 1969, Assistant Attorney General JERRIS LEONARD, together with Department Attorney JAMES TURNER, First Assistant United States Attorney JACK B. SCHMETTERER, met with Acting Chief Judge EDWIN A. ROBSON of the U.S. District Court for the Northern District of Illinois. It is noted that Chief Federal District Judge WILLIAM J. CAMPBELL was ill and that Judge ROBSON was Acting Chief Judge in his absense.

At this meeting the decision was made, subject to the approval of Chief Judge CAMPBELL, that the December, 1969, Federal Grand Jury will be held over to hear testimony in this case. A special charge will be issued this grand jury on December 22, 1969. Assistant Attorney General LEONARD advised that one or two witnesses may appear before this grand jury on approximately December 23, 1969, following which the grand jury will be adjourned until approximately January 5, 1970.

Assistant Attorney General LEONARD advised that he would personally handle the presentation of this matter to the Federal Grand Jury and that he would be assisted by Departmental Attorney JAMES TURNER, WILLIAM O'CONNOR and JESSIE QUEEN, all of whom are from Washington, D.C. Also assisting him would be MILTON BRANCH, Assistant United States Attorney from Denver, Colorado.

United States Attorney Thomas A. Foran at Chicago has subsequently advised Special Agent in Charge MARLIN W. JOHNSON that he completely concurrs in the above described Federal Grand Jury procedure in this case. Mr. FORAN designated ROBERT J. BREAKSTONE as a representative from the United State's Attorney's Office at Chicago to work with Mr. LEONARD.

First Assistant United States Attorney JACK B. SCHMETTERER advised on the evening of December 18, 1969, that Chief Judge WILLIAM J. CAMPBELL did concur with Acting Judge EDWIN A. ROBSON's decision to hold the December, 1969, Federal Grand Jury to hear this matter.

First Assistant United States Attorney SCHMETTERER advised at 4:05 p.m. on December 19, 1969, that he had been in contact with Cook County Coroner ANTHONY J. TOMAN. TOMAN advised Mr. SCHMETTERER that as the premises at 2337 West Monroe Street, Chicago, had now been sealed and under his control, that he would grant access to the FBI at any time for the purpose of examination.

It is noted that an FBI examination of these premises commenced on the morning of December 22, 1969.

Mr. SCHMETTERER advised on December 22, 1969, that the December, 1969, Federal Grand Jury was extended and commenced receiving into evidence the official reports of the Cook County Coroner's Office of the deaths of FRED A. HAMPTON and MARK CLARK on December 4, 1969. This evidence was made available to the Federal Grand Jury by KYRAM PHELAN from the coroner's office. It is noted that on December 22, 1969, Special Agent [redacted] [redacted] of the Chicago Office was sworn in and made an agent of this Federal Grand Jury.

BACKGROUND INFORMATION

The following account of the Cook County State's Attorney's raid upon the Black Panther Party (BPP) apartment at 2337 West Monroe Street, Chicago, Illinois, on December 4, 1969, is summarized from news media reports:

The State's Attorney's police, under the direction of Cook County State's Attorney EDWARD V. HANRAHAN, secured a search warrant, based upon information supplied by informants, from Criminal Court Judge ROBERT COLLINS to search the first floor apartment at 2337 West Monroe Street, Chicago, Illinois. It was alleged that there was a gun cache in this apartment.

At 4:45 a.m. on December 4, 1969, 14 officers from the State's Attorney's police broke into this first floor apartment, which consists of two bedrooms and one bath, with a front and rear entrance. They allegedly encountered gunfire resistance; and following a shootout, FRED HAMPTON, Illinois Chairman of the BPP, lay dead in his bed and Peoria, Illinois, BPP leader MARK CLARK was found dead in the living room of this apartment.

There were nine members of the BPP in this apartment; and of the seven surviving, two men and two women had been wounded. Of the nine BPP members in the apartment, six were men and three were women. APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, ".....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Dear Mr. Foran:

Enclosed herewith is the May 19, 1969 issue of "The Black Panther" which was quoted from according to an article which appeared in the "Chicago Tribune" of January 29, 1970, Page 4, Column 7, Section 2B.

This article, dateline Washington, January 28 (AP), pointed out that a Yonkers, New York detective, William E. Grogan, intelligence officer, told a Secret Senate hearing last June that members of the Black Panther Party (BPP) were under orders to fortify their homes and repel any police raids "by any means necessary."

Grogan offered in evidence a statement by Huey P. Newton, BPP Minister of Defense, addressed "To whom it may concern" described by Newton as a summary of an "executive mandate" that had gone out to Panthers. It said:

"Those who approach our doors in the manner of outlaws, who seek to enter our homes illegally, unlawfully and in a rowdy fashion, those who kick our dors down with no authority and seek to ransack our homes in violation of

our human rights, will henceforth be treated as outlaws, as gangsters, as evil doers.

"We have no way of determining," it said, "that a man in uniform involved in a forced outlaw entry into our home is in fact a guardian of the law. He is acting like a lawbreaker and we must make an appropriate response.

"We draw the line at the threshold of our doors. It is therefore mandated as a general order to all members the Black Panthers party that all members must acquire technical equipment to defend their homes and their dep and shall do so."

According to the article, this was taken from the May 19, 1969 issue of "The Black Panther", the party newspaper. Grogan, the article continued, said in testi released by the Senate Internal Security Subcommittee, January 29, 1970:

"The substance of this document, by my interpreta of reading, is that if any police officer, uniformed or in possession of a legal search warrant or not, comes t door of any Black Panther member and attempts to enter house against the wishes of said member, the mandate st that said Black Panther member has the authority to shoot and kill the policeman."

The article closed by stating that Newton is serving a 2 to 15 year prison sentence for manslaughter in the shooting of an Oakland, California, policeman.

Very truly yours,

our human rights, will henceforth be treated as outlaws, as gangsters, as evil doers.

"We have no way of determining," it said, "that a man in uniform involved in a forced outlaw entry into our home is in fact a guardian of the law. He is acting like a lawbreaker and we must make an appropriate response.

"We draw the line at the threshold of our doors. It is therefore mandated as a general order to all members of the Black Panthers party that all members must acquire the technical equipment to defend their homes and their dependents and shall do so."

According to the article, this was taken from the May 19, 1969 issue of "The Black Panther", the party newspaper. Grogan, the article continued, said in testimony released by the Senate Internal Security Subcommittee, January 29, 1970:

"The substance of this document, by my interpretation of reading, is that if any police officer, uniformed or not, in possession of a legal search warrant or not, comes to the door of any Black Panther member and attempts to enter the house against the wishes of said member, the mandate states that said Black Panther member has the authority to shoot and kill the policeman."

The article closed by stating that Newton is serving a 2 to 15 year prison sentence for manslaughter in the shooting of an Oakland, California, policeman.

Dear Sir:

Reference is made to a subpoena duces tecum from the United States District Court, Northern District of Illinois, January session, 1970, Number 69GJ3144, which was furnished this office on February 12, 1970.

Enclosed herewith are the following items:

1. The original subpoena, mentioned above, which was directed to the president or other managing officer, Illinois Bell Telephone System, 225 West Randolph, Chicago, Illinois.

2. Two copies of a form which acknowledge the delivery and receipt of the subpoena dated February 13, 1970.

2 - Addressee (Enc. 23)
2 - Chicago

3. Records of the Illinois Bell Telephone Company in response to Item Number 1 covering the period October 14, 1969, through December 13, 1969, consisting of 13 items together with a Xerox copy of the same consisting of 7 pages.

The subpoena was executed by Special Agent [redacted] of the Chicago Office of the Federal Bureau of Investigation (FBI) by delivery to [redacted] Security Department, Illinois Bell Telephone System, 225 West Randolph Street, Chicago, Illinois. At that time [redacted] advised it would be necessary to secure these records from the warehouse, and that the earliest response would be on or about March 2, 1970.

On March 5, 1970, [redacted] advised Special Agent [redacted] had received the necessary information in response to the subpoena.

On March 5, 1970, [redacted] made available the telephone toll tickets and bills in response to the subpoena with regard to Telephone Number 243-2017 at 2337 West Monroe Street. [redacted] advised, however, that only the period from October 14 through December 13, 1969, could be complied with inasmuch as the period just preceding October 14, 1969, is being contested by the subscriber at this time, and she could not make these records available.

In accordance with this subpoena, [redacted] explained that the records of the Illinois Bell Telephone System disclosed the identities of the following telephone numbers, and that in the event the identities of other numbers called are desired, it would be necessary that an appropriate subpoena be issued to the various telephone companies covering those cities:

1. Telephone number called: 309-673-2150, called on October 20, 1969, listed to Joe Eugene Fields and Cora Fields, 218 West 7th Street, Peoria, Illinois.

2. Telephone number called: 309-676-4393, called on October 20, 1969, listed to Joe E. Sturdivant, 1834 West Marlin, Peoria, Illinois.

3. Telephone number called: 309-676-3174, called October 28, 1969, listed to Rosie Grismore, 516 North Sanford, Peoria, Illinois.

When the original records transmitted herewith have served their purpose, they should be returned directly by you to the Illinois Bell Telephone System.

Very truly yours,

M. W. JOHNSON

ILLINOIS STATUTES DON'T PREEMPT GUN FIELD CONTROL FROM CITIES

Chicago ordinance-curbing ordinance sustained against constitutional, statutory arguments by Illinois Supreme Court:

Chicago's all-embracing gun control ordinance requiring detailed information on every firearms transfer and registration of already possessed guns, and prohibiting anyone from taking a gun out of his house or place of business — is unsuccessfully attacked by individuals and a sporting goods store. The Illinois Supreme Court sustains the ordinance against allegations that the state has pre-empted the gun control field, and that the ordinance violates the Second Amendment. The court is also unimpressed by arguments that the ordinance is vague and confusing, that it unlawfully delegates legislative power to a city official and that it is an unreasonable exercise of the police power. (Brown v. Chicago, 5/28/69)

Digest of Opinion: The pre-emption argument is without merit. The state statute deals with registration of owners only, whereas the ordinance is for registration of weapons themselves. There is no inconsistency or repugnancy between the two.

Although the Second Amendment to the U.S. Constitution provides that the right of the people to keep and bear arms shall not be infringed, gun control that does not impair the efficiency of the state's active, organized militia (National Guard) does not violate the Amendment.

"Plaintiffs argue that the definition of 'firearms' in the ordinances is broader than the one in the statute, and that even hough a person obeys all the requirements of the latter he vill not necessarily be protected thereby from prosecution or violating the ordinances. This does not constitute a valid bjection. As we have indicated, the statute and the ordinan es have differing objectives."

Because the ordinance requires registration of a silencer, and the state's statute makes it a crime to possess one, the circuit court below held the silencer provision an unconstitutional violation of the privilege against self-incrimination. But that does not affect the constitutionality of the rest of the ordinance, since the silencer provision is severable.

A seller is required to register voluminous detailed information about the purchaser, and the weapon and "other relevant information deemed necessary by the City Collector." The plaintiffs claim that the "deeming" provision unlawfully confers legislative power on the City Collector.

"The position cannot be sustained. The discretion is not to be construed as being uncontrolled. It can be exercised only within limits which are relevant to the purpose of identification and is, we think, subject to adequate standards. * * *

"The city collector in administering the ordinance is in a position to determine more advantageously when and what further descriptive information is needed. * * *

"Plaintiffs argue at length that strict gun laws do not tend to reduce crime, and statistics and excerpts from reports of surveys are quoted to show that legal restrictions are easily circumvented by experienced criminals. The shameful fact is pointed out that it is unsafe to walk alone at night in many neighborhoods, and parks, and it is suggested that firearms might often be necessary for self protection. These arguments, whatever validity they might have, are not appropriately addressed to this court. They relate to matters of legislative instead of judicial concern, and bear on the advisability of the present provisions rather than on their validity." Klingbiel, J.

SUMMARY PUNISHMENT - CIVIL RIGHTS

[redacted], Special Agent, Alcohol, Tobacco, and Firearms, 36 East Wacker Drive, Chicago, Illinois, advised that their investigation concerning the firearms recovered by the States Attorney's Office at 2337 West Monroe Street, reflected that their department succeeded in tracing down only four of the 19 guns recovered. The four traceable firearms are as follows:

1. 32 caliber S and W model 30-1, serial number 730073, was sold on October 29, 1963 to Brown Supply Company, 416 South Adams Street, Peoria, Illinois. On September 19, 1964, Brown Supply Company sold the firearm to H. Mayo, 501 Hamilton Boulevard, Peoria, Illinois. Mayo owns and operates a restaurant, described as a white male, blond hair, blue eyes, 5' 9", 150 pounds.

2. Colt 45 caliber auto pistol, model 1927, serial number 7111. This weapon was sold by Casavanova's, Milwaukee, Wisconsin, to M and M Sporting Goods Store, 3823 North Richards, Milwaukee, Wisconsin. The firearms was sold to M and M Sporting Goods June 9, 1969, and the stores books and records for the firearms report on their inventory, but have no record of the sale and it is their belief that the gun has been stolen.

3. Carbine 30 caliber M1, serial number 16573, was purchased on August 21, 1969, by Darkin H. Gentry, head of the Black Panther Party, Milwaukee, Wisconsin.

4. Llama 7.65 millimeter, serial number 443695, was purchased on August 20, 1969, by David Young, member of the Black Panther Party, Milwaukee, Illinois. On February 12, 1970, [redacted] Service Manager, Stoeger Arms Corporation, Hackensack, New Jersey, advised that the above firearms was shipped on October 10, 1968, to the Ken Goods Center, 49-10 West North Avenue, Milwaukee, Wisconsin.

[redacted] advised that the Ithaca 12 gauge, sawed off 13 inch barrel, serial number 175084, was not registered with the National Firearms Registration, Washington, D. C.. or were any of the above firearms registered with the National Firearms Registration file in Washington, D. C.

[redacted] stated that since the Ithaca 12 gauge, sawed off 13 inch shotgun, serial number 175084, was manufactured by Ithaca in 1908, and no records are kept by the company; this does not violate the Federal Firearms Act. Mr. Dedich furnished additional information concerning the above firearms:

Colt 38 caliber, 4½ inch barrel, serial number 219414, is a Navy revolver 38, and was shipped to Simons Hardware, St. Louis, Missouri, on September 12, 1903 - too old to obtain any additional information.

ILLINOIS STATUTES DON'T PREEMPT GUN FIELD CONTROL FROM CITIES

Chicago ordinance-curbing ordinance sustained against constitutional, statutory arguments by Illinois Supreme Court.

Chicago's all-embracing gun control ordinance requiring detailed information on every firearms transfer and registration of already possessed guns, and prohibiting anyone from taking a gun out of his house or place of business is unsuccessfully attacked by individuals and a sporting goods store. The Illinois Supreme Court sustains the ordinance against allegations that the state has pre-empted the gun control field, and that the ordinance violates the Second Amendment. The court is also unimpressed by arguments that the ordinance is vague and confusing, that it unlawfully delegates legislative power to a city official and that it is an unreasonable exercise of the police power. (Brown v. Chicago, 5/28/69)

Digest of Opinion: The pre-emption argument is without merit. The state statute deals with registration of owners only, whereas the ordinance is for registration of weapons themselves. There is no inconsistency or repugnancy between the two.

Although the Second Amendment to the U.S. Constitution provides that the right of the people to keep and bear arms shall not be infringed, gun control that does not impair the efficiency of the state's active, organized militia (National Guard) does not violate the Amendment.

"Plaintiffs argue that the definition of 'firearms' in the ordinances is broader than the one in the statute, and that even though a person obeys all the requirements of the latter he will not necessarily be protected thereby from prosecution or violating the ordinances. This does not constitute a valid objection. As we have indicated, the statute and the ordinances have differing objectives."

Because the ordinance requires registration of a silencer, and the state's statute makes it a crime to possess one, the circuit court below held the silencer provision an unconstitutional violation of the privilege against self-incrimination. But that does not affect the constitutionality of the rest of the ordinance, since the silencer provision is severable.

A seller is required to register voluminous detailed information about the purchaser, and the weapon and "other relevant information deemed necessary by the City Collector." The plaintiffs claim that the "deeming" provision unlawfully confers legislative power on the City Collector.

"The position cannot be sustained. The discretion is not to be construed as being uncontrolled. It can be exercised only within limits which are relevant to the purpose of identification and is, we think, subject to adequate standards. * * *

"The city collector in administering the ordinance is in a position to determine more advantageously when and what further descriptive information is needed. * * *

"Plaintiffs argue at length that strict gun laws do not tend to reduce crime, and statistics and excerpts from reports and surveys are quoted to show that legal restrictions are easily circumvented by experienced criminals. The shameful fact is pointed out that it is unsafe to walk alone at night in many neighborhoods, and parks, and it is suggested that firearms might often be necessary for self protection. These arguments, whatever validity they might have, are not appropriately addressed to this court. They relate to matters of legislative instead of judicial concern, and bear on the advisability of the present provisions rather than on their validity." Klingbiel, J.

[redacted], Special Agent, Alcohol, Tobacco, and Firearms, 36 East Wacker Drive, Chicago, Illinois, advised that their investigation concerning the firearms recovered by the States Attorney's Office at 2337 West Monroe Street, reflected that their department succeeded in tracing down only four of the 19 guns recovered. The four traceable firearms are as follows:

1. 32 caliber S and W model 30-1, serial number 730073, was sold on October 29, 1963 to Brown Supply Company, 416 South Adams Street, Peoria, Illinois. Mayo owns and operates a restaurant, described as a white male, blond hair, blue eyes, 5' 9", 150 pounds.

2. Colt 45 caliber auto pistol, model 1927, serial number 7111. This weapon was sold by Casavanova's, Milwaukee, Wisconsin, to M and M Sporting Goods Store, 3823 North Richards, Milwaukee, Wisconsin. The firearm was sold to M and M Sporting Goods June 9, 1969, and the stores books and records for the firearms report on their inventory, but have no record of the sale and it is their belief that the gun has been stolen.

3. Carbine 30 caliber M1, serial number 16573, was purchased on August 21, 1969, by Darkin M. Gentry, head of the Black Panther Party, Milwaukee, Wisconsin.

Results of examination: (refer to diagram on page 6)

1. In the entrance hallway, two shot patterns are represented.

A. One shot fired from inside the hallway was fired laterally across the front door. This shot was fired from a shotgun using a shotshell loaded with Number 7 1/2 or 8 shot. The gauge of the shotgun is not known. Pieces of lead shot were recovered.

B. One shot is represented by a large hole in the southwest corner of the entrance hallway, 6' 7 1/2" above the floor. The hole is typical of one that could have been produced by a rifled slug. No slug was recovered. The trajectory of the missile producing this hole leads from an area in the northwest corner of the living room, through the doorway between the living room and entrance hallway, through the hole in the southwest corner of the entrance hallway into the stairway leading to an upstairs apartment to the west wall of the stairway. The shot with the trajectory described could have produced the hole in the panel of the living room door as shown in photographs made available for examination. The panel with the hole was missing from the door at the time the door was made available for examination.

(continued on next page)

2. In the living room, forty-two bullet entrance holes were noted in the south wall, a bullet entrance hole was noted in the left side of the living room doorframe, a bullet entrance hole was found in a white four-drawer dresser in the living room with an accompanying exit hole in the back of the dresser, an impression of a bullet that keyholed and struck one of the dresser drawers of a black double dresser but did not exit the dresser and an area in the northwest corner of the living room approximately 80" from the floor that had been previously explored that could have represented either a bullet hole or shot pattern.

A. The bullets producing the forty-two entrance holes in the south wall of the living room all entered the front bedroom. Some penetrated the south wall of the front bedroom traveling through the partition and entered the back bedroom. It was possible, by plotting bullet trajectories from the living room through both north and south wall partitions in the front bedroom, to establish that nineteen of the forty-two bullets fired into the south wall of the living room entered the back bedroom.

B. One of the bullets fired through the south wall of the living room entered the closet in the front bedroom and exited through the closet in the back bedroom.

C. The bullet hole in the left doorframe of the living room door was 57 1/4" from the floor. The bullet had been removed previously. Its trajectory was nearly at right angles to the doorframe and level with the floor.

No bullets or lead shot were recovered in the living room.

(continued on next page)

[redacted]

3. In addition to bullet holes in the front bedroom that were produced by bullets passing through the front bedroom from shots fired in the living room, there were three shot patterns on the north wall of the front bedroom, six bullet holes in the east wall of the front bedroom, three bullet holes through the east wall of the closet in the front bedroom and five bullet holes in a dresser in the front bedroom.

A. Two shot patterns in the north wall of the front bedroom were produced by one or more shotguns firing shotshells loaded with Number 7 1/2 or 8 shot. These patterns were 47" and 56" from the northwest corner of the front bedroom and 42" and 31" from the floor respectively. The trajectory of these shots established that they were fired from the hallway through the open door to the front bedroom. Pieces of lead shot were recovered from both holes.

B. The third shot pattern on the north wall of the front bedroom was produced by a shotgun firing a shotshell loaded with 00 Buck. It was established that the trajectory of the shot producing this pattern led from the doorway between the kitchen and dining room to a point in the east wall of the dining room near the northeast corner, 14 1/4" from the ceiling, passing through the wall into and through the plasterboard portion of the closet above the closet entrance opening, to the north wall of the front bedroom. The pattern on the north wall of the front bedroom was 80 1/2" above the floor level. Pieces of lead shot were recovered.

C. Six bullet holes in the east wall of the front bedroom were produced by shots fired from the hallway through the open door to the front bedroom. Five caliber .45 Auto bullets were recovered from behind these holes. These were identified as having been fired from the same weapon. The trajectories of two of these shots led to two holes in the edge of the open door exposed to the hallway.

(continued on next page)

D. Three bullet holes were in the east wall of the closet in the front bedroom. The shots producing these holes were fired from the hallway through the open door to the front bedroom. They penetrated the east wall of the closet, went through the south wall of the front bedroom and exited into the back bedroom. The trajectory of one of these bullets led to the right side of the window-frame of the left window in the back bedroom, the trajectory of another of the bullets led to the baseboard on the south wall of the back bedroom. The trajectory of the third shot led to and may have exited through the left window of the back bedroom.

E. There were eight holes in a six-drawer black dresser in the front bedroom. Three of these holes appeared to have been in the trajectory path of bullets fired through the south wall of the living room. The position of the dresser in the back bedroom appeared fixed on the basis of these trajectories. The trajectories of four other holes in the dresser led to shots fired into the front bedroom from the hallway through the open door to the front bedroom. All four of the bullets producing these holes lodged in the dresser and were apparently recovered by previous search.

In the right end of the dresser is a depression characteristic of one produced by a bullet ricochet. Its trajectory could not be established.

4. In the back bedroom were two shot patterns on the east wall 74" above floor level. The shots producing these holes appeared to have been fired from a direction of the door leading

(continued on next page)

[redacted]

to the back bedroom. The shot patterns are typical of those produced by buckshot. The area had been previously explored but one shot pellet remained at the time of the Laboratory examination of the scene, and it was removed for examination.

All other holes appearing in the back bedroom have been logically associated by trajectories from shot sources fired elsewhere in the apartment.

5. A part of the building at 2335 West Monroe Street, property next door to the apartment where the shooting occurred, is an enclosure referred to as a shed. This enclosure is over a porch leading to the back door of the apartment at 2335 West Monroe Street. On the side of this enclosure is a shot pattern typical of one produced by buckshot. The shot producing this pattern appeared to have been fired from the direction of the right window in the back bedroom.

Inside the enclosure was an indentation in the side of a washing machine stored there that could have been produced by buckshot, but nothing was found in the impression to permit its identification with buckshot.

In the kitchen door was a hole that penetrated the door. The trajectory of the missile producing this hole led to a corner of the kitchen. No projectiles were found. The enclosure and kitchen of the premises referred to had been previously explored.

No holes having the appearance of bullet holes were in the kitchen or dining room other than the shot hole near the northeast corner of the dining room that has been described above.

It was not possible to determine the sequence of the shots fired in the apartment.

Q25 Shotgun wad from under bundle of clothing wrapped in chenille bedspread on floor of entrance hall
Q26 Part of door through entrance to living room from entrance hall

Specimens received 1/12/70, personally delivered by SA [redacted] [redacted]

Q27 Bullet jacket fragment recovered from southwest corner of kitchen, on floor
Q28 - Q29 Two cartridges recovered from clothes bundle in entrance hall

Specimens received 1/21/70, under cover of letter dated 1/12/70 [redacted])

Q31 Hassock
Q32 Man's suit coat
Q33 - Q37 Five packages of tablets
Q38 Pillbox
Q39 Packet containing two orange tablets or candies

Results of examination:

The shot pattern in the piece of plasterboard, [illegible], from the wall to the right of the front entrance door was produced by a contact or near contact shot. The pieces of

(continued on next page)

lead shot, Q2, removed from the hole in the entrance hall, which hole was produced by the same shot producing the shot pattern in Q1, are either Number 7 1/2 or 8 in size based upon their weight.

The Q3 wad, found among the clothing wrapped in the chenille bedspread in the entrance hallway, is the over-powder wad from a 12-gauge shotshell. Over-powder wads of this design are in Winchester-Western shotshells.

The two pieces of lead shot, Q4, are comparable in weight to 00 Buck in size. These were removed from the framework inside the closet in the front bedroom.

The following bullets are all .45 Auto, identified as having been fired from the same weapon:

Specimens Q5 through Q9 - Found by Laboratory representatives at the scene behind the bullet holes in the east wall of the front bedroom.

Specimen Q10 - Removed from the south wall of the front bedroom by Laboratory representatives at the scene.

Specimen Q12 - Removed from behind hole designated Number 6 in the south wall of the front bedroom by Laboratory representatives.

Specimen Q14 - Removed from behind hole designated Number 3F in the south wall of the front bedroom by Laboratory representatives.

The general rifling characteristics on the above bullets, consisting of six lands and grooves, right twist, are like those produced by a .45 semiautomatic Carbine manufactured by the Eagle Gun Company, Incorporated, Stratford, Connecticut.

(continued on next page)

[redacted]

The following bullets found by Laboratory representatives at the scene are caliber .30 carbine:

Specimen Q11 - From behind hole Number 6 in the south wall of the front bedroom.

Specimen Q13 - Mutilated bullet and bullet fragment from a stud behind hole designated Number 3 on south wall of front bedroom.

Specimen Q17 - Copper and lead fragments from a night table in the back bedroom, possibly from the hole designated Number 11 in back bedroom.

Specimen Q20 - Lead core from metal-jacketed bullet, comparable in size to those of caliber .30 carbine bullets, from the base of the south wall in the back bedroom.

Specimen Q27 - Jacket fragment from caliber .30 carbine metal-jacketed bullet found on floor in southwest corner of the kitchen.

The above bullets and bullet fragments having general rifling characteristics were those produced by a gun barrel or gun barrels rifled with twelve lands and grooves, right twist. The absence of individual characteristics on the bullet specimens precluded the possibility of determining whether or not they were fired from the same weapon. Further, on the basis of insufficient markings, it would not be possible to identify the caliber .30 carbine bullets with the particular weapon firing them. General rifling characteristics of twelve lands and grooves, right twist, are common with barrels in .30 USA Carbines M1 and .30 carbines by Universal Firearms Company.

(continued on next page)

Specimen Q15 consists of four pieces of lead shot identified as Number 8 shot. These were removed from the uppermost shot pattern in the center of the north wall of the front bedroom by Laboratory representatives.

Specimen Q16 consists of eight pieces of lead shot identified as Number 8 shot. These were removed from the lower shot pattern in the center of the north wall of the front bedroom by Laboratory representatives.

Specimen Q18 is a red plastic disc of the same size and type found in some 12-gauge shotshells manufactured by the Federal Cartridge Corporation, Minneapolis, Minnesota. This disc was found on the floor in the back bedroom by Laboratory representatives.

Specimen Q19 is a shot pellet identified as 00 Buck. This shot pellet was removed from the right shot pattern on the east wall of the back bedroom by Laboratory representatives.

One of the cartridges, designated specimen Q28, is a foreign-made .30 carbine cartridge. It was manufactured in Netherland by "Wapen and Munitiefabriek N. V." - 1959. Some loading marks of doubtful value for identification purposes are present.

The other cartridge, designated specimen Q29, is a Western-Winchester .380 Auto. Limited loading marks of doubtful value for identification purposes are present.

The Q28 and Q29 cartridges were recovered in the clothing wrapped in the chenille bedspread that was on the floor in the entrance hallway by Laboratory representatives.

Group "O" human blood was identified in specimens Q21, Q22, Q23 and Q24.

[redacted]

(continued on next page)

Group "B" blood was identified in specimen Q30.

No blood was identified in specimen Q25.

Specimens Q21 through Q24 and Q30 are scrapings of what appeared to be bloodstains taken by Laboratory representatives from the following locations:

Specimen Q21 - From an unmounted door described as a barricade, on the dining room floor.

Specimen Q22 - From a bed frame in the rear bedroom.

Specimen Q23 - From the north wall in the rear bedroom.

Specimen Q24 - From the south wall of the living room.

Specimen Q30 - From the eight-drawer black dresser in the living room.

From a radiographic examination of the Q31 hassock, it was concluded that no bullets or shot pellets were lodged therein.

In the left sleeve of the suit coat, Q32, is a hole having the appearance of a bullet entrance hole. Other holes, in alignment, were in the coat. These holes were in the lower left pocket and in the lower left corner of the back of the coat. No gunpowder residue was found. White paint, splattered while wet on the bottom of the coat, suggests the coat may have been hanging in the front bedroom closet at the time of the raid as two one-gallon cans of white paint were ruptured by gunfire and considerable paint was found on the floor of the closet.

Specimens received: 1/27/70 and were personally delivered by Special Agent Walter H. Rice from Chicago

Q135	Blood sample from Cook County Coroner marked, TOX #69-2171 (FGJ, Chicago, exhibit #33)
Q136	Blood sample from Cook County Coroner described as blood sample from Clark TOX #69-2170 (FGJ, Chicago, exhibit #34)
Q137	Blood sample taken by Doctor Victor Levine described as blood of Hampton, marked "Dr. Levine's sample" C-69 #1
Q138	Blood sample taken by Doctor Victor Levine described as blood of Hampton marked C-69 #2

Results of examination:

Chemical and instrumental examinations were made of the various blood specimens, Q135 through Q138. The examinations did not disclose the presence of any barbiturate, including secobarbital; or, of a neutral drug such as meprobamate, glutethimide (Doriden), methyprylon (Noludar) and phenacetin.

No examinations were made for basic drug substances such as the amphetamines, cocaine and other alkaloids because the quantities of blood were too limited to identify those classes of drugs.

A very low level of ethyl alcohol was found present in one blood specimen, Q137, the loose blood from Hampton's body cavity. The amount of alcohol identified in that specimen ordinarily has limited toxicological significance since the presence of such a low level of alcohol is consistent with that which may be formed by decomposition of tissue after death. No alcohol was found in specimens Q135, Q136 and Q138.

Group "O" human blood was identified in Q135, Q137 and Q138. Group "B" human blood was identified in Q136. Due to the condition of the submitted blood, no additional serological tests were conducted.

Q189	Unfired 16-gauge shotshell, Sears Roebuck, Extra Range FBI #238 (6)

Results of examination:

No fired or unfired shotshells like the unfired 12-gauge Federal Hi-Power, 00 Buck, Maximum Load shotshell, Q184, (FBI #31) were present among the shotshells received for examination. A small amount of a white paint on the shell tube of Q184 suggests it may have been near the middle bedroom closet where considerable white paint was spilled. Two paint cans in this area appeared to have been struck by bullets that passed completely through the cans of paint.

Specimen Q185 (FBI #34) is a .30 carbine cartridge manufactured in France. No bullets, cartridge cases or cartridges representative of this type of ammunition were received for examination in this case.

Specimens Q186 and Q187 (FBI #44 and #221 respectively) represent three Remington-Peters .32 S & W cartridges. No

K58	Hinge half from door facing, top
K59	Hinge half from door, top
K60	Hinge half from door, bottom

Results of examination:

The bathroom door of the first level apartment at 2337 West Monroe Street, Chicago, Illinois, exhibited a natural or varnish finish and bears many paint spatters deposited as a result of painting of surrounding areas.

The door and door frames are very old and show physical signs of having been salvaged from other use. Some of the individual pieces of the door frame appear to have originated from other sources based upon the paint colors and layer structures present or absent on each part.

An examination of specimens K58, K59, K60 and Q153, Q154, Q155, Q156 and Q157 from the hinge components and door

(continued on next page)

respectively, reveal three paints which are similar in physical characteristics and composition and indicate that the door and hinge were painted at least three times as a unit.

An examination of the door facing both inside and outside the bathroom (specimens K47, K48, K49, K52, K53, K54) shows that there are at least three paint layers present on some of the parts (top horizonal pieces) which individually match various globules or droplets of paint on the door.

This indicates that parts of the frame were painted at least three times integrally with the door.

The bathroom walls bear two layers of paint, one of which appears to have been applied before the door was erected since this layer appears under the hinges. The top layer of bathroom paint was deposited on the inside door facing and dropped in some areas onto the door, indicating the door had been erected before the top layer of the bathroom finish was applied.

No paint was found on the door and door facing similar to a two-layered paint finish on the hall walls.

It was not possible from an examination of the paints examined on the hall wall or the bathroom walls to determine when the paints were applied.

An examination of other doors in the apartment failed to reveal any doors with which the bathroom door could have been interchanged.

On January 13, 1970, the grating in the floor of the front room of the first floor apartment at 2337 West Monroe Street, Chicago, Illinois, was measured.

This grating is located 15¼ inches from the south wall and 52 inches from the west wall of the front room.

The metal frame in the floor measures 20½ inches from east to west and 17 inches from north to south. The grating fitted inside of this frame measures 13½ inches from north to south and 15 inches from east to west. The grating rests on a ½ inch steel lip which reduces the opening to 13 inches by 14½ inches. The drop from the floor containing the grating to the floor below is 115 inches. The basement is full of garbage and debris. Directly under the opening was a large vehicle tire, an old overcoat and several pieces of duct work. The grating lifted out of the frame very easily.

Results of examination: (refer to diagram on page 6)

1. In the entrance hallway, two shot patterns are represented.

A. One shot fired from inside the hallway was fired laterally across the front door. This shot was fired from a shotgun using a shotshell loaded with Number 7 1/2 or 8 shot. The gauge of the shotgun is not known. Pieces of lead shot were recovered.

B. One shot is represented by a large hole in the southwest corner of the entrance hallway, 6' 7 1/2" above the floor. The hole is typical of one that could have been produced by a rifled slug. No slug was recovered. The trajectory of the missile producing this hole leads from an area in the northwest corner of the living room, through the doorway between the living room and entrance hallway, through the hole in the southwest corner of the entrance hallway into the stairway leading to an upstairs apartment to the west wall of the stairway. The shot with the trajectory described could have produced the hole in the panel of the living room door as shown in photographs made available for examination. The panel with the hole was missing from the door at the time the door was made available for examination.

(continued on next page)

2. In the living room, forty-two bullet entrance holes were noted in the south wall, a bullet entrance hole was noted in the left side of the living room doorframe, a bullet entrance hole was found in a white four-drawer dresser in the living room with an accompanying exit hole in the back of the dresser, an impression of a bullet that keyholed and struck one of the dresser drawers of a black double dresser but did not exit the dresser and an area in the northwest corner of the living room approximately 80" from the floor that had been previously explored that could have represented either a bullet hole or shot pattern.

A. The bullets producing the forty-two entrance holes in the south wall of the living room all entered the front bedroom. Some penetrated the south wall of the front bedroom traveling through the partition and entered the back bedroom. It was possible, by plotting bullet trajectories from the living room through both north and south wall partitions in the front bedroom, to establish that nineteen of the forty-two bullets fired into the south wall of the living room entered the back bedroom.

B. One of the bullets fired through the south wall of the living room entered the closet in the front bedroom and exited through the closet in the back bedroom.

C. The bullet hole in the left doorframe of the living room door was 57 1/4" from the floor. The bullet had been removed previously. Its trajectory was nearly at right angles to the doorframe and level with the floor.

No bullets or lead shot were recovered in the living room.

(continued on next page)

[redacted]

3. In addition to bullet holes in the front bedroom that were produced by bullets passing through the front bedroom from shots fired in the living room, there were three shot patterns on the north wall of the front bedroom, six bullet holes in the east wall of the front bedroom, three bullet holes through the east wall of the closet in the front bedroom and five bullet holes in a dresser in the front bedroom.

A. Two shot patterns in the north wall of the front bedroom were produced by one or more shotguns firing shotshells loaded with Number 7 1/2 or 8 shot. These patterns were 47" and 56" from the northwest corner of the front bedroom and 42" and 31" from the floor respectively. The trajectory of these shots established that they were fired from the hallway through the open door to the front bedroom. Pieces of lead shot were recovered from both holes.

B. The third shot pattern on the north wall of the front bedroom was produced by a shotgun firing a shotshell loaded with 00 Buck. It was established that the trajectory of the shot producing this pattern led from the doorway between the kitchen and dining room to a point in the east wall of the dining room near the northeast corner, 14 1/4" from the ceiling, passing through the wall into and through the plasterboard portion of the closet above the closet entrance opening, to the north wall of the front bedroom. The pattern on the north wall of the front bedroom was 80 1/2" above the floor level. Pieces of lead shot were recovered.

C. Six bullet holes in the east wall of the front bedroom were produced by shots fired from the hallway through the open door to the front bedroom. Five caliber .45 Auto bullets were recovered from behind these holes. These were identified as having been fired from the same weapon. The trajectories of two of these shots led to two holes in the edge of the open door exposed to the hallway.

(continued on next page)

D. Three bullet holes were in the east wall of the closet in the front bedroom. The shots producing these holes were fired from the hallway through the open door to the front bedroom. They penetrated the east wall of the closet, went through the south wall of the front bedroom and exited into the back bedroom. The trajectory of one of these bullets led to the right side of the window-frame of the left window in the back bedroom, the trajectory of another of the bullets led to the baseboard on the south wall of the back bedroom. The trajectory of the third shot led to and may have exited through the left window of the back bedroom.

E. There were eight holes in a six-drawer black dresser in the front bedroom. Three of these holes appeared to have been in the trajectory path of bullets fired through the south wall of the living room. The position of the dresser in the back bedroom appeared fixed on the basis of these trajectories. The trajectories of four other holes in the dresser led to shots fired into the front bedroom from the hallway through the open door to the front bedroom. All four of the bullets producing these holes lodged in the dresser and were apparently recovered by previous search.

In the right end of the dresser is a depression characteristic of one produced by a bullet ricochet. Its trajectory could not be established.

4. In the back bedroom were two shot patterns on the east wall 74" above floor level. The shots producing these holes appeared to have been fired from a direction of the door leading

(continued on next page)

[redacted]

to the back bedroom. The shot patterns are typical of those produced by buckshot. The area had been previously explored but one shot pellet remained at the time of the Laboratory examination of the scene, and it was removed for examination.

All other holes appearing in the back bedroom have been logically associated by trajectories from shot sources fired elsewhere in the apartment.

5. A part of the building at 2335 West Monroe Street, property next door to the apartment where the shooting occurred, is an enclosure referred to as a shed. This enclosure is over a porch leading to the back door of the apartment at 2335 West Monroe Street. On the side of this enclosure is a shot pattern typical of one produced by buckshot. The shot producing this pattern appeared to have been fired from the direction of the right window in the back bedroom.

Inside the enclosure was an indentation in the side of a washing machine stored there that could have been produced by buckshot, but nothing was found in the impression to permit its identification with buckshot.

In the kitchen door was a hole that penetrated the door. The trajectory of the missile producing this hole led to a corner of the kitchen. No projectiles were found. The enclosure and kitchen of the premises referred to had been previously explored.

No holes having the appearance of bullet holes were in the kitchen or dining room other than the shot hole near the northeast corner of the dining room that has been described above.

It was not possible to determine the sequence of the shots fired in the apartment.

Q31 Hassock

Q32 Man's suit coat

Q33 - Q37 Five packages of tablets

Q38 Pillbox

Q39 Packet containing two orange tablets or candies

Results of examination:

The shot pattern in the piece of plasterboard, I, from the wall to the right of the front entrance door was produced by a contact or near contact shot. The pieces of

(continued on next page)

lead shot, Q2, removed from the hole in the entrance hall, which hole was produced by the same shot producing the shot pattern in Q1, are either Number 7 1/2 or 8 in size based upon their weight.

The Q3 wad, found among the clothing wrapped in the chenille bedspread in the entrance hallway, is the over-powder wad from a 12-gauge shotshell. Over-powder wads of this design are in Winchester-Western shotshells.

The two pieces of lead shot, Q4, are comparable in weight to 00 Buck in size. These were removed from the framework inside the closet in the front bedroom.

The following bullets are all .45 Auto, identified as having been fired from the same weapon:

Specimens Q5 through Q9 - Found by Laboratory representatives at the scene behind the bullet holes in the east wall of the front bedroom.

Specimen Q10 - Removed from the south wall of the front bedroom by Laboratory representatives at the scene.

Specimen Q12 - Removed from behind hole designated Number 5 in the south wall of the front bedroom by Laboratory representatives.

Specimen Q14 - Removed from behind hole designated Number 39 in the south wall of the front bedroom by Laboratory representatives.

The general rifling characteristics on the above bullets, consisting of six lands and grooves, right twist, are like those produced by a .45 semiautomatic Carbine manufactured by the Eagle Gun Company, Incorporated, Stratford, Connecticut.

(continued on next page)

[redacted]

The following bullets found by Laboratory representatives at the scene are caliber .30 carbine:

Specimen Q11 - From behind hole Number 6 in the south wall of the front bedroom.

Specimen Q13 - Mutilated bullet and bullet fragment from a stud behind hole designated Number 3 on south wall of front bedroom.

Specimen Q17 - Copper and lead fragments from a night table in the back bedroom, possibly from the hole designated Number 11 in back bedroom.

Specimen Q20 - Lead core from metal-jacketed bullet, comparable in size to those of caliber .30 carbine bullets, from the base of the south wall in the back bedroom.

Specimen Q27 - Jacket fragment from caliber .30 carbine metal-jacketed bullet found on floor in southwest corner of the kitchen.

The above bullets and bullet fragments having general rifling characteristics were those produced by a gun barrel or gun barrels rifled with twelve lands and grooves, right twist. The absence of individual characteristics on the bullet specimens precluded the possibility of determining whether or not they were fired from the same weapon. Further, on the basis of insufficient markings, it would not be possible to identify the caliber .30 carbine bullets with the particular weapon firing them. General rifling characteristics of twelve lands and grooves, right twist, are common with barrels in .30 USA Carbines M1 and .30 carbines by Universal Firearms Company.

(continued on next page)

Specimen Q15 consists of four pieces of lead shot identified as Number 8 shot. These were removed from the uppermost shot pattern in the center of the north wall of the front bedroom by Laboratory representatives.

Specimen Q16 consists of eight pieces of lead shot identified as Number 8 shot. These were removed from the lower shot pattern in the center of the north wall of the front bedroom by Laboratory representatives.

Specimen Q18 is a red plastic disc of the same size and type found in some 12-gauge shotshells manufactured by the Federal Cartridge Corporation, Minneapolis, Minnesota. This disc was found on the floor in the back bedroom by Laboratory representatives.

Specimen Q19 is a shot pellet identified as 00 Buck. This shot pellet was removed from the right shot pattern on the east wall of the back bedroom by Laboratory representatives.

One of the cartridges, designated specimen Q28, is a foreign-made .30 carbine cartridge. It was manufactured in Netherland by "Wapen and Munitiefabriek N. V." - 1959. Some loading marks of doubtful value for identification purposes are present.

The other cartridge, designated specimen Q29, is a Western-Winchester .380 Auto. Limited loading marks of doubtful value for identification purposes are present.

The Q28 and Q29 cartridges were recovered in the clothing wrapped in the chenille bedspread that was on the floor in the entrance hallway by Laboratory representatives.

Group "O" human blood was identified in specimens Q21, Q22, Q23 and Q24.

[redacted]

(continued on next page)

Group "B" blood was identified in specimen Q30.

No blood was identified in specimen Q25.

Specimens Q21 through Q24 and Q30 are scrapings of what appeared to be bloodstains taken by Laboratory representatives from the following locations:

Specimen Q21 - From an unmounted door described as a barricade, on the dining room floor.

Specimen Q22 - From a bed frame in the rear bedroom.

Specimen Q23 - From the north wall in the rear bedroom.

Specimen Q24 - From the south wall of the living room.

Specimen Q30 - From the eight-drawer black dresser in the living room.

From a radiographic examination of the Q31 hassock, it was concluded that no bullets or shot pellets were lodged therein.

In the left sleeve of the suit coat, Q32, is a hole having the appearance of a bullet entrance hole. Other holes, in alignment, were in the coat. These holes were in the lower left pocket and in the lower left corner of the back of the coat. No gunpowder residue was found. White paint, splattered while wet on the bottom of the coat, suggests the coat may have been hanging in the front bedroom closet at the time of the raid as two one-gallon cans of white paint were ruptured by gunfire and considerable paint was found on the floor of the closet.

SUMMARY PUNISHMENT

Specimens received 1/27/70 and were personally delivered by Special Agent Walter H. Rice from Chicago

Q135	Blood sample from Cook County Coroner marked, TOX #69-2171 (FGJ, Chicago, exhibit #33)
Q136	Blood sample from Cook County Coroner described as blood sample from Clark TOX #69-2170 (FGJ, Chicago, exhibit #34)
Q137	Blood sample taken by Doctor Victor Levine described as blood of Hampton, marked "Dr. Levine's sample" C-69 #1
Q138	Blood sample taken by Doctor Victor Levine described as blood of Hampton marked C-69 #2

Results of examination:

Chemical and instrumental examinations were made of the various blood specimens, Q135 through Q138. The examinations did not disclose the presence of any barbiturate, including secobarbital; or, of a neutral drug such as meprobamate, glutethimide (Doriden), methyprylon (Noludar) and phenacetin.

No examinations were made for basic drug substances such as the amphetamines, cocaine and other alkaloids because the quantities of blood were too limited to identify those classes of drugs.

A very low level of ethyl alcohol was found present in one blood specimen, Q137, the loose blood from Hampton's body cavity. The amount of alcohol identified in that specimen ordinarily has limited toxicological significance since the presence of such a low level of alcohol is consistent with that which may be formed by decomposition of tissue after death. No alcohol was found in specimens Q135, Q136 and Q138.

(continued on next page)

Group "O" human blood was identified in Q135, Q137 and Q138. Group "B" human blood was identified in Q136. Due to the condition of the submitted blood, no additional serological tests were conducted.

Results of examination:

No fired or unfired shotshells like the unfired 12-gauge Federal Hi-Power, 00 Buck, Maximum Load shotshell, Q184, (FBI #31) were present among the shotshells received for examination. A small amount of a white paint on the shell tube of Q184 suggests it may have been near the middle bedroom closet where considerable white paint was spilled. Two paint cans in this area appeared to have been struck by bullets that passed completely through the cans of paint.

Specimen Q185 (FBI #34) is a .30 carbine cartridge manufactured in France. No bullets, cartridge cases or cartridges representative of this type of ammunition were received for examination in this case.

Specimens Q186 and Q187 (FBI #44 and #221 respectively) represent three Remington-Peters .32 S & W cartridges. No

Results of examination:

K60	Hinge half from door, bottom

Results of examination:

The bathroom door of the first level apartment at 2337 West Monroe Street, Chicago, Illinois, exhibited a natural or varnish finish and bears many paint spatters deposited as a result of painting of surrounding areas.

The door and door frames are very old and show physical signs of having been salvaged from other use. Some of the individual pieces of the door frame appear to have originated from other sources based upon the paint colors and layer structures present or absent on each part.

An examination of specimens K58, K59, K60 and Q153, Q154, Q155, Q156 and Q157 from the hinge components and door

(continued on next page)

respectively, reveal three paints which are similar in physical characteristics and composition and indicate that the door and hinge werd painted at least three times as a unit.

An examination of the door facing both inside and outside the bathroom (specimens K47, K48, K49, K52, K53, K54) shows that there are at least three paint layers present on some of the parts (top horizonal pieces) which individually match various globules or droplets of paint on the door.

This indicates that parts of the frame were painte at least three times integrally with the door.

The bathroom walls bear two layers of paint, one of which appears to have been applied before the door was erected since this layer appears under the hinges. The top layer of bathroom paint was deposited on the inside door facing and dropped in some areas onto the door, indicating the door had been erected before the top layer of the bathroom finish was applied.

No paint was found on the door and door facing similar to a two-layered paint finish on the hall walls.

It was not possible from an examination of the paints examined on the hall wall or the bathroom walls to determine when the paints were applied.

An examination of other doors in the apartment failed to reveal any doors with which the bathroom door could have been interchanged.

Q166	Mattress, Posture Firm, twin size FBI #307 (5)
Q167	Mattress, yellow and gray, twin size FBI #308 (6)

Results of examination:

A radiograph of the Q162 mattress revealed the presence of a bullet in the center of the mattress, 10½ inches from the end which is the end opposite the label "Restonic Dr. Fuller." A probe of the mattress in this area was made and a .30 Carbine Norma bullet was recovered. The absence of sufficient individual characteristics on this specimen precluded the possibility of identifying it with the particular weapon firing it. The general rifling characteristics on this bullet, consisting of twelve lands and grooves, right twist, are the same as those on test bullets fired from the .30 caliber Universal Carbine, Serial Number 66174, specimen K27.

A radiograph of the Q162 mattress revealed the presence of small metallic particles in the lower left side of the mattress. A probe of this area was made and three very small lead fragments, the sources of which are not known, were found. Corresponding holes of entrance in the mattress cover were noted.

No other metal fragments in this mattress were detected in the radiographs.

No foreign metal particles were found in the radiographs of the Q163 specimen.

(continued on next page)

A radiograph of the Q164 mattress revealed the presence of considerable metallic particles. Accompanying holes were in the mattress cover. The areas from which metallic particles were removed were appropriately marked on the mattress and the particles removed are described as follows:

From area #7 - A .45 Auto bullet identified as having been fired from the .45 Thompson Submachine gun, Serial Number 5954, referred to as specimen K21.

From area #10 - A copper-colored steel fragment and a lead fragment. The steel fragment is from a .30 Carbine bullet jacket. The bullet represented by this fragment has general rifling characteristics consisting of twelve lands and grooves, right twist, like those on test bullets obtained from the .30 caliber Universal Carbine, K27. There were insufficient marks on the fragment to permit identification.

The lead fragment is from the lead core of a .30 Carbine bullet.

From area #11 - Two copper-colored steel fragments from one or more .30 Carbine bullets. Both have general rifling characteristics like those on test bullets from the K27 Carbine. Neither has any marks of value for identification.

From area #12 - One copper-colored steel fragment and three small lead fragments. The steel fragment had a land impression comparable in width to those on the test bullets obtained from the K27 Carbine. The fragments possessed no marks of value for identification. It was not possible to establish the specific source of the lead fragments.

copper-colored steel fragment and three very small lead fragments. The steel fragments are from Norma and Winchester .30 Carbine bullets respectively. They both have general rifling characteristics like those on test bullets obtained from the K27 Carbine, but neither have suitable marks for identification purposes. It was not possible to establish the specific source of the lead fragments.

From area #14 - One copper-colored steel fragment and three lead fragments. The steel fragment has several land impressions comparable in size to those on test bullets obtained from the K27 Carbine, but there are insufficient marks of value for identification. One piece of lead is from the lead core of a jacketed bullet. The specific source or sources of the other two lead fragments could not be established.

From area #15 - One small silver-colored steel fragment having a land impression comparable in size to those on test bullets obtained from the K27 Carbine. There were no marks on this fragment to permit identification.

From area #16 - A lead fragment from the lead core of a jacketed bullet of unknown size and type.

From area #18 - A copper-colored steel fragment with general rifling characteristics like those on test bullets obtained from the K27 Carbine. There were insufficient marks on this fragment present to permit identification.

From area #19 - One small copper-colored steel fragment and two small lead fragments, the specific sources of which could not be established.

A radiograph of the Q165 specimen revealed the presence of metallic particles in one end.

(continued on next page)

[redacted]

The metallic fragments were removed and the specimen appropriately marked.

Removed from the area marked "1" was a lead fragment the specific source of which could not be established.

Removed from the area marked "2" was a copper-colored steel fragment from a .30 Carbine bullet having general rifling characteristics like those on test bullets fired from the [illegible] Carbine, but there were insufficient marks on this fragment for identification.

A radiograph of the Q166 mattress revealed no foreign metallic particles embedded therein. No holes of significance were in the mattress cover.

A radiograph of the Q167 mattress revealed the presence of two objects that appeared to be bullets. These objects were removed and the mattress appropriately marked.

From the area marked "R-1," in one corner of the mattress, and from the area marked "R-8," in the center of the mattress, were .45 Auto bullets which were identified as having been fired from the .45 Thompson Submachine gun, Serial Number 5954, referred to as specimen K21.

Fibers representative of those in the mattresses were obtained for use in logical comparison with fibers found on other objects recovered from the scene.

Group "0" human blood was identified on the Q1[illegible] and Q166 mattresses. Grouping tests conducted on the human bloodstains on Q164 were inconclusive. No blood was identified on Q163, Q165 and Q167.

Q168	Pillow FBI #12 (1)

Q170	Pink blanket FBI #50 (3)
Q171	Pieces of cotton FBI #64 (4)

Q179	Brown blanket and white chenille bedspread FBI #249 (12)
Q180	White sheet FBI #250 (13)
Q181	White sheet FBI #254 (14)
Q182	Green thermo blanket, FBI #257 (15)
Q183	Brown and maroon quilt, FBI #258 (16)

Results of examination:

The hole in one surface of the Q168 pillow could be a wear hole. No bullet or shot pellet was found in the pillow stuffing.

Where the blood is heavily concentrated on the Q169 sheet, several holes are present. It was not possible to determine what produced these holes.

Two groups of small holes, each in a pattern and each in the same relative position were in the Q173 sheet, Q170 pink blanket and Q175 green blanket. In one of the holes in Q173 was a clump of mattress padding in which a lead fragment was embedded. The lead fragment weighed 25.6 grains and while mutilated and suffering obvious weight loss, bore some characteristics of a shot pellet, the original size of which could not be determined.

(continued on next page)

In the Q172, Q174, Q176, Q180, Q181 specimens and Q178 pillowcase, no holes that could be associated with bullet or shot pellet holes were found. On the surface of Q176 was a small flattened lead fragment, the source of which could not be determined.

In the partial bed sheet, Q177, was a cluster of holes each approximately three-tenths of an inch in diameter. These holes could represent a pattern produced by a buckshot load from a shotgun. Based upon the shot spread, the weapon could have been approximately fifteen to twenty feet from the sheet when discharged.

Numerous holes were in the chenille bedspread and brown blanket, Q179. The heavy black rings around several of these holes in the bedspread could be bullet lubricant. The sizes of these holes are comparable to what may have been produced by bullets. Other holes could have been produced by shot pellets, but the specific sources of the objects producing these holes could not be identified.

There were several holes in the green blanket, Q182, the sources of which could not be determined.

Specimen Q183 was so torn from obvious wear that it would be impossible to distinguish holes caused by wear from those caused either by bullets or pellets.

Group "O" human blood was identified on Q168, Q169, Q173, Q175, Q177 through Q180, Q182 and Q183. Grouping tests conducted on the human bloodstains on Q172, Q174 and Q181 were inconclusive. Human blood which was too limited in amount for grouping purposes was identified on Q170, Q171 and Q176.

Representative fibers from each of the above-listed specimens were obtained for logical comparisons with fibers adhering to bullets and lead fragments recovered in this case.

Specimens received 2/12/70

Q158	Wood panel 10" by 24", FBI #304
Q159	Door panel, FBI #309
Q160	Wood splinters, FBI #132
Q161	Window shutters, FBI #305

Results of examination:

The large hole in the Q159 panel is comparable in size to one produced in tests by a 12-gauge rifled slug. The pock-marked area surrounding this hole appears to have been caused by the displacement of varnish that was struck forcibly by powder residue. This same pattern was obtained when test shots were fired in the Q158 panel. The pattern on Q159 is comparable to one that would be obtained when the shotgun muzzle was from 12" to 18" from the panel and nearly perpendicular to the panel when discharged. Entrance was in the pock-marked side of the panel.

The small hole in Q159 has the appearance of a bullet hole and could have been produced by a caliber .38 bullet fired from the side of the panel opposite that into which the object producing the large hole was fired. The shot producing the hole was fired from left to right at an angle of about 15° from the panel surface and about 15° downward.

Material taken from the large hole in specimen Q159 was analyzed spectrographically and found to exhibit a minute quantity of foreign lead.

(continued on next page)

The small hole in specimen Q159 bore deposits of a gray metallic material. A microscopic examination of these deposits was made and no copper-like metal smears or particles were present. However, a spectrographic examination of these deposits revealed the presence of foreign lead, copper and antimony.

The copper coating and underlying lead of the Q253 bullet previously examined were analyzed and compared with the deposits surrounding the small hole in Q159. The copper coating of the Q253 bullet contains tin which was not detected in the deposits around the small hole in specimen Q159.

Gray smears which were found surrounding the holes in specimen Q161 were analyzed spectrographically and found to consist of foreign copper with extremely minute quantities of lead.

Two holes which could have been produced by caliber .30 Carbine bullets are present in the Q161 shutters. Each hole is about .3" in diameter. Entrance was on the blue-painted side of the shutters. The projectile causing the hole in the right shutter entered at an angle of approximately 72° (with reference to the face of the shutters), traveling from right to left. This hole was 10 1/8" from the bottom and 4 7/8" from the right edge. The line of fire was approximately horizontal.

The hole in the left shutter is 10 3/8" from the bottom and 1 3/4" from the left edge. The projectile causing this hole was traveling nearly horizontally from right to left at an angle of approximately 60° from the panel surface.

No other holes or impressions in the Q161 shutters that have the appearance of bullet or shot holes were found.

Results of examination:

CALIBER .45 AUTO BULLETS

The specimens referred to above as Q190, Q198, Q20 Q205, Q210, Q218, Q222, Q235, Q251, Q275 and Q278 are all .45 Auto lead bullets that were identified as having been fi in the .45 Thompson submachine gun, serial number 5954, previously referred to as specimen K21.

Specimen Q193 is a mutilated .45 Auto bullet with the same general rifling characteristics as on those referred to in the preceding paragraph. However, specimen Q193 did not have sufficient individual characteristics to permit identifica

CALIBER .45 AUTO CARTRIDGE CASES

The specimens referred to as Q195, Q196, Q197, [illegible] Q217 (two cartridge cases marked Q217A and Q217B), Q227, [illegible] Q230, Q257, Q258, Q261 and Q269 are all Remington-Peters .45 Auto cartridge cases that were identified as having been fired in the .45 Thompson submachine gun, serial number 5954, previously referred to as specimen K21.

CALIBER .30 CARBINE CARTRIDGE CASES

The specimens referred to as Q220, Q236, Q243 and Q259 are all .30 Carbine cartridge cases that were identified as having been fired in the .30 caliber Universal Carbine, serial number 66174, previously referred to as specimen K27.

Specimens Q220, Q243 and Q259 represent ammunition made for U. S. Military use by Winchester and Q236 was manufactured by Norma.

CALIBER .32 S&W LONG CARTRIDGE CASES

In specimen Q256 are two Winchester-Western .32 S&W Long cartridge cases having the same type firing pin impressions as those in the .32 S&W Long cartridge cases previously submitted and referred to as specimens Q93 through Q99. None of these cartridge cases possessed marks to permit identification with the weapon firing them. Their firing pin impressions are different from those on test cartridge cases obtained from the K43 weapon, a .32 S&W Long Smith and Wesson revolver, serial number 730073, the only weapon submitted capable of firing ammunition of this type.

CALIBER 7.62 MM NATO CARTRIDGE CASE

Specimen Q212 is a cartridge case removed from its construction assembly line prior to its completion. It represents an unfinished 7.62 mm Nato cartridge from Twin Cities Army Ammunition Plant, Minneapolis, Minnesota.

CALIBER .30 CARBINE BULLETS

Specimens previously submitted and referred to as Q40, Q41 and Q52 were identified as having been fired from the same .30 Carbine as specimens Q226, Q234 and Q245 listed above. Specimens Q234 and Q245 were identified as having been fired in the caliber .30 Universal Carbine, serial number 66174, referred to previously as K27. It follows, therefore, that specimens Q40, Q41, Q52 and Q226 were also fired from the caliber .30 Universal Carbine, serial number 66174, specimen K27.

Specimen Q226 is a bullet of the type loaded into Winchester Military .30 Carbine cartridges and specimens Q234 and Q245 are bullets of the type loaded into Norma .30 Carbine cartridges.

12-GAUGE FIRED SHOTSHELLS

Specimens Q192, Q194 and Q252 are 12-gauge Federal Hi-Power, Maximum Load 0 Buck, fired shotshells identified as having been fired in the 12-gauge Remington Wingmaster Model 870 shotgun, serial number 70216 V, referred to previously as specimen K23.

12-GAUGE UNFIRED SHOTSHELLS

Specimen Q191 is an unfired 12-gauge Federal Monarch one-ounce #5, shotshell. The brass portion was separated from the shell tube. The primer was intact. Both pieces were enveloped in white paint. This shotshell apparently fell in the puddle of white paint on the floor of the closet in the middle bedroom.

Specimen Q224 is an unfired 12-gauge Federal Monarch Field Load, one-ounce #5, shotshell. This specimen was likewise enveloped in white paint and apparently fell in the puddle of white paint on the floor of the closet in the middle bedroom.

.38 SPECIAL BULLETS

Specimen Q233 is a Remington-Peters type .38 Special lead bullet that was identified as having been fired from the .38 Special Colt revolver, serial number 857237, previously submitted and referred to as K12, carried by Officer Groth. Specimen Q233 weighed 152.35 grains. Standard weight is 158 grains.

Specimen Q246 is a badly mutilated Remington-Peters type .38 Special lead bullet fired from a .38 Special revolver with Colt-type rifling. It was not possible, from the limited marks present, to identify this bullet with any of the weapons submitted. It could not have been fired from the Colt revolver referred to as specimen K41. Specimen Q246 weighs 155.4 grains. Standard weight is 158.0 grains.

Specimens Q253 and Q277 are Western-Winchester type .38 Special copper-coated lead bullets that were identified as having been fired from the same caliber .38 Special Colt revolver, but it was not possible to identify them as having been fired from any of the submitted Colt revolvers. Specimen Q253 weighs 198.0 grains. Specimen Q277 weighs 199.69 grains. Standard weight is 200 grains.

SHOTGUN WADS FROM SCENE

Specimen Q199 contained a 12-gauge shotgun wad composed of purple paper fibers and is like the under shot wads in 12-gauge Remington Express, 00 Buck, shotshells.

Specimen Q242 is a composition wad like those in 12-gauge Federal Hi-Power and 12-gauge Federal Monark shotshells.

Specimen Q248 is a cardboard over powder wad like those in 12-gauge Remington-Peters, 00 Buck, shotshells.

Specimen Q254 is the plastic over powder wad like those in 12-gauge Remington Express, 00 Buck, shotshells.

LARGE LEAD FRAGMENT

Specimen Q237 is a large flattened lead fragment weighing 346.0 grains. There is nothing characteristic about its size or shape, in its present condition, to permit identification of its source. If Q237 is a rifled slug, there is evidence of weight loss. At 346.0 grains in its present condition, and considering its weight loss, if a rifled slug it would fall in the classification of a 12-gauge rifled slug. Its present weight, without considering weight loss is equal to an unmutilated 16-gauge rifled slug. A 16-gauge rifled slug (approximately 7/8 of an ounce) weighs 345.125 grains (Western Super X 16-gauge rifled slug). A 12-gauge rifled slug (approximately one ounce) weighs 402.25 grains (Western Super X 12-gauge rifled slug).

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO 00 BUCK

The shot pellets submitted that are comparable in size and/or weight to 00 Buck shot pellets are Q202, Q211, Q213, Q223, Q241, Q250, shot pellet removed from Q264 book, two shot pellets removed from Q266 book, Q270 and Q276.

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO 0 BUCK

The shot pellets submitted that are comparable in size and/or weight to 0 Buck shot pellets are: Q201, Q209, Q231 and Q232.

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO 1 BUCK

In specimen Q214 are two shot pellets comparable in weight to 1 Buck shot. They are both too deformed for accurate measurement.

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO #5 SHOT

There are sixteen shot pellets in specimen Q268 and eighteen shot pellets in Q272 none of which are mutilated. These may have come from the unfired 12-gauge Federal Monark, Field Load #5, shotshell, Q224, as some of the pellets, like Q224 are coated with white paint.

(continued on next page)

SHOT PELLET COMPARABLE IN SIZE AND/OR WEIGHT TO #7 1/2 SHOT

One shot pellet, Q239, was comparable in size to #7 1/2 shot. Some weight loss was evident and while the measurable diameter was comparable to that of #7 1/2 shot, its weight was slightly less than standard for #7 1/2 shot.

SHOT PELLET COMPARABLE IN SIZE AND/OR WEIGHT TO #8 SHOT

One shot pellet, Q203, was found to be comparable in size and weight to #8 shot. This pellet was not deformed and did not possess markings normally present on a shot pellet that had been fired from a shotgun.

LEAD FRAGMENTS THAT COULD NEITHER BE ASSOCIATED WITH SHOT PELLETS NOR BULLET FRAGMENTS

The following specimens are mutilated, deformed and fractured lead fragments which could not be identified as to source:

Specimens Number	Weight (in grains)	Specimen Number	Weight (in grains)
Q204	24.25	Q262	29.875
Q206	52.375	Q263	25.0
Q208	28.4	Q267	11.2
Q215	.625		
Q219	44.6	Q271	34.9
Q221	12.75	Q273	18.125
Q229	35.9	Q274	5.25
Q244	6.63		
Q247 (2 pieces)	.4 & .9		
Q260	33.75		

MISCELLANEOUS ITEMS SUBMITTED

Specimen Q207 is a copper cup into which a shotgun primer is seated. This specimen has suffered no apparent damage.

(continued on next page)

Specimen Q225 is a distorted brass primer cup that appears to have separated from a cartridge or shotshell, as a result of a primer "blowback". This occurs when the powder charge is ignited by some means other than normal firing of a cartridge or shotshell and resulting pressure blows the primer.

EXAMINATION OF DAMAGED BOOKS

The book "Family Guide Emergency Health Care", Q264, was struck by a 00 Buck pellet. The pellet entered the upper left hand corner of the front of the book, penetrating the first twenty-six pages. A 00 Buck shot pellet was removed from the book at this point.

The book entitled "First Aid", Q265, had a hole in the top left corner that could have been produced by a small shot pellet, size not known. No pellets were found in the book and no exit holes were found. The hole in the middle right side of the cover appears to have been made by a tapered pointed instrument, such as a pencil, penetrating the cover from the inside to the outside. There is no indication this hole was produced either by a shot pellet or by a bullet.

The book "Toward the African Revolution" by Frantz Fanon, was struck by two 00 Buck shot pellets that entered the top right corner of the book. The two pellets were recovered along with a small piece of steel with white enameled surface. This steel fragment was cupped in such a manner to suggest one of the pellets recovered struck an intervening object, tearing the steel fragment from it and carrying it into the book. It was found on the same page as the two 00 Buck shot pellets.

Another hole was in the right edge of this book where a shot pellet of unknown size struck the book. A black deposit resembling graphite like the graphite with which shot pellets are coated was on the pages of the book where penetration occurred. No shot pellet was found.

(continued on next page)

EXAMINATION OF SUIT OF CLOTHES

Specimen Q279, a suit of clothes consisting of a coat and one pair of pants on a wire hanger was found to have been struck with #8 shot from two shotgun charges. One charge struck the lower left front of the coat below the pocket opening. The shot penetrated the pants near the belt line and through the rear pocket which was probably hanging downward from the pants on the hanger. The pellets exited through the lower left back of the coat. The shot dispersal is typical of that which would be fired at roughly a 45° angle to the right of the front of the coat. The pattern is typical of one produced at a distance of from six to nine feet.

A second charge struck the lower portion of the right sleeve. An exit hole was in the back of the right sleeve and a small number of pellets entered the lower right front of the coat below the pocket opening. The shot producing the hole in the sleeve was fired at approximately right angles to the material of the sleeve, also at a distance of from six to nine feet based on shot dispersal. It was not possible to determine from what direction within the premises the shots producing the holes in the suit were fired as it is not known where the suit was hanging at the time the shots were fired.

EXAMINATION OF PINK CAPSULE AND PLANT MATERIAL

Chemical and instrumental examinations of the capsule, specimen Q238, showed the presence of propoxyphene hydrochloride. Propoxyphene hydrochloride, an analgesic and narcotic, is dispensed in capsules similar to specimen Q238 by Eli Lilly and Company under the trade name "DARVON". A portion of this material was consumed in the examination.

The plant material, specimen Q240, did not contain any marijuana. This specimen was consumed in the examination.

BLOOD EXAMINATIONS

Human blood which was too limited in amount for grouping purposes was identified on specimens Q192, Q197. Q201, Q210, Q226 and Q275. No blood was identified on Q190, Q233 and Q234.

WOOD EXAMINATIONS

The wood on the Q206 bullet and the wood on the Q134 slide previously submitted are softwoods such as pine, spruce or fir which are too small for species identification.

The wood fragments on Q231 and Q246 are pine such as sugar pine, Idaho white pine or northern white pine. These fragments are too small for species identification.

The wood on the Q134 slide, the wood found on Q206, Q231 and Q246 could not have originated from the three ply plywood of the Q159 panel previously submitted which consists of birch outer layers and an American sweetgum inner layer.

No wood of value was found on Q214.

EXAMINATIONS OF FIBERS

Fibers were found on the following bullets and metal fragments: Q200, Q201, Q210, Q213, Q215, Q223, Q237, Q244, Q245, Q251 and Q260.

Several sisal fibers were adhering to Q260. These fibers have the same appearance as fibers in the composition of the Q164 and Q167 mattresses and could have come from one of them.

No other fibers were found in the above-listed bullets and metal fragments that could be associated with the mattress, bedding or clothing submitted previously.

White cotton fibers were present on Q200, Q201, Q213, Q215 and Q245; however, white cotton fibers are too common and possess too few individual microscopic characteristics to be associated with a particular source.

Other fibers for which no source could be found were black synthetic fibers on Q200; a yellow-green cotton fiber, a white woolen fiber and a green paper fiber on Q201; a white synthetic fiber and three green paper fibers on Q210; a black woolen fiber, a red cotton fiber and a green paper fiber on Q215; a black woolen fiber on Q233; an orange woolen fiber on Q237 and a blue acrylic fiber on Q251.

Fragments of foam were adhering to Q233. These foam fragments are different from the foam in the composition of the Q167 specimen.

Fragments of tan paper were adhering to Q237. These paper fragments are different from the paper in the composition of the Q165 specimen.

PAINT EXAMINATIONS:

Specimen Q208 bears deposits of paint which exhibit the following layer structure:

(1) Light brown varnish
(2) Beige paint
(3) Dark brown paint

Specimen Q218 exhibits deposits of a blue paint intermixed with plaster-like material.

Specimens Q219 and Q235 exhibit thin contaminated deposits of a gray paint-like material which is too contaminated for comparison purposes.

Specimen Q237 bears heavy deposits of a gold metallic nitrocellulose lacquer paint.

Specimens received

Q284 Caliber .380 Auto bullet from Northwest corner of living room

Results of examination:

From a preliminary examination of specimen Q284 it was possible to identify it as a caliber .380 Auto bullet having general rifling characteristics consisting of six lands and grooves, right twist.

The nose of this bullet was compressed at an angle consistent with that of a bullet striking a brick wall at the angle represented by the trajectory of a bullet that produced the hole in a piece of timber in the northwest corner of the living room at the premises, 2337 West Monroe Street, Chicago, Illinois.

It was concluded that none of the weapons received for examination could have fired Q284.

Q162	Double bed mattress - Wonder Rest FBI #301 (1)

Q166	Mattress, Posture Firm, twin size FBI #307 (5)
Q167	Mattress, yellow and gray, twin size FBI #308 (6)

Results of examination:

A radiograph of the Q162 mattress revealed the presence of a bullet in the center of the mattress, 10½ inches from the end which is the end opposite the label "Restonic Dr. Fuller." A probe of the mattress in this area was made and a .30 Carbine Norma bullet was recovered. The absence of sufficient individual characteristics on this specimen precluded the possibility of identifying it with the particular weapon firing it. The general rifling characteristics on this bullet, consisting of twelve lands and grooves, right twist, are the same as those on test bullets fired from the .30 caliber Universal Carbine, Serial Number 66174, specimen K27.

A radiograph of the Q162 mattress revealed the presence of small metallic particles in the lower left side of the mattress. A probe of this area was made and three very small lead fragments, the sources of which are not known, were found. Corresponding holes of entrance in the mattress cover were noted.

No other metal fragments in this mattress were detected in the radiographs.

No foreign metal particles were found in the radiographs of the Q163 specimen.

(continued on next page)

A radiograph of the Q164 mattress revealed the presence of considerable metallic particles. Accompanying holes were in the mattress cover. The areas from which metallic particles were removed were appropriately marked on the mattress and the particles removed are described as follows:

From area #7 - A .45 Auto bullet identified as having been fired from the .45 Thompson Submachine gun, Serial Number 5954, referred to as specimen K21.

From area #10 - A copper-colored steel fragment and a lead fragment. The steel fragment is from a .30 Carbine bullet jacket. The bullet represented by this fragment has general rifling characteristics consisting of twelve lands and grooves, right twist, like those on test bullets obtained from the .30 caliber Universal Carbine, K27. There were insufficient marks on the fragment to permit identification.

The lead fragment is from the lead core of a .30 Carbine bullet.

From area #11 - Two copper-colored steel fragments from one or more .30 Carbine bullets. Both have general rifling characteristics like those on test bullets from the K27 Carbine. Neither has any marks of value for identification.

From area #12 - One copper-colored steel fragment and three small lead fragments. The steel fragment had a land impression comparable in width to those on the test bullets obtained from the K27 Carbine. The fragments possessed no marks of value for identification. It was not possible to establish the specific source of the lead fragments.

From area #13 - One silver-colored steel fragment, one

copper-colored steel fragment and three very small lead fragments. The steel fragments are from Norma and Winchester .30 Carbine bullets respectively. They both have general rifling characteristics like those on test bullets obtained from the K27 Carbine, but neither have suitable marks for identification purposes. It was not possible to establish the specific source of the lead fragments.

From area #14 - One copper-colored steel fragment and three lead fragments. The steel fragment has several land impressions comparable in size to those on test bullets obtained from the K27 Carbine, but there are insufficient marks of value for identification. One piece of lead is from the lead core of a jacketed bullet. The specific source or sources of the other two lead fragments could not be established.

From area #15 - One small silver-colored steel fragment having a land impression comparable in size to those on test bullets obtained from the K27 Carbine. There were no marks on this fragment to permit identification.

From area #16 - A lead fragment from the lead core of a jacketed bullet of unknown size and type.

From area #18 - A copper-colored steel fragment with general rifling characteristics like those on test bullets obtained from the K27 Carbine. There were insufficient marks on this fragment present to permit identification.

From area #19 - One small copper-colored steel fragment and two small lead fragments, the specific sources of which could not be established.

A radiograph of the Q165 specimen revealed the presence of metallic particles in one end.

(continued on next page)

[redacted]

The metallic fragments were removed and the specimen appropriately marked.

Removed from the area marked "1" was a lead fragment, the specific source of which could not be established.

Removed from the area marked "2" was a copper-colored steel fragment from a .30 Carbine bullet having general rifling characteristics like those on test bullets fired from the [illegible] Carbine, but there were insufficient marks on this fragment for identification.

A radiograph of the Q166 mattress revealed no foreign metallic particles embedded therein. No holes of significance were in the mattress cover.

A radiograph of the Q167 mattress revealed the presence of two objects that appeared to be bullets. These objects were removed and the mattress appropriately marked.

From the area marked "R-1," in one corner of the mattress, and from the area marked "R-8," in the center of the mattress, were .45 Auto bullets which were identified as having been fired from the .45 Thompson Submachine gun, Serial Number 5954, referred to as specimen K21.

Fibers representative of those in the mattresses were obtained for use in logical comparison with fibers found on other objects recovered from the scene.

Group "O" human blood was identified on the Q1[illegible] and Q166 mattresses. Grouping tests conducted on the human bloodstains on Q164 were inconclusive. No blood was identified on Q163, Q165 and Q167.

Q181	White sheet FBI #254 (14)
Q182	Green thermo blanket, FBI #257 (15)
Q183	Brown and maroon quilt, FBI #258 (16)

Results of examination:

The hole in one surface of the Q168 pillow could be a wear hole. No bullet or shot pellet was found in the pillow stuffing.

Where the blood is heavily concentrated on the Q169 sheet, several holes are present. It was not possible to determine what produced these holes.

Two groups of small holes, each in a pattern and each in the same relative position were in the Q173 sheet, Q170 pink blanket and Q175 green blanket. In one of the holes in Q173 was a clump of mattress padding in which a lead fragment was embedded. The lead fragment weighed 25.6 grains and while mutilated and suffering obvious weight loss, bore some characteristics of a shot pellet, the original size of which could not be determined.

(continued on next page)

In the Q172, Q174, Q176, Q180, Q181 specimens and Q178 pillowcase, no holes that could be associated with bullet or shot pellet holes were found. On the surface of Q176 was a small flattened lead fragment, the source of which could not be determined.

In the partial bed sheet, Q177, was a cluster of holes each approximately three-tenths of an inch in diameter. These holes could represent a pattern produced by a buckshot load from a shotgun. Based upon the shot spread, the weapon could have been approximately fifteen to twenty feet from the sheet when discharged.

Numerous holes were in the chenille bedspread and brown blanket, Q179. The heavy black rings around several of these holes in the bedspread could be bullet lubricant. The sizes of these holes are comparable to what may have been produced by bullets. Other holes could have been produced by shot pellets, but the specific sources of the objects producing these holes could not be identified.

There were several holes in the green blanket, Q182, the sources of which could not be determined.

Specimen Q183 was so torn from obvious wear that it would be impossible to distinguish holes caused by wear from those caused either by bullets or pellets.

Group "O" human blood was identified on Q168, Q169, Q173, Q175, Q177 through Q180, Q182 and Q183. Grouping tests conducted on the human bloodstains on Q172, Q174 and Q181 were inconclusive. Human blood which was too limited in amount for grouping purposes was identified on Q170, Q171 and Q176.

Representative fibers from each of the above-listed specimens were obtained for logical comparisons with fibers adhering to bullets and lead fragments recovered in this case.

SUMMARY PUNISHMENT - CR

Specimens received 2/12/70

Q158	Wood panel 10" by 24", FBI #304
Q159	Door panel, FBI #309
Q160	Wood splinters, FBI #132
Q161	Window shutters, FBI #305

Results of examination:

The large hole in the Q159 panel is comparable in size to one produced in tests by a 12-gauge rifled slug. The pock-marked area surrounding this hole appears to have been caused by the displacement of varnish that was struck forcibly by powder residue. This same pattern was obtained when test shots were fired in the Q158 panel. The pattern on Q159 is comparable to one that would be obtained when the shotgun muzzle was from 12" to 18" from the panel and nearly perpendicular to the panel when discharged. Entrance was in the pock-marked side of the panel.

The small hole in Q159 has the appearance of a bullet hole and could have been produced by a caliber .38 bullet fired from the side of the panel opposite that into which the object producing the large hole was fired. The shot producing the hole was fired from left to right at an angle of about 15° from the panel surface and about 15° downward.

Material taken from the large hole in specimen Q159 was analyzed spectrographically and found to exhibit a minute quantity of foreign lead.

(continued on next page)

The small hole in specimen Q159 bore deposits of a gray metallic material. A microscopic examination of these deposits was made and no copper-like metal smears or particles were present. However, a spectrographic examination of these deposits revealed the presence of foreign lead, copper and antimony.

The copper coating and underlying lead of the Q253 bullet previously examined were analyzed and compared with the deposits surrounding the small hole in Q159. The copper coating of the Q253 bullet contains tin which was not detected in the deposits around the small hole in specimen Q159.

Gray smears which were found surrounding the holes in specimen Q161 were analyzed spectrographically and found to consist of foreign copper with extremely minute quantities of lead.

Two holes which could have been produced by caliber .30 Carbine bullets are present in the Q161 shutters. Each hole is about .3" in diameter. Entrance was on the blue-painted side of the shutters. The projectile causing the hole in the right shutter entered at an angle of approximately 72° (with reference to the face of the shutters), traveling from right to left. This hole was 10 1/8" from the bottom and 4 7/8" from the right edge. The line of fire was approximately horizontal.

The hole in the left shutter is 10 3/8" from the bottom and 1 3/4" from the left edge. The projectile causing this hole was traveling nearly horizontally from right to left at an angle of approximately 60° from the panel surface.

No other holes or impressions in the Q161 shutters that have the appearance of bullet or shot holes were found.

CALIBER .45 AUTO CARTRIDGE CASES

The specimens referred to as Q195, Q196, Q197, Q2[illegible] Q217 (two cartridge cases marked Q217A and Q217B), Q227, Q22[illegible] Q230, Q257, Q258, Q261 and Q269 are all Remington-Peters .45 Auto cartridge cases that were identified as having been fired in the .45 Thompson submachine gun, serial number 5954, previously referred to as specimen K21.

CALIBER .30 CARBINE CARTRIDGE CASES

The specimens referred to as Q220, Q236, Q243 and Q259 are all .30 Carbine cartridge cases that were identified as having been fired in the .30 caliber Universal Carbine, serial number 66174, previously referred to as specimen K27.

Specimens Q220, Q243 and Q259 represent ammunition made for U. S. Military use by Winchester and Q236 was manufactured by Norma.

CALIBER .32 S&W LONG CARTRIDGE CASES

In specimen Q256 are two Winchester-Western .32 S&W Long cartridge cases having the same type firing pin impressions as those in the .32 S&W Long cartridge cases previously submitted and referred to as specimens Q93 through Q99. None of these cartridge cases possessed marks to permit identification with the weapon firing them. Their firing pin impressions are different from those on test cartridge cases obtained from the K43 weapon, a .32 S&W Long Smith and Wesson revolver, serial number 730073, the only weapon submitted capable of firing ammunition of this type.

CALIBER 7.62 MM NATO CARTRIDGE CASE

Specimen Q212 is a cartridge case removed from the construction assembly line prior to its completion. It represents an unfinished 7.62 mm Nato cartridge from Twin Cities Army Ammunition Plant, Minneapolis, Minnesota.

CALIBER .30 CARBINE BULLETS

Specimens previously submitted and referred to as Q40, Q41 and Q52 were identified as having been fired from the same .30 Carbine as specimens Q226, Q234 and Q245 listed above. Specimens Q234 and Q245 were identified as having been fired in the caliber .30 Universal Carbine, serial number 66174, referred to previously as K27. It follows, therefore, that specimens Q40, Q41, Q52 and Q226 were also fired from the caliber .30 Universal Carbine, serial number 66174, specimen K27.

Specimen Q226 is a bullet of the type loaded into Winchester Military .30 Carbine cartridges and specimens Q234 and Q245 are bullets of the type loaded into Norma .30 Carbine cartridges.

12-GAUGE FIRED SHOTSHELLS

Specimens Q192, Q194 and Q252 are 12-gauge Federal Hi-Power, Maximum Load 0 Buck, fired shotshells identified as having been fired in the 12-gauge Remington Wingmaster Model 870 shotgun, serial number 70216 V, referred to previously as specimen K23.

12-GAUGE UNFIRED SHOTSHELLS

Specimen Q191 is an unfired 12-gauge Federal Monarch one-ounce #5, shotshell. The brass portion was separated from the shell tube. The primer was intact. Both pieces were enveloped in white paint. This shotshell apparently fell in the puddle of white paint on the floor of the closet in the middle bedroom.

Specimen Q224 is an unfired 12-gauge Federal Monarch Field Load, one-ounce #5, shotshell. This specimen was likewise enveloped in white paint and apparently fell in the puddle of white paint on the floor of the closet in the middle bedroom.

.38 SPECIAL BULLETS

Specimen Q233 is a Remington-Peters type .38 Special lead bullet that was identified as having been fired from the .38 Special Colt revolver, serial number 857237, previously submitted and referred to as K12, carried by Officer Groth. Specimen Q233 weighed 152.35 grains. Standard weight is 158 grains.

Specimen Q246 is a badly mutilated Remington-Peters type .38 Special lead bullet fired from a .38 Special revolver with Colt-type rifling. It was not possible, from the limited marks present, to identify this bullet with any of the weapons submitted. It could not have been fired from the Colt revolver referred to as specimen K41. Specimen Q246 weighs 155.4 grains. Standard weight is 158.0 grains.

Specimens Q253 and Q277 are Western-Winchester type .38 Special copper-coated lead bullets that were identified as having been fired from the same caliber .38 Special Colt revolver, but it was not possible to identify them as having been fired from any of the submitted Colt revolvers. Specimen Q253 weighs 198.0 grains. Specimen Q277 weighs 199.69 grains. Standard weight is 200 grains.

SHOTGUN WADS FROM SCENE

Specimen Q199 contained a 12-gauge shotgun wad composed of purple paper fibers and is like the under shot wads in 12-gauge Remington Express, 00 Buck, shotshells.

Specimen Q242 is a composition wad like those in 12-gauge Federal Hi-Power and 12-gauge Federal Monark shotshells.

Specimen Q248 is a cardboard over powder wad like those in 12-gauge Remington-Peters, 00 Buck, shotshells.

Specimen Q254 is the plastic over powder wad like those in 12-gauge Remington Express, 00 Buck, shotshells.

LARGE LEAD FRAGMENT

Specimen Q237 is a large flattened lead fragment weighing 346.0 grains. There is nothing characteristic about its size or shape, in its present condition, to permit identification of its source. If Q237 is a rifled slug, there is evidence of weight loss. At 346.0 grains in its present condition, and considering its weight loss, if a rifled slug it would fall in the classification of a 12-gauge rifled slug. Its present weight, without considering weight loss is equal to an unmutilated 16-gauge rifled slug. A 16-gauge rifled slug (approximately 7/8 of an ounce) weighs 345.125 grains (Western Super X 16-gauge rifled slug). A 12-gauge rifled slug (approximately one ounce) weighs 402.25 grains (Western Super X 12-gauge rifled slug).

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO 00 BUCK

The shot pellets submitted that are comparable in size and/or weight to 00 Buck shot pellets are Q202, Q211, Q213, Q223, Q241, Q250, shot pellet removed from Q264 book, two shot pellets removed from Q266 book, Q270 and Q276.

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO 0 BUCK

The shot pellets submitted that are comparable in size and/or weight to 0 Buck shot pellets are: Q201, Q209, Q231 and Q232.

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO 1 BUCK

In specimen Q214 are two shot pellets comparable in weight to 1 Buck shot. They are both too deformed for accurate measurement.

SHOT PELLETS COMPARABLE IN SIZE AND/OR WEIGHT TO #5 SHOT

There are sixteen shot pellets in specimen Q268 and eighteen shot pellets in Q272 none of which are mutilated. These may have come from the unfired 12-gauge Federal Monark, Field Load #5, shotshell, Q224, as some of the pellets, like Q224 are coated with white paint.

SHOT PELLET COMPARABLE IN SIZE AND/OR WEIGHT TO #7 1/2 SHOT

One shot pellet, Q239, was comparable in size to #7 1/2 shot. Some weight loss was evident and while the measurable diameter was comparable to that of #7 1/2 shot, its weight was slightly less than standard for #7 1/2 shot.

SHOT PELLET COMPARABLE IN SIZE AND/OR WEIGHT TO #8 SHOT

One shot pellet, Q203, was found to be comparable in size and weight to #8 shot. This pellet was not deformed and did not possess markings normally present on a shot pellet that had been fired from a shotgun.

LEAD FRAGMENTS THAT COULD NEITHER BE ASSOCIATED WITH SHOT PELLETS NOR BULLET FRAGMENTS

The following specimens are mutilated, deformed and fractured lead fragments which could not be identified as to source:

Specimens Number	Weight (in grains)	Specimen Number	Weight (in grains)
Q204	24.25	Q262	29.875
Q206	52.375	Q263	25.0
Q208	28.4	Q267	11.2
Q215	.625		
Q219	44.6	Q271	34.9
Q221	12.75	Q273	18.125
Q229	35.9	Q274	5.25
Q244	6.63		
Q247 (2 pieces)	.4 & .9		
Q260	33.75		

MISCELLANEOUS ITEMS SUBMITTED

Specimen Q207 is a copper cup into which a shotgun primer is seated. This specimen has suffered no apparent damage.

(continued on next page)

[redacted]

Specimen Q225 is a distorted brass primer cup that appears to have separated from a cartridge or shotshell, as a result of a primer "blowback". This occurs when the powder charge is ignited by some means other than normal firing of a cartridge or shotshell and resulting pressure blows the primer.

EXAMINATION OF DAMAGED BOOKS

The book "Family Guide Emergency Health Care", Q264. was struck by a 00 Buck pellet. The pellet entered the upper left hand corner of the front of the book, penetrating the first twenty-six pages. A 00 Buck shot pellet was removed from the book at this point.

The book entitled "First Aid", Q265, had a hole in the top left corner that could have been produced by a small shot pellet, size not known. No pellets were found in the book and no exit holes were found. The hole in the middle right side of the cover appears to have been made by a tapered pointed instrument, such as a pencil, penetrating the cover from the inside to the outside. There is no indication this hole was produced either by a shot pellet or by a bullet.

The book "Toward the African Revolution"by Frantz Fanon, was struck by two 00 Buck shot pellets that entered the top right corner of the book. The two pellets were recovered along with a small piece of steel with white enameled surface. This steel fragment was cupped in such a manner to suggest one of the pellets recovered struck an intervening object, tearing the steel fragment from it and carrying it into the book. It was found on the same page as the two 00 Buck shot pellets.

Another hole was in the right edge of this book where a shot pellet of unknown size struck the book. A black deposit resembling graphite like the graphite with which shot pellets are coated was on the pages of the book where penetration occurred. No shot pellet was found.

EXAMINATION OF SUIT OF CLOTHES

Specimen Q279, a suit of clothes consisting of a coat and one pair of pants on a wire hanger was found to have been struck with #8 shot from two shotgun charges. One charge struck the lower left front of the coat below the pocket opening. The shot penetrated the pants near the belt line and through the rear pocket which was probably hanging downward from the pants on the hanger. The pellets exited through the lower left back of the coat. The shot dispersal is typical of that which would be fired at roughly a 45° angle to the right of the front of the coat. The pattern is typical of one produced at a distance of from six to nine feet.

A second charge struck the lower portion of the right sleeve. An exit hole was in the back of the right sleeve and a small number of pellets entered the lower right front of the coat below the pocket opening. The shot producing the hole in the sleeve was fired at approximately right angles to the material of the sleeve, also at a distance of from six to nine feet based on shot dispersal. It was not possible to determine from what direction within the premises the shots producing the holes in the suit were fired as it is not known where the suit was hanging at the time the shots were fired.

EXAMINATION OF PINK CAPSULE AND PLANT MATERIAL

Chemical and instrumental examinations of the capsule, specimen Q238, showed the presence of propoxyphene hydrochloride. Propoxyphene hydrochloride, an analgesic and narcotic, is dispensed in capsules similar to specimen Q238 by Eli Lilly and Company under the trade name "DARVON". A portion of this material was consumed in the examination.

The plant material, specimen Q240, did not contain any marijuana. This specimen was consumed in the examination.

BLOOD EXAMINATIONS

Human blood which was too limited in amount for grouping purposes was identified on specimens Q192, Q197. Q201, Q210, Q226 and Q275. No blood was identified on Q190, Q233 and Q234.

WOOD EXAMINATIONS

The wood on the Q206 bullet and the wood on the Q134 slide previously submitted are softwoods such as pine, spruce or fir which are too small for species identification.

The wood fragments on Q231 and Q246 are pine such as sugar pine, Idaho white pine or northern white pine. These fragments are too small for species identification.

The wood on the Q134 slide, the wood found on Q206, Q231 and Q246 could not have originated from the three ply plywood of the Q159 panel previously submitted which consists of birch outer layers and an American sweetgum inner layer.

No wood of value was found on Q214.

EXAMINATIONS OF FIBERS

Fibers were found on the following bullets and metal fragments: Q200, Q201, Q210, Q213, Q215, Q223, Q237, Q244, Q245, Q251 and Q260.

Several sisal fibers were adhering to Q260. These fibers have the same appearance as fibers in the composition of the Q164 and Q167 mattresses and could have come from one of them.

No other fibers were found in the above-listed bullets and metal fragments that could be associated with the mattress, bedding or clothing submitted previously.

(continued on next page)

[redacted]

White cotton fibers were present on Q200, Q201. Q213, Q215 and Q245; however, white cotton fibers are too common and possess too few individual microscopic characteristics to be associated with a particular source.

Other fibers for which no source could be found were black synthetic fibers on Q200; a yellow-green cotton fiber, a white woolen fiber and a green paper fiber on Q201; a white synthetic fiber and three green paper fibers on Q210; a black woolen fiber, a red cotton fiber and a green paper fiber on Q215; a black woolen fiber on Q233; an orange woolen fiber on Q237 and a blue acrylic fiber on Q251.

Fragments of foam were adhering to Q233. These foam fragments are different from the foam in the composition of the Q167 specimen.

Fragments of tan paper were adhering to Q237. These paper fragments are different from the paper in the composition of the Q165 specimen.

PAINT EXAMINATIONS:

Specimen Q208 bears deposits of paint which exhibit the following layer structure:

(1) Light brown varnish
(2) Beige paint
(3) Dark brown paint

Specimen Q218 exhibits deposits of a blue paint intermixed with plaster-like material.

Specimens Q219 and Q235 exhibit thin contaminated deposits of a gray paint-like material which is too contaminated for comparison purposes.

Specimen Q237 bears heavy deposits of a gold metallic nitrocellulose lacquer paint.

(continued on next page)

[redacted]

The following specimens were examined for the presence of glass, gypsum board and plaster:

(1) Q211, Q213 and Q214 - glass found on or in these specimens.

(2) Q193, Q204, Q208, Q210, Q218, Q226, Q237, Q239 and Q275 - gypsum was found on or in these specimens.

(3) Q201, Q204, Q209, Q219, Q229, Q232, Q235, Q241, Q244, Q245, Q246, Q250, Q253, Q267, Q271 and Q273 - lime-gypsum-sand plaster was found on or in these specimens.

Specimens Q190, Q200, Q231, Q242 and Q255 each had a trace of a white material which was too limited in amount for significant comparison purposes.

No glass, gypsum or plaster was found on or in Q212, Q251 or Q261.

SUMMARY PUNISHMENT - CIVIL RIGHTS

Specimens received

Q284 Caliber .380 Auto bullet from Northwest corner of living room

Results of examination:

From a preliminary examination of specimen Q284 it was possible to identify it as a caliber .380 Auto bullet having general rifling characteristics consisting of six lands and grooves, right twist.

The nose of this bullet was compressed at an angle consistent with that of a bullet striking a brick wall at the angle represented by the trajectory of a bullet that produced the hole in a piece of timber in the northwest corner of the living room at the premises, 2337 West Monroe Street, Chicago, Illinois.

It was concluded that none of the weapons received for examination could have fired Q284.

FEDERAL BUREAU OF INVESTIGATION

1

Date June 11, 1970

On June 9, 1970, upon the writer's return to duty from extended sick leave, an attempt was made to examine the evidence in this case maintained under custody of the Chicago Federal Bureau of Investigation (FBI) Office in Room 2114 of the Federal Building, 219 South Dearborn Street, Chicago, Illinois. However, the key originally assigned to the Chicago FBI Office to this room by K. WILLIAM O'CONNOR, Civil Rights Attorney, United States Department of Justice, would no longer open the lock.

Mrs. HENRIETTA SINSKY, Room 280, Federal Building, Office of General Services Administration (GSA), advised on June 10, 1970, that GSA had received authorization from Mr. JACK MEYER, in charge of property for United States Attorney's (USA) Office, Room 1500, Federal Building, to clean this room and to change the lock. She does not recall the exact date this was completed, but that it was approximately during the last week in May, 1970.

Mrs. SINSKY with the writer entered Room 2114 on June 10, 1970, and observed that the room had been cleaned of all surplus boxes and packaging materials and that there remained in the room three items each containing the sticker "Evidence Federal Bureau of Investigation Washington, D.C."

An examination of these items by the writer disclosed they contained the following items:

Box number one, 18 inches by 22 inches by 5 inches, contained a package with a notation, "Photographs of Q 162 through Q 167 Mattresses of Q 31 Hassock (PC-C3999FA)" The box had been returned from the FBI Laboratory, Washington, D.C. under date March 2, 1970, and contained the following information on the invoice of contents:

"'Bullets, bullet fragments and lead fragments removed from mattresses Q 162 through Q 167.' Radiographs of-Q 162 through Q 167 mattresses. Radiographs of hassock Q 31 (PC-C3999FA)."

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Box number two consisted of the following:

1. Man's black with white pin dot suit coat identified as FBI Laboratory number Q 32. Also included on the marking were two letter "Z's" to indicate that possibly the coat might have been examined by SA ROBERT ZIMMERS, FBI Laboratory, who did the balistics examinations in this case.

2. A 8½ inch by 11 inch manilla envelope containing FBI Laboratory items Q 21, Q 22, Q 23, Q 24, and Q 30.

3. A box approximately 6 inches by 8 inches by 1 inch containing FBI Laboratory items "Q 153 through Q 157 K47-K60 PC-C4471LU."

4. One unopened box approximately 4½ inches by 5½ inches by 1 inch marked "Q 133 and Q 134 MAC DONELL Slides."

5. One cardboard carton approximately 13½ inches by 11 inches by one inch containing a piece of plasterboard identified as "Q 1."

6. One card identified as "Q 281" approximately 5 inches by 7½ inches by 3/4 inches.

7. Small envelope approximately 3 inches by 5 inches containing FBI Laboratory "Q 28 and Q 29 - 2 cartrages from clothes bundle in entrance hall."

8. One package, wrapped, approximately 13 inches by 7 inches by 2 inches containing identification "Q 281."

9. One brick wrapped in brown paper identified as "Q 139."

10. "Q 26" consisted of a piece of wood, approximately 11½ inches by 4½ inches by 1 3/4 inches wrapped in brown paper.

Item number three consisted of a shopping bag containing invoices returned from the FBI Laboratory of numerous items previously submitted, as well as large manilla envelopes which had originally been received on January 19, 1970, by the writer from FRANCIS G. ANDRES, attorney for the Black Panther Party.

All of the above items are to be retained in the bulky exhibit file until such time that all litagation in this matter has been completed, it being noted that on June 10, 1970, a civil suit was filed in Federal District Court by Mrs. IBERIA HAMPTON, mother of deceased FRED HAMPTON, seeking damages in HAMPTON's death of $3,755,000.

On June 10, 1970, Mr. JACK MEYER, in charge of porperties, Office of USA, Room 1500, Federal Building, 219 South Dearborn Street, Chicago, (353-5302) advised that he authorized the changing of the locks in Room 2114 of the Federal Building during approximately the last week in May when the Office of the Building Manager of GSA assured him the "room was cleaned."

This investigation was predicated upon receipt of information from the New Haven Division reflecting that GEORGE SAMS, JR., had been charged with the holding and subsequent murder of one, ALEX RACKLEY for several days in May, 1969, during which time he was tortured, scalded with boiling water, beaten, burned, and subsequently murdered. An authorized complaint was filed May 27, 1969, before United States Commissioner (USC) ARTHUR H. LATIMER at New Haven, Connecticut, by SA [redacted]. A Commissioner's warrant was issued for his arrest on May 27, 1969, charging violation of Title 18, Section 1073, United States Code.

On June 3 and 4, 1969, information was received that the subject had been, and was then, on June 4, 1969, in the Black Panther Party (BPP) Headquarters, 2350 West Madison Street, Chicago, Illinois.

At approximately 5:00 a.m., on June 4, 1969, Agents of the Chicago Office surrounded the premises at BPP Headquarters. SA [redacted], telephonically informed a person answering the telephone at this address that a warrant was outstanding for the arrest of subject, GEORGE SAMS, Jr., and three other individuals. SA [redacted] attempted to elicit cooperation of those within the BPP Headquarters without success. After approximately 30 minutes, the occupants of this building were ordered out on the street and were placed under arrest. These eight individuals identified themselves as follows:

LOCKETT PHILIP BIBBS
BRUCE ALLEN DICKSON
ANDREA BEVERLY GRAVES
HARVEY DWIGHT HOLT
PATRICK KEEN

KEEN was subsequently transported by Bureau automobile to the Federal Bureau of Investigation (FBI) Office at 219 South Dearborn Street, where he was photographed, fingerprinted and interviewed concerning his association with the BPP and with the subject GEORGE SAMS, JR.

KEEN was provided with a copy of a Warning and Waiver Form which [illegible] read and stated he understood, but declined to sign.

KEEN provided the following information:

He stated that he has been a member of the BPP for approximately three weeks and advised that on the night of June 3-4, 1969, he was the Officer of the Day (OD) at BPP headquarters, 2350 West Madison, Chicago, Illinois. He advised that as the OD he had been in charge of the BPP office.

KEEN observed a photograph of GEORGE SAMS, JR. and stated that he did not know SAMS by name nor did he recognize the photograph. He stated that he had never seen the person in the photograph in the BPP office.

KEEN advised that a couple of weeks ago, he had gone into the BPP office and had heard someone talking loudly in another room in the office. He stated that he made inquiries about the person making the noise and was told that the man's name was WADDELL and that he was from BPP headquarters on the West coast. He added, however, that he did not actually observe WADDELL and, therefore, would be unable to state whether or not this person was identical with the photograph of GEORGE SAMS, JR.

Date June 11, 1970

On June 9, 1970, upon the writer's return to duty from extended sick leave, an attempt was made to examine the evidence in this case maintained under custody of the Chicago Federal Bureau of Investigation (FBI) Office in Room 2114 of the Federal Building, 219 South Dearborn Street, Chicago, Illinois. However, the key originally assigned to the Chicago FBI Office to this room by K. WILLIAM O'CONNOR, Civil Rights Attorney, United States Department of Justice, would no longer open the lock.

Mrs. HENRIETTA SINSKY, Room 280, Federal Building, Office of General Services Administration (GSA), advised on June 10, 1970, that GSA had received authorization from Mr. JACK MEYER, in charge of property for United States Attorney's (USA) Office, Room 1500, Federal Building, to clean this room and to change the lock. She does not recall the exact date this was completed, but that it was approximately during the last week in May, 1970.

Mrs. SINSKY with the writer entered Room 2114 on June 10, 1970, and observed that the room had been cleaned of all surplus boxes and packaging materials and that there remained in the room three items each containing the sticker "Evidence Federal Bureau of Investigation Washington, D.C."

An examination of these items by the writer disclosed they contained the following items:

Box number one, 18 inches by 22 inches by 5 inches, contained a package with a notation, "Photographs of Q 162 through Q 167 Mattresses of Q 31 Hassock (PC-C3999FA)" The box had been returned from the FBI Laboratory, Washington, D.C. under date March 2, 1970, and contained the following information on the invoice of contents:

"'Bullets, bullet fragments and lead fragments removed from mattresses Q 162 through Q 167.' Radiographs of Q 162 through Q 167 mattresses. Radiographs of hassock Q 31 (PC-C3999FA)."

Box number two consisted of the following:

1. Man's black with white pin dot suit coat identified as FBI Laboratory number Q 32. Also included on the marking were two letter "Z's" to indicate that possibly the coat might have been examined by SA ROBERT ZIMMERS, FBI Laboratory, who did the balistics examinations in this case.

2. A 8½ inch by 11 inch manilla envelope containing FBI Laboratory items Q 21, Q 22, Q 23, Q 24, and Q 30.

3. A box approximately 6 inches by 8 inches by 1 inch containing FBI Laboratory items "Q 153 through Q 157 K47-K60 PC-C4471LU."

4. One unopened box approximately 4½ inches by 5½ inches by 1 inch marked "Q 133 and Q 134 MAC DONELL Slides."

5. One cardboard carton approximately 13½ inches by 11 inches by one inch containing a piece of plasterboard identified as "Q 1."

6. One card identified as "Q 281" approximately 5 inches by 7½ inches by 3/4 inches.

7. Small envelope approximately 3 inches by 5 inches containing FBI Laboratory "Q 28 and Q 29 - 2 cartrages from clothes bundle in entrance hall."

8. One package, wrapped, approximately 13 inches by 7 inches by 2 inches containing identification "Q 281."

9. One brick wrapped in brown paper identified as "Q 139."

10. "Q 26" consisted of a piece of wood, approximately 11½ inches by 4½ inches by 1 3/4 inches wrapped in brown paper.

Item number three consisted of a shopping bag containing invoices returned from the FBI Laboratory of numerous items previously submitted, as well as large manilla envelopes which had originally been received on January 19, 1970, by the writer from FRANCIS G. ANDRES, attorney for the Black Panther Party.

All of the above items are to be retained in the bulky exhibit file until such time that all litagation in this matter has been completed, it being noted that on June 10, 1970, a civil suit was filed in Federal District Court by Mrs. IBERIA HAMPTON, mother of deceased FRED HAMPTON, seeking damages in HAMPTON's death of $3,755,000.

On June 10, 1970, Mr. JACK MEYER, in charge of porperties, Office of USA, Room 1500, Federal Building, 219 South Dearborn Street, Chicago, (353-5302) advised that he authorized the changing of the locks in Room 2114 of the Federal Building during approximately the last week in May when the Office of the Building Manager of GSA assured him the "room was cleaned."

Military Training Schedule

A 4 weeks mandatory class for all members, (Tue, Thur, and Sun) with the exclusion of all non-members. Classes should be conducted by a quali military staff; classes conducted expressing party ideology, and stressing military discipline at all times! Ex. Upon the entering of the class room of the military instructor all talking should cease and all trainees should take a firm attention standing position and remain in this manner until given the order to be seated. All classes or class activities should begin with; All Power to the People and Victory to the People's Revolution. The main purpose of the class is to give every party member a basic practical knowledge of military phase of the Peoples' Struggle. There should be no absenteeism from the Political Education Classes (Tuesday) reason being a military mind without a people's ideology is a hired killer and the people don't need no more pigs. Classes should be conducted in an orderly manner at all times.

Structure of the Classes

I. Discipline:

a. Discipline is the exact execution of orders resulting from an intelligent willing obedience rather than one based solely upon habit or fear. Discipline is necessary to assure orderly, [illegible] which alone can triumph over the seemingly impossible conditions of battle. The party members must be able to recognize and face fear because fear is the enemy of discipline. Fear unchecked will lead to panic and a unit that panics is no longer a disciplined unit but a mob. There is no sane person who is without fear, but with good discipline and high morale all can face danger. Punishment of individual members for breaches of discipline are sometimes necessary, but only to reform or eliminate those who are unfit to serve the People's Revolution.

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

FEDERAL BUREAU OF INVESTIGATION

Date June 5, 1969

On June 4, 1969 SA [redacted] was present at 2350 West Madison, Chicago, Illinois, when arrests were made for harboring a fugitive from justice, in building occupied by an organization calling themselves the Black Panthers. Special Agent in Charge MARLIN W. JOHNSON of the Chicago Federal Bureau of Investigation office instructed SA [redacted] to conduct a lawful search of the building in which the arrests were made, with assistance of other Special Agents of the FBI.

Posters, pamphlets, printed material and machines were observed on the walls, floors, desks and chairs and it appeared to SA [redacted] that these items would be subject to seizure under a search warrant issued in conformance with Rule 41 (b) of the Federal Rules of Criminal Procedure in conjunction with violations of Title 18, U.S. Code, Sections 2383, 2384 and 2385.

Section 2383 relates to rebellion or insurrection against the authority of the United States or the laws thereof or in giving aid and comfort thereto.

Section 2384 relates to conspiracy to overthrow, put down, or to destroy by force the Government of the United States, or to levy war against them, or to oppose by force the authority thereof, or by force to prevent, hinder, or delay the execution of any law of the United States, etc.

Section 2385 relates to willfully advocating, etc. the overthrow of the Government of the United States and the printing, etc. of material, and the organizing, etc. of persons for such purposes.

SA [redacted] therefore directed that certain materials be seized and preserved as evidence of violations of laws of the United States, possibly being committed in presence of Agents, both as mere evidence and as material designed or intended for use or which is or has been used as means of committing a criminal offense (Rule 41 (b)) and material that constitutes evidence of a criminal offense in violation of the laws of the United States (Title 18, U.S. Code, Section 3103a).

[redacted]

In conducting this search, the following matters were considered:

The arrests were completed between approximately 5:30 a.m. and 6:00 a.m. and it would not be possible to prepare detailed affidavits for search warrant and appear before the U.S. Commissioner or a District Court judge for several hours.

The building had been prepared with electrical devices and with solid steel doors and iron doors and bars placed over entrances, exits and windows, thusly preventing any entrance without breaking and entering and with use of firearms. Several weapons were present and seized and it is known to Agents that this organization calling themselves the Black Panthers has consistently stated that attempts to search or to effect arrests would be violently resisted, even with firearms.

That attempts to enter the building had met with no co-operation of any kind from persons in the building, and any future attempts to enter would undoubtedly be met in the same way, necessitating an armed force sufficient to effect the execution of a search warrant, thus making it impractical to obtain and effect a search by warrant on the same day.

Likelihood of destruction of evidence and removal of evidence while the paperwork necessary for a search by search warrant was being accomplished and filed.

Tenseness of the general neighborhood due to prior racial disorders.

BLACK PANTHER PARTY (BPP)

A characterization of the Black Panther Party (BPP) is attached as an appendix hereto. Confidential sources utilized in this characterization and those set forth below have all furnished reliable information in the past.

Reference is made to Chicago memorandum dated November 21, 1969, captioned as above, reflecting information from CG T-1, who advised that allegedly firearms were being kept in the first floor apartment at 2337 West Monroe Street, Chicago, Illinois.

A Chicago Police Department source advised on December 4, 1969, that officers of the Cook County State's Attorney Office conducted an early morning raid on a BPP apartment located at 2337 West Monroe Street, Chicago. The officers, armed with a search warrant and weapons, approached the above location at 5:00 a.m., on the above date, and in attempting to gain admission in order to serve the warrant, were met with shotgun fire.

The gun battle that ensued resulted in the death of Fred Allen Hampton, Deputy Chairman, Illinois Chapter, BPP, and Mark Clark, a BPP leader from Peoria, Illinois. Seven individuals were arrested as a result of the raid. Those arrested were:

Brenda Harris, Negro female, age 18, residing at 1848 South Hamlin. Harris received a gunshot wound in the hand and right leg.

Verlina Brewer, Negro female, age 17, residing at 125 West 107th Street. Brewer was wounded in the legs.

Blair Anderson, Negro male, age 18, residing at 6943 South Justine. Anderson received a groin and leg wound.

Ronald (Doc) Satchel, Negro male, age 19, Deputy Minister of Health, Illinois BPP, listing 2337 West Monroe Street as his address. Satchel was wounded in the right leg, right flank, and right hand.

Deborah Johnson, Negro female, age 19, Lieutenant of Finance, Illinois BPP, listing 2337 West Monroe Street as her residence.

Lewis Trulock, Negro male, age 19, Legal Counsel, residing at 1900 West Jackson Boulevard.

Harold Bell, Negro male, age 23, Captain of Defense, Illinois BPP, residing at 317 Howard Street, Rockford, Illinois.

According to the Police Department source, the individuals arrested will be charged before the Cook County Grand Jury with attempted murder.

Sergeant Daniel Groth, Cook County State's Attorney Police, advised on the above date he had led the other officers in conducting the raid and stated that when he approached the door to the apartment, he knocked and identified himself as a police officer and stated he was in possession of a search warrant to search the premises. Groth stated that upon receiving no response, he repeated his demand for entry and after seveal minutes had passed, forced the door open. Sergeant Groth stated he was accompanied by four police officers with four additional officers

entering through the back door of the apartment. Upon entering the apartment, Groth spotted a woman with a shotgun. The woman fired the shotgun and the police returned the fire. Sergeant Groth stated the firing of the shotgun created enough light in the darkness to illuminate a man standing behind the door, also armed with a shotgun. One of the officers exchanged shots with this man. The individual was hit and was later identified as that of Mark Clark. Groth stated at this point he called for the Panthers to surrender and heard a man's voice reply, "Shoot it out". The statement was made from someplace in the apartment. Shooting again resumed and one of the officers, John Ciszewski, shouted that he had been shot. (Officer Ciszewski received minor wounds, was treated at the hospital, and released.) Later, Sergeant Groth heard a man shout "Shoot it out with the pigs". Shortly thereafter, the gunfire ceased and those arrested as set forth above surrendered to the police.

At this point, Sergeant Groth stated a body, later identified as Fred Hampton, was found in one of the bedrooms. Sergeant Groth stated a loaded .45 pistol was found in Hampton's hand, and a shotgun was found near his side. Another officer, Edward Carmody, received a wound in the hand by flying glass and was treated and released from the hospital.

A search of the apartment located nine shotguns, one carbine rifle, one .22 caliber rifle, six hand guns, and approximately one to two thousand rounds of ammunition. According to Sergeant Groth, one of the shotguns taken in the raid had been reported stolen from a police car on April 6, 1969.

CG T-1 advised on the above date the only activities being planned by the Chicago BPP Chapter was with respect to the collection of bail money for the remaining Chicago Panther leaders, and also discussed the possibility of making a motion picture depicting the life and killing of Fred Hampton. No definite plans have been formulated regarding this matter. CG T-6 also advised on the above date that numerous unidentified individuals have been in contact with Panther Headquarters, 2350 West Monroe Street, requesting information pertaining to what funeral arrangements had been made. All those contacting the Headquarters were instructed that they should not be sympathetic toward the Panthers because of the killing of Hampton, but should furnish money to be used for bail on those arrested.

This source also stated the local chapter had been in contact with numerous Chicago radio stations in an effort to secure air time on "talk program" type shows in order to discuss the Panther version of Hampton's death. No commitments have been made by local radio stations.

SF T-16 advised on the above date the National Chapter of the BPP issued a press release to news media in San Francisco, California, concerning the above raid. Source stated the release reported that at 5:00 a.m., on December 4, 1969, Fred Hampton, Deputy Chairman of the Chicago Chapter, BPP, and Mark Clark, a Defense Captain of the Peoria, Illinois, BPP, were murdered, assassinated by special forces of the Office of State's Attorney, Chicago, Illinois. The release also stated that several other Panthers were injured, and that Hampton's wife, who is eight months pregnant, was arrested.

The release stated the special forces officers allegedly broke in the back door of Hampton's residence, forced their way in, charged into the bedroom, and murdered Hampton in bed without giving him a chance to get up. The release also alleges the officers did not have a search warrant, but merely stated they (the officers) were searching for illegal weapons.

BLACK PANTHER PARTY (BPP)

The release also stated that gunshots had not been fired by BPP personnel and that all of the shots fired by the police were in the bedrooms.

The release concluded the next course of action by the BPP will be to intensify information to the people because another revolutionary brother had been slain in the streets by the fascist "pigs" of this counrty and the people have to seize the time and take power.

On December 5, 1969, Sergeant Halleran, 21st Police District, Chicago, Illinois, advised that on that date, at 5:30 a.m. that morning, a raid had been conducted on the apartment of Bobby Rush, Deputy Minister of Defense, Illinois BPP. The apartment is located at 2030 South State Street, Chicago, and was unoccupied at the time of the raid. The whereabouts of Rush is unknown.

Sergeant Halleran stated the raid was conducted pursuant to a search warrant issued by a local court, alleging that weapons were in this apartment. Recovered during the search was a .22 caliber Derringer-type pistol, approximately two hundred rounds of ammunition, BPP and other literature, and a small amount of marijuana. The raid was conducted without incident and no arrests or injuries were reported. The area in the vicinity of the above apartment was normal.

BLACK PANTHER PARTY (BPP)

The release also stated that gunshots had not been fired by BPP personnel and that all of the shots fired by the police were in the bedrooms.

The release concluded the next course of action by the BPP will be to intensify information to the people because another revolutionary brother had been slain in the streets by the fascist "pigs" of this counrty and the people have to seize the time and take power.

On December 5, 1969, Sergeant Halleran, 21st Police District, Chicago, Illinois, advised that on that date, at 5:30 a.m. that morning, a raid had been conducted on the apartment of Bobby Rush, Deputy Minister of Defense, Illinois BPP. The apartment is located at 2030 South State Street, Chicago, and was unoccupied at the time of the raid. The whereabouts of Rush is unknown.

Sergeant Halleran stated the raid was conducted pursuant to a search warrant issued by a local court, alleging that weapons were in this apartment. Recovered during the search was a .22 caliber Derringer-type pistol, approximately two hundred rounds of ammunition, BPP and other literature, and a small amount of marijuana. The raid was conducted without incident and no arrests or injuries were reported. The area in the vicinity of the above apartment was normal.

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, ".....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BPP GENERAL ORDERS

Chicago area BPP leaders have warned all members that if they are arrested for any activity which they activated, they will be premantly expelled from the party. This order is allegedly good until canceled. It was made with the idea that Panthers should not ruin any chances to bring charges against the police officers conducting the raid at 2337 West Monroe on 12/4/69.

12/7/69

JEWEL COOK, RUFUS WALLS, WILLIE CALVIN, BOBBY RUSH

It appears that the BPP in the Chicago area will be run by the above individuals.

WILLIAM "BILL" HAMPTON, FRED HAMPTON

Rumors are that WILLIAM HAMPTON, brother of FRED, will be taking FRED's place as Deputy Chairman, Illinois Chapter of BPP. According to Chicago area BPP leaders, this will not happen as HAMPTON's position for BPP publicity must be preserved. Further the BPP theory of his death may be harmed if his position was filled.

BPP FINANCES

As a result of the publicity of the raid on 2337 West Monroe by the police on 12/4/69, the BPP has allegedly recieved

$19,000 in promised donations, $11,500 of which has either been given in check or cash; HAMPTON's family has also received several thousand. None of this money has been seen, only the Chicago BPP leaders word that this is the amount.

BLACK PANTHER PARTY

On March 8 and 9, 1970, CG T-1, who has furnished reliable information in the past, advised that on March 8, 1970, approximately 700 people, majority of whom were Negroes, gathered at the First Congregational Church, 40 North Ashland, Chicago, Illinois, where the Illinois Chapter of the Black Panther Party (BPP) held "the People's Inquest." The "jury" of the "Inquest" consisted of four men and eight women, three of whom were white and nine of whom were black, all allegedly selected from among the persons attending the Emergency Conference, held earlier this date, but more properly by the Chicago, Illinois, BPP leadership. The "coroner," allegedly appointed by the BPP leaders, was Doctor Charles D. Hurst, President of Malcolm X Community College, Chicago, Illinois.

The BPP is characterized in the appendix section attached hereto.

Jewel Cook, Field Secretary, Illinois Chapter, BPP, acted as the "prosecutor," that is, he acted as "the People's lawyer."

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The movie, which allegedly was shown on television that is supposedly the reinaction of the raid at 2337 West Monroe, Chicago, Illinois, on December 4, 1969, by those police officers who actually conducted that raid, was shown at the "Inquest" inasmuch as these officers did not respond to "The People's Subpoena" directed to each to appear before this "Inquest."

Brenda Harris, a BPP survivor of the above raid, told this "Inquest" that she and Mark Clark (deceased BPP leader from Peoria, Illinois) were asleep in the front room of the first floor apartment at the above address, when awakened by a knock on the door. She said that Clark responded by saying, "Just a minute, who is there?" She stated that as she and Clark started toward the door to open it, the door burst open and persons entering were firing guns at them. She stated that Clark was killed and she was wounded. In addition to being wounded, she also claimed to have been beaten and threatened by the raiders.

Ronald Satchel, a BPP survivor of the above raid, stated that he was asleep in the first bedroom toward the front of the apartment, was awakened by shots, started to put on his pants to see what was happening, was hit by five bullets before he could get into his pants. He also stated that he was handcuffed, pulled out of the bedroom, as well as kicked and cursed by the raiders and then, though badly wounded, was forced to walk out of the apartment to a squad car.

Donette Brewer, a BPP survivor of the above raid, stated that in addition to being kicked and cursed, even though wounded, she fell from the stretcher as the raiders roughly carried her down the front steps of the above apartment.

BLACK PANTHER PARTY

Debra Johnson, a BPP survivor of the above raid, stated that she was in the back bedroom of the above apartment, asleep with Fred Hampton (deceased Deputy Chairman, Illinois Chapter of the BPP) who was also asleep when she heard gunfire. She stated that Hampton raised his head, then lowered it slowly almost immediately and closed his eyes. She stated that a moment later, he was shot as she tried to move him to cover. She stated that Hampton might have been asleep when he was killed.

Harold Bell, a BPP survivor of the above raid, from the Rockford, Illinois, BPP Branch of the Illinois Chapter of the BPP, stated that he ran back to where Hampton was sleeping to awaken him, but was pulled from the room before he could do this.

Blair Anderson, a former BPP member and survivor of the above raid, stated that he was asleep in the same room as Satchel when awakened by gunshots. He stated that he immediately crawled under the bed. He stated that he was kicked, beaten and cursed by the police.

Louis Truelock, a BPP survivor of the above raid, was the only survivor who did not appear before the "Inquest."

Source stated that allegedly the reasons Truelock was not allowed to "testify" was due to the alleged reason that he failed to attend any of the alleged secret meetings between the BPP lawyers and the above survivors to rehearse what they were to say at this "Inquest." Further, allegedly Truelock claims he was the one who attempted to awaken Hampton which is not in agreement with Johnson's and Bell's "testimony" above.

Bobby Rush, Deputy Minister of Defense, Illinois Chapter of the BPP, introduced the "coroner," "the People's Lawyer," and those "testifying."

Source stated that the "coroner" related that the "jury" found the above BPP survivors "innocent" of any crime and the raiders "guilty of murder." The "coroner" stated, "We, the people, now ask for appropriate action by the State and hold State's Attorney Hanrahan and his men in contempt of the people."

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

> "Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, ".....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BLACK PANTHER PARTY

On March 8 and 9, 1970, CG T-1, who has furnished reliable information in the past, advised that on March 8, 1970, approximately 700 people, majority of whom were Negroes, gathered at the First Congregational Church, 40 North Ashland, Chicago, Illinois, where the Illinois Chapter of the Black Panther Party (BPP) held "the People's Inquest." The "jury" of the "Inquest" consisted of four men and eight women, three of whom were white and nine of whom were black, all allegedly selected from among the persons attending the Emergency Conference, held earlier this date, but more properly by the Chicago, Illinois, BPP leadership. The "coroner," allegedly appointed by the BPP Leaders, was Doctor Charles D. Hurst, President of Malcolm X Community College, Chicago, Illinois.

The BPP is characterized in the appendix section attached hereto.

Jewel Cook, Field Secretary, Illinois Chapter, BPP, acted as the "prosecutor," that is, he acted as "the People's lawyer."

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

BLACK PANTHER PARTY

The movie, which allegedly was shown on television that is supposedly the reinaction of the raid at 2337 West Monroe, Chicago, Illinois, on December 4, 1969, by those police officers who actually conducted that raid, was shown at the "Inquest" inasmuch as these officers did not respond to "The People's Subpoena" directed to each to appear before this "Inquest."

Brenda Harris, a BPP survivor of the above raid, told this "Inquest" that she and Mark Clark (deceased BPP leader from Peoria, Illinois) were asleep in the front room of the first floor apartment at the above address, when awakened by a knock on the door. BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, ".....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

When the police arrived, shooting occurred and upon entering Panther Headquarters, seven BPP members were arrested, one shotgun and one .30 caliber Carbin was confiscated.

Source advised the shooting had occurred at Panther Headquarters during the Headquarters during the early morning hours of October 4, 1969 because of trouble recently developing between Vice Lords and the BPP. Source stated the Vice Lords were a Negro youth gang operating on Chicago's West side and had approached the Panthers "wanting

to be cut in" on a medical center which the Panthers had announced would open soon. BPP refused to allow the Vice Lords any "part of the action". The Vice Lords told the BPP to either stop work and not attempt to operate the medical center or if the Panthers did open the center the Vice Lords would "burn it down". As a result of this earlier conflict between the Vice Lords and Panthers, a car loaded with Vice Lords drove by Panther Headquarters early that morning and fired shots at the headquarters. The Panthers returned the fire and the PD,arrived when the Vice Lords were making a second pass by headquarters. When the Vice Lords spotted the police they left the area and the police returned the fire of the Panthers, subsequently resulting in the arrest of seven members.

HAMPTON, after contacting the National Office, denied any knowledge of these threatening

letters and issued a press release alleging that the letters were another means of the establishment in its plot to put the Panthers in a bad light.

9/30/69).

Source advised that FRED HAMPTON had announced to the news media in Chicago that the BPP would protest the arrest of seven of its members at Panther Headquarters early that day. 10/7/69)

Special Agents of the FBI on October 7, 1969, at 11:00 AM, observed a group of Negro males, identifying themselves as BPP members, arrived at the Federal Building. These Panthers commenced handing out literature "Government Conspiracy to Destroy BPP". The pamphlets criticized the Chicago PD and referred to them as "Pig Daley's Imperialistic Mad Dogs", and also stated "the continued raids, jailing and murdering of Panthers proves there is a government conspiracy to destroy revolutionary leaders in Babylon (America)."

At the height of the rally, about 75 BPP and New Left people, along with 200 to 225 individuals were observed in the plaza area of the Federal Building. BOB RUSH, Deputy Minister of Defense spoke along the theme that the government should be on trial for conspiracy against the BPP. RUSH offered the raids on Panther offices throughout the nation as evidence. The rally was dismissed without incident.

Agents of the FBI observed a demonstration at Cook County Hospital, 1835 West Harrison Street, Chicago. This demonstration was sponsored, according to leaflet, by the Young Lords, the BPP and the Revolutionary Youth Movement (RYM II) faction of Students for a Democratic Society (SDS), on October 10, 1969. LYNN FRENCH, Chicago BPP member, spoke and stated that the BPP could perform a better service for the indigent people of the ghetto, instead of the Cook County Hospital, if the BPP was allowed to obtain a day care and health center. The group dispersed without incident.

Source advised that a discussion among BPP leaders was held regarding the formation of a committee against facism. During the discussion, it was mentioned the committee would most probably be comprised of one representative from the BPP and one from each of the organizations in which the BPP is currently in coalition. ; 10/10/68)

Twelve of the BPP members began a series of close order drills and marched around the plaza area of the Federal Building. The demonstration lasted from 12:00 noon to 1:30 PM when United States Marshals (USM) allowed 15 members to enter the Federal Building to attend court session at the conspiracy trial underway as set forth above.

All the members were searched prior to being allowed to enter. No incident or arrests were reported.

Source advised the Illinois Chapter of the BPP had announced a rally for October 25, 1969 at the Federal Building, Chicago. Purpose of the rally was to protest "racist trial and miscarriage of justice perpetrated on BOBBY SEALE by the Federal Judge JULIUS HOFFMAN at the Federal Anti-riot Conspiracy trial currently being held at the Federal Building.

10/21/69)

On October 25, 1969, Special Agents of the Federal Bureau of Investigation (FBI) observed at 12:25 p.m. approximately 25 White persons, 35 Negroes had gathered in the Federal Building plaza. These individuals had apparently gathered for the previously announced rally to protest the above described trial.

Protestors were observed carrying signs reading "Get Out of Vietnam Now", "Free Huey", "Free Bobby", "Stop Facist Raids", "Free Panthers Now", "Youth Against Facism", "Racist Pig Daley".

At 1:00 p.m., FBI Agents observed a group of 15 Negroes carrying 10 BPP flags commence marching back and forth in the Federal Building plaza area. The group chanted "Your left, your right, now back up the gun. Free Bobby." At 1:05 p.m., this group commenced marching around the Federal Building and circled the building five times. About 1:20 p.m., speeches commenced on the southeast corner of the Federal Building plaza. Ronald Satchel, Minister of Health, Illinois BPP, spoke regarding the west side medical center project of the BPP. He said the project was to be "people controlled" and "community controlled". He demanded the political prisoners Huey Newton and Bobby Seale should be freed. He also blamed the problems of the poor Negro on the capitalistic system in this country. He concluded saying that members of the BPP were not opportunists but revolutionists.

violating Seale's Constitutional Rights by not permitting Seale to have an attorney of his choice or by permitting Seale to represent himself during the trial. He stated that people should be educated to the fact they have a right to bear arms as set forth in the United States Constitution. Walls held up a copy of Chairman Mao Tse Tung's "Redbook" stating ideology set forth in this book is the ideology of the BPP. He concluded saying the day will come when Panthers will be everywhere.

At 2:10 p.m., speeches concluded and the crowd dispersed. No incidents or arrests occurred.

ARS,

FRED HAMPTON, according to the source, advised the National Headquarters, Oakland, California, that Chicago was encountering problems in connection with the opening of its health clinic. HAMPTON stated the clinic was not opened as some work remained. HAMPTON stated the Vice Lords have good control over the area in the vicinity of the clinic, but the Panthers intend to open the clinic anyway.

10/6/69)

Source advised on October 25, 1969, that representatives of the National Office of the BPP were arriving that date from California. Source further advised that BOB RUSH, FRED HAMPTON and others met EMORY DOUGLAS, National BPP Minister of Culture; DAVID HILLIARD, National BPP Chief of Staff, and two Negro females at O'Hare International Airport. HAMPTON advised the group that arrangements had been made for HILLIARD to speak at the residence of Dr. HERBERT HAZELKORN, 2700 Wilmette, Wilmette, Illinois, on October 26, 1969, to a group of Jewish people who would probably donate a large sum of money to the Illinois BPP.

The following day, source advised that HILLIARD, accompanied by RUSH and HAMPTON and other BPP members, travelled to HAZELKORN's residence where HILLIARD spoke before a group of approximately 75 white people. HILLIARD gave a short history of the BPP, but his main speech concerned the right of the Arab people to rise against the country of Israel inasmuch as Israel has always attempted to suppress the Arabs. The BPP received no money from this group.

10/25 and 26/69)

Source advised HILLIARD spoke at Malcolm X Junior College, formerly Crane Junior College, on Chicago's west side to a group of about 125 to 150 people. HILLIARD spoke on capitalism and imperialism and restricted his speech to the BPP interpretation of these words. The speech was not militant and lasted approximately 30 minutes. He is alleged

2

to have received a fee of $1,000 from the Malcolm X Campus Bookstore which is run by students of the College. This speech occurred on October 27, 1969.

, 10/27/69)

Agents of the FBI, on October 29, 1969, observed eight members of the BPP in the plaza area of the Federal Building, Chicago. As of 7:30 a.m., the group numbered approximately 20. These individuals, by 8:30 a.m., totaled 51, 16 of whom were white. At 8:45 a.m., 35 Negroes and 10 whites were admitted to the Federal Building and after being searched by United States Marshals, were allowed to attend the antiriot law conspiracy trial as spectators.

On October 29, 1969, the Security Department of the Illinois State Union, Normal, Illinois, advised the Springfield Office of the FBI that a meeting sponsored by the RYM-II faction of SDS would be attended by FRED HAMPTON. Subsequently, the Security Office of the Illinois State Union advised that HAMPTON did speak that evening and denounced the trial of BOBBY SEALE in Chicago, giving a brief history and outline of the BPP and urged the audience to come to Chicago on November 1, 1969, to demonstrate at the Federal Building for BOBBY SEALE. No incidents occurred at this meeting.

VI. BPP CONNECTIONS WITH OTHER MILITANT GROUPS

Source advised on August 25, 1969, he had obtained a leaflet being distributed in Chicago captioned "In Memorium; 8/28/69" indicating "The Conspiracy" and the "Chicago Peace Council" would sponsor a demonstration that day from 5 p.m. to 10:30 p.m. at Grant Park, Chicago.

8/25/69)

"The Conspiracy" is an organization which has described itself as being comprised of eight individuals

3

indicted for criminal trespass in violation of Antiriot Laws statute as a result of activities that occurred during the 1968 Democratic National Convention in Chicago.

The "Chicago Peace Council" is a coalition organization comprised of peace activist groups in the Chicago area.

, 8/25/69)

The leaflet, according to the source, included the BPP, Young Lords, Young Patriots, Young Comancheros, all Chicago youth street gangs, and "The Conspiracy" as sponsoring this rally.

At the rally, FRED HAMPTON spoke concerning his recent imprisonment and local BPP activities. No incidents or arrests were reported during this demonstration.

(, 8/25/69)

Sources advised on October 29, 1969, that a coalition does exist, in fact, between the BPP, Young Lords, Young Patriots and the RYM-II faction of SDS. RYM-II faction is led by MIKE KLONSKY, former National Secretary of SDS. Sources felt the coalition existed and would continue to exist only as long as the BPP felt it could receive some benefit from such a coalition. The sources did advise the coalition had deteriorated because of the refusal in the past of the BPP to engage in any activity with these groups unless the BPP received some benefit.

VII. FINANCES

Chicago BPP Chapter operates on funds received from the following sources:

4

(1) Speaker fees and honorariums received by BPP leaders for appearances at educational institutions and other public gatherings.

(2) Monthly assessments of BPP members, as well as fees charged for processing applications for membership in Chicago BPP Chapter.

(3) Donations and contributions given at BPP rallies or by individuals sympathetic to BPP objectives.

(4) No information developed indicating Chicago Chapter BPP has received any funds from National Chapter of BPP, from any foreign government or individual from a foreign country, or an organization operated in a foreign country.

National Headquarters of the BPP, Oakland, California, has allowed the Chicago Chapter to use proceeds from the sale of the Panther newspaper to defray expenses incurred for bonding members out of jail. The Chicago Chapter is in dire financial disorder.

10/69)
10/69)

Source advised FRED HAMPTON stated on October 25, 1969, that while at a fund raising party given by LUCY MONTGOMERY, 1754 North Wells Street, Chicago, he received $1,500.96 for the Illinois BPP. MONTGOMERY has been publicly identified as a supporter of the so-called "New Left" both philosophically and financially.

VIII. CONTACTS WITH COMMUNIST PARTY (CP) OR OTHER GROUPS

Source advised on October 10, 1969, CHARLENE MITCHELL, Field Secretary, National Black Liberation Commission (NBLC),

5

CP, USA, met with FRED HAMPTON and other BPP leaders at BPP Headquarters. The meeting was for the purpose of exchanging ideas in the struggle for black liberation.

Both the BPP and CP agree they have a concurrent theory toward the antiriot law trial currently in progress in Chicago in that neither wants to become involved in any violence nor possible threat situation.

Both groups agreed that neither should nor would "stick their necks out for anybody," particularly in connection with the antiriot trial in Chicago.

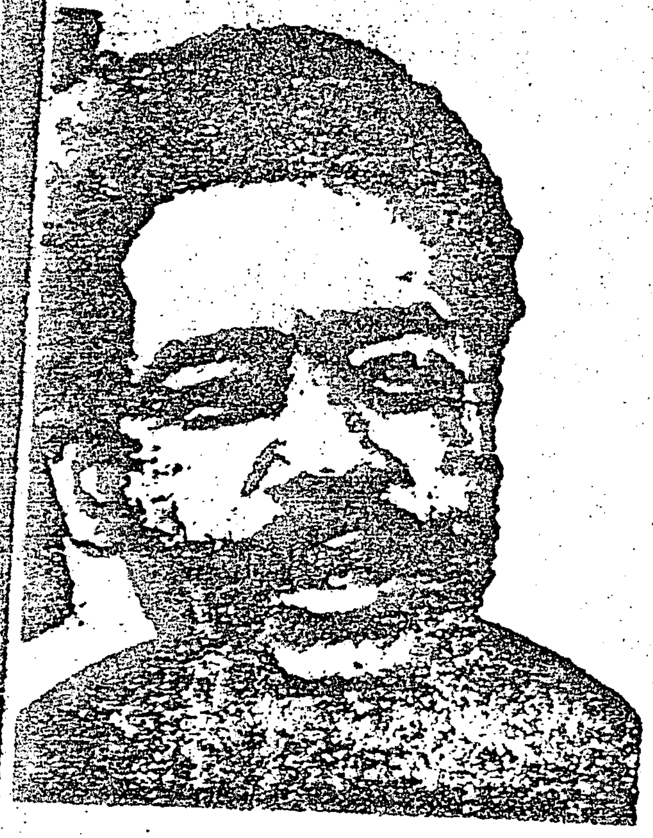
BLACK PANTHER PARTY

VOL. 1

NO. 4

STATEMENT BY CHAIRMAN BOBBY SEALE TO JUDGE JULIUS J. HOFFMANN



I, Bobby G. Seale, submit the following in my handwriting to Judge Julius Hoffman of this Court in the Northern District of Illinois, Eastern Division of the U.S.A., where presently the trial of so-called 'Conspiracy to Riot' is being held, 9-26-69, and I, Bobby G. Seale, being one of the defendants of eight have been, by denied motion, the right to speak out in my behalf where my constitutional right to have 'Legal Counsel of my choice who is effective,' namely Charles R. Garry, who is on record in this court as my defense counsel that I have made agreement with by my choice only that he will assist me in my defense during this trial.

I submit to Judge Julius Hoffman that the trial be postponed until a later date where I, Bobby G. Seale, can have the 'Legal Counsel of my choice who is effective,' Attorney Charles R. Garry, and if my constitutional rights are not respected by this court then other lawyers on record here representing me, except Charles R. Garry, do not speak for me or represent me as of this date, 9-26-69. I fire them now until Charles R. Garry can be made available as chief counsel in this trial of so-called 'Conspiracy to Riot' and in fact be my legal counsel of choice who is effective in assisting me in my defense. The only attorney I know of who can defend me and be effective is Charles R. Garry, who is presently my attorney on record in this court.

If I am continuously denied this constitutional right of legal defense counsel of my choice who is effective by the Judge of this court, then I can only see Judge Hoffman as a blatant racist of this U.S. Court with gross prejudicial error toward all defendants and myself in particular.

POWER TO THE PEOPLE!

CHICAG[illegible] FUTILITY

It is now crystal clear to the masses of the people at home and abroad that the United States is a downright fascist country. This has been exemplified with the commencement of the trial of the so called 'Conspiracy 8' on September 24th in Chicago.

The fascist judge, 'Adolph' Julius J. Hoffman has promised that this will be the trial of the decade. It is obvious that this is the last stage and the turning point in American history when the iron hand of the dictatorship will be displayed.

This mock trial would not be possible without the inclusion of the Black Panther Party. The fascist Gestapo pigs have railroaded our Chairman on another trumped-up charge. Having kidnapped him from San Francisco these lunatics took him by car to Chicago 12 days prior to the trial. They had him sleeping in various county jails throughout the journey. Jails not fit for any form of habitation. The result is that Chairman Bobby Seale arrived in Chicago sick from the rot and mess of the jails to face the SS and the Gestapo army.

These fascist madmen have refused to to allow him to see a doctor and it is obvious that they intend murdering the Chairman by any means necessary.

It would be deviating not to keep to the pattern set. Charles R. Garry, Chairman Bobby Seale's attorney [illegible] postponement of the trial [illegible] the hospital for an operation [illegible] to be present in Chicago. 'Adolph' Hitler Hoffman has of course refused the request and Chairman Bobby Seale faces the fascists without an attorney.

The judge has gone through the [illegible] of a dictatorial jury selection [illegible] questions like [illegible] were the qualifications necessary [illegible] sit on the jury. Relevant facts like [illegible] these people true representatives of the peer group of the defendants [illegible] were thrown out as being immaterial and irrelevant.

This is a warning for us to intensify the struggle to heighten our awareness [illegible] together as it is clear that this mockery of a system will not deem any justice and that the time is imminent for us to move from all directions.

It is also the time for us to understand that the [illegible] of the masses must be intensified. The action on the part of the mother country radicals in antagonizing the

GROUNDWORK FOR FASCISM

America has taken step one of Fascism relatively calmly. Amidst a few murmurs of "death of freedom of the press", the fascist power structure, formerly condoned and supported by the mass media, has turned on its former lap-dogs. Needless to say the mass media and the Chicago power structure [illegible] have never gotten along too well. The relationship was similar to that of a banker and a whore with the media doing all the flat-backing. And also the flowers have been kicked out of the bed, and with memories of the last "convention" beating fresh in their minds, they have remained, in the main, dutifully silent.

Ray "Masai" Hewitt
Minister of Education

The mass media has not seen able nor seen fit to defend the Constitution when it is applied to members of the Black Panther Party, S.D.S., The Young Lords, Los Siete de la Raza, Ahmed Evans, and a multitude of other "negative elements". It is neither a secret nor a surprise that news coverage of the years of repression has been more concerned with profit than truth. It is a strange paradox [illegible] the "[illegible]" [illegible] or help to those who [illegible] fend it. With the arrest Friday of nine newsmen in Chicago for allegedly violating the picture taking-or-something act, the Federal Government proved that freedom of the press is at best a sometime thing depending on the whims of the ruling class. Strange how most papers, radio, and T.V. stations found this blatant act of fascism only of secondary importance, if any at all. The fact that "it could never happen in America" was not debated pro or con; the fact that this "ban" was formerly confined to "Nazi Germany" or "racist South Africa" was also easily ignored.

This failure of the human senses in men, who have professional reputations for being sharp, can only be viewed as cowardice or complicity. While this same "profession" failed to give proper context to their own miserable plight, they were on their jobs when it came time to spread "approved" government-issue lies about the Black Panther Party, The Young Lords, and the Young Patriots allegedly "awaiting a load of machine guns", that ever one (F.B.I., C.I.A., State and City pigs) seemed to know about, except the so-called "suspects". They were also quite skillful in seeing to it that this news was broadcast everywhere but Chicago.

This was compounded by the fact that:

1. They failed to give any cry of alarm when our Chairman, Bobby Seale was kidnapped in an obvious frame-up attempt.

2. They failed to give scope or context to the [illegible] Department's [illegible] plan to raid the National Headquarters of the Black Panther Party, with no survivors intended.

3. In recent months there has been an escalation of terror, murder, raids, [illegible] lies on the Black Panther Party, and the news media has been relatively silent. There were no cries of a "credibility gap" as there had been in Viet Nam. No cries of the Government stifling the news were to be heard.

THE CHICAGO SET-UP

The fact that there have been three raids on Panther homes in Chicago in the last three weeks and one Panther (Larry Roberson) murdered, has almost totally eluded the sharp-eyed, keen-nosed news beagles. Also the fact that in all these raids weapons were seized, has likewise escaped the stalwart defenders of "the American way". This is no easy task since some of those raids were daylight raids, and involved as many as [illegible] uniformed, smirking, Fascist Pigs, with helicopters flying close-air support while pigs ran amuck. As of press time, the last Panther home raided was [illegible] Rush's (Dep. Minister of Defense for the State of Illinois) at [illegible] o'clock Saturday morning September [illegible]. The pigs allegedly had a warrant for [illegible] Rush's arrest, but he wasn't home so they ripped off his gun, and left. Since then [illegible] has surrendered to the community as usual, but Daley's fascists [illegible] forgotten their "warrant."

These events should be viewed in light of the fact the "alleged" machine-gun [illegible] the Illinois National Guard (as fine a bunch of fascists as ever lived) is on stand-by; unlike the Convention, this time the mass media has been effectively hobbled, blinded, and silenced; the "dissidents" have been effectively disarmed. The only ones who know about any shipment of arms, are the pigs and the pig-[illegible] media; the [illegible] coalition has already hinted that the plan of the "dissidents" may include seizing the Pentagon; and you have the ground-work and the alibi for a massive St. Valentine's Day Massacre by fascist pigs posing as "servants of the people."

If any of those "Clark Kent" types has the guts of a mustard seed, they will write of Pig Daley in terms reserved for Hess, Himler, Eichman, and Co., but they would still be lying. A plot as monsterous and massive as this should not be alluded to a brain as small as Daley's, not even to the most chicken-hearted of so-called newsmen.

The plot to destroy the Black Panther Party, and thereby crush the whole movement of dissent is directed by Tricky-Dick Nixon, and his number one hatchet man, Attorney General John Mitchell. Under their direction a federal task force set up "to keep an eye on the Panthers", has inflicted a reign of terror and lies upon the Black Panther Party from coast to coast.

It is no surprise to the Black Panther Party that "it (fascism) has happened here", the only question is "how long will the people [illegible]"

Judge Adolph Julius Hoffman, 74 years old, has been named as the 'hanging judge' for the trial of the Conspiracy Eight. The 8 defendants are charged with conspiracy to incite a riot in 1968,

cite a riot in 1968, before the democratic convention. Chairman Bobby Seale, National Chairman of the Black Panther Party, and the other 8 defendants face 10 years imprisonment and $20,000 fine if they are convicted.

Judge Adolph Hoffman stands on his record as a fascist. He has continually propagated this fascist moribund judicial system upon any and all advocates of socialism and or collectivism. This judge always finds any defendants 'guilty' who have views which differ in the slightest degree from his and his other reactionary paper cartoon characters.

On Thursday, September 25, 1969, the trial and selection of the jury began. Judge Hoffman (K Goo exerted all efforts to deny Chairman bobby and all the other defendants any and all motions presented by their defense attorneys. Once again it is most important that we recognize fascism for what it actually is. The 'hangman' only allowed pigs, man's and paramilitary right participants to remain on the jury. [illegible] being [illegible] of the defendants' peer group was immediately dismissed from the jury.

The judge and state's attorney Foran have an expert plan. They are obviously not aware that we the people, and we the members of the Black Panther Party no longer tolerate astronomical intimidation. We will go forth no matter what the sacrifice to propagandise and educate the masses of people. It is impossible to deceive the masses for any extended period of time, and their time has most assuredly run out. "The spirit of the people is greater than the man's technology" and the spirit of the Vanguard can never be crushed. An idea like freedom and liberation which has been born and started to grow – cannot be stopped when its time has come to mature.

JUDGE JULIUS J. HOFFMAN

LETTER TO BOBBY FROM HIS WIFE

Bobby:

The fascist pigs have kidnapped you, and are trying to railroad you on trumped-up charges. The ransom for you Bobby, is the annihilation of all Panther members and headquarters. If the pig power structure had any knowledge of political economy, and the hardships of oppressed people, then they wouldn't act like racists, but like Judge Sherwin, who freed our Eldridge.

The Panther Party has, is, and will go forth into the community and educate the masses of the people about the rapings, the exploitations and the murders which the ruling class have subjected us to. The working class has a high infant mortality rate, death from starvation, and the suicide rate has been on a steady increase. All this is part and parcel of making sure that the coins still jingle in the pockets of the bourgeoisie jackasses. Therefore, it is only logical that the avaricious businessmen, the demagogic politicians, the murderous racist pig cops, can do nothing more than murder us, when we show the people the correct ideology.

The pigs have, and will go forth to hire, organizations (who are tools for the government) to kill members of the Black Panther Party. Remember when it was mentioned that there have been too many legalized judicial murders in the court room? Judge Hoffman is the true example of a legal hangman.

Bobby, I love you, and I'm going to try and tell the masses of people what you've been rapping to me in the past. Your spirit is strong. It's like that ever-pounding beat within the souls of Black people which says, their spirit will never die, because you, Bobby, and Huey P. Newton started a fire within the masses, that the pigs will never put out.

Your other half,
Artie

WHO ARE THE REAL CONSPIRATORS

"As a Black Man in America, I can't get a fair trial in a RACIST COURT"...Chairman Bobby Seale

This was the theme of the court proceedings of the Conspiracy Eight. From the hand picked jury (eight middle aged, white suburbanites, two house negroes, and two big businessmen–all registered voters) to the constant denial by Julius 'Adolph Eichman' Hoffman of all the defense motions.

Before the selection of the racist, Nazi-ridden jury was made, they were allowed to read newspapers in the ceremonial courtroom. Later, Hoffman, pig Nixon's chief fund raiser and right hand lackey in Illinois, told the prospective jurors not to read newspapers, listen to TV, or talk with each other.

The special category of jurors, all registered voters, were in contradiction to the political morales of the defendants. The defendants, demonstrators against the bourgeois political process, and a socialist revolutionary, an advocate of the people's dictatorship (proletarian democracy) are going to be tried by people who support and participate in that same bourgeois political process. This unrepresentative, illegal and unconstitutional jury is illustrative of the court proceedings here in fascist America. THE BLACK PANTHER PARTY demands that all defendants be tried in a court by a jury of their peer group and not lilly white suburbanites, right-wingers, black lackies, and capitalist businessmen. This overt misrepresentation of the community illustrates the 'conspiracy' against the defendants in general and the Chairman in particular – this is the only conspiracy. was spent in dismissing prospective black jurors and working class people. The conspiracy became evident as the government [illegible] people who because of their class [illegible] inner city residents would be [illegible] [illegible] [illegible] (Thomas Foran [illegible] Attorney, and Julius Hoffman, pig Judge) conspired and removed the conspiracy staff from from the defense counsel table.

Kuntsler acknowledged Hoffman's effort to intimidate all defense then fort to intimidate all defense counsel then the fascist tee-totaler warned him to watch the language that he uses (not to talk of objective reality).

It will be impossible for a true revolutionary, Chairman Bobby, to get a fair trial from a bourgeois reactionary. This fascist bourgeous state (Babylon) is using the courts to fall the revolutionary machine. But it won't work, the Vanguard Party, the motive force of the revolutionary movement, has already began to motivate, mobilize and energize the once sleeping masses. The trial of Chairman Bobby shows the people that unless they are in power to control all legislative and judicial processes (proletarian democracy), their leaders will be railroaded and the Vanguard will be slowed down.

William J. (Jobawaukee) Campbell, Chief pig circuit judge and 'Adolph' Hoffman have schemed together to stifle any and all communication and information on the trial. No press releases, press statements, photographs, pictures or tapes can be made by the defendants to express their view of the legal lynching. The Chairman isn't even allowed to speak to the press in the presence of the mechanical monsters (U.S. Marshalls). 'Adolph' has said that he isn't there to satisfy public interest but will 'run the court as I see fit.' (A bourgeois reactionary and fascist oppressor can only give a bourgeois reactionary verdict and run a trial in the manner of Nazi fascists.)

FREE BREAKFASTS FOR CHILDREN

Last week the demagogic bourgeoisie press carried an article which stated that the Black Panther Party in the City of Chicago was no longer feeding hungry school children. The article also stated that the Party was using the Breakfast money and food for their own personal use. This is totally incorrect, the Black Panther Party refuses to accept the ideology of the capitalist pig power structure which starve [illegible] of its population and uses food funds to send their astro-pigs to the moon for the purpose of "imaginating exploration."

The people and the Black Panther Party say there's something terribly wrong when Daley's Stockyard pigs have nothing more to do than sit in front of our breakfast centers and spy on and intimidate the hungry school children, who attend our centers by the hundreds each morning.

Not only do the Breakfast Centers provide free breakfasts but they also serve as a place where children receive revolutionary culture, education and also immediate first aid treatment. We believe anything the people want and need can be gained through revolutionary struggle and until the people realize this we will continue to lighten the oppressive load that this pig power structure has placed on the people.

So the Black Panther Party's Breakfast for Children Program will continue in oppressed communities as long as the masses find it necessary. And we say to the pigs who wallow in the pig pen cars in front of the Breakfast Centers, our offices and cribs, Beware! The beat of the people is much too fast, so go back home where you belong. Watch out pigs, it's a people's thing!

One attorney, Gerald Lefcourt, is the chief counsel for the New York 21 and must return to New York to fight for their freedom. The only reason he can give for locking the attorneys up is Chairman Bobby's insistance upon having Charles Garry as his counsel. This is blackmail, piracy, genuine and unadorned.

One must understand the significance of the courts here in Babylon. There aren't too many more pigs they can hire, or too many more laws that they can pass, but the fascist power structure can call grand jury hearings and issue indictments forever. They are using the court system to frustrate the revolutionary struggle and imprison the manpower needed to carry the revolution through to the end.

Pig Nixon, Hoffman, and Hoover, we have uncovered your "conspiracy" against the people. The people of the whole world see through your fascist lies and your kangaroo court. You smell of pig manure and your true nature is evident to all who see you wallow in the mire. Keep your hands off Bobby mother——. Keep your hands off the people. You are on the verge of extinction. The people are waiting for the opportune time to hang you for your astronomical crimes. You and all reactionaries are doomed. BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. MICHAEL KLONSKY, National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the world-wide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power and does not support the polices of that country.

SDS maintains a National Office in Room 206, 1608 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC), CHICAGO BRANCH

A source advised in May, 1968, that the Chicago Branch of SNCC was an affiliate of the national SNCC with headquarters located in Atlanta, Georgia. It was a non-membership type group headed in Chicago by ROBERT ALFONZO BROWN, a 19 year old male Negro, with the title of Midwest Region Director. BROWN maintained strict loyalty to STOKELY CARMICHAEL, Recruiter and Organizer and former National Director of SNCC. BROWN attempted to align Chicago's SNCC activities within the framework of CARMICHAEL's policies.

In a speech at Chicago on March 25, 1968, CARMICHAEL commented as follows: "The white people are preparing to commit genocide against the black race. What are we feeling so moral about? We know the honky got everything. He got it by stealing it. He's not going to give you anything. We got to take it. These brothers on the streets every day take it, but they're taking it for themselves. Let's organize them and let them take it for our people."

This source advised on August 27, 1968, that officials of the Chicago Branch of SNCC disbanded that branch on August 25, 1968, and as of that time it was no longer in existence. Its leaders became associated with the Black Panther Party at that time.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC)

The Student Nonviolent Coordinating Committee (SNCC), headquartered at 360-362 Nelson Street, S. W., Atlanta, Georgia, is a nonmembership organization, which was born out of the sit-in movement that erupted across the South beginning in 1960.

Today SNCC identifies itself as an organization in the revolutionary vanguard. It advocates that to be successful it is necessary to develop a revolutionary ideology and revolutionary program.

According to SNCC the year 1967 marked a historic milestone in the struggle for the liberation of black people in the United States and the year that revolutionaries throughout the world began to understand more fully the impact of the black movement. SNCC declared that "liberation will come only when there is final destruction of this mad octopus--the capitalistic system of the United States with all its life-sucking tentacles of exploitation and racism that choke the people of Africa, Asia, and Latin America. The realities of black life, together with the recognition instilled in SNCC workers forced its members to further popularize the legitimacy of self-defense and rebellions when oppression became too great."

From May, 1966, until May, 1967, Stokely Carmichael was National Chairman of SNCC. As of July, 1968, Carmichael resided in Washington, D. C., where he was affiliated with SNCC and active as temporary chairman of a black coalition group. In May, 1967, Carmichael was replaced by Hubert Gerold Brown, commonly known as H. Rap Brown, who served until June, 1968.

In June, 1968, at the Staff and Central Committee meeting of SNCC held in Atlanta, Georgia, it was decided to restructure the organization by equalization of responsibility by creating ten deputy or vice chairmanships. The primary purpose for this change is to take law enforcement pressure off any single individual.

3/27/68)

The BPP did not have a headquarters until space was acquired at 2350 West Madison Street, Chicago, Illinois, in November, 1968. The space acquired was the second and third floor of the building at the above address.

Source stated the Vice Lords were a Negro youth gang operating on Chicago's West side and had approached the Panthers "wanting

to be cut in" on a medical center which the Panthers had announced would open soon. BPP refused to allow the Vice Lords any "part of the action". The Vice Lords told the BPP to either stop work and not attempt to operate the medical center or if the Panthers did open the center the Vice Lords would "burn it down". As a result of this earlier conflict between the Vice Lords and Panthers, a car loaded with Vice Lords drove by Panther Headquarters early that morning and fired shots at the headquarters. The Panthers returned the fire and the PD,arrived when the Vice Lords were making a second pass by headquarters. When the Vice Lords spotted the police they left the area and the police returned the fire of the Panthers, subsequently resulting in the arrest of seven members.

At the height of the rally, about 75 BPP and New Left people, along with 200 to 225 individuals were observed in the plaza area of the Federal Building. BOB RUSH, Deputy Minister of Defense spoke along the theme that the government should be on trial for conspiracy against the BPP. RUSH offered the raids on Panther offices throughout the nation as evidence. The rally was dismissed without incident.

Agents of the FBI observed a demonstration at Cook County Hospital, 1835 West Harrison Street, Chicago. This demonstration was sponsored, according to leaflet, by the Young Lords, the BPP and the Revolutionary Youth Movement (RYM II) faction of Students for a Democratic Society (SDS), on October 10, 1969. LYNN FRENCH, Chicago BPP member, spoke and stated that the BPP could perform a better service for the indigent people of the ghetto, instead of the Cook County Hospital, if the BPP was allowed to obtain a day care and health center. The group dispersed without incident.

At 1:00 p.m., FBI Agents observed a group of 15 Negroes carrying 10 BPP flags commence marching back and forth in the Federal Building plaza area. He concluded saying that members of the BPP were not opportunists but revolutionists.

The following day, source advised that HILLIARD, accompanied by RUSH and HAMPTON and other BPP members, travelled to HAZELKORN's residence where HILLIARD spoke before a group of approximately 75 white people. HILLIARD gave a short history of the BPP, but his main speech concerned the right of the Arab people to rise against the country of Israel inasmuch as Israel has always attempted to suppress the Arabs. The BPP received no money from this group.

Agents of the FBI, on October 29, 1969, observed eight members of the BPP in the plaza area of the Federal Building, Chicago. As of 7:30 a.m., the group numbered approximately 20. These individuals, by 8:30 a.m., totaled 51, 16 of whom were white. At 8:45 a.m., 35 Negroes and 10 whites were admitted to the Federal Building and after being searched by United States Marshals, were allowed to attend the antiriot law conspiracy trial as spectators.

At the rally, FRED HAMPTON spoke concerning his recent imprisonment and local BPP activities. No incidents or arrests were reported during this demonstration.

, 8/25/69)

Sources advised on October 29, 1969, that a coalition does exist, in fact, between the BPP, Young Lords, Young Patriots and the RYM-II faction of SDS. RYM-II faction is led by MIKE KLONSKY, former National Secretary of SDS. Sources felt the coalition existed and would continue to exist only as long as the BPP felt it could receive some benefit from such a coalition. The sources did advise the coalition had deteriorated because of the refusal in the past of the BPP to engage in any activity with these groups unless the BPP received some benefit.

VII. FINANCES

Chicago BPP Chapter operates on funds received from the following sources:

National Headquarters of the BPP, Oakland, California, has allowed the Chicago Chapter to use proceeds from the sale of the Panther newspaper to defray expenses incurred for bonding members out of jail. The Chicago Chapter is in dire financial disorder.

10/69)
10/69)

Source advised FRED HAMPTON stated on October 25, 1969, that while at a fund raising party given by LUCY MONTGOMERY, 1754 North Wells Street, Chicago, he received $1,500.96 for the Illinois BPP. Source advised on October 10, 1969, CHARLENE MITCHELL, Field Secretary, National Black Liberation Commission (NBLC),

5

CP, USA, met with FRED HAMPTON and other BPP leaders at BPP Headquarters. The meeting was for the purpose of exchanging ideas in the struggle for black liberation.

Both the BPP and CP agree they have a concurrent theory toward the antiriot law trial currently in progress in Chicago in that neither wants to become involved in any violence nor possible threat situation.

Both groups agreed that neither should nor would "stick their necks out for anybody," particularly in connection with the antiriot trial in Chicago.

ALL MEMBERS OF THE BPP MUST BE CONSIDERED ARMED AND DANGEROUS IN VIEW OF DESIRE OF ALL MEMBERS TO HAVE FIREARMS.

MINISTRY OF INFORMATION
BULLETIN
ILLINOIS CHAPTER
VOL. 1 BLACK PANTHER PARTY NO. 4

STATEMENT BY CHAIRMAN BOBBY SEALE TO JUDGE JULIUS J. HOFFMANN

I, Bobby G. Seale, submit the following in my handwriting to Judge Julius Hoffman of this Court in the Northern District of Illinois, Eastern Division of the U.S.A., where presently the trial of so-called 'Conspiracy to Riot' is being held, 9-26-69, and I, Bobby G. Seale, being one of the defendents of eight have been, by denied motion, the right to speak out in my behalf where my constitutional right to have 'Legal Counsel of my choice who is effective,' namely Charles R. Garry, who is on record in this court as my defense counsel that I have made agreement with by my choice only that he will assist me in my defense during this trial.

I submit to Judge Julius Hoffman that the trial be postponed until a later date where I, Bobby G. Seale, can have the 'Legal Counsel of my choice who is effective,' Attorney Charles R. Garry, and if my constitutional rights are not respected by this court then other lawyers on record here representing me, except Charles R. Garry, do not speak for me or represent me as of this date, 9-26-69. I fire them now until Charles R. Garry can be made available as chief counsel in this trial of so-called "Conspiracy to Riot' and in fact be my legal counsel of choice who is effective in assisting me in my defense. The only attorney I know of who can defend me and be effective is Charles R. Garry, who is presently my attorney on record in this court.

If I am continuously denied this constitutional right of legal defense counsel of my choice who is effective by the Judge of this court, then I can only see Judge Hoffman as a blatant racist of this U.S. Court with gross prejudicial error toward all defendants and myself in particular.

POWER TO THE PEOPLE!

CHICAG[illegible] [illegible]

FUTILITY

It is now crystal clear to the masses of the people at home and abroad that the United States is a downright fascist country. This has been exemplified with the commencement of the trial of the so called 'Conspiracy 8' on September 24th in Chicago.

The fascist judge, 'Adolph' Julius J. Hoffman has promised that this will be the trial of the decade. It is obvious that this is the last stage and the turning point in American history when the iron hand of the dictatorship will be displayed.

This mock trial would not be possible without the inclusion of the Black Panther Party. The fascist Gestapo pigs have railroaded our Chairman on another trumped-up charge. Having kidnapped him from San Francisco these lunatics took him by car to Chicago 12 days prior to the trial. They had him sleeping in various county jails throughout the journey. Jails not fit for any form of habitation. The result is that Chairman Bobby Seale arrived in Chicago sick from the rot and mess of the jails to face the SS and the Gestapo army.

These fascist madmen have refused to to allow him to see a doctor and it is obvious that they intend murdering the Chairman by any means necessary.

It would be deviating [illegible] to keep to the pattern set. Charles R. Garry, Chairman Bobby Seale's attorney [illegible] postponement of the trial [illegible] the hospital for an [illegible] to be present in Chicago. 'Adolph Hitler' Hoffman has of course refused the request and Chairman Bobby Seale faces the fascists without [illegible] attorney.

Relevant facts like [illegible] these people true representatives of the peer group of the defendants [illegible] were thrown [illegible] as being immaterial and irrelevant.

This is a warning for [illegible] intensify the struggle to heighten our awareness [illegible] together as it is clear that this mockery of a system will not deem any justice and that the time is imminent for us to move from all directions.

It is also the time for us to understand that the [illegible] of the masses must be intensified. The action on the part of the mother country radicals in antagonizing the [illegible] attitude [illegible] their level of [illegible] from a lower level [illegible]

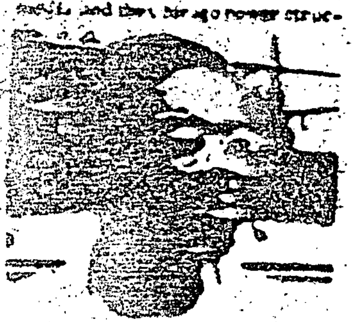
GROUNDWORK FOR FASCISM

America has taken step one of Fascism relatively calmly. Amidst a few murmurs of "threats of freedom of the press", the fascist power structure, formerly condoned and supported by the mass media, has turned on its former lackeys. Needless to say the mass media and their fascist power structure have never gotten along so well. The relationship was similar to that of a banker and a whore with the media doing all the [illegible] [illegible] also the flowers have been kicked out of the bed, and with memories of the last "convention" resting fresh in their memories, they have remained, in the main, dutifully silent.



Ray "Masai" Hewitt
Minister of Education

The mass media has not been able nor seen fit to defend the Constitution when it is applied to members of the Black Panther Party, S.D.S., The Young Lords, Los Siete de la Raza, Ahmed Evans, and a multitude of other "negative elements" (It is neither a secret nor a surprise that news coverage of the years of repression has been more concerned with profit than truth.) It is a strange paradox [illegible] the "Constitution" [illegible] or help [illegible] from it. With the arrest Friday of Rime newsmen in Chicago for allegedly violating the picture taking-or-videotaping [illegible], the Federal Government [illegible] that freedom of the press is at best a sometime thing depending on the whims of the ruling class. Strange how most papers, radio, and T.V. stations found this blatant act of fascism only of secondary importance, if any at all. The fact that "it could never happen in America" was not sobered [illegible] or cond the fact that this "ban" was formerly confined to "Nazi Germany" or "racist South Africa" was also easily ignored.

This failure of the human senses in men, who have professional reputations for being sharp, can only be viewed as cowardice or complicity. While this same "profession" failed to give proper context to their own miserable plight, they were on their jobs when it came time to spread "approved" government-issue lies about the Black Panther Party, The Young Lords, and the Young Patriots allegedly "awaiting a load of machine guns", that every one (F.B.I., C.I.A., State and City pigs) seemed to know about, except the so-called "suspects". They were also quite skillful in seeing to it that this news was broadcast everywhere but Chicago.

This was compounded by the fact that:

1. They failed to give any cry of alarm when our Chairman, Bobby Seale was kidnapped in an obvious frame-up attempt.

2. They failed to give scope or context to the [illegible] Department's admitted plan to raid the National Headquarters of the Black Panther Party, with no survivors intended.

3. In recent months there has been an escalation of terror, murder, raids, [illegible] lies on the Black Panther Party, and the news media has been relatively silent. There were no cries of [illegible] as there had been in Viet Nam. No cries of the Government stifling the news were to be heard.

THE CHICAGO SET-UP

The fact that there have been three raids on Panther homes in Chicago in the last three weeks and one Panther (Larry Roberson) murdered, has almost totally eluded the sharp-eyed, keen-nosed news beagles. Also the fact that in all these raids weapons were seized, has likewise escaped the stalwart defenders of "the American way". This is no easy task since some of these raids were daylight raids, and involved as many as [illegible] uniformed, armed, Fascist Pigs, with helicopters flying close-air support while pigs ran amuck. As of press time, the last Panther home raided was [illegible] (Dep. Minister of Defense for the State of Illinois) at [illegible] o'clock Saturday morning (September [illegible]). The pigs allegedly had a warrant for [illegible] arrest, but [illegible] so they ripped off his gun, and left, since then [illegible] in the community as usual, but [illegible] fascists [illegible] their "warrant."

These [illegible] should be viewed in light of the fact the "alleged" [illegible] [illegible] Illinois National Guard (as fine a bunch of racists as ever lived) is on stand-by; unlike the Convention, this time the mass media has been effectively muzzled, blinded, and silenced; the "dissidents" have been effectively disarmed. The only ones who know about any shipment of arms, are the pigs and the pig-controlled-media; the media-pig coalition has already hinted that the plan of the "dissidents" may include seizing the Pentagon; and you have the ground-work and the alibi for a massive St. Valentine's Day Massacre by fascist pigs posing as "servants of the people."

If any of those "Clark Kent" types has the guts of a mustard seed, they will write of Pig Daley in terms reserved for Hess, Himmler, Eichman, and Co., but they would still be lying. A plot as monsterous and massive as this should not be alluded to a brain as small as Daley's, not even by the most chicken-hearted of so-called newsmen.

The plot to destroy the Black Panther Party, and thereby crush the whole movement of dissent is directed by Tricky-Dick Nixon, and his number one hatchet man, Attorney General John Mitchell. Under their direction a federal task force set up "to keep an eye on the Panthers", has inflicted a reign of terror and lies upon the Black Panther Party from coast to coast.

It is no surprise to the Black Panther Party that "it (fascism) has happened here", the only question is "how long will the people [illegible]"

Judge Adolph Julius Hoffman, 74 years old, has been named as the 'hanging judge' for the trial of the Conspiracy Eight. The 8 defendants are charged with conspiracy to incite a riot in 1968,
cite a riot in 1968, before the democratic convention. Chairman Bobby Seale, National Chairman of the Black Panther Party, and the other 8 defendants face 10 years imprisonment and $20,000 fine if they are convicted.

Judge Adolph Hoffman stands on his record as a fascist. He has continually propagated this fascist moribund judicial system upon any and all advocates of socialism and or collectivism. This judge always finds any defendants 'guilty' who have views which differ in the slightest degree from his and his other reactionary paper cartoon characters.

On Thursday, September 25, 1969, the trial and selection of the jury began. Judge Hoffman McGoo exerted all efforts to deny Chairman Bobby and all the other defendants any and all motions presented by their defense attorneys. Once again it is most important that we recognize fascism for what it actually is. The 'hangman' only allowed pigs, [illegible] and paramilitary right participants to remain on the jury. 'Any person [illegible] a member of the defendants' peer group was immediately disqualified from the jury.'

The judge and state's attorney Foran have an expert plan. They are obviously not aware that we the people, and we the members of the Black Panther Party no longer tolerate astronomical intimidation. We will go forth no matter what the sacrifice to propagandize and educate the masses of people. It is impossible to deceive the masses for any extended period of time and their time has most assuredly run out. 'The spirit of the people is greater than the man's technology' and the spirit of the Vanguard can never be crushed. An idea like freedom and liberation which has been born and started to grow cannot be stopped when its time has come to mature.

JUDGE JULIUS J. HOFFMAN

LETTER TO BOBBY FROM HIS WIFE

Bobby:

The fascist pigs have kidnapped you, and are trying to railroad you on trumped-up charges. The ransom for you Bobby, is the annihilation of all Panther members and headquarters. If the pig power structure had any knowledge of political economy, and the hardships of oppressed people, then they wouldn't act like racists, but like Judge Sherwin, who freed our Eldridge.

The Panther Party has, is, and will go forth into the community and educate the masses of the people about the rapings, the exploitations and the murders which the ruling class have subjected us to. The working class has a high infant mortality rate, death from starvation, and the suicide rate has been on a steady increase. All this is part and parcel of making sure that the coins still jingle in the pockets of the bourgeoisie jackasses. Therefore, it is only logical that the avaricious businessmen, the demagogic politicians, the murderous racist pig cops, can do nothing more than murder us, when we show the people the correct ideology.

The pigs have, and will go forth to hire, organizations (who are tools for the government) to kill members of the Black Panther Party. Remember when it was mentioned that there have been too many legalized judicial murders in the court room? Judge Hoffman is the true example of a legal hangman.

Bobby, I love you, and I'm going to try and tell the masses of people what you've been rapping to me in the past. Your spirit is strong. It's like that ever-pounding beat within the souls of Black people which says, their spirit will never die, because you, Bobby, and Huey P. Newton started a fire within the masses, that the pigs will never put out.

WHO ARE THE REAL CONSPIRATORS

"As a Black Man in America, I can't get a fair trial in a RACIST COURT"...Chairman Bobby Seale

This was the theme of the court proceedings of the Conspiracy Eight. From the hand picked jury (eight middle aged, white suburbanites, two house negroes, and two big businessmen—all registered voters) to the constant denial by Julius 'Adolph Eichman' Hoffman of all the defense motions.

Before the selection of the racist, Nazi-ridden jury was made, they were allowed to read newspapers in the ceremonial courtroom. Later, Hoffman, pig Nixon's chief fund raiser and right hand lackey in Illinois, told the prospective jurors not to read newspapers, listen to TV, or talk with each other.

The special category of jurors, all registered voters, were in contradiction to the political morales of the defendants. The defendants, demonstrators against the bourgeois political process, and a socialist revolutionary, an advocate of the people's dictatorship (proletarian democracy), are going to be tried by people who support and participate in that same bourgeois political process. This unrepresentative, illegal and unconstitutional jury is illustrative of the court proceedings here in fascist America. THE BLACK PANTHER PARTY demands that all defendants be tried in a court by a jury of their peer group and not lilly white suburbanites, right-wingers, black lackies, and capitalist businessmen. This overt misrepresentation of the community illustrates the 'conspiracy' against the defendants in general and the Chairman in particular. This is the only conspiracy was spent in dismissing prospective black jurors and working class people. The conspiracy became evident as the government [illegible] people who because of their class [illegible]

ney, and Julius Hoffman, pig Judge) conspired and removed the conspiracy staff from from the defense counsel table.

Kunstler acknowledged Hoffman's effort to intimidate all defense-then
fort to intimidate all defense counsel then the fascist tee-totaler warned him to watch the language that he uses (not to talk of objective reality).

It will be impossible for a true revolutionary, Chairman Bobby, to get a fair trial from a bourgeois reactionary. This fascist bourgeois state (Babylon) is using the courts to fail the revolutionary machine. But it won't work, the Vanguard Party, the motive force of the revolutionary movement, has already began to motivate, mobilize and energize the once sleeping masses. The trial of Chairman Bobby shows the people that unless they are in power to control all legislative and judicial processes (proletarian democracy), their leaders will be railroaded and the Vanguard will be slowed down.

William J. (Jobawaukee) Campbell, Chief pig circuit judge and 'Adolph' Hoffman have schemed together to stifle any and all communication and information on the trial. No press releases, press statements, photographs, pictures or tapes can be made by the defendants to express their view of the legal lynching. The Chairman isn't even allowed to speak to the press in the presence of the mechanical monsters (U.S. Marshalls). 'Adolph' has said that he isn't there to satisfy public interest but will 'run the court as I see fit.' (A bourgeois reactionary and fascist oppressor can only give a bourgeois reactionary verdict and run a trial in the manner of Nazi fascists.)

FREE BREAKFASTS FOR CHILDREN

Last week the demagogic bourgeoisie press carried an article which stated that the Black Panther Party in the City of Chicago was no longer feeding hungry school children. The article also stated that the Party was using the Breakfast money and food for their own personal use. This is totally incorrect, the Black Panther Party refuses to accept the ideology of the capitalist pig power structure which starves [illegible] of its population and uses food funds to send their astro-pigs to the moon for the purpose of "heightening exploitation."

The people and the Black Panther Party say there's something terribly wrong when Daley's Stockyard pigs have nothing more to do than sit in front of our breakfast centers and spy on and intimidate the hungry school children, who attend our centers by the hundreds each morning.

Not only do the Breakfast Centers provide free breakfasts but they also serve as a place where children receive revolutionary culture, education and also immediate first aid treatment. We believe anything the people want and need can be gained through revolutionary struggle and until the people realize this we will continue to lighten the oppressive load that this pig power structure has placed on the people.

So the Black Panther Party's Breakfast for Children Program will continue in oppressed communities as long as the masses find it necessary. And we say to the pigs who wallow in the pig pen cars in front of the Breakfast Centers, our offices and cribs, Beware! The beat of the people is much too fast, so go back home where you belong. Watch out pigs, it's a people's thing!

One attorney, Gerald Lefcourt, is the chief counsel for the New York 21 and must return to New York to fight for their freedom. The only reason he can give for locking the attorneys up is Chairman Bobby's insistence upon having Charles Garry as his counsel. This is blackmail, piracy, genuine and unadorned.

One must understand the significance of the courts here in Babylon. There aren't too many more pigs they can hire, or too many more laws that they can pass, but the fascist power structure can call grand jury hearings and issue indictments forever. They are using the court system to frustrate the revolutionary struggle and imprison the man power needed to carry the revolution through to the end.

Pig Nixon, Hoffman, and Hoover, we have uncovered your "conspiracy" against the people. The people of the whole world see through your fascist lies and your kangaroo court. BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. MICHAEL KLONSKY, National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the world-wide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power nd does not support the polices of that country.

SDS maintains a National Office in Room 206, 1608 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC), CHICAGO BRANCH

A source advised in May, 1968, that the Chicago Branch of SNCC was an affiliate of the national SNCC with headquarters located in Atlanta, Georgia. It was a non-membership type group headed in Chicago by ROBERT ALFONZO BROWN, a 19 year old male Negro, with the title of Midwest Region Director. BROWN maintained strict loyalty to STOKELY CARMICHAEL, Recruiter and Organizer and former National Director of SNCC. BROWN attempted to align Chicago's SNCC activities within the framework of CARMICHAEL's policies.

In a speech at Chicago on March 25, 1968, CARMICHAEL commented as follows: "The white people are preparing to commit genocide against the black race. What are we feeling so moral about? We know the honky got everything. He got it by stealing it. He's not going to give you anything. We got to take it. These brothers on the streets every day take it, but they're taking it for themselves. Let's organize them and let them take it for our people."

This source advised on August 27, 1968, that officials of the Chicago Branch of SNCC disbanded that branch on August 25, 1968, and as of that time it was no longer in existence. Its leaders became associated with the Black Panther Party at that time.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC)

The Student Nonviolent Coordinating Committee (SNCC), headquartered at 360-362 Nelson Street, S. W., Atlanta, Georgia, is a nonmembership organization, which was born out of the sit-in movement that erupted across the South beginning in 1960.

Today SNCC identifies itself as an organization in the revolutionary vanguard. It advocates that to be successful it is necessary to develop a revolutionary ideology and revolutionary program.

According to SNCC the year 1967 marked a historic milestone in the struggle for the liberation of black people in the United States and the year that revolutionaries throughout the world began to understand more fully the impact of the black movement. SNCC declared that "liberation will come only when there is final destruction of this mad octopus--the capitalistic system of the United States with all its life-sucking tentacles of exploitation and racism that choke the people of Africa, Asia, and Latin America. The realities of black life, together with the recognition instilled in SNCC workers forced its members to further popularize the legitimacy of self-defense and rebellions when oppression became too great."

From May, 1966, until May, 1967, Stokely Carmichael was National Chairman of SNCC. As of July, 1968, Carmichael resided in Washington, D. C., where he was affiliated with SNCC and active as temporary chairman of a black coalition group. In May, 1967, Carmichael was replaced by Hubert Gerold Brown, commonly known as H. Rap Brown, who served until June, 1968.

In June, 1968, at the Staff and Central Committee meeting of SNCC held in Atlanta, Georgia, it was decided to restructure the organization by equalization of responsibility by creating ten deputy or vice chairmanships. The primary purpose for this change is to take law enforcement pressure off any single individual.

See appendix for characterization of BPP.

On November 1, 1969, who has furnished reliable information in the past, advised that on November 1, 1969, Raymond "Masai" Hewitt, Minister of Education, Los Angeles Chapter of the BPP, arrived at O'Hare Airport, Chicago, Illinois about 5:30 PM accompanied by his alleged wife Shirley.

advised that MASAI related to the Chicago BPP officers that he was here at the expense of the Executive Committee of the NMC to attend a highly closed meeing of this group wherein he was to be appointed a co-chairman of the West Coast Regional Committee of the NMC.

advised that this meeting was to be held at Sidney Lens, 5436 Hyde Park Boulevard, Chicago, beginning at 6:00 PM on November 1, 1969.

advised that BPP members, including Hewitt, his wife, Bobby Rush, Deputy Minister of Defense, Fred Hampton Deputy Chairman, both of the Illinois Chapter of the BPP and four other Chicago BPP members arrived at this meeting about 7:00 PM.

advised that approximately sixteen white persons all alleged members of the NMC, including Rennie Davis,

a defendant in the current anti-riot law trial being held in Chicago, Sidney Peck, an organizer and National Co-chairman of the NMC from Cleveland, Ohio, Sidney Lens, National Co-chairman of NMC and Terence Halliman, present West Coast organizer of the NMC were already present at Lens' home and did not want to let any BPP members into the meeting except Hewitt, however, the Panthers forced their way into the meeting with Hewitt's approval. Source stated that allegedly Hewitt, and other Chicago BPP leaders had decided prior to attending the meeting that all would attend or none would attend. Further, according to source, they decided that unless the NMC changed their philosophy to the Panther philosophy Hewitt would not accept the co-chairmanship.

[redacted] advised that upon entry of the BPP members the NMC group immediately started arguing among themselves and during the confusion the Panther helped themselves to the food which had upon their entry, been refused to them.

[redacted] stated that Lens and Peck told Hewitt that they had wanted Panther representation on this committee for over a year.

Source stated that Hewitt indicated that the Panther philosophy was too much different than the philosophy of this group and in addition the Panthers feel that this group is responsible for Bobby Seale, National BPP Chairman, being a defendant in the current anti-riot law trial in Chicago. Hewitt, according to source, related that Seale was advised not to come to Chicago during the Democratic National Convention, August, 1968 by the National BPP Central Committee, however, he came anyway.

Source stated that nothing was accomplished at this meeting as Hewitt finally told the group that the NMC revolution is based on Bourgeoise Philosophy whereas the BPP is one based on the prolelariat, therefore, if the NMC really wants BPP representation, the NMC must change its philosophy. Source stated that due to the numerous disagreements among the NMC group and their mistreatment of the BPP members present, the BPP members walked out about 9:15 PM. Source stated that another meeting may possibly take place, however, no date was mentioned.

On November 3, 1969, stated that Hampton related that he had talked with Charles Garry, BPP lawyer in San Francisco, California, on November 2, 1969, who related that on November 3, 1969, a petition would be filed in the Federal Court, Chicago, on behalf of Bobby Seale in an attempt to have him unbound, ungagged and let him represent himself until such time as Garry is able to appear himself. Hampton also indicated that Garry related that he was been and continues to advise William Kuntsler, lawyer for defendants in current anti-riot law trial, of what steps to take in this regard. Hampton further indicated that Garry implied that he would not appear on Seale's behalf until the case is under appeal regardless of how fast he recovers from his operation.

On November 3, 1969, Hewitt spoke to demonstrators at the Federal Building, Chicago, Illinois, according to Hewitt stated that "Niggers have no rights, that the white power structure is bound to respect", that "politicial power comes from the barrel of a gun", that current "conspiracy eight" trial in Chicago should be halted, the defendants set free and that world revolutionaries everywhere demand that the United States government drop all charges against them. Hewitt also demanded that the American government exchange the freedom of Huey Hewton, National BPP Minister of Defense and Bobby Seale for Vietnamese war prisoners.

advised that Hewitt is not known to have met a second time with the above group representing the NMC, however, did talk with one Sylvia Kushner, Secretary of Chicago Peace Counsel (CPC) and self-identified member of Communist Party of Illinois, 14th floor, 300 block of Dearborn, Chicago, on this date.

CPC is organization composed of representatives of Peace Groups of the Chicago area who specialize in forming coalitions of those groups for anti-war activities.

Kushner, according to source, told Hewitt that Sidney Peck advised her to tell Hewitt that he and numerous members of the NMC had met and decided not to further support the "conspiracy eight", referring to those defendants in the above trial and not to support any BPP member for the position of co-chairman of the West coast Regional committee of the NMC.

Source stated that Artie Seale will allegedly be allowed to read a letter supposedly from Bobby Seale at the NMC rally to be held in Washington D.C., November 15, 1969. Source gathered from conversation that she will be the only BPP member requested to participate in this rally.

further advised that remarks have been made that Artie Seale will be briefed by the National BPP leaders on what to say at this rally and will not necessarily read the letter as agreed by Peck and the NMC. In this regard, CG T-1 speculates that she will probably read alleged letter from Bobby Seale which will point out the difference between the BPP and NMC philosophy. Source also is of the opinion that the future BPP newspaper will carry articles pointing out these differences.

On November 4, 1969 advised that Hewitt and his wife departed Chicago on November 4, 1969, en route to San Francisco, California, on American Airlines Flight 457 arriving in San Francisco 2:15 p.m.

Copies of this Letterhead Memorandum are being furnished the United States Attorney, United States Secret Service and OSI and 113th Military Intelligence.

BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Characterizations of the Black Panther Party (BPP) and Students for a Democratic Sociaty (SDS) are contained in the appendix of this memorandum.

On May 26, 1969, a source, who has furnished reliable information in the past, advised that leaders of the Chicago BPP chapter planned on holding a press conference at 9:00 a.m., May 27, 1969, regarding the sentencing of Fredrick Allen Hampton, Chicago leader of the BPP, on May 26, 1969, at Maywood, Illinois. Source advised that Hampton was sentenced to serve two to five years in connection with having been found guilty on a robbery charge.

On May 27, 1969, source advised Bobby Rush, Chicago leader of the BPP, advised members of the Chicago news media that Fred Hampton, who was sentenced to two to five years on May 26, 1969, on a robbery conviction, is a political prisoner of "racist pigs." Rush stated "racist pigs" are repressing revolutionary groups such as the BPP, SDS and Young Lords.

Source advised the Young Lords is a Chicago youth gang whose members are primarily of Puerto Rican extraction and are principally located in an area on the near North side of Chicago.

Source further stated that Rush told representatives of the Chicago news media on May 27, 1969, that proof that Hampton is a political prisoner is indicated by the fact that Judge Sidney Jones, who pronounced the two to five year sentence on Hampton, refused to grant an Appeal Bond to Hampton when requested by Hampton's legal counsel. Rush stated that the same Judge Sidney Jones recently permitted an Appeal Bond for four convicted racist murderers in Cicero, Illinois, but refused to grant an Appeal Bond for Hampton, who was sentenced on an "alleged" conviction of theft of $71.00 worth of ice cream, which he gave to poor Black children.

Rush told representatives of the Chicago news media that Judge Jones was told by Chicago "racist pigs" to send Hampton to jail or lose his judgeship.

Rush further advised representatives of the Chicago news media that the Chicago BPP does not have any current plans for rallies or demonstrations in connection with Hampton's sentence. Rush stated an investigation should be conducted as to why "racist pigs" are repressing BPP, SDS, and other revolutionaries.

The following news article concerning the BPP press conference concerning the above matter appeared on page three in the late May 27, 1969, edition of Chicago's "Today," a newspaper published in Chicago, Illinois:

CONFIDENTIAL

Panther plea hits judge's leniency

BY JEFF LYON

AN IMMEDIATE appeal bond is being sought for Illinois Black Panthers Chairman Fred Hampton, who has been sentenced to 2 to 5 years in prison by Criminal court Judge Sidney Jones Jr. for a $71 holdup of a Good Humor man.

Attorneys for Hampton, 20, will base their demand for appeal bond on two grounds, according to Bobby Rush, Panther minister of defense.

"One will be Judge Jones' action recently in letting off George Kamberos, the restaurant owner, who was accused of killing a 15-year-old boy with his car — the man whose driver's license had been suspended three times and revoked twice," said Rush.

"THE OTHER will be the fact that the four Cicero white youths who killed a black, Jerome Huey, in 1966 were allowed out on appeal bond after their conviction," he noted.

Rush, in a news conference in Panther headquarters, 2350 Madison st., said "Sissy Jones" had been "pressured by Dodohead Daley and his gang of merry mutts" to get Hampton off the streets.

"But he won't be gone for long," Rush added.

Ald. A. A. [Sammy] Rayner [6th] also appeared at the conference to say Hampton "is my brother, and in trouble, and I'm with him."

HAMPTON, of 804 S. 17th st., Maywood, was sentenced by Jones yesterday. Hampton, held without bond pending appeal, was denied a motion for a new trial after testimony was introduced that Hampton advocates armed revolution.

Hampton was convicted by a jury April 7 of robbing an ice cream truck driver last July 10 in the Irving school playground in Maywood. Good Humor man Nelson T. Suitt testified his truck was looted of $71 worth of ice cream bars by youngsters after Hampton jumped into the truck cab and struck and choked him.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

FRED HAMPTON
RM - BPP

One MIKE DREXLER of WCFL News, Chicago, was informed by FRED HAMPTON, Chairman of the Illinois Chapter of the Black Panther Party (BPP) that the march on that date at the Federal Building in Chicago was to show a continual relentlessness on the part of the BPP to bring attention to the public of the type of repressive forces who were attempting to handicap such individuals as Chairman BOBBY SEALE of the BPP currently on trial at the Federal Building in Chicago on Anti-riot Conspiracy charges. HAMPTON stated that what was wrong was that the people take individuals like SEALE, lock them up and charge them with a crime and that the real criminals are the people who put them in jail. He added that the reason the BPP was being attacked so much was not because they are armed but because the truthlessness were being heard but were not being attacked. HAMPTON stated that the BPP knows that the masses of people will join forces with them to denounce the Fascism that is taking place at the Federal Building. He added that BOBBY SEALE was on trial only because he was trying to help people and that the Fascists have shown that anyone trying to

CES:

FRED also stated that the BPP was going to the Federal Building that day to show the contradictions in the present system. He indicated also in that regard that BOBBY SEALE was clearly being denied his constitutional right of counsel of his own choice and the right to defend himself. He indicated that the whole thing was not even a trial. He then informed DREXLER that if DREXLER desired to contact ELDRIDGE CLEAVER at the Hotel Alleti in Algeria, he could obtain plenty of additional information regarding the above.

a source, who has furnished reliable information in the past, advised on November 22, 1968, that Randy Williams conducted a Black Panther Party (BPP) training session regarding firearms and explosives on November 18, 1968, at Berkeley, California: that among those attending was Bobby Lee Rush of the Chicago, Illinois, BPP. Attached hereto in the Appendix section is a characterization of the BPP.

On November 25, 1968, a source, who has furnished reliable information to the Chicago, Illinois, Office of the FBI in the past, made available the following BPP Destruction Kit instructions which he obtained from Bobby Lee Rush, Deputy Minister of Defense, Chicago Chapter, BPP.

On April 22, 1969, Chicago source advised the aforementioned instructions were received from Rush several days prior to making them available. Bobby Lee Rush made the instructions available at a meeting of the BPP, held at Jackie's Candy Store, 7155 South Ashland Avenue, Chicago, Illinois. Rush advised he had returned from a meeting of National Headquarters BPP in Oakland, California, and had brought the instructions back for study by select members of BPP.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Rush furnished copies of instructions to Robert Alonzo Brown, Fred Hampton, Maurice Monley, Joseph L. Montgomery, and Clarence Price and each set of instructions was marked for accountability identification.

Take an old sock (large). Soak in a mixture of 3 parts potassium chlorate to two parts sugar, moistened with water. Allow sock to be thoroughly soaked in mixture, then dry. Keep dry cosk away from heat. CUATION: POTASSIUM CHLORATE IS VERY VOLATILE. IT CAN IGNITE ALMOST SPONTANEOUSLU IN THIS MIXTURE. IT CAN BE IGNITED OR DETONATED BY A SINGLE SPARK, OR EXCESSIVE HEAT, OR MERELY BY THE FRICTION OF STIRRING THE INGREDIENTS TOGETHER. HANDLE WITH UTMOST CAUTION.

With a hydrometer, take acid from container and fill 1/5 to 1/4 of a quart bottle. (Coke bottles don't break easily. Test out the type of bottle you'll use by throwing it at things & see if it breaks). Pour gasoline carefully through funnel into bottle until full. Paur slowly because it could bubble and heat up.

Cap the bottle with a regular stopper preferably the kind with a rubber plunger cause acid eats away at plastic, metal. Hold bottle carefully upright, don't juggle it.

When ready to use, place bottle inside sock soaked in the potassium chlorate/sugar mix knotted at top. Throw. On impact, when glass is shattered, the bomb will explode as the sulfuric acid reacts with the mixture in the sock. The gasoline will spread the flame.

The simple firebomb is a bottle of gasoline with a rag stuffed into the top. When the rag is set on fire, the bottle is thrown. When the bottle breaks, the fumes are spread, and the fire from the burning rag ignites the fumes, causing a fireball.

To make a firebomb without having to throw it, a device must be attached to the bottle if gasoline which will explode the bottle at a given time, spreading the fumes and furnishing a spark with which to ignite these fumes.

In order to make such a "timed firebomb", the basic ingredients are: one half gallon or gallon jug or hi-grade gasoline, to which attach a piece tape:
One small time explosive which is made from these ingredients are 1 Jetex fuse, 1 CO2 cartridge. Any brand of black powder from any rifle pistol or shotgun shell) A long cigarette (like Tareyton 100's)

For purchasing these-- the jetex fuse is used for model racing cars and can be bought at any hobby shop. The black powder can be bought at any gun shop, and is used for old muskets and flintlock pistols. CO2 cartridge at gunshop.

Directions:
Step 1. Put gasoline in bottle and seal top with screw-on metal cap or tight cork. Set bottle aside.
Step 2. Take CO2 cartridge and puncture with nail.

CAUTION: Hold cartridge with pliers when puncturing or effect on fingers holding CO2 cartridge will be unpleasant. It is perfectly safe with pliers but hold pliers tightly on CO2 cartridge.

Step 3. Using tinfoil funnel, fill the cartridge with black powder - to the top.
Step 4. Insert the fuse - at least 11/4 in. inside the powder filled cartridge. To be sure that the device will go off, use two fuses with two cigarettes. That way you know it'll go.
Step 5. Time your cigarette. Know how many minutes it takes to burn down. (With the longs, 12-15 min.)
Step 6. Affix the cartridge to the bottle. Do not attach cigarette (at desired lenght) until ready to mix.
Step 7. Take your device to its destination. You are now ready to use it.
Step 8. Wrap fuse around lit cigarette at desired length. When placing device, be sure the cigarette is not touching anything between the fuse and the lit end, as that will put the cigarette out. To protect burning cigarette, use tape. (See diagram 4).

GRENADES AND BOMBS, ANTI-PROPERTY AND ANTI-PERSONNEL

No. 1. The very small, home-made grenade is exactly the same a the small explosive device used to set off the firebomb.

It is the CO2 cartridge as described in the preceeding directions, only instead of using a cigarette to time the fuse, you can light the fuse and throw it. This little CO 2 cartridge just as it is doesn't do a lot of damage, but it can be dressed up to become a very lethal weapon. It can be made into a deadly anti-personnel weapon or a very dangerous bomb.

The small CO2 cartridge can be dressed up by filling with 3/4 black powder and 3/4 shot, or needles. This is obvioulsy anti-personnel and will penetrate when the CO2 explodes, but still is not big enough to kill. It has certain advantages, however. It can be taped to a window, even with your hands behind your back, and left burning with the trusty cigarette. Or it could be taped, with the cigarette to the fuel tank of a car. If thrown into a car, it is guaranteed to bruise the occupants and empty the car of all personnel in record time. Further, the CO2 is so small it can easily be concealed on pour person.

Now, to make an actual grenade, a weapon that kills, the following can be done:

Take a used, empty aerosol can, pull off the little plastic spray device, and with a hammer and nail pound the little plastic nipple down into the can. Use a punch or screwdriver with hammer to widen the hole and make it large enough so that large shot can be inserted through the hole. Then fill with 3/4 black powder and 1/4 bullets or small-headed nails. Insert fuse, and light when ready to throw. The fuse should be an inch and a half in length and should leave your hand when it has burned to an inch.

CAUTION: The explosive force of this weapon is great. It is even more dangerous than a standard army grenade. Needless to say, a too-short fuse will result in a scattered grenade-holder. A too-long fuse will result in the person or persons at whom you have thrown it to have a chance to throw it back and blow you to fragments. A guerilla with lousy aim in close quarters can kill His brothers. This thing is equivalent to about 12 shotgun blasts at once. If thrown into a car it will blow to bits the car and everything in it, human or otherwise. If thrown in the open, it will kill within a 25 ft. radius and mim within 100 ft. It is a good idea to familiarize yourself with this weapon by practicing with a sand-filled facsimile. Try this, and see how long the fuse takes. You cannot afford to misuse this in any way, as its a real motherfucker of a weapon.

To make a bomb use the same principle as for the grenade, only instead of lighting the fuse and throwing it, you use the cigarette and set the thing down. For a strictly anti-property bomb, you don't need the shot or nails. Just the black powder. A large amount of commercial dynamite is made with black powder and that's exactly the kind of bomb you're building here. With this thing, the sky's the limit. You can make it as big as you like, depending only on the size of the container, the can that you use. A large tar-bucket full, for instance, would demolish most any building. This is a versatile thing, can be scaled to the size you want. Used in conjunction with gasoline, or set near any fuel tank or explosive container, the blast would take an entire plant and lay it down. Perhaps the greatest advantage here is that all ingredients can be bough legally, at gun shops, hobby shops even five and tens.

A number of different formulas for a molotov cocktail:

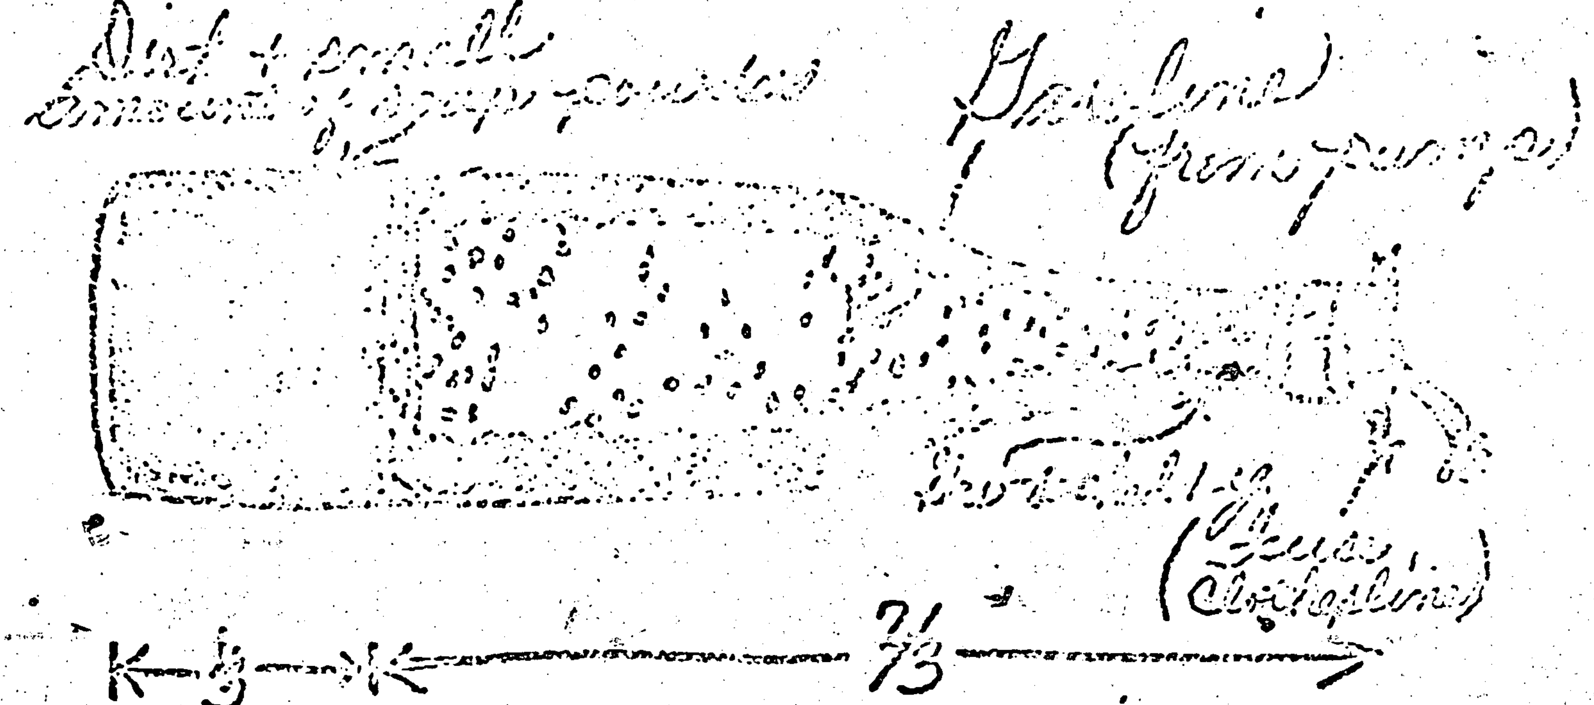
1. one third motor oil, two thirds gasoline.

2. one third sugar, two thirds gasoline.

3. one third soap powder, two thirds gasoline with a dash of oil.

4. one third naptha (moth flakes), two thirds gasoline. (This will result in a primitive napalm.)

A tampax will also do satisfactorily as the wick. The wick should be soaked in gasoline prior to ignition. The bottle should be as thin as possible. (The guerrilla should experiment with different mistures.)



Dirt + small amount of soap powder
Gasoline (from pump)
Bottle 1 gal.

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BLACK PANTHER PARTY (BPP)

On May 23, 1969, the source, who has furnished reliable information in the past, advised an Agent of the Chicago Office of the Federal Bureau of Investigation (FBI) that a mock trial would be held in Maywood, Illinois, on May 24 and 25, 1969. According to source the purpose of this mock trial was to re-try Frederick Allen Hampton, Deputy Chairman, Central Committee, Black Panther Party (BPP) of Illinois, on a robbery charge for which Hampton was previously convicted and on which Hampton was scheduled to be sentenced on May 26, 1969, in Cook County Circuit Court. Source explained that at the mock trial Hampton would be tried before a jury of persons whom he considered to be his peers in accordance with the doctrine of the BPP. Source stated that members of not only the BPP but the Students for a Democratic Society (SDS), The Young Lords, a local near north side gang of Chicago Puerto Rican youths, The Young Patriots, a near north side Chicago youth group, would participate in this mock trial.

Attached are characterizations of the BPP and the SDS.

On May 23, 1969, an Agent of the Chicago Office of the FBI apprised Captain Wilbert Samuels of the Maywood, Illinois, Police Department of the impending mock trial for Hampton.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

BLACK PANTHER PARTY (BPP)

On May 26, 1969, Captain Samuels of the Maywood, Illinois, Police Department advised an Agent of the Chicago Office of the FBI that Fred Hampton's mock trial took place on May 24 and 25, 1969, at the Maywood village hall with the permission of the newly elected Maywood Mayor Leonard A. Chabala. Captain Samuels further stated that during the mock trial, the Maywood Police Department was under instructions from Mayor Chabala to stayaway from that trial and not to be observed in the vicinity of the village hall. According to Captain Samuels, Mayor Chabala indicated that he believed that if the participants of the mock trial were left alone there would be no trouble and Mayor Chabala stated that he was so confident in Fred Hampton and the fact that Fred Hampton and his followers would be orderly, that he (Chabala) would resign if there was any trouble at the trial. Captain Samuels reported that approximately 140 individuals participated in the trial on both the evenings of May 24 and 25, 1969, and that of these groups approximately 70 were Negro, 55 Caucasians and 15 Mexicans. Captain Samuels related that Hampton appeared not only as defendant in the mock trial but acted as his own defense attorney. Captain Samuels further related that local Maywood restaurant operator "Tacos Charlie" Krop and newly elected Maywood village trustee, Reverend Thomas Streitor served on the jury. According to Captain Samuels, at the completion of the two evenings sessions, Fred Hampton was found innocent of the charge of robbery.

BLACK PANTHER PARTY (BPP)

In addition, Captain Samuels noted that Black Panther leaders Bobby Lee Rush, Yvonne King and Ann Campbell attended both sessions of the mock trial.

According to Captain Samuels, Reverend Streitor at the completion of the mock trial reportedly lauded the mock trial and Hampton's acquittal and indicated that the mock trial was a more fair presentation of American justice than the actual robbery trial in Cook County Court where Fred Hampton was previously convicted. Captain Samuels further related that while Maywood Police units were withheld from the mock trial site at the village hall, during the mock trial two unidentified BPP members mounted guard at the village hall entrance throughout the trial. Captain Samuels stated that no disturbances occurred during or immediately after the mock trial.

On May 26, 1969, Detective George Slinkman, Maywood Police Department, advised an Agent of the Chicago Office of the FBI that while Maywood residents Mrs. Joan Elbert and Mrs. Thomas Streitor, wife of Reverend Streitor testified as character references for Fred Hampton at Hampton's robbery sentencing hearing before Judge Sidney A. Jones, Cook County Circuit Court, Chicago, Illinois, on that date, Judge Jones sentenced Hampton to two to five years in the State Penitentiary. Detective Slinkman further related that Judge Jones refused to grant a request that Hampton be released on appeal bond. According to Detective Slinkman, Hampton voluntarily took the stand during the proceedings and was questioned as follows by Judge Jones:

Question: Do you advocate armed violence?

Answer: Yes

Question: Do you advocate the violent overthrow of the United States Government?

Answer: Yes

BLACK PANTHER PARTY (BPP)

Detective Slinkman reported that upon hearing these replies from Hampton, Judge Jones stated that in view of these answers, he did not see how he could permit Hampton to remain on the street and any request for release on appeal bond was denied.

On May 27, 1969, Captain Samuels, Maywood Police Department advised an Agent of the Chicago Office of the FBI that the previous night in Maywood had been quiet in spite of the news of Fred Hampton's sentencing; however, Captain Samuels indicated that on that morning four unidentified Black Panthers passed out the following pamphlets outside the Proviso East High School building located in Maywood:

Appeal To The People

On March 26, 1969 Fred Hampton was jailed on the alleged crime of robbery.

Fred Hampton has represented the people in various position from Pres. of the N.A.A.C.P. Youth Council current present positi of Chair of the Black Panther Party State of Ill.

This is an unjust and unfair trail. Since no U. S. court system has ever allowed any black person the right of trail by his peer group or people from his black community as defined by the constitution U.S. This constitution has never been beneficial to anyone except the ruling class.

In effect Chairman Fred is now a Political Prisoner was he jailed because he was a criminal, or menace to the community, No, Because he was a champion of the people.
Chairman Fred was about educating of the people to this capitalistic, racist, oppressive, dogmatic, pig power stucture. He was about putting power in the hands of the people where the powe belongs, He has proven that justice and freedom for a ll does not exist here in America. He has demonstrated the lies of the American democracy and its true nature.

Our experiences have shown us that American Democracy does not exist, and is a myth and a bunch of Bull------!!
We appeal to all people to become aware of the moyive injustice of the Pig Power-structure.

"The People, and the People alone are the motive force in the making of world history".

You can jailed a liberator but you cannot jail a liberatio
You can kill a revolutionary but youcannot kill a revolutionary".

White power to white people
Red power to red people
Purple power to purple people
Which is why we say ;

Power to
All People

From the desk of Infra.

BLACK PANTHER PARTY (BPP)

Captain Samuels further advised that these Panthers then called on the high school principal and asked for permission to use the school-wide public address system to broadcast a plea to "cool it". Captain Samuels related that the principal denied this request and ordered the four from the high school premises and Captain Samuels noted that there was no further incident.

On May 27, 1969, Detective Sergeant Philip Hardiman, Cook County Sheriff's Police, Chicago, Illinois, advised an Agent of the Chicago Office of the FBI that Fred Hampton was currently confined at the Cook County Jail pending transfer to a state penitentiary.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. On September 10, 1969, the files of the Chicago Credit Bureau, Incorporated were checked concerning subject, but their records contained nothing identifiable with him.

II. ACTIVITIES

On November 30, 1968, , reliable in the past, advised that Fred Hampton, the prime force behind recent racial disturbances in Maywood, Illinois is still making efforts to obtain firearms. According to source, Hampton, with associates Marvin Carter, Kenny Bell, "Bubble" Rice, Paul Wade, and others, drove into Chicago on November 27, 1968. Source stated the group attended a party in the basement of a residence somewhere in Chicago along with about 45 other young Negro men and women. Source stated that Hampton spoke to the group and that a Chicago Negro male, known only as Ralph, also spoke to the group According to source, Hampton and Ralph discussed the Black Panthers at length and it appeared that many at the party were in fact Black Panthers. Source reported that Hampton and Ralph suggested that groups be set up to commit various types of crimes such as robberies, burglaries, etc., and that these groups pay $10.00 per month fees from their criminal activity proceeds into the Black Panther treasury.

On December 26, 1968, Captain Wilbert Samuels, Maywood Police Department, advised that investigation by his Police Department indicates that Kenneth Earl Bell, then residing at 157 South 18th Avenue, and who then drove a maroon sports car, 1968 Illinois registration HJ 8646, was a member of the Chicago Chapter of the BPP. Samuels further stated that Bell is an associate of Fred Hampton, Deputy Chairman, Illinois BPP, and has been observed in Maywood, wearing the BPP uniform of a black beret and army fatigue jacket.

On February 20, 1969, advised Bell attended a meeting on February 18, 1969, at Robert Bruce's house, along with Bruce who is an officer in the West Suburban Branch, Illinois Chapter of the BPP, Fred Hampton and approximately 12 others. The main purpose of this meeting was to plan a "big push" against white people that summer to move them out of the black neighborhoods and business areas. Details were not discussed.

On April 29, 1969, Captain Samuels advised that investigation conducted by his Police Department has shown that Bell continues to be a member of the BPP in Maywood, continues to reside at that time at 157 South 18th Avenue, Maywood, and drives a maroon sports car with 1969 Illinois registration DT 3935.

During July, 1969, advised that Bell is a rank and file member of the West Suburban Branch of the Illinois BPP. They stated that this branch is responsible to the Chicago Chapter of the Illinois BPP, which is located at 2350 West Madison Street, Chicago, Illinois. These sources stated that this branch has never established an office as such and, therefore, uses the Chicago Chapter Office. Sources stated that this branch, therefore, helps the Chicago Chapter in attempting to establish programs as required by the National Office of the BPP such as the Breakfast for Children, Community Controlled Police answerable to local citizen's committees, a Community Health Clinic,as well as attending the Chicago Chapter Political Organization classes which generally stress "Quotations From Chairman MAO Tse-tung."

Sources stated that it is not possible to estimate the number of members in the branch as the branch is almost inactive due to the numerous recent arrests and indictments of members.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

> "Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

and to cut off communications. It was the understanding of the source that a BPP Rally would be held at 201 South Ashland Avenue, the evening of October 4, 1969, for the purpose of calling on the people to support the BPP program by donating office equipment, money, health supplies and food in order that the Party program of feeding and helping the people could be continued.

added that Hampton had allegedly remarked that the police in their raid had acted like they were sloppy drunk when they came to attack the BPP Office. He stated that they reminded him of bald headed fascist idiots and that when the BPP brothers came out of their headquarters they were beaten and one brother Terry Watson had been beaten to the ground and was presently confined to the Cook County Illinois Hospital where he was chained hand and foot. further stated that he had been told that the CPD had entered the BPP Office, shot it up and then used medical supplies intended to be used to treat ailing persons, for the purpose of starting a fire.

also learned that Stephanie Fisher had remarked in connection with the CPD raid that those arrested and beaten up were Billy Brooks, Terry Watson, Brad Green, Wade (Last Name Unknown) and a couple of others.

further remarked that the police had taken a shotgun and a carbine from BPP Headquarters in connection with the raid. It was also stated that the CPD had blocked off the area in all directions, approximately 6 blocks. Hampton remarked, according to the source, following the raid that they would be turning; the phone off at headquarters and would be working elsewhere. The source was unable to confirm this fact, although it was indicated that BPP business could be handled through telephone numbers 288-0414 and 829-7365. mentioned in connection with the above incident that one Candy Furst from New York had requested information of Fred Hampton as to details of what happened during the raid. According to the source Fred informed Furst that 40 to 50 police had entered the BPP Office and that there were many outside who were drunk. Hampton allegedly remarked that one officer shot another officer in the face with a shotgun and also remarked that the National Guard (NG) was also involved. The source learned that when Furst inquired as to whether there would be any plans for more precautions following this raid Hampton reportedly replied that the next time they would have more ammunition.

further stated that Furst reportedly inquired of Hampton as to whether the Panthers would participate on October 11, 1969, concerning the Federal Anti-Riot Conspiracy Trial in Chicago whereupon Hampton replied in the negative.

A characterization of the Black Panther Party (BPP) is attached as an appendix hereto. Sources utilized in this characterization and the confidential source set forth in the memorandum have all furnished reliable information in the past.

Officer Funk, Chicago Police Department (PD), advised on October 3, 1969, that seven Negro males were arrested at BPP Headquarters, 2350 West Madison Street, Chicago, Illinois, following a shooting incident during the early morning hours of that date.

The identities of those arrested along with their description and addresses were obtained from Officer Funk and . Those arrested are as follows:

Bradley Green, Negro male, born 1946, residence 7600 South Stewart Street;

Wade Stedney, Negro male, born 1945, residence 6044 South Eberhart Avenue;

Billy Brooks, Negro male, born 1948, residence 1320 South Kedvale Street (Brooks, also known as "Che", is deputy minister of information, Chicago BPP);

BLACK PANTHER PARTY (BPP):

Harry Moody, Negro male, age 23, residence 6715 South Oglesby;

Terrance Watson, Negro male, age 19, residence ~~2145 West Lake~~ Street.

The above individuals have been reported by as members of the Chicago Chapter BPP.

Officer Waner, Chicago PD, advised on October 4, 1969, that an Officer Shanley, Chicago PD, was injured in front of BPP Headquarters by a shotgun blast fired by an unknown individual. Officer Waner stated the shotgun blast was believed to have originated from Panther Headquarters. Officer Shanley was taken to Illinois Research Hospital.

Captain Joyce, 13th Police District, advised subsequently that additional police patrols had been sent into the vicinity of Panther Headquarters and additional reinforcements were to be maintained in the general area. Captain Joyce concluded saying the injury to Officer Shanley was possibly only superficial and could be a result of a ricochet from the shotgun blast.

Officer Lara, Chicago PD, subsequently advised on October 4, 1969, that further information developed by the PD regarding the shooting at Panther Headquarters reflects the police were responding to a telephone call alleging shots had been fired from Panther Headquarters. Officer Lara stated he and Officer Shanley, above, investigated the call when Officer Shanley was hit by concrete torn up as a result of a shotgun blast which originated from the roof of Panther Headquarters. This shot was in the rear of the headquarters and not directly on Madison Street which runs in front of the headquarters. Officer Lara concluded saying that he and other officers arrived after their first shot, entered Panther Headquarters and arrested seven male Negroes and confiscated a .30 caliber carbine and a shotgun.

BLACK PANTHER PARTY (BPP)

As of 5:45 am on October 4, 1969, the vicinity surrounding Panther Headquarters was calm.

On October 4, 1969, advised the shooting incident occurred at Panther Headquarters earlier as a result of trouble which recently has developed between the Vice Lords (VL), a Negro youth gang on Chicago's west side, and the BPP. Recently the VL had approached the BPP Chapter wanting to be "cut in" on the medical center which the Panthers are currently organizing. This medical center, according to the Panthers, will be for all needy individuals on Chicago's west side who need medical and dental care.

stated that a representative of the VL contacted Fred Hampton, deputy chairman, Illinois BPP, and instructed Hampton the Panthers were to do no further work on a medical center headquarters or continue with the Panther's plans to open the medical center. This VL representative stated if the Panthers did open the medical center on their own and not allow the VL to participate, then the VL would "burn it down". Hampton instructed this person of the VL that the medical center was for the people and the VL or anyone else was not going to prevent the people from having the benefit of this medical center.

stated during the early hours of October 4, 1969, two cars loaded with VL members drove by Panther Headquarters and fired into the front of the building. BPP members in Panther Headquarters at that time grabbed available weapons, according to the source, went to the roof and when VL vehicles again passed Panther Headquarters, they fired upon them. The source stated that as the BPP members fired, the police cars appeared in the area and some shots were fired at the police cars. Source concluded saying that when the police cars appeared, the VL vehicles left the area.

The Chicago Police Department advised in December, 1969, that Verlina Brewer, Negro female, age 17, was wounded by a gun shot during a shoot-out on December 4, 1969, between the Cook County States Attorney's Police and occupants of the apartment of Fred Hampton, Deputy Chairman, Illinois Chapter of the Black Panther Party (BPP). Hampton and another BPP official were killed in that shoot-out.

A characterization of the BPP is contained in the appendix attached hereto.

On December 11, 1969, confidential source number one advised that Donnette Verlina Brewer had returned to her home in Michigan and was living with her parents who were arranging to have a bullet removed from her leg. It was learned that Brewer resided at 2139 Yorktown, Ann Arbor, Michigan.

On December 22, 1969, Captain Walter Hawkins, Ann Arbor Police Department, advised his department's records indicate Donnette Verlina Brewer, who was born January 10, 1952, is the daughter of William Brewer, 2139 Yorktown, Ann Arbor, Michigan. Her name has been referred to the Ann Arbor Police Department on several occasions due to subject's continually running away from home.

Re: Donnette Verlina Brewer

On December 22, 1970, a review of the records of the Ann Arbor Credit Bureau indicated that William Brewer, 2139 Yorktown, Ann Arbor, Michigan, is employed as a Social Worker at the Veteran's Administration Hospital, Ann Arbor, Michigan. William Brewer's wife, Verlina, is employed as a Staff Nurse at the Wayne County Children's Development Center in Northville, Michigan. William Brewer's Social Security Number is 430-16-1718.

On January 7, 1970, confidential source number two advised that Donnette Verlina "Laverne" Brewer is reputed to be the Lieutenant of Health of the Black Berets in Ann Arbor, Michigan. Confidential source number two advised the Black Berets are a group of 15 to 20 Negro males and females in the Ann Arbor, Michigan area who have formed an organization patterned after the Black Panther Party (BPP).

A characterization of the BPP is contained in the appendix attached hereto.

On January 29, 1970, an interview with Donnette Brewer regarding her presence in the apartment of Fred Hampton on December 4, 1969, when Fred Hampton was killed, by Alexa Canady, a reporter for the University of Michigan newspaper "The Michigan Daily", appeared in that day's edition of the paper on page four. The following is a Xerox copy of that article:

'They came in shooting and killed Mar

By ALEXA CANADY

DONNETTEA BREWER at 18 has lost a child and has had her husband killed in Vietnam. Now she walks with a limp from the submachine gun bullet that shattered her knee when the Illinois State's Attorney's men raided a Black Panther apartment in Chicago on Dec. 4.

The petite girl who limped up the stairs went unrecognized for a few moments because she did not fit the stereotype Black Panther image America has created and we have believed.

Donnettea is not allowing her impending trial on Feb. 27 to keep her from her many concerns.

She is trying to help set up a free health clinic in Detroit similar to clinics the Panthers have set up in other cities. She is also working with some Ann Arbor youths, trying to teach them the social practices and ideology of the Black Panther Party.

She plans to visit northern Michigan soon, in hopes of setting up a free breakfast program for the Indian children there, possibly also to bring some of the sick down to the free health clinic in Detroit.

ALL OF THE introductory information and discussion I had with Donnettea left me unprepared for the story that she had come to tell me. Ever since I first heard about the police raid on the Panthers in Chicago, I have had nagging doubts about what happened there.

But even this doubt left me unprepared for the horror of her account of what really happened.

Her account needs no editing, no explanation. It is related here as she told it to me:

"That night we had exposed an infiltrator in the party, so Fred Hampton, Deborah Johnson, Brenda Harris, Ron Satcheal, Blair Anderson, Mark Clark, Truelock, another brother and myself came home to Madison St.

"Fred was in a really depressed mood because we have a lot of internal problems in the party, and infiltrators, and people not doing their work. So Fred went to bed early.

"**ABOUT FOUR IN** the morning somebody came knocking at the door and security asked who it was. They said it was Tommy. We replied, 'We don't know no Tommy.' They said 'Black' motherfuckers, let us in!'

"They came in shooting and killed Mark and injured Brenda in the hand and in the leg. Brenda's hand is permanently deformed.

"Then they proceeded to Fred's room and killed him in his bed. They walked past the bedroom where Blair, Ron and I were, and some pig hollered out, 'Somebody's shooting out of this room' — which was a lie because there were no weapons in the room.

"With the door closed and the light off, they shot in the room for ten minutes straight with submachine guns.

"Blair was shot in the leg and four times in the groin. Ron was shot in the arm, leg and the kidney. I was shot twice in the butt and once in the knee.

"**WE FINALLY** surrendered because we were hurt so bad.

"The police must have used sleeping gas or had someone put some sleeping pills in our food because most of us didn't even hear the pigs come in. And when I was shot I didn't feel it, and I was shot with a submachine gun.

"When I started walking out -- not knowing that I was shot -- I fell to the floor and a black state attorney's policeman pointed a submachine gun at my head and said 'get up, motherfucker.'

"I asked one of the police could I stop some of the brothers from bleeding and see if I could save Fred by artificial respiration. He said, 'No, motherfucker. Get up against the wall.'

After the raid, when Donnettea was in the hospital, the police's attitude and the treatment given her remained poor.

She explained that she had two guards even though "I had a full-length cast on my left leg. My right leg was chained to the bed, and in the beginning both my hands were also chained to the bed.

"The police constantly tried to intimidate me so they could make me mad and have more charges against me," she claimed.

BESIDES INTIMIDATION, Donnettea also raises serious questions about the health care she received.

"When I got to the detention home, they took away all my pain medication, and my crutches and put me in isolation . . . and gave me no food or water for four days," she recalled.

When Donnattea returned to her parents' home in Ann Arbor, she had to go to St. Joseph's Hospital to have the bullet removed from her knee.

"The doctor told me if I wouldn't have gotten that bullet out o fmy leg in a couple of days, I would have lost my leg," she said.

Donnettea's version of the police raid has been corroborated by much of the physical evidence in the apartment — although the police claim that they entered the apartment only after they were fired on by the Panthers.

Slowly, more and more doubts began to grow in people's minds. These doubts were increased when police photographs of the apartment that purported to show bullet holes which indicated that the Panther's initiated the gunfire were shown to really be pictures of nail holes in the wall. The doubts were partially confirmed by the fake photographs and a furor began to grow over the slaying of Fred Hampton and Mark Clark, and reached into unexpected quarters.

The funeral of Hampton saw such m crates as Dr. Ralph Abernathy dec that there is a systematic program genocide against the blacks. Roy Wil of the NAACP called for a special inve gation of the raid.

IT MATTERS LITTLE at this p what the grand juries decide, for no will believe them.

What does matter is the prevention further such raids, and th [illegible] trial of the seven people who n[illegible] to survive the raid.

The prevention of future raids was de a severe blow by the decision last w by a coroner's jury that the murder Fred Hampton and Mark Clark was ju ifiable homicide because the policem "believed that they might be harm themselves."

During the inquest, Sergeant Groth, t leader of the raid, was asked why t police didn't use tear gas. His answ was "there wasn't any available."

Donnattea says that earlier when t same question was asked he respond "because we didn't think of it."

THIS TYPE OF action by [illegible] polic and its absolution by the co [illegible]'s in bodes poorly for the future.

Donnattea has not seen the last Chicago.

On Feb. 27 she and the six other s vivors of the raid must appear before federal grand jury on the charges of a tempted murder and aggravated batter The future does not look too brig for Donnattea, but she still refuses be intimidated and urges others to "sta up for what you believe in."

And she continues working "because w should all realize that being blac people and poor people in general, w have been oppressed in this country fo hundreds of years."

• Alexa Canady

Re: Donnette Verlina Brewer

On February 13, 1970, confidential source number three advised that Donnette Brewer and three Negro males departed Detroit on that date en route to the Bronx, New York Chapter of the BPP. At the time of their departure Brewer commented that she is wanted in Chicago, Illinois in connection with the resistance offered the police officers on December 4, 1969 at the time Fred Hampton was killed and that she is going "underground" in New York City to avoid prosecution.

BLACK PANTHER PARTY (BPP)

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland Police Officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-Tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

In February, 1969, advised that in the first week of February, 1969, members of the BPP in Chicago went to the University of Illinois, Champaign-Urbana Campus, for the purpose of establishing a BPP in that area.

On February 4 or 5, 1969, four other BPP members reportedly flew to the Urbana-Champaign area to deliver BPP posters to the four BPP members who had previously travelled from Chicago to that area.

On February 8, 1969, who has knowledge of BPP activities in the Urbana-Champaign, Illinois, area, advised that on the night of February 7, 1969, several members of the BPP were at the Illini Union on the campus of the University of Illinois in Urbana-Champaign. They met with representatives of the Black Student Association from that campus. During this evening, two of these BPP members were arrested by the University of Illinois Police Department for disorderly conduct.

On February 8, 1969, advised that on the night of February 7, 1969, word was reportedly received at the BPP headquarters, 2350 West Madison Street, Chicago, Illinois, that several of their members had been arrested in Urbana. It was requested that as many BPP members as possible proceed at once to Urbana.

Following this, approximately nine BPP members, including the subject, travelled from Chicago to Urbana. After arrival, most of them, including the subject, planned to remain in the area until after the court appearance of the BPP members arrested at the University of Illinois.

On February 9, 1969, FOREST CLARK, Trooper, Illinois State Police, Pesotum, Illinois, which is in the Urbana area, advised that he received a call at approximately noon on February 9, 1969, that individuals had "skipped" from the Holiday Inn motel at Rantoul, Champaign County, Illinois. He was furnished a description of the vehicles of the persons involved.

At about 12:11 p.m. on this date, he stopped these two cars, both operated by Negro youths from the Chicago area. The total number of occupants of the two cars was eleven.

LARRY JOHNSON, Champaign County, Illinois, States Attorney, Urbana, Illinois, authorized charging all eleven individuals with three charges: defrauding an innkeeper, theft and conspiracy to commit theft. One of those arrested was RONALD JEROME SATCHEL, Negro male, born June 22, 1950, in Cleveland, Ohio, residing at 6846 South Clyde Avenue, Chicago, Illinois.

According to police investigation, four of these persons, claiming to be members of the BPP, checked into two rooms at the Holiday Inn at Rantoul, Illinois, on Saturday night, February 8, 1969. The motel manager observed 15 persons entering the two rooms on Saturday night, and 15 persons leaving the rooms on Sunday morning. The arrests were made thereafter.

On February 10, 1969, ROBERT CLARK, Chief Deputy, Champaign County, Illinois, Sheriff's Office, advised that RONALD SATCHEL and the others arrested as reported above appeared in Magistrate Court, Urbana, Illinois, on this date. They all pled guilty to defrauding an innkeeper. They were each fined $25.00 and $15.00 court cost and released. They were represented by DENNIS CUNNINGHAM, Attorney, 1841 North Dayton Street, Chicago.

On February 25, 1969, advised that the BPP headquarters in California had been in touch with the BPP headquarters in Chicago and had an undescribed package which needed to be delivered to unknown person or persons in West Berlin, Germany. Two members of the Chicago BPP were needed to deliver this package.

The leadership of the BPP in Chicago was considering SATCHEL, among others, to deliver this package. Reportedly, those being considered who did not deliver this package would travel to BPP headquarters in California.

This source subsequently advised that due to some confusion among Chicago BPP leaders, it appeared that no BPP members would travel to Germany, and also there appeared to be no contemplated travel to California by SATCHEL or other BPP members.

616

On the evening of February 25, 1969, about five BPP members, including SATCHEL, travelled to De Kalb, Illinois, the location of the University of Northern Illinois, for the alleged purpose of contacting someone referred to as "the Teacher."

On March 20, 1969, advised that RONALD SATCHEL, Minister of Health, and YVONNE KING, acting Minister of Labor of the BPP of Chicago, reportedly travelled to Detroit, Michigan, during the weekend of March 15 - 17, 1969. They stayed with the parents of ROBERT STANLEY WHITE in Detroit. WHITE is Field Secretary of the BPP in Chicago. He was originally from Detroit and is presently incarcerated in Detroit on charges of armed robbery.

While in Detroit, KING and SATCHEL allegedly contacted WHITE. WHITE's wealthy uncle reportedly furnished funds for KING and SATCHEL to fly back to Chicago on March 17, 1969.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BLACK PANTHER PARTY (BPP)
RACIAL TENSIONS,
HARVEY, ILLINOIS

On April 2, 1969, Chief Leroy Knapp, Harvey, Illinois Police Department (PD), advised that six young male Negroes were wounded (two considered seriously) by gunshots fired during an early morning confrontation in Robbins, Illinois, an all Negro community, between members of the Harvey, Illinois "P. Stone" Rangers, a local Negro youth gang, and local Negro youths from Robbins. Chief Knapp stated that it appears that the recruiting attempts by the "P. Stone" Rangers on April 1, 1969, in Robbins, had failed and they returned to Robbins about midnight.

On April 2, 1969, Chief Aaron Stout, Robbins, Illinois PD, advised that investigation indicates that during the last day or so, a group of Negro youths, possibly Blackstone Rangers, a south side Chicago Negro youth gang, came to Winston's Tavern and Skin's Tavern, attempting to recruit local Negro youths. He stated that it was reported that one of the owners of one of the above taverns or a member of the Black Panther Party (BPP) was present and "flattened" several of the recruits.

He stated that as a result of this incident, it is alleged that the Rangers returned to Robbins during the night of April 1, 1969, and entered a tavern owned by Merrial Chandler, male, Negro, age 50, 141st and Claire, Robbins, and shot Chandler, as well as Joseph Emery, male, Negro, age 17, 13010 Monticello, Robbins, and Willie Covington, male, Negro, age 17, 3141 West 139th Street, Robbins.

He stated that subsequently another group arrived in Robbins at another location where it was reported that Alvino Shinn from Chicago, shot Johnnie Brooks, male, Negro, and Turk Patterson, Negro, male, addresses unknown. Shinn was then shot by the Robbins PD.

Chief Stout stated that as a result of the above shootings, the following persons have thus far been arrested:

James Veal, Negro, male, age 29, born 1939, 3711 Maxey Court, Robbins.

Leonard Lucas, Negro, male, age 36, born 1933, 1320 South Throop, Chicago.

Ivory Lampkins, Negro, male, age 27, born 1943, 3721 West 137th Street, Robbins.

Albino Shinn, Negro, male, age 22, 3210 Fulton, Chicago.

Bobby Rush, Negro, male, age 22, 2030 South State.

Chief Stout stated that Rush was arrested when Rush came walking into the Robbins PD demanding to see one of those arrested. Chief Stout stated that he noticed Rush was wearing a shoulder holster and he therefore, asked him to come into his office at which time Rush gave him a .45 caliber automatic, nickel plated, serial number 281877.

On April 2, 1969, a source who has furnished reliable information in the past, advised receipt of the information from a person known to be a member of high standing in the Chicago Chapter of the BPP:

See appendix for characterization of the BPP.

James Veal, Acting Captain of Defense, BPP, Harvey, Illinois, area, allegedly called the Chicago Chapter BPP Headquarters, 2350 West Madison, shortly after midnight of April 2, 1969, requesting help from the Chicago BPP Headquarters inasmuch as he was "pinned down" by "P. Stone" Rangers.

Source stated that approximately ten Chicago Panthers including Bobby Rush, Deputy Minister of Defense, Alvino Shinn, Minister of Finance, and Leonard Lucas, in two automobiles, proceeded to the vicinity of Veal's residence, Robbins, Illinois.

BLACK PANTHER PARTY (BPP)
RACIAL TENSIONS,
HARVEY, ILLINOIS

Source stated that the group spotted Veal's vehicle before reaching his home and as they approached this vehicle walking, shouts of "shoot them down, kill them" were heard. One shot was fired in the direction of the shouts and, then, shooting started from every direction.

Source continued that allegedly the Panthers were caught in a cross fire between police officers and the group near Veal's vehicle, suspected of being "P. Stone" Rangers.

Source stated that during this shooting one of the Panther vehicles' tires were flattened and this vehicle was left at the scene. According to the source some of the Panthers fled in the second car and some fled through the swamp.

Later during April 2, 1969, the following law enforcement officials advised that the above area is calm:

Chief Stout.
Lieutenant Frank Hulac, Cook County Sheriff's Office, on standby alert.
Lieutenant George Wilson, District 4, Illinois State Police, on standby alert.
Lieutenant Harry Harczak, Blue Island, Illinois PD, neighboring community.
Chief Knapp, neighboring community.

On April 3, 1969, Chief Stout advised receipt of a report at 1:30 p.m., on this date from St. Francis Hospital, Blue Island, Illinois, that Robert Bynum, Negro, male, age 18, had been shot in the right thigh above the knee.

Chief Stout stated that investigation revealed Bynum was shot by unknown person or persons while walking on the street in the vicinity of 139th and Monticello, Robbins, Illinois, about 12:45 p.m., this date.

Chief Stout further advised that Bynum has been determined to be absent without leave from the Fifth Area of the United States Army. Bynum gave the address of 14025 Grace.

IN VIEW OF THE ABOVE, RUSH, SHINN, LUCAS AND LAMPKINS SHOULD BE CONSIDERED ARMED AND DANGEROUS.

BLACK PANTHER PARTY

A characterization of the Black Panther Party (BPP) is set forth in the appendix of this memorandum.

On July 8, 1969, the source, who has furnished reliable information in the past, advised that a report on the progress of the Illinois BPP, 2350 West Madison Street, Chicago, Illinois, dated March 1, 1969, was forwarded to David Hilliard, Chief of Staff, National Headquarters, BPP, 3106 Shattuck, Berkeley, California, on an unknown date and report was signed by Iris E. Shinn, Communications Secretary. Source stated this report in part reads as follows:

> "Dear David:
>
> "The following is a communications report on the progress of the party here in Illinois.
>
> "The Deputy Minister of Economic Development, Ron Patterson; and the Deputy Minister of Labor, Eric 'Bear' Scott, were voted off the central staff. Reasons for this are that since they recently opened an outside office they have been doing nothing but bullshit. They were both doing nothing to either better the lot of black people or heighten the contradictions of this racist (obscene.) They're staffs were doing nothing, because they were doing nothing. At this writing both these positions are open and also the position of Deputy Minister of Religion, who resigned.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

"We have gotten together a staff of lawyers who will be on call for party cases and who will try to put a stop to false arrests by being on the scene as soon as possible after the arrest.

"The telephones should be operating by the middle of next week. This was an extreme error on my part for not coming to you for monetary assistance soon as we knew we couldn't get money.

Ministry of Education

"Classes in Political Education are currently being taught by Deputy Minister Billy 'Che' Brooks until he gets another teacher. 'Che' and his staff are in the process of formulating a program to deal directly with the community. 'Che' was recently in Urbana at the University where he helped to set-up the educational part of the chapter there. He has also been instrumental in getting relavent courses taught in the schools here on college, high school and elementary levels. He is catching hell due to the nature of this racist (obscene) institution, but the Panthers will see him through.

Ministry of Health

"This ministry, headed by Deputy Minister Ronald 'Doc' Satchel is formulating programs dealing in three aspects; (1) first aid classes for members of the party and the community; (2) establishing community health centers throughout the black community; (3) dealing with the poor health conditions dominent in the communities.

"First aid classes are to be held on Wednesdays from 7-8 PM, and since Deputy Minister of

> Health has only recently been appointed there has been only one class. These classes are being taught by Bernadine Grayson, a student nurse. 'Doc' is in the process of getting a functional staff, and has also contact a Dr. Quentin Young who claims to have worked with members of the Party on the coast.

Ministry of Culture

> "The Ministry of Culture is now working on setting up a playground across the street from the Party's office here in Chicago. As of now, the Minister of Culture Christina "Chuckles" May has not heard from the wholesalers she has contacted.
>
> "She and her staff are now working on posters that will shake up this racist dog pig. She is also working to supply the Party with buttons with our slogans to distribute in the community.
>
> "She is instituting a revolutionary cultural program in the Black communities to orient Black people to some of their revolutionary leaders, ideals, etc."

Ministry of Information

On February 23, 1969, the Deputy Minister of Information, Rufus "Chaka" Walls, prepared handbills informing the people of the great multitude of racist police action in the black community, pointing out the inhumane equipment these "pigs" are using to supress black people. This handbill also noted the extreme exploitation of the black community and gave details and facts of the black people being victims of overt capitalism and racism.

On February 21, 1969, "Chaka" spoke at Crane College in commeration of the death of Malcolm X. He spoke on revolution and [illegible]. In addition to this speech he also spoke at Roosevelt University on this date in defence of the black student union at that university. This speech was directed at the radical whites to illicit backing of the black student demands.

Field Secretaries

Major Jewel Cook, Field Secretary of Chicago, and his staff have been making progress in obtaining coalitions with various other groups in the Chicago area. At this time his staff is focusing their major attention on the west side of Chicago inasmuch as the central staff feels that these people are together at the time and has a black populus of approximately 500,000 people. Therefore, it is up to the Panthers to do their job and we will be out and taking care of business.

Nathaniel Junior, also a Field Secretary, helped to organize a coalition with the Young Lords, a local Puerto Rican youth group operating on the north side of Chicago. They have agreed to structure their organization similar to the structure of the BPP. Junior, Robert Lee, and Hank Gaddis will be in direct contact with the Young Lords and some of their members have been attending our political education classes.

Deputy Chairman

The Deputy Chairman, Fred Hampton, within the last few weeks, has been the major spokesman for the party. He has actively attempted to bring the political ideology of the party to the people and has spoken at the University of Chicago, Illinois Circle Campus twice, Northwestern, Northern Illinois University, Hyde Park High School, Chicago Teacher's South, Wilson Junior College, Roosevelt University, George Williams College, Lake Forest, and to various other white and brown groups. Hampton tries to allow no onlookers to be members of our party (an active member or no member at all) "nothing comes to a sleeper but a dream."

RE: BPP

As you are aware the charges were dismissed against Brothers Raymond Hewitt and Dexter Woods. While here they showed us the need and importance of the political education classes as well as proper study of the various materials. Brother Hewitt taught a political education class and later at "Chaka's" crib we had a rap session and went a little deeper into the ideology.

Yours in revolution

Iris A. Shinn
Communication Secretary

This source noted that Iris Shinn and her husband Alvino Shinn became inactive members in April, 1969, appealed to the Illinois Central Committee to be reinstated as active members during this same month, and the appeal was denied.

This source stated that of the persons mentioned in the above report the following are no longer members of the Illinois BPP:

Chepus Childs, resigned from the Illinois Central Staff, formerly Deputy Minister of Religion
Ronald Patterson
Eric Scott, also known as "Bear"
Alvino Shinn
Iris Shinn

Copies of this Letterhead Memorandum are going to following agencies:

APPENDIX

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

AAG JERRIS LEONARD, Civil Rights Division, Department of Justice, at Chicago, advised SAC MARLIN W. JOHNSON in strictest confidence that no indictments of police officers are planned in captioned matter. AAG LEONARD has a firm commitment to meet with EDWARD V. HANRAHAN, States Attorney, Cook County, Illinois, within one week, whereupon on basis of Federal District Court order, HANRAHAN will receive testimony of States Attorney's Police before FGJ.

The above is based upon an agreement whereby HANRAHAN will dismiss the local indictment against Black Panther Party (BPP) members. HANRAHAN is to be given 30 days to dismiss this local indictment which will be based upon the change in testimony of JOHN SIDUNAS of the Chicago Police Department Crime Lab.

Subsequent to this dismissal, BPP victims will then be subpoenaed before the FGJ for their testimony in this case.

Several days later Harvey Johnson, operating director of the Chicago Crime Commission was reported as having accompanied police on a second search of the apartment on December 17 and 18. The story quotes ~~Johnson~~ as saying that new evidence had been discovered supporting the police version in the form of bird shot pellets fired from within the apartment in the direction of the raiding officers. Johnson attributed the pellets to non-police weapons "because any policeman who used birdshot would be laughed out of the station." The pellets were reportedly found in the north wall of the front bedroom. A search failed to turn up the deer slug allegedly fired through the door. This story also reflected that Coroner Toman had sealed the premises on December 17, some two weeks after the incident. (Chicago Tribune 12/19)

On December 19, the Daily Defender again ran the Rush charges. In this story Rush not only claimed that Hampton and Clark had been murdered but that it was the product of a conspiracy "in retaliation for the killing of two white policemen by Panthers in a recent shootout on the Southside." The story said Rush claimed that "officer John Cizewski, a member of Hanrahan's raiding squad is brother of policeman Charles Gilhouly, who was killed in the Southside gun battle with Panthers."

Report of the January 1970 Grand Jury

~~I.~~ INTRODUCTION

At 4:45 a.m., December 4, 1969, fourteen Chicago police officers assigned to the Cook County States Attorneys Office, executed a search warrant for illegal weapons at 2337 West Monroe, in a flat ~~known to be~~ rented by members of the Black Panther Party. Nine people were in the apartment. Two were killed instantly in the gunfire which broke out: Fred Hampton, the militant and controversial Chairman of the Black Panther Party of Illinois, and Mark Clark, a Panther member from Peoria. Four other occupants were wounded, but survived. Two police officers sustained minor injuries.

Public reaction was prompt and polarized. The States Attorneys Office accounts, at first sketchy and then more detailed, related that the officers were fired upon as they sought entry, that they returned the fire and secured the premises after an intense gun battle with the occupants. The officers recovered 19 weapons, including a stolen police shotgun, a sawed off shotgun, and various handguns. A large quantity of ammunition was seized. According to their account ~~they~~ The officers had no knowledge that Fred Hampton was in the apartment, but did report that Hampton was found lying on a bed with an automatic pistol and a shotgun next to his body.

Black Panther spokesmen immediately claimed that Hampton and Clark were victims of a Chicago-style political assassination pursuant to an official national policy of genocide. Newsmen, students, public officials, and neighborhood residents were given guided tours of the apartment. Panther guides claimed the physical evidence proved that the police did all the shooting.

The competing accounts were given equal and extensive coverage in all media. Responsible leaders, black and white, demanded impartial investigations; Negro congressmen announced their own investigation; a special "Blue Ribbon" coroner's inquest was scheduled; a citizens group headed by former Supreme Court Justice Arthur Goldberg was formed to investigate; the Chicago Black Patrolmen's League determined that the police account was untrue and promised to find and expose the facts; the Illinois Attorney General agreed to look into the matter; the Internal Investigations Division of the Chicago Police Department initiated an investigation. Letters, telegrams, delegations and editorials all called on the U. S. Department of Justice to initiate an investigation to determine if there had been a violation of the civil rights of the apartment occupants.

On December 19, 1969, United States Attorney General John Mitchell appointed Assistant Attorney General Jerris Leonard and a special bi-racial team of experienced federal prosecutors to collect all of the facts with respect to the incident and present them to a federal grand jury.

This report contains the findings of the grand jury after hearing nearly 100 witnesses and considering over 120 exhibits containing police records, photographs, moving pictures, transcripts of testimony before other bodies, voluminous investigative and scientific reports and reports of investigative interviews with over 100 potential witnesses who were not called.

The first part of this report consists of the detailed statement of the investigative approach used, the various factual disputes, the results of the FBI's ballistics examination, and the results of other investigations. The second portion of the report contains a discussion of federal law as it applies to the facts as found by the grand jury. The final portion contains a discussion of the very serious law enforcement problems disclosed by the facts together with the Grand Jury's recommendations on possible solutions.

During the course of the factual presentation frequent reference will be made to the publicity given some of the events. While not normally a subject of grand jury consideration, the unique circumstances of this case indicate that the media was used by various persons involved ~~as a way to convince~~

II - Investigation + Finding

A.) The Police and the Panthers

(background of relations between the two)

B. Events preceding federal grand jury investigation

Between the time of this incident on December 4, 1969, and the impaneling of this grand jury on January 5, 1970, the air was full of charges and counter-charges concerning what happened. A description of the spiraling escalation of public explanations, disputes, versions and commentary is instructive in understanding the way the grand jury investigation proceeded and serves to give useful background for some of the factual problems it found.

The first public reports of what happened came from the States Attorney Police (through Assistant State's Attorney Jalovec,) Acting on information supplied by an informant, the officers obtained a search warrant for the premises to look for a cache of Black Panther weapons. After announcing their office and seeking entry, the officers were fired upon. They returned the fire, several times pausing to call for surrender. The occupants shouted "shoot it out," continued to fire and an intensive shoot-out ensued. Fred Hampton was found dead in a back bedroom from which gunfire had been seen, and Mark Clark was found in the living room. Nineteen weapons and large stores of ammunition were seized and the survivors were charged with attempted murder. Officers Ciszewski and Carmody were wounded in the gun fight. (Chicago Today 12/4)

This account was immediately challenged by Bobby Rush, described as the number 2 Panther in Illinois in a story datelined December 4. Under the

[illegible]

[illegible]

headline "Pal Claims Panther Chief Murdered in Bed," a reporter described a tour given newsmen by Rush showing the only bullet holes "in the spread and mattress of Hampton's blood splattered bed room." Rush was quoted as charging "Hampton was murdered in bed while he slept, since he was a light sleeper, some pig [policeman] must have come in the back door and murdered him with a silencer"(Chicago Today, Dec. 4, 1969).

The basic controversy continued to receive extensive coverage in every media. On December 7, defense attorney Frances Andrew was quoted as saying a private autopsy showed that Hampton was "murdered while he was asleep and Renault Robinson, head of the Afro-American Patrolmen's League reportedly said after touring the site that it appeared the men were killed "for no reason in a police set-up." (Chicago Sun Times 12/7). By December 8, Mayor Chalila of suburban Maywood, where Hampton had grown up, announced that three of the Villages Trustees and seven of the nine man Human Relations Commission issued a statement demanding that State Attorr [illegible] al [illegible] seek murder indictments against the officers for a "blatant act of legitimatized murder." The charges were based on evidence indicating police [illegible] all the shooting. (Sun-Times 12/8)

On December [illegible], States Attorney Hanrahan, at a news conference, restated the basic police version.

saying that a more detailed statement would be improper in view of criminal charges pending against survivors. "We were then [after the raid] and still are convinced that our officers used good judgment, considerable restraint, and professional discipline." (Chicago Tribune 12/9)

Mr. Hanrahan's statement had little effect on the burgeoning controversy. On the same day the above article appeared, another paper was reporting that nine Democratic Congressmen had requested the National Commission on the Causes and Prevention of Violence to investigate the matter. They asked the President to extend the Commission for this purpose and in a letter to the Commission reportedly set out the basis for their concern: "There were indications that Hampton was killed while still in bed, and that a private autopsy on his body indicates he was in a reclining position when the bullets entered and left the body." This article also quoted Assistant State's Attorney Jalovec as rejecting any possibility of using lie detector tests to resolve the disputes: "We don't put either suspects or policemen on the polygraph. It is not done." (Chicago Today, 12/9)

On December 10, it was reported that the police Internal Inspections Division, charged with looking into allegations of police misconduct, would not investigate because, according to Director Harry Ervanian, "the IID has no jurisdiction in a case handled by the States Attorney's Office. States Attorney Hanrahan was quoted as expressing surprise over the exemption of his men. (Chicago Sun Times 12/10)

The following day, however, Police Superintendent Conlisk announced that the Internal Investigations Division had begun an investigation. Director Ervanian explained that all background information would be reviewed including "arrest records from the raid, physical evidence, statements from witnesses, and photographs of the apartment." He reportedly said it was too early to tell whether it would be necessary to require the officers to take lie detector tests. (Chicago Today 12/11)

On December 10, a major escalation of the intensive news coverage began when the Chicago Daily News published an account provided by Black Panther defense attorneys headlined "Panther Story of Killings." In pertinent part the story set forth the following:

> "There was a knock on the front door of the apartment at 4:40 a.m. Thursday. The occupants asked, 'Who is it?' They received a brief reply. The occupants again asked, 'Who?'
>
> After a short delay, Mark Clark, 22, of Peoria, a Downstate Panther leader, went to the door just as the plainclothes policemen forced their way in.

This account was matched in The following day's issue of the Chicago Tribune in ~~published~~ an exclusive detailed account given by the officers. "State's Attorney Edward V. Hanrahan made the policemen available for interviews [to] refute what he termed ~~as~~ an orgy of sensationalism in the press and on television." The exclusive Tribune story also contained photographs supplied by Hanrahan and his top assistants Jalovec and Boyle, "which they said conclusively proved the Panthers opened the battle by firing a shotgun blast thru the apartment door."

In this story, the leader of the raid, Sgt. Daniel Groth, said that he and Assistant States Attorney Jalovec had both received confidential information on December 2, that a cache of weapons was in the apartment. "According to the informants, at least three shotguns had been observed in the flat. Neither, however, made any mention of Hampton's or Clark's frequenting the apartment, Sgt. Groth said."

At 4:45 p.m., on December 3, according to the story, "Jalovec obtained a search warrant from Judge Robert Collins of Criminal Court, citing the facts obtained from the informants."

—In the story, Sgt. Groth told of planning the raid and selecting the early morning hours to avoid an incident and to provide safety for his men and neighbors. Groth's account of the way the shooting started was the most detailed one to date:

pg missing 2

Then police spotted a third Panther member in the room, Ronald Satchel, 19, of 2337 Monroe st., who also surrendered. He also had been wounded.

In both bedrooms, police found large stores of arms and ammunition. In Hampton's back bedroom, four boxes of ammunition. In Hampton's back bedroom, four boxes of shotgun shells were found as well as shotguns, a rifle, and hand guns. Similar caches were in the front bedroom, some of it in a flight bag.

On the evening of December 11, the exposure of detailed accounts again increased. Using a mock-up of the apartment built in the States Attorney's office, a 28 minute televised reenactment was presented on WBBM-TV. In the reenactment each officer acted out and described his part in the raid. The essentials were the same as had been presented in the Tribune exclusive, except that in the reenactment officer Gorman described how he and officer Davis, blocked from proceeding down the hallway by Panther gunfire, fired their weapons (45 caliber sub-machine gun and a 30 caliber carbine respectively) through the living room wall and into the bedroom area. According to a Daily News television columnist the following day, the reenactment was given to WBBM with the provision that "nearly the entire police version be broadcast without interruption." He also reported that "other local TV stations reported they had been offered the same story possibility, but news directors there say they had refused to work under Hanrahan's restrictions."

The media controversy reached a new high on December 12 when the Sun Times exposed the fact that the pictures that accompanied the Tribune "exclusive" had been erroneously described. After visiting the apartment the Sun Times reporter claimed that the picture of bullet holes near the kitchen door were in fact nail holes and that the photo purporting to show the bathroom door (proving that the Panthers had fired from the front bedroom) was in fact a picture of the door to the front bedroom which had been struck by police bullets fired through the living room wall. The State's Attorney's office and the Tribune both acknowledged the mistake, but no explanation of how it occurred was provided.

There was also a further development with respect to the use of polygraph tests. A front page headline in Chicago Today proclaimed "Hanrahan Lie Test Challenge to Panthers." The story quoted a press conference statement by the State's Attorney that he had refused a request by the officers to take lie detector tests "for fear that granting it would suggest some doubt on our part." Mr. Hanrahan was quoted as challenging the occupants to submit to such tests

saying that if they did so permission would be granted for the officers to do likewise (Chicago Today 12/11). The next day the same paper quoted Panther leader Rush as rejecting the challenge because "I wouldn't trust the people who would be administering the lie test...and once the police get you and lock you up in a room, they can get you to say anything they want you to say." Rush also repeated his earlier allegations of a planned police murder. He described how the police arrived in an unmarked truck full of machine guns and cordoned off the block. "Like buzzards waiting for the kill, they waited outside until the lights went off *** Using a detaled map of the apartment," Rush said, Patrolman Edward Carmody and John Cizewski were to shoot Fred while a detail led by Sgt. Daniel Groth were taking care of business in the front." Rush concluded that murder indictments should be issued against Hanrahan, Richard Jalovec and Judge Collins. (Chicago Today 12/12)

Recapitulations and summaries of the various stories appeared almost daily in all of the Chicago papers. On December 16, Mayor Daley pledged full support for the upcoming inquest and Coroner Toman announced that a special "blue ribbon" coroner's jury of three black and three white citizens was being selected. BLACK PANTHER PARTY (BPP) MEDICAL CENTER

A characterization of the BPP is attached.

On February 6, 1970, Robert Grossman, Assistant Supervisor, Municipal Court Records, Civic Center, Chicago, Illinois, advised that on Thursday, February 5, 1970, at 2:30 p.m. Circuit Court Judge Raymond F. Trafelete, Room 1308,dismissed a suit filed by Assistant Corporation Counsel Manuel Port on behalf of Dr. Murray C. Brown, Counselor, Board of Health,City of Chicago, against Jeffrey H. Haas, Attorney for BPP. The suit charged the BPP Medical Center at 3850-52 West 16th Street, Chicago, with operating a medical clinic without a license.

On February 5, 1970, Raymond O'Malley, Investigator, Corporation Counsel Office, City Hall, Chicago, advised that on January 4, 1970, the BPP Medical Center Clinic opened at 3850-52 West 16th Street, Chicago. The Panthers refer to this place as "The Spurgeon 'Jake' Winters People's Medical Center, Inc." and is named in honor of Winters,a BPP member who was fatally shot in a gun battle with the Chicago Police on November 13, 1969. The clinic is staffed by people in sympathy with BPP aims and purposes. Ronald "Doc" Satchel is the BPP member in charge of the clinic. Dr. Quentin Young and Dr. Eric C. Kast are assisting in the clinic's operations as volunteer physicians. Dr. Young is a member of the Medical Committee for Human Rights, a Chicago social agency and Dr. Kast is a member of the Lawndale Association for Social Health, Chicago, southside social agency.

O'Malley stated on January 21, 1970, a summons was issued by Deputy City Collector Lawrence J. Goss on behalf of a complaint filed by Dr. Murray C. Brown, City Health Commissioner,indicating that the BPP clinic was in violation of city ordinance for operating without Dispensary Permit.

The attached article entitled "Black Panther Medical Center Stays Open Despite City Threats" appeared in the January 26, 1970, edition of the Chicago Defender, a weely edition newspaper.

Black Panther Medical Center Stays Open Despite City Threats

By TONI ANTHONY

The Black Panther Medical Center, 2350-52 W. 16th st., remains open to serve the people despite efforts last week by the City Health Department to close the new facility.

Officially named the Spurgeon Jake Winters People's Medical Care Center, in memory of Jake Winters, the 19-year-old Panther party member killed in the Nov. 13, 1969 shoot-out with Chicago police at 59th and Calumet, the medical center is the realization of slain Illinois Black Panther Party Chairman Fred Hampton's dream—free medical service to the poor.

The Panther Medical Center opened its doors to the public on Jan. 5. It is staffed by volunteer professional nurses and doctors, who are specialists in their respective fields.

The young men and women at 2350-52 W. 16th st. are dedicated--to the forgotten Americans; the unhealthy and infirm, and to the prevention and eradication of disease in the ghetto. The goverement says it can't be done. These youthful volunteers, doctors and nurses say it can, and are proving it, in what is one of the most unique medical centers in the nation--the Spurgeon Jake Winters People's Medical Center, staffed and directed by the Black Panther Party of Illinois.

While Chicago and the federal government are locked in debate over the welfare state, and pre-occupied with subsidizing commissions to study the Panther Party, with inadequate hospitals and incomplete medical facilities, is "dealing" with the problem.

Death and devastating disease are stark realities for West Lawndale residents, many of whom have never seen a physician in their adult lives.

The Panther Medical Center, located in the heart of this impoverished area, represents a ray of hope for these abandoned and hopeless citizens— [illegible] opportunity for some young man to realize the promise of maturity as a result of the dedication of these young men "to the people," the manifestation of Fred Hampton's dream.

The Panther center operates on a seven day basis. Some parents bring their children for treatment, and others come in to be treated themselves. The doctors see every kind of problem--from trauma, and infectious diseases, to psychiatric and female problems.

Community residents serve as clerks, and some are training to become laboratory technicians. The most unique job in the medical center is that of "The People's Advocate", which is similar to the function of a caseworker, and provided by the Panther Party to guide patients through the procedures of the center, making sure that they receive the medical attention they need, and to solve any non-medical problem patients may have, from finding housing to tracking down deliquent welfare checks.

The doctors who staff the center are enthusiastic about "the People's Advocate." Said one doctor, "in most hospitals the patient has to fend for himself. If he doesn't make it for his appointment, or can't find the pharmacy, he's left by the wayside. What's different and exciting to me here is that the party provides a person who makes sure that the patient's interests are served."

However, the City Health Department has challenged the center's right to operate, ostensibly because it lacks a city permit, and officials have been summoned to appear in circuit court Feb. 5 to show cause why they don't need a license.

Ronald "Doc" Satchel, one of the chief organizers of the center, denies that his facility is either a clinic or dispensary, which he feels exempts them from a city license requirement. Satchel called the center "an extension of our volunteer, licensed physicians' private practice. Under the law, these doctors can dispense drugs in their names," added Satchel.

Official sources have subtly passed the word to community residents that the medical center is closed. It is not, and remains open daily to the public.

Dr. Quentin Young, a physician at the center, and a member of the Medical Committee for Human Rights, expressed "anger and outrage" at the City Health Department's tactics. "The Board of Health has now been transformed into a police agency," exclaimed Dr. Young. "I fear that Dr. Brown (City Health Commissioner) has become a political tool of the 'Mayor's office."

Dr. Young said that he and other volunteer doctors worked from 7 p.m. to 12 midnight last week, immunizing 3,000 people against diptheria. "We're pleased to serve the people," said Young. "It's an absolute catastrophe that this should occur."

"The City's medical care system has failed so tragically that the people were forced to develop one of their own, and now the city is using its regulatory system to crush it. The City is really saying that the people shouldn't have medical care," added Dr. Young.

The doctors in the clinic have voted to protest the city's efforts to curb and discredit the Center. Dr. Young called the law requiring free medical clinics to have a license "an illegal class statue, which applies only to free clinics and the poor."

"We say this law doesn't apply to us, and is being applied in a repressive way in an effort to curb this new form of health care, which is so desperately needed," said Dr. Young.

Dr. Eric Kast, another volunteer physician, and a member of the Lawndale Association for

Social Health, said his reaction to the summons was "harassment by the City Health Department."

"Instead of helping us, the city is hindering us, which is very deplorable," said Dr. Kast. He pointed out that the need for medical facilities in Lawndale are great, and no other facilities exist. "We will continue to operate as long as possible, and give free service to those who need it most," vowed Dr. Kast.

Dedicated on December 25, and in contrast to most goods and services rendered on that day (in that their usefulness expires the same day), the People's Medical Care Center will consistently meet the needs of the people (combat the problem of illness) this year and in years to come.

The significance of the medical center lies not only in the fact that it will be freely serving the people at a time when soaring medical expenses are becoming the norm, but also because it is an example of socialistic service--the people own and control the health clinic; consequently, it will act in their interest.

Named in honor of Spurgeon "Jake" Winters, a member of the Illinois Chapter of the Black Panther Party, murdered by a fascist pig on November 13, the center will officially open on January 4, 1970.

Ronald "Doc" Satchell (wounded and presently hospitalized as a result of a police shoot-in in which Deputy Chairman Fred Hampton and Defense Captain Mark Clark were murdered) along with other members of the Black Panther Party, is responsible for solicitation for and interior decoration of the medical center. Most of the equipment was donated.

The medical center includes four examining rooms, a pharmacy, an X-ray room, a dental room, a clerical office, and a reception area. Obstetricians, gynocologists, dentists, pediatricians, optometrists, regular medical doctors, registered nurses, lab-technicians, people's advocates, receptionists, and clerks will comprise the staff. The Center will be open Monday-Friday and also on Sunday.

The Free Medical Care Center is once again an example of what Deputy Chairman Fred has said: "The beat of the people goes on". No matter how much intimidation the Black Panther Party receives, we're going to continue to struggle against the evils of this system, one way being, opposing expensive medical care with free medical care.

FREE MEDICAL CARE

SUPPORT THE PEOPLES FREE MEDICAL CARE CENTER

BAD HEALTH CARE is part of the way of life in the black community and in the Latin community. This fact is proved by all statistics:

**The life expectancy of U.S. blacks is 7 years less than whites.

**The infant mortality of children in Chicago poverty areas is among the highest in the country.

**In public hospitals throughout the U.S., black and Latin women are forced to submit to sterilization following childbirths.

**In the U.S., "health care" is a profit-making industry and not a human right for all people.

LACK OF GOOD DECENT HEALTH CARE is one of the many ways this racist capitalist system oppresses the people, and tries to keep us too weak to fight for our rights.

THE BLACK PANTHER PARTY understands the immediate needs for good health care. To serve these needs, the Black Panther Party is establishing the PEOPLE'S FREE MEDICAL CARE CENTER. By serving the health needs of the people, the Black Panther Party is setting an example as they have in the Breakfast-for-Children Programs they have started all over the country.

WHY DO WE NEED THE PEOPLE'S FREE MEDICAL CARE CENTER?

The People's Free Medical Care Center is the first step in getting rid of the barbaric fee-for-service merchandizing of medical care which takes place in the capitalist economy. Capitalism is the system which claims to provide health services for the people, but which is really ruled by the profit motive. In the People's Free Medical Care Center, care will be given to the people on the basis of need, and not on the basis of ability to pay. The Center is much more than free medical care, however --- more than welfare or charity --- for the Center will be run according to the needs of the people it serves.

The doctors at the Center, instead of running it and dominating it, will be in the position (where they belong) of serving the people.

(over, please)

In this capitalist health care system, women are especially oppressed, both as patients and as the lowest-paid, hard-working hospital workers. Black women are used as "teaching material" for medical students to do surgery on. They are used as "guinea pigs" for the testing of new drugs. There is no consideration for the personal dignity or health of the woman. Obstetrical and gynecological care are given far too little attention. Routine, unnecessary sterilizations and widespread misinformation are the results of the racist, male-dominated health industry.

The PEOPLE'S FREE MEDICAL CARE CENTER in its commitment to SERVE THE PEOPLE will give high priority to the care and prevention of sickness in all women.

This week, supporters and members of the Black Panther Party will be distributing leaflets to let the people know about the Center. Much help is needed if the Center is to stay open and functioning at the best level.

On Friday and Saturday we will be here to ask for donations for the support of the People's Free Medical Care Center. Please remember to pass the word and look for the people with collection cans.

If you can donate technical assistance (all health workers are welcome to volunteer time at the Center), or supplies, or funds, o. if you can help us with leafletting and collecting money, please contact the:

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECDBPP)

The following organizations are described on the Appendix Pages attached hereto:

Black Panther Party (BPP)
Chicago Committee to Defend the Bill of Rights (CCDBR)
Students for a Democratic Society (SDS)
National Lawyers' Guild (NLG)

All sources utilized herein have furnished reliable information in the past.

On February 16, 1970, a source advised that an ECDBPP conference was scheduled to be held at the Church of the Epiphany, 201 South Ashland Avenue, Chicago, Illinois, from March 6 through March 8, 1970. This Conference was to provide further evidence that the Communist Party, United States of America (CP, USA) was interested in the BPP. The decision to hold this Conference was made on January 10, 1970, at the Roberts Motel, 79th Street and Vincennes Avenue, Chicago, at which meeting Charlene Mitchell, William L. Patterson and Ishmael Flory representing the CP,USA and Dick Gregory, Chicago Civil Right activist and Bobby Rush, Deputy Minister of Defense of the Illinois Chapter, BPP, Chicago, were present.

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECDBPP)

The purpose of the Conference was agreed to be the establishment of a "context of growing racism and fascism in the US", in which connection the BPP was to have a right to exist.

This source further advised that another meeting at which the organization of the ECDBPP was discussed was held on January 21, 1970, in Chicago and among those in attendance were CP of Illinois members Flory, Roberta Bruce, BPP members, Lorean Poindexter and Mrs. Lucy Montgomery. Poindexter was a member of the CP, USA in Illinois from 1961 through 1963 and Lucy Montgomery is the wife of a Chicago attorney and has contributed generously to the financial support of the SDS. It was agreed at this meeting that Poindexter should be the coordinator for the National Conference and that the headquarters should be at 417 East 47th Street, Chicago.

The source further advised on February 16, 1970, that the National Conference of the ECDBPP would focus on the facts of a nationwide repression against the BPP, the repression of the BPP as part of a developing pattern toward a police state and the ways and means to defend the right of the BPP to exist.

On March 9, 1970, a second source advised that the ECDBPP met at 840 West 14th Place in Chicago, Illinois, the site of Malcolm X College at 9:00 am on March 7, 1970. Approximately 900 to 1,000 persons attended this session and of that number approximately 575 were registered as delegates and the remainder were spectators. There were representatives registered from 23 states.

The second source added that Father William Hogan of Holy Angel's Church, Chicago, served as temporary chairman for the morning session and in that capacity introduced Angie Dickerson of the World Peace Council, New York City, who served as chairman. Dickerson delivered a welcome address.

EMERGENCY CONFERENCE TO DEFEND
THE RIGHTS OF THE BLACK PANTHER
PARTY TO EXIST (ECDBPP)

The second source further stated that at this session David Hilliard, National Chief of Staff of the BPP, spoke regarding the organization of the Panthers. He was followed by Doctor Quentin Young, Head of the Medical Committee on Human Rights (MCHR) in Chicago, who spoke briefly regarding the BPP program of medical care and their luncheon program for ghetto children.

The Medical Committee on Human Rights was described in testimony before the United States House of Representatives Committee on Un-American Activities Hearings during October, 1968, as being founded in 1964 to aid civil rights workers injured while serving in the South and which more recently aided injured demonstrators during the Democratic National Convention held in Chicago in 1968. Doctor Quentin Young, in connection with testimony regarding the MCHR declined to state he was a member of the CP, USA on the basis such would be a violation of the Fifth Amendment to the Constitution of the United States.

The second source further advised that Charles Garry, a BPP attorney from San Francisco, California, then spoke at the morning session of the Conference and in that connection stated he brought greetings from Huey Newton, National Minister of Defense of the BPP and Bobby Seale, National Chairman of that organization.

He then spoke briefly regarding the legal ramifications relating to trials of BPP members and accused the courts of using fascist tactics in that connection and was accusing the juries of being racists. Garry called for unity of all minorities to end repression. Bobby Rush, representing the BPP of Chicago, then briefly commented concerning Panther activities in the Chicago area.

The second source further advised that following these opening speeches a temporary Steering Committee was set up which represented a cross section of the United States. This Steering Committee was under the leadership of Richard Criley, Executive Secretary of the CCDBR. It was then announced that the Conference would be adjourned until afternoon at which time it would be resumed by having workshops on the following subjects:

EMERGENCY CONFERENCE TO DEFEND
THE RIGHTS OF THE BLACK PANTHER
PARTY TO EXIST (ECDBPP)

---

1. Demonstrative Action to the United Nations Against Repression
2. National Defense Funds
3. Community Action
4. Racism and Repression

The first workshop was under the leadership of William Patterson; the second under the leadership of Lucy Montgomery; the third under the leadership of Richard Criley and the fourth under the leadership of Arthur Kinoy, Professor from Rutgers University Law School, **Brunswick, New Jersey.**

At the workshop relating to Community Action it was decided that a National Committee for the exchange of ideas and literature as well as for news media, photographs and visual aids should be established. The purpose of this workshop was to show the true facts of how repression was occuring throughout the nation. This workshop was attended by approximately 300 people who represented 50 or 60 different organizations.

The evening session of the Conference, held on March 7, 1970, consisted of speeches by Arthur Kinoy, Sammy Rayner, a Chicago City Alderman and Congressional candidate, Reverend Calvin Morris of the Southern Christian Leadership Conference (SCLC), Nathan Wright, a Sociologist from New York and Jerry Lefcourt, an attorney involved in the defense of BPP members on trial in New York. All of these speeches, other than the one by Sammy Rayner, related to the theme of repression on the part of the courts against the BPP.

The overall crowd in attendance at the session held on March 7, 1970, consisted of approximately 40% black people, 50% white people and the balance being made up of Puerto Ricans, Mexicans and Orientals. Approximately 50% of the crowd appeared to be under the age of 35. The CP of Illinois was well represented in that a majority of the members of the State Board and State Committee were present. These individuals, however, took no active part in the proceedings.

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECDBPP)

On March 10, 1970, a third source advised that on Sunday, March 8, 1970, the second session of the ECDBPP was held at Malcolm X College, Newberry Street and 14th Place, Chicago. The session began at 11:00 am. The following members of the CP of Illinois were in attendance at this session:

Claude Lightfoot
Ishmael Flory
Frances Gabow
Lester Wickstrom
Dan Queen
Dotty Davies
Charles Sotis
Nate Sharp
Frances Curry
Sylvia Schwartz
Sarah Silver
Jay Schaffner
Charley Wilson
Jack Spiegel

In addition, Ed Johnson and Bessie Choll from Chicago were in attendance.

A fouth source advised during December, 1969 that Ed Johnson and Bessie Choll regularly participated in weekly vigils sponsored by Women For Peace held on Saturdays in the Loop area of Chicago. The source added that the Women For Peace, Chicago area, was founded in Chicago on November 1, 1961, along with other Women For Peace groups throughout the country for the purpose of petitioning all Governments "to end the arms race, not the human race", conduct peace vigils for the purpose of ending the Vietnam war, abolishing the draft and abolishing the "US military foreign policy".

The third source advised on March 10, 1970, that additional individuals were in attendance at the March 8, 1970, morning session. They are as follows:

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECDBPP)

Angie Dickerson, New York
Al Evanoff, New York
David Hilliard, Berkeley, California
Irving Sarnoff, Los Angeles
Doris Turner, New York
Reverend Charles Yerkes, New York
Calvin Hicks, Massachusetts
Reverend Lee H. Ball, New York
Reverend Billy Robinson, Akron, Ohio
Dick Criley, Chicago
Lucy Montgomery, Chicago
Bobby Rush, Chicago
Shirley Chisholm, New York
Flo Kennedy, New York
Charlene Mitchell, New York
Mr. Ball, Detroit
Reverend C.T. Vivian, Chicago
Franklin Alexander, Los Angeles
David Faigen, Chicago
Doctor Charles Hurst, Chicago
Herb Wright, Chicago
Randy Howard, Chicago

The source added that Al Evanoff was chairman of the morning session on March 8, 1970, and in that connection introduced David Faigen who reported on the Community Workshop. Mr. Faigen stated that his group recommended a mass demonstration to be held in New Haven, Connecticut on July 4 through 6, 1970. In addition, the following recommendations were made:

1. A national clearing house for audio-visual material for mass education
2. A national news letter
3. A center for literature and information furnishing articles and reprints
4. A speakers Bureau
5. A continuation committee from the Emergency Conference

Following the remarks of David Faigen, Charles Yerkes of New York, gave the following report as made available by the Committee on a National Defense Fund. In that communication he stated that the following program was

EMERGENCY CONFERENCE TO DEFEND
THE RIGHTS OF THE BLACK PANTHER

recommended:

1. A National Defense Organization should be established to free all black Panthers

2. Assist in financing all court costs

3. Plan large demonstrations

4. The National Staff of the BPP should have the authority to decide on priority of funds

5. A goal large enough to eliminate all bail bondsmen

6. A leaflet to explain the need for funds

7. Locate organizations having flowing assets which could be ready to provide money when needed

8. Request trade unions to provide money

9. Be in constant touch with the NLG

Doris Turner from Local 1199 of the Hospital Workers Union in New York, then spoke and stated that her Local had donated $1,000 to the BPP Defense Fund.

Mr. Ball from Detroit, Michigan, reported on the panel discussing demonstrative action. In that connection he said that the United States Government should be charged with genocide at the United Nations. He added that various department stores in New York should be picketed.

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECDBPP)

Reverend C.T. Vivian was the next speaker who stated that in order to save ourselves the BPP had to be saved. He emphasized that self-interest was involved. He said that a planned program should be made which would insure the survival of the various black and radical groups in order that decisions dealing with various issues might be made. He also stressed the unification of youths and members of the working class.

The Reverend Billy Robinson from Akron, Ohio, then made an appeal for funds.

David Hilliard then spoke briefly and remarked that he did not need any organizations including the CP to tell him how to run the BPP. He added that the only way to deal with the mass media was to run them down and shoot them if necessary to keep them from telling lies.

A Professor Hicks from Brandeis University in Massachusetts gave a report on racists. In that connection he called for regional and local conferences on a broader basis; that current Congressional investigation regarding the BPP be stopped; political prisoners be released from jail; war on the judicial system, discussion of current issues.

Dick Criley then gave a credentials report concerning the conference and stated that 540 people had registered representing 128 organizations from 23 states plus one individual from Canada and one from East Germany. He then stated that plans were being formulated for the continuation of Emergency Conference to transfer its headquarters to New York, New York, where Angie Dickerson would be in charge. He stated that the Committee should be empowered to enlarge itself. The morning session of March 8, 1970, then ended at 2:00 pm.

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECD) (BPP)

On March 11, 1970, the first source advised that the ECD BPP was held in Chicago from March 6-8, 1970. This source provided the following information concerning that conference.

On Friday evening March 6, 1970, registration for the conference was held at the Church of the Epiphany, 201 South Ashland Avenue, Chicago. In addition a film was shown at 8:00. There was no further activity on that date.

On March 7, 1970, registration for the conference was continued at Malcolm X College, 840 West 14th Place, Chicago, from 9:00 to 10:00 AM. In that connection a total registration of 457 individuals was made. Since some of the persons did not register, sponsors figured that a total of 500 persons were present. Twenty-three states sent representatives to the conference along with 128 organizations which were represented.

At the March 8, 1970 morning session Father William Hogan of Chicago presided and in his remarks stated that all must join together against repression in order to preserve freedom. Angie Dickerson from the World Peace Council, New York City, also spoke and stated that the Emergency Conference then being held was enduring a most crucial period during which the United States was engaged in a racist war in Vietnam and a war against those who struggle for the full guarantees of the Constitution of the United States. She stated that the BPP is at the center of this struggle and refused to be destroyed just like the people of Vietnam refuse to be destroyed. She proclaimed that the Emergency Conference emphasizes that the BPP has the right to exist as a Party.

EMERGENCY CONFERENCE TO DEFEND
THE RIGHTS OF THE BLACK PANTHER PARTY
TO EXIST (ECD) (BPP)

The next speaker was Alphonse Hill, a representative of Malcolm X College who welcomed everybody in the name of the school.

David Hilliard, Chief of Staff of the BPP, Berkeley California then then spoke and in his remarks stated that the time is short for the BPP, but that the black people were going to have a Party as the masses without the BPP is like an army without a headquarters. Hilliard added that the time is long passed for making alliances with the BPP; that the time is passed for words and speeches and fund raising programs and that the alternative was that action must be taken. Hilliard called upon the conference to act, not to use a lot of rhetoric. Dr. Quentin Young of the MCHR then spoke and gave a history of the development of the BPP Health Care Center. He stated that health care for people in America is collapsing and cannot be solved in a standard way. He added that the answer is community control and organization of health care.

Richard Criley of the CCDBR then gave a report from the nominating committee and made suggestions for a steering committee for the conference. The makeup of the steering committee is as follows:

The next speaker was Charles Garry a San Francisco, California Attorney for the BPP who brought greetings from Huey Newton and Bobby Seale. Garry stated that the situation faced by the conference is out to cope with the solution rather than know the problem. He said that the power structure in the United States is taking advantage of hysteria and is bringing about a fascist state, American style. According to Garry every white person is a racist and every male individual is a supremist. He stated that economic oppression leads to all other kinds of oppression and unless this is recognized no progress can be made. He added that the BPP states that the United States is carrying on an imperialist war both inside and outside America, but that racism cannot be fought with racism but must be fought with socialism.

The first source stated that he determined that Richard Criley and Jack Kling in discussing Garry's speech disagreed with Garry's stating that every white was a racist inasmuch as the Communist Party (CP) USA does not believe such is the case. The first source then stated that the next speaker was Jerry Lefcourt, Attorney for the 21 BPP members on trial in New York City at that time. Lefcourt gave a run-down of the circumstances of the trial.

The first source then stated that the afternoon session of the conference was divided into four workshops which were as follows:

I Demonstrative Actions to the United Nations and Other Demonstrative Actions Against Repression

Chairman: William Patterson
Communist Party, USA

II National Defense Fund

Chairman: Lucy Montgomery

The first source added that at the March 7, 1970 conference the additional individuals spoke:

Reverend Calvin Morris, Chicago, Illinois who represented the Southern Christian Leadership Conference. In that connection Morris remarked that all must join in the defense philosophically of the BPP, adding that everyone in a repressive society is threatened. He stated that talk is insufficient and that revolution must take place.

Dr. Nathan Wright, Jr., Professor of Urban Affairs, State University of New York then spoke and characterized the threat of counterviolence as being violence was incorrect. He added that it is the American tradition to arm for counter-attack, and that those in positions of power, who advocate law and order obtained their positions by reason of violence. He stated that unless the black people are given equity then they should say no to the "masters".

Arthur Kinoy, an Attorney and Professor at Rutgers University Law School, New Jersey, stated that the BPP has the central task in operating the movement of the people at the present time. He said that the enemy moves out of weakness and fear and are afraid of movements in the ghettos and universities as well as being afraid of the peace movement. He added that the ruling class was unable to solve the problems of sub-society and in that connection emphasized that the BPP because of their power structure was vital in defending the rights of minority peoples. He called upon the conference to plan for the political defense of the BPP under a national campaign. Sammy Rayner from Chicago then spoke briefly calling for the election of more black Congressmen.

EMERGENCY CONFERENCE TO DEFEND
THE RIGHTS OF THE BLACK PANTHER PARTY
TO EXIST (ECD) (BPP)

The afternoon session of the conference consisted of speakers of the Chicago "Conspiracy 7" who had recently been on trial in Chicago for violating Federal Anti-Riot Laws and who were then free on appeal of their convictions. One of the speakers was Tom Hayden of that group, who stated that racists fears come through in reverse. By way of example, he said that a person who is a racist and fears a revolutionary will create illegal acts, what usually happens is that illegal acts happen against the revolutionary. Hayden also remarked that if the peace movement is unable to end the war within the United States it can never end the war in Vietnam. He emphasized that a massive educational campaign must be organized within the United States to bring the Vietnam issue to a point of action.

Hayden's talk was followed by comments on the "Conspiracy 7" trial by the following defendants: David Dellinger, Jerry Rubin and John Froines.

The first source advised on March 11, 1970 that the Sunday, March 8 session of the above convention was held at Malcolm X College and that the chairman was Al Evanoff of New York City.

At this session Doris Turner, Vice-President of Local 1199 of the Hospital Workers Union in New York City called for black-white unity and indicated that the real enemy of the people was the economic establishment. She stated that her local union had contributed $1,000 to the BPP Defense Fund.

David Hilliard of the BPP then spoke briefly concerning that organization.

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECD) (BPP)

The Reverend C. T. Vivian from Chicago then spoke and stated that the question of the BPP defense was a question of self-interest for everyone. He added that the conference was not being held to plan the defense, but rather to plan a program for survival. He called for the 1970's to be the years of defense of civil liberties in America. During this session reports were given on the four workshops held on March 7, 1970. The essence of these reports are as follows:

A Brother Paul (last name unknown) from Detroit, Michigan gave a report on the demonstrative actions to the United Nations and other demonstrative actions toward repression. In this connection he stated that the workshop resolved, after charging the American government with genocide against black people, to petition the United Nations for redress of grievances on the question of racism. He added that the workshop called for organizing picket lines in front of department stores in the various cities.

The Reverend Charles Yerkes of New York City gave a report on the National Defense Fund Workshop and stated that this workshop resolved that a defense organization to free all BPP members should be established by the conference. Among the things suggested were the following:

1) Assist in the immediate court fight regarding bail for Panther defendants;

2) To conduct an educational and fund-raising campaign;

3) To conduct massive demonstrations for the purpose of publicity;

4) To provide national coordination of defense groups;

THE RIGHTS OF THE BLACK PANTHER PARTY

5) To provide that the national staff of the BPP should decide on the priority of all funds;

6) The national defense organization, in proceeding with the above actions, should do so in coordination with the National Lawyers Guild and should raise money through trade unions, community institutions, etc.

David Fagen then delivered a report on the community action and education workshop in which he stated that this workshop called for a massive educational campaign on repression and that some of the means that should be carried out in the campaign were the following:

1) That a national center and clearing house should be established for audio-visual materials; films, tapes, records, etc.;

2) That a national newsletter be established;

3) That a center for literature and information, articles and reprints, for local communities be established;

4) That a speakers bureau be established.

The second aspect of this workshop was a report by Lorne Cress-Moore of Chicago on community action. In that connection she called for the setting up of a Continuations Committee to be enpowered to organize the mechanism for a massive demonstration to be held in New Haven, Connecticut on July 4-6, 1970 in connection with a trial there of Bobby Seale.

Professors Calvin Hicks of Brandeis University, Waltham, Massachusetts then gave a report on the fourth workshop entitled "Racism and Repression. In that connection

Hicks stated that the workshop was conducted with the idea that it was not felt that white people were going to move forward. He said the workshop recommended that regional and urban conferences on repression be organized and he called for support of workshops on "we charge genocide". He also called for the development of revolutionary schools which would not only have standard curriculum but also a revolutionary curriculum.

In addition to the above, Ishmael Flory presented a resolution to the effect that the Emergency Conference go on record as endorsing a World Peace Council against repression to be held in 1970.

The Reverend Billy Robinson from Akron, Ohio then made an appeal for funds to be turned over to the Emergency Conference Committee. It was indicated that the funds would be used at the discretion of the Continuations Committee to pay bills and other expenses in connection with the conference and for the purpose of setting up a permanent office. Among the announced contributions or pledges made during this session were the following:

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECD) (BPP)

On March 8, and March 9, 1970, a fifth source provided the following. This information was substantiated by a sixth source on March 11, 1970. On March 8, 1970, approximately 700 people, predominantly blacks, attended a "People's Inquest" held at the First Congregational Church, 40 North Ashland Avenue, which inquest was being conducted by the Illinois Chapter of the BPP. These sources advised that the "jury" for the "Inquest" consisted of four men and eight women, three whites and nine blacks all reportedly selected from those attending the Emergency Conference. The "coroner" appointed to conduct the "inquest" was Dr. Charles G. Hurst, President of Malcolm X College.

Jewel Cook, Field Secretary of the Illinois Chapter, BPP, performed the duties of the "prosecution".

At this affair a movie was shown which reportedly was a reconstruction of the police raid held on December 4, 1969 at 2337 West Monroe Street, Chicago, at which time BPP leaders Fred Hampton and Mark Clark were slain, as a result of a shoot out at that time. In connection with the "inquest" the following survivors of the above mentioned raid and "shoot out" testified. Brenda Harris indicated she had been asleep in the front room of the first floor apartment at the above address when she was awakened by a knock on the door at which time Mark Clark inquired as to who was knocking. She stated that at that time the door burst open and the persons entering here fired guns at the individuals inside the apartment. In that connection Harris testified that Clark was killed and she was wounded.

Ronald Satchel, another BPP survivor of the raid testified that he had been sleeping in the apartment when he was awakened by shots and before he new what was happening he had been hit by five bullets. He added that he was then handcuffed, pulled out of the apartment, kicked and cursed by the police, even though he was badly wounded.

Another survivor of the raid was Harold Bell from Rockford, Illinois, He stated that he had been pulled from the room before he could come to the assistance of Fred Hampton. Blair Anderson,a former BPP member and a survivor of the raid stated that he had been beaten and cursed by the police even though not wounded. Deborah Johnson, another survivor of the raid testified that she had been in the back room of the apartment with Fred Hampton and that as Hampton raised his head he was shot by the raiders. She testified that it was possible that Hampton was asleep when he was killed.

Donette Brewer, another survivor of the raid testified that in addition to being kicked and cursed, even though wounded she fell from a stretcher as the raiders roughly carried her down the steps of the apartment.

Louis Truelock, another survivor of the raid did not testify before the "Inquest".

Sources five and six stated that the "coroner" pronounced that the "jury" had found the BPP survivors innocent of any crime and that the raiders were guilty of murder. The "coroner" reportedly remarked that we the people now ask for appropriate action by the state and hold States Attorney Edward Hanrahan and his police in contempt of the people.

Both sources stated that the "inquest" was actually a complete farce and could not have been accurate as to detail inasmuch as it was based entirely on information of the survivors of the raid.

EMERGENCY CONFERENCE TO DEFEND THE RIGHTS OF THE BLACK PANTHER PARTY TO EXIST (ECD) (BPP)

On March 14, 1970, the second source advised that at a meeting of the Illinois District of the CP leadership held on March 13, 1970, in Chicago to discuss the results of the March 7-8 conference it was stated that there appeared to be a decision in the BPP plans concerning CP support for that organization. In that connection it was stated that David Hilliard did not feel that the BPP needed support from the CP, but that Bobby Seale and Huey Newton felt that they should go along with the CP.

It was unanimously agreed at this meeting that the conference was a success and that the CP feels it should be the vanguard in any future action. It was indicated that efforts would be made to attempt to unite all leftist groups in the cause of the conference. In addition it was agreed that national headquarters should be moved to New York City under the leadership of Angie Dickerson. It was felt that the CP should continue to guide but not to dominate any future similar functions.

BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

CHICAGO COMMITTEE TO DEFEND THE BILL OF RIGHTS (CCDBR)

The CCDBR maintains headquarters in Rooms 801-803, 431 South Dearborn Street, Chicago, Illinois.

A source advised in July, 1960, that RICHARD CRILEY, then a member of the Civil Liberties Commission of the Communist Party (CP) of Illinois, met with key leaders of the CP and was authorized by the CP to form a new organization with broad mass support so long as the new organization would protect the Party interests.

This source advised in October, 1960, that on October 28, 1960, CRILEY reported to the CP leadership that the CCDBR had been organized. He outlined its aims and purposes as being to obtain mass support to abolish the House Committee on Un-American Activities and to defend Smith Act and Taft-Hartley victims. He said there would be no formal affiliation with any other national organization having the same purposes. The CP leadership agreed with the general direction of the CCDBR as outlined by CRILEY.

A second source advised on October 31, 1960, that the CCDBR was formally organized on October 26, 1960, with RICHARD CRILEY as Executive Secretary after he motivated organizing the meeting of October 26, 1960.

A third source advised on May 20, 1969, that the original stated purposes of the CCDBR continue to be adhered to, with CRILEY continuing as the motivating force behind the Committee. The Board of Directors, however, now includes many individuals in the religious, educational and labor fields who are not known as CP members.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as presently regarded, came into being at a founding convention held June, 1962, at Port Huron, Michigan. From an initial posture of "participatory democracy" the line of the national leadership has revealed a growing Marxist-Leninist adherence which currently calls for the building of a revolutionary youth movement. Concurrently, the program of SDS has evolved from civil rights struggles to an anti-Vietnam war stance to an advocacy of a militant anti-imperialist position. China, Vietnam and Cuba are regarded as the leaders of worldwide struggles against United States imperialism whereas the Soviet Union is held to be revisionist and also imperialist.

At the June, 1969, SDS National Convention, Progressive Labor Party (PLP) forces in the organization were expelled. As a result, the National Office (NO) group maintained its National Headquarters at 1608 West Madison Street, Chicago, and the PLP faction set up headquarters in Cambridge, Massachusetts. This headquarters subsequently moved to Boston. Each group elected its own national officers, which include three national secretaries and a National Interim Committee of eight. Both the NO forces and the PLP forces claim to be the true SDS. Both groups also print their versions of "New Left Notes" which sets forth the line and the program of the particular faction. The NO version of "New Left Notes" was recently printed under the title "The Fire Next Time" to achieve a broader mass appeal.

Two major factions have developed internally within the NO group, namely, the Weatherman or Revolutionary Youth Movement (RYM) I faction, and the RYM II faction. Weatherman is action-oriented upholding Castro's position that the duty of revolutionaries is to make revolution. Weatherman is regarded by RYM II as an adventuristic, elitist faction which denies the historical role of the working class as the base for revolution. RYM II maintains that revolution, although desired, is not possible under present conditions, hence

STUDENTS FOR A DEMOCRATIC SOCIETY

emphasizes organizing and raising the political consciousness of the working class upon whom they feel successful revolution depends. Although disclaiming control and domination by the Communist Party, USA, leaders in these two factions have in the past proclaimed themselves to be communists and to follow the precepts of a Marxist-Leninist philosophy, along pro-Chinese communist lines.

A second source has advised that the PLP faction which is more commonly known as the Worker Student Alliance is dominated and controlled by members of the PLP, who are required to identify themselves with the pro-Chinese Marxist-Leninist philosophy of the PLP. They advocate that an alliance between workers and students is vital to the bringing about of a revolution in the United States.

SDS regions and university and college chapters, although operating under the outlines of the SDS National Constitution, are autonomous in nature and free to carry out independent policy reflective of local conditions. Because of this autonomy internal struggles reflecting the major factional interests of SDS have occurred at the chapter level since the beginning of the 1969-70 school year.

PROGRESSIVE LABOR PARTY

The "New York Times" city edition, Tuesday, April 20, 1965, page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1965, under the name of the Progressive Labor Party (PLP) which had been known as the Progressive Labor Movement.

According to the article, "The Progressive Labor Movement was founded in 1962, by MILTON ROSEN and MORTIMER SCHEER after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line."

A source advised on June 3, 1968, that the PLP held its Second National Convention in New York City, May 31 to June 2, 1968, at which time the PLP reasserted its objective of the establishment of a militant working class movement based on Marxism-Leninism. This is to be accomplished through the Party's over-all revolutionary strategy of raising the consciousness of the people and helping to provide ideological leadership in the working class struggle for state power.

The source also advised that at the Second National Convention MILTON ROSEN was unanimously re-elected National Chairman of the PLP and LEVI LAUB, FRED JEROME, JARED ISRAEL, WILLIAM EPTON, JACOB ROSEN, JEFFREY GORDON, and WALTER LINDER were elected as the National Committee to lead the PLP until the next convention.

The PLP publishes "Progressive Labor," a bimonthly magazine; "World Revolution," a quarterly periodical; and "Challenge-Desafio," a monthly newspaper.

The April, 1969, issue of "Challenge-Desafio" sets forth that "Challenge is dedicated to the peoples fight for a new way of life--where the working men and women control their own homes and factories; where they themselves make up the entire government on every level and control the schools, courts, police and all institutions which are now used to control them."

Source advised on May 8, 1969, that the PLP utilizes an address of General Post Office Box 808, Brooklyn, New York, and also utilizes an office in Room 617, 1 Union Square West, New York, New York.

NATIONAL LAWYERS GUILD

The House Committee on Un-American Activities, House report 3123, September 21, 1950, cites the National Lawyers Guild (NLG) as a communist front which is the foremost legal bulwark of the Communist Party (CP) and has never failed to rally to the legal defense of the CP and individual members thereof, including known espionage agents.

A source advised on February 1, 1969, that from the speeches made and the workshops and panel discussions held at a recent Midwest Conference of the NLG, it clearly appeared that the NLG is being developed from a "complacent, old left type organization" into a strong active supporter of the "new left."

A second source advised during April, 1969, that the President of the NLG spoke at an NLG banquet held in New York City on April 12, 1969, stating that the NLG has organized young people to work in a radical movement which is seeking to destroy a corrupt, violent society and replace it with one which will benefit all.

A third source advised on April 17, 1969, that the President of the New York Chapter of the NLG spoke at the above banquet stating that the purpose of the NLG is to advance the "social revolution" taking place in this country. In furtherance of this purpose, the NLG has established Student Guild Chapters and given counsel to draft resistors and military personnel seeking peace.

As of July 23, 1969, the NLG National Office was located at 5 Beekman Street, New York, New York.

BLACK PANTHER PARTY

The January 11, 1969 issues of "The Daily Illini", University of Illinois newspaper, on pages 1 and 2, and Champaign-Urbana, Illinois "Courier", on page 3, reported as follows:

Officials of the Black Panther Party (BPP) in Chicago, Illinois, including Fred Hampton, Deputy Chairman, Bobby Rush, Deputy Minister of Defense, and Diane Dunn, Secretary of Labor, appeared at the University of Illinois on the evening of January 10, 1969. Their appearance on campus was sponsored by the Black Students Association and Students For A Democratic Society. The audience was racially mixed numbering between two hundred and three hundred but including only about twelve white people. BPP security guards were stationed at each of the four doors to the lecture hall in the Natural History Building where the above individuals spoke. Photographs were discouraged by Brother O'Neal, the BPP security officer and an unidentified "Daily Illini" photographer who persisted in efforts to take photographs was escorted from the room. Several whites left the meeting late in the evening when Hampton indicated they might do so if they wished. Later, Hampton and Rush instructed all whites to leave the room, which they did, prior to the holding of a strategy session about the "problem".

Intemperate language was common and the tone threatening. Diane Dunn, who is married to another member of BPP and six months pregnant, was quoted as stating that she could "whip any three honkies in the room." In clearing the room of all whites at the end of the meeting, Brother O'Neal reportedly said, "We might have a job to do here, if you honkies don't get out right now." Hampton advised blacks to arm themselves because "there's no telling when the mad dog white is going to bite you and give you rabies." Rush reportedly quoted Mao Tse-tung stating "political power flows from the barrel of a gun."

Rush presented a ten point program of black demands including the following:

1. An end to the "white man's robbing of the black by such vices as dope and prostitution."

2. Exemption of all blacks from military service.

3. Freedom for all black convicts.

4. All black jury trials for black men.

5. United Nations supervised black plebescite to determine black destiny.

In this regard Rush said, "And the first thing we're going to do is to put Mayor Daley on welfare."

6. Freedom for all oppressed blacks.

7. Full employment for all blacks and "an end of the robbery of the black community by the white capitalist pigs."

8. Decent housing.

9. Relevant education to show the history of the black man and "how the white man took everything he has from the black."

10. An end to "cop brutality and murder" referring to police officers as "racist pigs".

In commenting on military service, Rush said they were not going to circulate petitions or burn draft cards. He added "when they come for us, we gonna give them a gun." Rush said that he regretted a seeming lack of cooperation between campus and community blacks relating to the current black issue and stated "I notice the black students here don't relate with the black community. That's sad because if you are not part of the solution, you're part of the problem."

Hampton reportedly stated "let's start violence. The white man is in power so he can stop it." Hampton also called on blacks to reject capitalism as offered by the white man stating "if a white man offers you black capitalism, don't take it - it's evil if he offers it. He offered slavery."

Diane Dunn spoke of the role of the black woman in the "revolution" stating as follows:

"The role of the black woman is to push her man, to be behind him all the way. Without a woman, he is nothing."

Hampton talked about organizing a BPP in Champaign-Urbana, Illinois at which point John Lee Johnson, a black leader in the so-called "North End" of Champaign, said that everyone who wanted to join should see him. Johnson said that recruiting efforts would be undertaken and asked how many would join at which time a large number of hands were raised.

The January 12, 1969 issue of the "Courier", on page 18, reported that the group of individuals representing BPP, who visited the University of Illinois and the "North End" reportedly left the area on the evening of January 11, 1969 to return to Chicago. It was reported that the purpose of the visit of these individuals to Champaign-Urbana was to recruit local members for the organization. It was further reported that local persons, who were not identified, were contacted for details of the activities and said they could not comment without violating BPP security of the confidence placed in them.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam, and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Community Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us". At the June, 1965 SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966 issue of "New Left Notes, the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

Laboratories in Chicago, whose headquarters are in Nuttley, New Jersey.

On January 17, 1969, this source related that Lewin, while experimenting with chemicals in his home, had caused an explosion resulting in extensive damage. Lewin has also allegedly offered to sell 50 gallon drums of tear gas for $100. Lewin allegedly resides at 4850 North Sheridan Avenue, Chicago, Illinois.

On January 22, 1969, , advised that a Berry Lewin or Barry Lewin, a white male, about 5'8", weighing 125 to 130 pounds, extra long (not quite "hippie" style) brown hair, pointed face, approximately 23 years old and who generally wears a suit or sport clothes, is allegedly close friends with Fred Hampton, Suburban Minister of State and Chairman of the Central Committee, Bobby Rush, Minister of State and Nathaniel Junior, all of the Chicago Chapter of the Black Panther Party (BPP).

A characterization of the BPP is attached.

Source related that talk among the Panthers indicates this individual is married, has one child, works as a chemical salesman for the Hoffman Chemical Company where he makes around $8,000 a year. Lewin, according to this source, drives a 1968 green Ford with unknown Illinois license, which is allegedly furnished by his employer.

Source related that Lewin's parents, unknown, do not agree with Lewin's political outlooks which are unknown to the source.

Source continued that Lewin has given the BPP money, a mimeograph machine and has taken movies and recordings of Hampton and Rush speaking. These were taken for use in showing to various white groups which are unknown to source.

Source stated that Lewin is allegedly very knowledgeable in chemistry and is teaching some selected members of the BPP, particularly, Junior, how to make chemical incendiary devices.

Junior, according to source, related that he has not seen Lewin in the last day or so as he believes Lewin travelled to Washington, D.C., to witness the Presidential Inauguration.

Source advised that the BPP does not really trust Lewin but will take advantage of whatever he has to offer them.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

On July 31, 1968, Detective George Slinkman, Maywood, Illinois Police Department, advised that his department was in receipt of information to the effect that Maywood Negro youths had been soliciting $50 donations for the National Association for the Advancement of Colored People (NAACP) Youth Council in Maywood in the last few days. However, Detective Slinkman advised that while he understood several merchants had actually paid the group, none of these merchants would file a complaint with the Maywood Police Department.

On August 6, 1968, advised an Agent of the Chicago Division of the FBI that Ward and Hampton and other Negro youths in Maywood had discussed setting of some fires in Maywood but no specific plans were made.

Both departments were apprised of the substance of Ward and Hampton's comments concerning the robbery and the fact that Hampton had $500 cash in his possession.

On September 6, 1968, advised an Agent of the Chicago Office of the FBI that Ward had been employed in the past by Avis Rent-a-Car at O'Hare Field, Chicago, Illinois.

On September 6, 1968, a review of the records of U.S. Commissioner James T. Balog, Chicago, Illinois, revealed that on January 16, 1968, an Unlawful Flight to Avoid Prosecution - Armed Robbery warrant was issued for the arrest of Ward and an associate. This charge arose from Ward's alleged participation in a January 10, 1968, armed robbery of the Hopf Fur Company at 17 North State Street, Chicago, Illinois, in which approximately $20,000 worth of furs were taken. Further review of Commissioner Balog's records reflected that the federal warrant for Ward's arrest was dismissed when Ward was arrested by Cook County Sheriff's Police in Cook County on January 24, 1968.

On January 19, 1968, advised an Agent of the Chicago Division of the FBI that Ward was the third robber involved in the armed robbery of the Hopf Fur Company in Chicago, Illinois, on January 12, 1968.

On October 31, 1968, Mr. James Tabor, Supervisor, Auto Registration Section, Illinois Secretary of State's Office, Springfield, Illinois, advised an Agent of the Springfield Office of the FBI that a review of the Auto Registration Records for the State of Illinois for the years 1967 and 1968, failed to reveal any motor vehicles registered or titled to subject.

On December 3, 1968, Anne Syputa. Personnel Manager, Avis Rent-a-Car, 10319 Bell Plaine, Schiller Park, Illinois, advised an Agent of the Chicago Office of the FBI that there was no record of Ward ever having been employed by her firm.

On December 3, 1968, Maywood Recreation District Director William Couns, 1101 South 11th Avenue, Maywood, Illinois, advised there was no record of Ward ever having been employed by that company.

On January 26, 1969, Captain Wilbert Samuels, Maywood, Illinois, Police Department, advised an Agent of the Chicago Office of the FBI that Ward had been arrested on an armed robbery charge on January 17, 1969, by the Chicago Police Department.

DELMOS RAYMOUND WARD

On January 29, 1969, a review of the records of the Chicago Police Department revealed that Delmos R. Ward, Chicago Police IR #155946, was arrested on January 17, 1969, on a charge of armed robbery, per robbery case report number H008327. Reportedly on January 9, 1969, four Negroes accosted the victim at the intersection of Pulaski and Harrison Avenues, Chicago, and forced their way into victim's auto at knifepoint and took $7 and the auto from the victim. On February 4, 1969, Detective Eldgish Waters, Area Four, Robbery, Chicago, Illinois, Police Department, advised an Agent of the Chicago Office of the FBI that Ward's January 28, 1969, court date in Branch 43, had been continued to February 4, 1969, and on that date further continued to March 20, 1969. According to Detective Waters, Ward remains free on $5,000 bond.

LINCOLN CHARLES POWELL

During January, 1969, a source, who has furnished reliable information in the past, advised that a person known source to be a member in high standing in the Black Panther Party (BPP), related that Fred Hampton, Deput Chairman, Nathaniel Junior, and other BPP members from the Chicago Chapter of the BPP came to Rockford, Illinois, during January, 1969, where they met Lincoln Charles Powell and others, also BPP members, at Powell's residence, 1009 40th Avenue, Rockford, Illinois.

Source continued that Powell, according to his source, claimed that he could obtain weapons for the BPP from Miami, Florida, area where he was recently employed. Powell allegedly claimed that he purchased 14 Enforcer pistols, 30 caliber, two cases of ammunition, having a total cost of over $1,800 from a gun store near Miami during October, 1968, which items were received in Chicago by a representative of Congress of Racial Equality (CORE) from New York.

Source furnished a copy of the following "Mandate" during January, 1969, which was allegedly first seen in the possession of Powell, according to his source.

BLACK ROCKFORD
EXECUTIVE REVOLUTIONARY MANDATE NO. 1
- FREEDOM BY ANY MEANS NECESSARY -

UPON CLAIMING MANHOOD WE SEEK TO MAINTAIN IT BY CHALLENGING THE "RACISTS" ELEMENTS HERE, TO "WAR". WE HAVE BARED OUR CHEST TO YOU, AND DARE YOU TO STRIKE IT. WE SUGGEST AND WILL SUPPORT ANY "BEING" WHO WILL LASH OUT AND FIGHT THE SICKNESS HERE KNOWN AS RACISM, PERTINENT TO US AS "ANTI-BLACK MANHOOD AND SURVIVAL."

WE WILL FIGHT TO THE DEATH IF NECESSARY, ANYONE OR ANY ELEMENT WHICH TRIES TO PREVENT THE VICTIMS OF THIS DECADENT RACIST SYSTEM HERE IN ROCKFORD, FROM ATTAINING THEIR FULL RIGHTS.

WE WILL IN THE HONEST SPIRIT OF "WAR" FIGHT THOSE "RACIST AND THEIR RUNNING DOG BLACK DEMAGOGUE LACKIES", WHO CONTROL OUR PROGRAMS AND EFFORTS, FOR THEIR OWN "PERSONAL GAIN." IT IS QUITE OBVIOUS THAT THERE ARE MANY "SO CALLED" RESPONSIBLE PROGRAMS (I.E. STAGNANT PROGRAMS) DESIGNED TO HELP RELIEVE THE PROBLEMS THAT BLACK PEOPLE FACE, BUT, THE PROGRAMS, THEMSELVES ARE IN THE HANDS OF PEOPLE WHO ARE THE PERPETUATORS OF OUR PROBLEMS.

WE CHALLENGE ALL "BLACK LEADERS", SAYING THAT THEY SHOULD DEMONSTRATE LEADERSHIP MOVES RELEVANT TO THEIR "PEOPLE", AND NOT TO THE REACTIONARIES WHO CONTROL US FROM DOWNTOWN.

WE ARE ANGRY! IN REFERENCE TO THE "PRESENT" AND OUR OBVIOUS FUTURE, MEANING THAT, IF WE REMAIN PASSIVE AND IDLE AS WE ARE, DEATH IS INEVITABLE. IF WE MUST DIE, IT WILL NOT BE A SELFISH ONE PERPETUTRATED BY "GREED", BUT A SELF SATISFYING ONE FOR OUR PEOPLE, SO THAT AT LEAST SOME OF US MIGHT LIVE TO BE FREE.

OUR MANDATE IS ASKING FOR "FREEDOM BY ANY MEANS NECESSARY", AND WE ARE NOT AFRAID TO DIE FOR OUR PEOPLE.

BLACK CONTROL OVER BLACK DESTINY!

FREEDOM LOVERS, PLEASE SUPPORT THE FORCES OF BLACK LIBERATION!

LINCOLN CHARLES POWELL

Source stated that subsequent contacts with his source indicates that Powell has made the following tentative arrangements with the Panthers from Chicago:

Powell's employer is allegedly sending him on a company buying trip to Florida during February, 1969, probably on the 14th. While on this trip Powell will purchase the Enforcers, sold as pistols in Florida, from a white man, at an unknown gun shop in either the Miami or Jacksonville areas, ship them back to Chicago with the alleged goods he will purchase for his company, allegedly via Trans World Airlines (TWA) Airlines and turn them over to the Panthers.

Source related that no plans are known for the Chicago Panthers to make any further contact with Powell until the guns are delivered. Source is not aware of any payment being given to Powell by the Chicago Panthers and has heard that the Chicago Panthers are very short on money.

A second source, who has furnished insufficient information to determine reliability, but is in a position to know, advised that Powell has made at least two trips to Florida since moving to Rockford, Illinois, allegedly for the purpose of selling his house.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BLACK PANTHER PARTY (BPP)

The following information, in summary form, was learned during the first nine days of February, 1969, by a source who has furnished reliable information in the past:

See the attached appendix for a characterization of the BPP.

During the first week of February, 1969, the following Chicago BPP members went to the University of Illinois, Champaign - Urbana, in a 1964 GTO, orchid purple Pontiac, bearing an unknown Illinois license, owned by the Dunn's (below), where they were to contact John Lee Johnson and Steve Jackson, residents in Champaign - Urbana area, regarding the establishment of a BPP in that area:

Bobby Lee Rush, Deputy Minister of Defense

Billy "Bones" Dunn

Diane Dunn

Ted Boston

BLACK PANTHER PARTY

The latter three are all lieutenants on the Security Staff of the BPP.

On approximately the 4th or 5th of February, 1969, the following Chicago Panthers flew to the Champaign - Urbana area via private airplane. Allegedly to deliver posters to the above group:

Le Roy Evans, pilot of the airplane (returned, date unknown)

Billy Brooks, Minister of Education

Peter Hammach, Section leader from Maywood, Illinois (returned on 2/8/69, see below)

Nathaniel Junior, Field Secretary, rank major

On February 7 and 8, the following Chicago Panthers travelled to Champaign - Urbana area via the indicated vehicles, some of whom returned as indicated:

Fred Hampton, Deputy Chairman

Robert Bruce, Organizer, Maywood, Illinois, driving his 1965 black over maroon Pontiac, bearing unknown Illinois license

Cleve Cook, Field Secretary, driving his 1964 maroon Pontiac (returned)

Ann Campbell, alleged girlfriend of Hampton (returned)

Christina May, Minister of Cultural Development

Ronald Satchel, Minister of Health

Casandra Bynum, allegedly Rush's secretary

James Stewart, assistant leader of the Security Staff (returned)

This group allegedly registered into rooms 240 and 241 of the Shearton Motel, Champaign - Urbana, under the fictious name of John Anderson, 2605 South Carter, Detroit, Michigan.

As a result of the alleged arrest on February 8, 1969, of Rush and Boston for either attempted murder or a shoot-out of some kind several other Panthers were attempting to obtain transportation and money to travel to Champaign; however, this trip was called off when it was learned that Rush was only charged with the unlawful use of a weapon then released on $200 bond and Boston was not charged.

However, on February 9, 1969, the following Chicago Panthers and a white lawyer, who has represented Panthers in the Chicago area in the past, travelled, via rented vehicle, to Champaign as a result of several of the Panthers remaining in Champaign - Urbana area having been arrested on some charge concerning an innkeeper, those indicated returned to Chicago:

William O'Neal, Chief of Security (returned)

Jerry Dunnigan, Lieutenant on Security Staff

Ann Campbell (returned)

Peter Hammach

Dennis Cunningham, Lawyer

During the above period, Eddy Perry, also known as Peblo, a self-described leader in the Vice Lords (VL), a Negro street group operating in Chicago's west side, and four other unknown alleged leaders in the VL Nation, met with several leaders of the Chicago BPP wherein the VL leaders suggested changing their names to BPP and the two groups combine. However, the BPP leaders suggested that both groups remain separate and merely form a coalition.

BLACK PANTHER PARTY

Nothing was really decided at this meeting, except to meet again on February 8, 1969, after which any decision would be announced to the Chicago Press. This meeting did not take place due to the above Panther problems in the Champaign - Urbana area. The source's opinion is that the above alleged VL leaders do not represent the VL Nation and no other meeting is presently scheduled.

Further, during the above period, this source related that DAVID HILLIARD, Chief of Staff of the National BPP in Berkeley, California, is allegedly scheduled to arrive in Chicago on February 16, 1969, with several other unknown Panthers who generally travel with HILLIARD. The alleged purpose of HILLIARD's trip is to participate in a Chicago BPP rally which was tentatively scheduled to take place between February 14 - 17, 1969, at the Senate Theater in Chicago. This source advised that subsequent information indicates this rally will be held on February 17, 1969, at the Crane High School in Chicago.

BLACK PANTHER PARTY (BPP)

With regard to the visit of representatives of the Black Panther Party (BPP), Chicago, Illinois, to Champaign-Urbana, Illinois, on February 10 and 11, 1969, the following is to be noted:

On January 14, 1969, who has furnished reliable information in the past, advised that he had determined that a meeting was held on January 11, 1969, at the Douglas Center, a youth center at Champaign, Illinois, at which John Lee Johnson was trying to develop interest in the organizing of a BPP chapter at Champaign-Urbana, Illinois. related that reliable information had come to his attention that although Johnson was attempting to establish himself as a local leader of Black Panthers, the local leader would probably be Stevie Jackson, or Alonzo Mitchell. further advised that at 6:00 p.m. on January 11, 1969, Stevie Jackson and Alonzo Mitchell had a meeting at the Chief Illini Motel, Urbana, Illinois, with representatives of the BPP from Chicago, Illinois.

The January 14, 1969, issue of the "Courier", a Champaign-Urbana, Illinois, newspaper, on page 3, reported that University of Illinois officials apparently will examine events surrounding the visit of three members of the Illinois BPP last weekend to see if campus space use regulations were violated.

The article continued that according to Robert W. Evans, Director of Public Information, University of Illinois, arrangements for the use of the meeting room were apparently made by the University of Illinois Chapter of Students For A Democratic Society (SDS). Evans also

was quoted as saying that Vic Berkey, SDS President, had made the reservation for a public lecture by Rush, the Illinois Panthers' Deputy Minister of Defense and Hampton, Deputy State Chairman. (See Appendix regarding SDS).

According to Berkey, the event was arranged in close sponsorship with the Black Students Association (BSA), although SDS issued the official invitation.

The article quoted David Addison, BSA President, as saying that his group was involved only in a "perfunctory" way. Addison stated that "our role largely was confined to making contacts between SDS and black students on campus".

Page 3 of the same issue of the "Courier" also reported that John Lee Johnson, a community organizer in Champaign's North End, denied Monday a statement attributed to him in Saturday's "Courier" about recruiting members locally for the BPP.

Johnson said he asked only how many persons present would be willing to join the party Monday morning, and did not invite anyone interested in membership to see him.

Commenting on the appearance here of representatives of the Chicago-based Illinois BPP, Johnson indicated his personal feeling is that the Panthers represent "nothing new", and that "black people all over must be willing to exercise all resources to achieve freedom".

The article continued to quote Johnson as saying, "There is no need for a beret or a black jacket in order to attain this". "If there is a decision that a Panther Party is to be the uniform organization of Champaign County, black people themselves shall determine that, not I".

The January 14, 1969, issue of "The Daily Illini", a student newspaper of the University of Illinois, Champaign-

BLACK PANTHER PARTY (BPP)

Urbana, Illinois, on page 3, reported that Vic Berkey, member of SDS, dismissed rumors of his "abduction" by two Black Panther members as "baseless". The article continued as follows:

The rumors began Friday after Berkey had a meeting with Illinois Black Panthers, Fred Hampton and Bob Rush. Hampton and Rush had agreed to speak on campus but had been promised a certain amount of money for doing so.

Berkey said that the Chicago Regional SDS "implied a commitment that we weren't aware of". Although the money promised Hampton and Rush "began at $1000 because that is the way you do things", Berkey said that the commitment is now substantially less. He would not reveal the sum of money that SDS owes the Panthers, but he said that SDS organizationally will fulfill its commitment, "as we always do".

When Hampton and Rush arrived on campus and found that the money was not forthcoming, they were upset, and Berkey went into a meeting with them to try and straighten things out. The Panthers were also angry because some black students were supposed to arrange housing for them and failed to do so.

During the time that Berkey was out of communication, rumors began to arise that he had been abducted because of the failure to pay Hampton and Rush. Berkey said that the Panthers and SDS enjoy a good relationship but that people often do not know how to relate to the Panthers. Berkey said, "they have done the best organizing of any black group in Chicago, but many people still attribute to them the characteristics and actions of a street gang".

On January 16, 1969, , who has furnished reliable information in the past, advised that on January 14, 1969, John Lee Johnson, held a meeting at the Douglas Center, Champaign, Illinois, at which the following individuals were present:

BLACK PANTHER PARTY (BPP)

Rochelle Broome
Vernon Harmon
Al Mitchell
Maurice McKinley
Ivory Taliferro, Jr.
Leedy Lipscomb (phonetic)
Buddy Lipscomb (phonetic)
Emile (last name unknown)
Ronnie Brown
Steve Dorsey

advised that Johnson had held the meeting to try to create more interest in establishing a Black Panther Chapter at Champaign-Urbana. advised that the individuals expressing interest in joining a Black Panther organization were Broome, Harmon, Mitchell, McKinley, and Taliferro. He advised that the other individuals present did not appear to have too much interest in the BPP, and appeared to be there out of curiousity. He advised that in addition to the above individuals, he thought there were two or three airmen from Chanute Air Force Base, Illinois, however, he was not certain of this. Also at the meeting was an ex-convict from Chicago, Illinois, whom he recognized as being an individual that had been arrested in Rantoul, Illinois, for robbing a filling station.

further related that he had heard that some "Black Panthers" had been in Champaign, Illinois, the week prior to the meeting, and he had heard that they had beat up John Lee Johnson. Also advised that after the meeting on January 14, 1969, Maurice McKinley beat Johnson and that the fight was a dispute concerning who was going to be the local leader of the Black Panther organization.

On January 16, 1969, Eldon Quick, Chief of Police, Rantoul, Illinois Police Department, advised in June, 1966, there were two Negro males arrested at Rantoul, Illinois, for armed robbery in connection with the robbery of a filling station. Dority was described as a Negro male, born November 23, 1945, at Chicago, Illinois, 5'9", 145 pounds, black hair, brown eyes.

On January 29, 1969, and January 31, 1969, Special Agent Gerald Keyes, Office of Special Investigations, Chanute Air Force Base, Illinois, advised that an airman residing in a barracks at Chanute Air Force Base, Illinois, had heard an airman, Willy Benjamin Blake, Jr., express some interest in Black Panther activity.

On January 17, 1969, advised that John Lee Johnson was going to try to organize interested individuals at Champaign-Urbana, Illinois, Danville, Illinois, and Decatur, Illinois, into one Black Panther organization. T-2 advised that Johnson had merely expressed this intention, and he thought that Johnson had spoken with one or two individuals at Danville, Illinois, however, he did not think that anything concrete had been done.

On February 3, 1969, Nick Makris, Owner, Chief Illini Motel, Urbana, Illinois, advised that on February 2, 1969, a group of Negroes registered at the motel under the name William Johnson, 6341 South Laflin, Chicago, Illinois, and the vehicle they were operating was indicated to be a 1964 GTO, Iris Mist, bearing Illinois license CS2793. Makris advised that there were two or three individuals in the party, however, he thought that more individuals were actually staying in the room. Makris advised that the party was assigned to Room 17, and that the following telephone calls had been placed from Room 17 through the motel switchboard:

332-2584
333-1862
344-5966

On February 4, 1969, who has furnished reliable information in the past, advised that telephone number 332-2584 was subscribed to by Laquida Glover and Darreyl Young, Room 106, Busey Hall, 1111 West Nevada Street, Urbana, Illinois, and that both of these individuals were freshman students at the University of Illinois.

advised that telephone number 333-1862 was installed in the Counseling Office at Busey Hall and was available to any occupant of Busey Hall. further advised that telephone number 344-5966 was subscribed to by David Addison. 1107 West Green Street, Urbana, Illinois, Apartment 221. advised that Addison was the President of Black Students Association (BSA), a recognized student organization of the University of Illinois, Champaign-Urbana, Illinois.

On February 4, 1969, Nick Makris, Owner, Chief Illini Motel, Urbana, Illinois, advised that an individual in Room 17 had placed a telephone call to telephone number (812) 232-0993, Chicago, Illinois. Makris further advised that he had determined that the individuals in Room 17 were planning a meeting for the night of February 4, 1969, which was to be held somewhere on the campus of the University of Illinois at Champaign-Urbana, Illinois.

On February 4, 1969, advised that in the morning on February 4, 1969, Vincent T. advised that the individuals were to return to Chicago on February 4, 1969.

On February 5, 1969, Nick Makris, Owner, Chief Illini Motel, Urbana, Illinois, advised that none of the above individuals registered at his motel. He advised that the occupants of Room 17 had indicated that they would stay one more night.

On February 5, 1969, Louis Dyson, Owner, Illini Airport, U. S. Highway 45, Urbana, Illinois, advised that Roy Evans was unknown to him, and he had no record of any aircraft belonging to Evans being serviced at his airport. Dyson advised that inquiries at any airport concerning an aircraft should be made with a description of the aircraft and the "N" number if available.

On February 5, 1969, advised that he attended a meeting at Room 213 of the Illini Union at which there were approximately twenty to thirty Negroes, whom he assumed were college students. He advised the meeting began about

8:30 p.m. at which time talks were made by two or three individuals, trying to stimulate interest in a Black Panther organization. advised that the meeting at the Illini Union broke up at approximately 9:30 p.m., at which time three Negro males and one Negro female, who were Black Panthers from Chicago, Illinois, left the meeting to go to some location to meet a fourth Black Panther from Chicago.

On February 9, 1969, who has furnished reliable information in the past, advised he observed an undated memorandum on the letterhead of Black Students Association, University of Illinois, Urbana, Illinois, captioned "The Illinois Black Panther Party". According to this memorandum purported to be a report submitted by Ted Boston, Lieutenant of Security, and William Dunn, Lieutenant of Security, of the BPP, Chicago, Illinois, to Captain O'Neil, Security Department, BPP. This memorandum concerned activities of BPP in Champaign-Urbana, Illinois, stated that they arrived at approximately 3:45 p.m., February 2, 1969, and set up their base of operations at Chief Illini Motel.

However, it was reported that on February 5, 1969, it was necessary to change the base of operations to Courtesy Motel, Urbana, Illinois, because of investigative interest taken in them by local police authorities.

It was reported that during the week, Deputy Minister of Defense Bobby Rush, was accompanied at all times by at least one armed member of security. It was further reported that shortly after moving to the Courtesy Motel, Field Marshall Nathaniel Junior and two other unnamed members of security arrived in the area.

On February 10, 1969, Katherine Neal, Courtesy Motel, Urbana, Illinois, advised that on February 5, 1969, a group of Negroes checked into the Courtesy Motel under the name William Johnson, 6317 South Laflin, Chicago, Illinois, and the vehicle he was using was indicated to be a Pontiac bearing Illinois license CS-2793. The group stayed at the motel the night of February 5, 1969, and the night of February 6, 1969, checking out of the motel on February 7, 1969. She advised that two local calls were placed by the group to telephone number 356-4693 and telephone number 333-2304, and two calls to

Chicago were placed to telephone numbers 528-0500 and 663-0423.

On February 8, 1969, who has furnished reliable information in the past, advised that on the night of February 7, 1969, some "Black Panthers" were at the Illini Union, where they met with representatives of the Black Students Association. Two of the Black Panthers, Billie Brooks and William Dunn were arrested by the University of Illinois Police Department for disorderly conduct.

advised that the Black Students Association enlisted the aid of SDS in posting bond for the two Panthers.

He further advised that after Brooks and Dunn were released on $200 bond, the Black Panthers, telephonically contacted someone in Chicago, Illinois, requesting that three car-loads of Black Panthers be sent to Champaign-Urbana, Illinois. advised that the Panthers were staying at the Sheraton Motor Inn, Urbana, Illinois.

On February 8, 1969, Linda Rosson, Clerk, Sheraton Motor Inn, Urbana, Illinois, advised that there was no one registered at the Sheraton under the names mentioned above, however, a group of Negroes were checked into the motel late in the evening of February 7, 1969, or early in the morning on February 8, 1969, by the night clerk.

On February 8, 1969, Sergeant Earl Anderson, University of Illinois Police Department, Urbana, Illinois, advised that at approximately 8:00 p.m. on February 7, 1969, two uniformed officers of the University of Illinois Police Department were on duty in the Illini Union, when Billie Brooks shouted obscenities at the police officers and Brooks drew his fist back at one of the officers. A scuffle ensued with Brooks being arrested for disorderly conduct and resisting arrest and William Dunn being arrested for disorderly conduct. Sergeant Anderson advised that extra police officers were assigned to the Illini Union and no further incidents occurred. Sergeant Anderson further described Billie Brooks, 1320 Kedoel, Chicago,

BLACK PANTHER PARTY (BPP)

Illinois, as a Negro male, born July 18, 1948, 5'11", 165 pounds, black hair, brown eyes. He described William Dunn, 7351 Princeton Avenue, Chicago, Illinois, as having the alias, "Bones", 5'8", 165 pounds.

Regarding the request for BPP personnel requested from Chicago, Illinois, this information was orally furnished to representatives of 113th MI Group, Evanston, Illinois; United States Secret Service, Springfield, Illinois; Office of Special Investigations, Chanute Air Force Base, Illinois; and the United States Attorney, East St. Louis, Illinois.

The February 8, 1969, issue of "The Daily Illini", on page 1, reported as follows:

Two members of the Illinois BPP were arrested at 8:00 p.m. Friday in the ground floor west corridor of the Illini Union on charges of disorderly conduct and resisting arrest.

William Brooks, Black Panther Minister of Education, was charged with disorderly conduct and resisting arrest. William Dunn, Panther Lieutenant, was charged with disorderly conduct, Champaign County Police reported.

According to a statement issued by the Black Students Association(BSA), Brooks was sitting with three or four girls outside the bowling lanes. Two University Police passed them, then came back and one pointed his finger in Brooks' face, calling him a "bad ass" BSA charged.

BSA said there was no provocation and that the "sisters" stood between the officers and Brooks to defend Brooks. BSA feels the harrassment was brought about because the youths were black and in full Panther uniform.

BSA charged Dunn was arrested as he approached an officer to ask why Brooks was being arrested, and that several police immediately approached the scene.

An eye witness reported that one of the girls, while talking in the group, fell back against the bowling lane window pane, thus attracting the attention of the

University police. He said he then saw the officer point his finger and say something to one of the black students.

He said the student then shouted a profanity at the officer.

Bail was set at $200 for both men. Some $87 was collected by BSA and SDS members Friday night.

On February 8, 1969, advised that he was at the Illini Union at approximately 9:30 p.m. on February 7, 1969, and he had heard that two of the Black Panthers had been arrested. He stated that there was no subsequent activity, and he had heard of no retaliatory measures planned by BPP members.

On February 8, 1969, Dick Atkins, Night Clerk, Sheraton Motor Inn, Urbana, Illinois, advised that none of the above mentioned individuals were registered at the Sheraton, however, at 3:30 a.m. on February 8, 1969, a group of Negroes were registered at the Sheraton in Rooms 240 and 241 under the one name, Anderson, 2605 South Carter Street, Detroit, Michigan.

With regard to the above information furnished by Atkins, has advised that the BPP members registered at the Sheraton Motor Inn were under the name, John Anderson, 2605 South Carter, Detroit, Michigan, which the informant said was a fictitious name.

On February 9, 1969, Lieutenant Lonnie Waller, Urbana, Illinois Police Department, advised that at approximately 10:30 p.m. on February 8, 1969, two separate groups were staying at the Sheraton Motor Inn, one group Negro, and the other group Caucasian, and an incident arose between the two groups. Urbana Police Officers were on the scene during routine patrol, when a group of white males were seen running out of the Sheraton Motor Inn. One or two of these individuals approached the police officers and reported that a shooting had occurred. The officers responded by proceeding to the second floor of the Sheraton Motor Inn and a group of approximately twenty Negroes, males and females, were seen dispersing in varied directions from Rooms 240 and 241. Ted Boston and Bobby Lee Rush were stopped in the hallway, at which time, a .38 caliber Smith and Wesson revolver was observed protruding from a piece of luggage in the possession of Rush.

Investigation at the scene determined that two shots had been fired with no one injured. Rush and Boston were taken to the Urbana Police Station, however, only Bobby Lee Rush, 2030 South State Street, Chicago, Illinois, described as a Negro male, born November 23, 1946, was charged with unlawful use of weapons and having no Firearms Registration identification card.

Boston was released and Rush was immediately released, when he posted 10% of a $2000 bond.

After Boston and Rush were released, the Urbana Police Department determined from the Chicago, Illinois Police Department that the revolver, which was confiscated from Rush, had been stolen at Chicago, Illinois. Lieutenant Waller advised that his department was to contact a Detective Magnaritz, Area 2, Chicago, Illinois Police Department, concerning the possibility of charging Rush with an additional offense.

Waller further advised that investigation had been conducted to determine the cause of the shooting, and from their investigation it appeared that the group of Caucasians and group of Negroes had met in the hall in the Sheraton Motor Inn, and a "pushing match" had ensued, and a fight developed. Waller advised that Billy Brooks, a member of the BPP, had gone to Burnham City Hospital, Champaign, Illinois, with a swollen nose, which he reportedly received as a result of the fight at the Sheraton Motor Inn. Waller further advised that a physician at Burnham City Hospital had advised that Brooks was not seriously injured.

BLACK PANTHER PARTY (BPP)

Waller continued to relate that later in the evening, the Urbana Police Department surveilled the Sheraton Motor Inn, and two cars containing Bobby Rush and Ted Boston, with an undetermined number of associates, were observed to proceed North on U. S. Highway 45 towards Chicago, Illinois. The two cars were observed until they reached Thomasboro, Illinois, at which time the surveillance was discontinued.

On February 9, 1969, Forest Clark, Trooper, Illinois State Police, Pesotum, Illinois, advised that he received a call at approximately Noon on February 9, 1969, that individuals had "skipped" from the Holiday Inn at Rantoul, Illinois, and he was furnished a description of the vehicles. At approximately 12:11 p.m. he stopped two cars, one a late model black vinyl over maroon Pontiac, bearing 1968 Illinois license PW2936, operated by Robert J. Bruce, 28 South 15th Avenue, Maywood, Illinois, and the second vehicle, a 1964 lavender GTO, bearing 1968 Illinois license CS2793, operated by William O. Dunn, 7351 South Princeton, Chicago, Illinois.

Clark advised that the total number of occupants of the two vehicles were eleven, and that Larry Johnson, Champaign County State's Attorney, Urbana, Illinois, had authorized the charging of all eleven individuals with three charges, defrauding an innkeeper, theft, and conspiracy to commit theft.

Clark further advised that Johnson had considered having search warrants issued to search the vehicles for any stolen property from the motel. However, the vehicles were impounded since the operators had been arrested, and the vehicles were inventoried routinely pursuant to impoundment. Clark advised that there were no weapons found in the vehicles.

Clark advised that on February 9, 1969, all eleven individuals that he had stopped in the two vehicles were arrested, charged as above, and incarcerated in the Champaign County Jail, Urbana, Illinois.

On February 9, 1969, Forest Clark, Trooper, Illinois State Police, Pesotum, Illinois, advised that during the inventory of Bruce's Pontiac, several rounds of .22 caliber ammunition were found in the trunk compartment, and Bruce would be charged additionally with not having a firearm owner's registration identification card.

On February 10, 1969, advised that Walter Jones and Main (phonetic) Jones, two brothers, were operating a 1966 Bonneville, black vinyl over black, bearing 1968 Illinois license MT4499. advised that they were transporting BPP personnel between Chicago, Illinois, and Champaign-Urbana, Illinois. further advised that he had been approached by Harry Chambers, a local Negro resident of Champaign-Urbana, Illinois, and Chambers advised that he would pay him if he would provide transportation for Black Panthers between Chicago, Illinois, and Champaign-Urbana, Illinois, if the transportation was needed.

BLACK PANTHER PARTY (BPP)

further advised that a "power play" is developing between John Lee Johnson and the BPP representatives from Chicago, Illinois. According to Johnson feels that the BPP organization at Champaign-Urbana, Illinois, is being organized between the Black Panthers from Chicago and black students at the University of Illinois at Champaign-Urbana, Illinois, without due consideration to the Negroes of the North End section of Champaign, Illinois. advised that there are several Negro families in Champaign, Illinois, who moved to this area from Tennessee. Johnson has gathered behind him fifteen to twenty young Negro members of these families, ranging in ages from fourteen to twenty, and on the evening of February 9, 1969, Johnson sent some of these youths to the vicinity of the campus of the University of Illinois, and two or three individuals were beat up by these youths. BLACK PANTHER PARTY (BPP)

Black Panther Party

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of two to fifteen years on a conviction of man-slaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5 , 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contains quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

BLACK PANTHER PARTY (BPP)

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

BLACK PANTHER PARTY (BPP)

Students for a Democratic Society

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States Intervention in the war in Vietnam, and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us.". At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

"THIRD WORLD UNITY CONFERENCE,"
OLIVET PRESBYTERIAN CHURCH,
CHICAGO, ILLINOIS,
FEBRUARY 14 - 16, 1969

A confidential source advised on February 13, 1969, that Luis John Cuza, Leader of the Young Lords, a Puerto Rican youth gang located on the near North side of Chicago, was heard to comment that he first formulated plans for the February 14, 1969, Youth Conference at a meeting held in his home early in January, 1969. Several persons were present during this meeting, and it was decided to seek help from the "Community Renewal Society" and it's sponsoring church, to obtain money in order to hold this conference. Cuza planned to obtain the use of the Olivet Presbyterian Church, 1443 North Cleveland Avenue, as a conference site. At a meeting of the same people several days later, Cuza announced that he obtained the use of that church for February 14, 15, and 16, 1969. Cuza said he planned to have Charles Koen, militant black leader from St. Louis, and Midwest Director of the Student Nonviolent Coordinating Committee (SNCC), in attendance. Cuza said that at this conference he expected members of the various Latin American and Puerto Rican youth gangs to attend. Cuza said the purpose of the conference would be to create a brotherhood between black and Latin people, and this would be a brotherhood workshop.

For a characterization of SNCC, see the attached appendix page.

The above source advised Cuza approached Charles Koen as to whether or not he could attend this three-day conference, and Koen stated he would try to come. Koen stated that as Midwest Director of SNCC, he travels throughout the United States and has visited Los Angeles, New York, Washington, D.C., and St. Louis. Koen stated he has met with

many nationally-known militant black nationalist groups. Koen's objective is to set up a meeting of the leadership of various groups so that common objectives and policies could be determined and to prevent these groups from working at cross purposes. Koen did not give any details as to the time or location of this meeting, but did state it was to be kept as secret as possible to avoid attention from any police or government authorities.

The above source made available a leaflet announcing the Third World Unity Conference, a copy of which is attached near the end of this communication.

A second confidential source advised on February 17, 1969, that the Third World Unity Conference was held as scheduled at the Olivet Presbyterian Church, 1443 North Cleveland Avenue, Chicago. The conference was sponsored by Black Active and Determined (BAD), a Negro youth group located on the near North side of Chicago, and by the Young Lords. The conference began at 7:30 p.m. on February 14, 1969. All persons were searched for weapons prior to being admitted to the conference. This source made available a schedule for the conference, a copy of which is attached near the end of this communication. Speakers at this session of the conference were Fred Hampton, Deputy Chairman, Chicago Chapter of the Black Panther Party (BPP), and Luis Cuza, Leader of the Young Lords.

For a characterization of the BPP, see the attached appendix page.

Hampton spoke about the BPP and stated he was seeking recruits for that organization. The source estimated the attendance at this session at about 20 persons, 13 of whom were blacks and 7 Puerto Ricans. The meeting ended at 9 p.m.

The second source advised that the conference was resumed on February 15, 1969, and the speakers were Hampton and Russ Meek, a militant black radio and television personality in Chicago, who spoke concerning police brutality. Approximately

50 persons attended this session, 35 of whom were black and 15 Latin Americans. Hampton again spoke of recruiting members for the BPP. Following the speeches, the meeting broke up into various workshops.

A third source advised on February 17, 1969, that this conference resumed it's meeting on February 16, 1969, and consisted primarily of several workshops. He noted that the majority of the participants appeared to be members of the Young Lords, and discussion centered mainly on police brutality. The meeting ended without incident.

On February 17, 1969, a representative of the Chicago Police Department, Chicago, Illinois, advised that department had patroled the vicinity of the Olivet Presbyterian Church, and that no unusual incidents were reported in connection with the conference being held there.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC), CHICAGO BRANCH

A source advised in May, 1968, that the Chicago branch of the SNCC is an affiliate of the national SNCC with headquarters located in Atlanta, Georgia. It is a non-membership type group headed in Chicago by ROBERT ALFONZO BROWN, a 19 year old male Negro, with the title of Midwest Region Director. BROWN maintains strict loyalty to STOKELY CARMICHAEL, Recruiter and Organizer and former National Director of SNCC. BROWN attempts to align Chicago's SNCC activities within the framework of CARMICHAEL's policies.

In a speech at Chicago on March 25,1968, CARMICHAEL commented as follows:

"The white people are preparing to commit genocide against the black race. What are we feeling so moral about? We know the honky got everything. He got it by stealing it. He's not going to give you anything. We got to take it. These brothers on the streets every day take it, but they're taking it for themselves. Let's organize them and let them take it for our people."

The source advised the Chicago branch of the SNCC operates from BROWN's residence. BROWN and several associates attempt to implement CARMICHAEL's policies through contacts in the Negro youth gangs, student groups, and black power oriented organizations to influence opposition to white power structures through boycott and intimidation methods.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC)

The Student Nonviolent Coordinating Committee (SNCC), headquartered at 360-362 Nelson Street, S. W., Atlanta, Georgia, is a nonmembership organization, which was born out of the sit-in movement that erupted across the South beginning in 1960.

Today SNCC identifies itself as an organization in the revolutionary vanguard. It advocates that to be successful it is necessary to develop a revolutionary ideology and revolutionary program.

According to SNCC the year 1967 marked a historic milestone in the struggle for the liberation of black people in the United States and the year that revolutionaries throughout the world began to understand more fully the impact of the black movement. SNCC declared that "liberation will come only when there is final destruction of this mad octopus--the capitalistic system of the United States with all its life-sucking tentacles of exploitation and racism that choke the people of Africa, Asia, and Latin America. The realities of black life, together with the recognition instilled in SNCC workers forced its members to further popularize the legitimacy of self-defense and rebellions when oppression became too great."

From May, 1966, until May, 1967, Stokely Carmichael was National Chairman of SNCC. As of July, 1968, Carmichael resided in Washington, D. C., where he was affiliated with SNCC and active as temporary chairman of a black coalition group. In May, 1967, Carmichael was replaced by Hubert Geroid Brown, commonly known as H. Rap Brown, who served until June, 1968.

In June, 1968, at the Staff and Central Committee meeting of SNCC held in Atlanta, Georgia, it was decided to restructure the organization by equalization of responsibility by creating ten deputy-or vice chairmanships. The primary purpose for this change is to take law enforcement pressure off any single individual.

Where appropriate, the information has been disseminated to local authorities.

One LEROY JONES was with FRED HAMPTON and PAUL WADE at the College Campus over the past week end and helped them to start trouble. Informant learned this from PAUL WADE who also advised they (WADE and HAMPTON) went to the College after WADE had received a telephone call from a girl, not identified, who asked HAMPTON to come and speak at the campus.

JWG:

HAMPTON was paid $900.00 and JONES was paid $2,500.00 for their appearances at the campus according to PAUL WADE, and this money came from parties and dances at the campus.

There is a party which will be held tonight in Maywood to celebrate the birthday of HUEY NEWTON. There will be a meeting tomorrow night (2/18/69) at ROBERT BRUCE's house.

The party was held on 2/17/69, at "The Nursery" and about 25 BPP members were present including HAMPTON, BRUCE, WALTER ALLEN, PETER HAMMACK, and WESLEY WADE. A collection of $60.00 was taken and sent to NEWTON.

There was a meeting on 2/18/69, at BRUCE's house with 15 persons in attendance, including a few girls. HAMPTON, BRUCE, ALLEN, KENNY BELL, TYRONE GLADNEY, WESLEY WADE, and one JOE BROWN were present. BROWN has been out of military service for about 6 months and is believed to be living in Broadview, Illinois. The main purpose of the meeting was to plan a big push against white people this summer to move them out of the black neighborhoods and business areas everywhere, Maywood included. Details were not discussed. A flyer will be passed out soon about this matter.

FRED HAMPTON does not want Negro youths going into military service. When he hears that someone has been drafted he tells them not to go, particularly if they are members of the BPP.

He talked to MARCELLES LACY and JOE WATTS, two Negro youths from Maywood, when they were drafted, but they both went into the service anyway.

YOUNG SOCIALIST ALLIANCE (YSA)

On February 25, 1969 a confidential source who has furnished reliable information in the past supplied the following information:

A panel-type discussion entitled "Black Liberation Front" which was sponsored by the Young Socialist Alliance (YSA) of Northern Illinois University, De Kalb, Illinois, was held in Sandburg Hall at said university on that night. The audience numbered approximately 450 persons of whom 100 were Negroes, 150 were "hippie-type" individuals and 200 curiosity seekers.

The moderator of the panel was Paul Boutelle, a member of the New York Socialist Workers Party. The members of the panel were Robert Lucas, President of the Black Liberation Alliance, James Harvey, UMOJA, Anas Luqman, Executive Director of the Malcolm X Black Hand Society of the World, Incorp., Frederick Allen Hampton, Deputy Chairman of the Black Panther Party, Chicago, Illinois, Ron March, leader of the Dodge Revolutionary Union Movement, William Allen of the Concerned Transit Workers, Georgia English, a black nationalist from Chicago, and Reverend George Edgar Reddick of Operation Breadbasket. All of the above named persons are Negroes.

Each of the above persons spoke for 15 minutes after which a question and answer period followed which lasted about one hour. The topic of the discussion was peaceful means through which Negroes can obtain the things they seek. However, Hampton, using some profanity, talked of taking militant action against the white society and advocating the elimination of whites.

The panel discussion took place between 7:30 p.m. and 11:00 p.m. and it ended without incident.

A second confidential source who has furnished reliable information in the past, advised that the crowd at the meeting was overwhelmingly white with only a smattering of Negroes.

This source stated that Frederick Hampton, who arrived at the meeting late,was the final speaker. He enumerated the 10 point program of the Black Panther Party. He said that whatever white people advocate, blacks should oppose and blacks should bear arms only against whites. He added that peace is possible only through a gun barrel and if a white comes to him bearing arms he will lay him out.

A white girl in the audience asked Hampton if he was advocating killing whites and getting guns to defend against whites. When he answered in the affirmative, she said "Are we that bad?" He then related how blacks have been treated by whites and that they would no longer stand it. She asked how blacks expected to accomplish this since they are a minority race. He said"That's a lie" and he began to scream at her, calling her a "hippie" and then asked her if she wanted him to make love to her. She began to weep and left the hall.

A white male listener, referring to statements about military force, asked Hampton if they really had guns. He answered "I'm not going to tell you what we have but don't fool with us." When the man asked other questions, Hampton told him to leave as the girl did.

The audience then became excited and began asking questions at all panelists without first being recognized. Many shouted their displeasure at the tone and

and content of the remarks of the speakers, especially Hampton. At that point, Boutelle, the moderator, declared the meeting adjourned.

After the meeting adjourned, without further incident, several of the panel members went to the black student offices on the campus where about 125 black students were present. Hampton told them the blacks have to take over because whites will not give them there rights. He told them to stop attending white schools, to read Marx and Malcolm, prepare for the revolution, and get guns.

Said second source advised that the Black Liberation Alliance is a recently organized militant Negro organization comprised primarily of former members of the Chicago branch of the Congress of Racial Equality (CORE) who defected from CORE during the latter part of 1968.

Malcolm X was a black nationalist who was killed in New York City on February 21, 1965 during a rally of his followers. The Malcolm X Black Hand Society of the World, Incorp. was formed in Chicago, Illinois in the summer of 1968 for the announced purpose of perpetuating his memory and to stress black unity.

The Dodge Revolutionary Union Movement was the black caucus of the Detroit United Auto Workers Union and the Concerned Transit Workers were Negro bus drivers who conducted a wildcat strike of the Chicago Transit Authority in the summer of 1968.

Operation Breadbasket is the economic program of the Southern Christian Leadership Conference.

James Harvey is a militant black nationalist who has been active as spokesman for militant black student organizations.

YOUNG SOCIALIST ALLIANCE

The May, 1960, issue of the "Young Socialist" (YS), page 1, column 3, disclosed that during April 15-17, 1960, a national organization entitled "The Young Socialist Alliance" (YSA) was established at Philadelphia, Pennsylvania. This issue stated that this organization was formed by the nationwide supporter clubs of the publication YS.

The above issue, page 6, set forth the Founding Declaration of the YSA. This declaration stated that the YSA recognizes the Socialist Workers Party (SWP) as the only existing political leadership on class struggle principles of revolutionary socialism.

On March 10, 1967, a source advised that the YSA was formed during 1957, by youth of various left socialist tendencies, particularly members and followers of the SWP. The source further advised that the YSA has recently become more open about admitting that it is the youth group of the SWP and that an SWP representative has publicly stated that the YSA is the SWP's youth group.

The National Headquarters of the YSA are located in Rooms 532-536, 41 Union Square West, New York City.

On October 31, 1967, a second source advised that at the 22nd National Convention of the SWP held in New York City from October 26, 1967, to October 29, 1967, it was stated that the YSA remained as the main recruiting ground for new SWP members.

The SWP has been designated pursuant to Executive Order 10450.

A characterization of "Young Socialist" is set out separately.

YOUNG SOCIALIST ALLIANCE-CHICAGO

A source advised in late November, 1959, that the Young Socialist Alliance-Chicago (YSA-C), formerly known as Young Socialist Supporters, had its origin in a series of informal discussions held in Chicago prior to June, 1959, among individuals who were close to the Socialist Workers Party (SWP).

The YSA-C as of November, 1959, proclaimed itself to be a city-wide revolutionary youth organization designed to build socialism in America and aimed toward youth on college campuses in the Chicago area and as being independent of all adult groupings.

According to a second source in April, 1968, the YSA-C was considered the youth group of the Chicago Branch SWP and affiliated with the national organization of the YSA in New York. The YSA-C officers as of April, 1968, were current members of the Chicago SWP.

The SWP has been designated pursuant to Executive Order 10450.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

On December 20, 1969, Captain Wilbert Samuels, Maywood, Illinois, Police Department, advised an agent of the Chicago Office of the Federal Bureau of Investigation (FBI) that Ivory's Mob Action trial was transferred from Oak Park, Illinois, into Chicago, Illinois, and continued.

On January 13, 1969, a representative of the Chicago Office of the FBI reviewed the records of the Chicago, Illinois, Police Department concerning James Ivory's June 6, 1964, disorderly arrest and it was determined that the record of this arrest was on microfilm and not readable.

On February 26, 1969, Captain Samuels, Maywood, Illinois, Police Department, advised an agent of the Chicago Office of the FBI that Ivory's Mob Action trial commenced in Cook County Court on that date and that the jury selection will commence on February 27, 1969.

On February 28, 1969, Captain Samuels advised an agent of the Chicago Office of the FBI that the jury has been selected at Ivory's Mob Action trial and it continues. However, Captain Samuels noted Ivory's attorney moved that any testimony by Maywood Village Counsel Robert Grundin be not allowed and the motion was granted. Captain Samuels explained that Grundin would have testified of how at Chamber of Commerce Dinner two days after the July 30, 1968, mob action incident but prior to Ivory's arrest, Ivory bragged to a group at the dinner of how he (Ivory) had led the Maywood Negro youths to the Village Hall on July 30, 1968.

CLEAVER promised that if NEWTON is gotten out of jail in one way or another, then he, CLEAVER, will personally walk up to President NIXON and slap him in the face. CLEAVER also said on the tape that the Negro made the mistake of burning their own property when MARTIN LUTHER KING was killed whereas they should have burned property of the whites. He wants Negroes to stop stealing from other Negroes and committing crimes against Negroes.

RACIAL TENSIONS, NORTHWESTERN UNIVERSITY (NU), EVANSTON, ILLINOIS

NORTHWESTERN UNIVERSITY, STUDENTS FOR A DEMOCRATIC SOCIETY

On April 16, 1969, a confidential source, who has furnished reliable information in the past, advised that 21 Negro students of Northwestern University (NU) began a so called hunger strike in front of Rebecca Crown Center, NU, at 3:00 p.m. on that date. The demonstration was in protest of disiplinary action taken by the University Disipline Committee against 21 black students who were suspended or placed on probation for participating in a raid on the Triangle Fraternity House at NU on March 4, 1969. The raid resulted in extensive property damage and injuries to several white members of that fraternity. The hunger strikers carried signs including one stating, "Feed Us Justice." The demonstration was peaceful throughout the afternoon and early evening. News media were on the scene.

The source further advised that Students for a Democratic Society (SDS) at NU have announced that 21 white students will join the Negroes on April 17, 1969, in support of their protests. The white students expected to harass administration officers by furnishing them with "body guards" in order to "protect" them from the student body because of their actions.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency. It and its contents are not to be distributed outside your agency.

RE: RACIAL TENSIONS, NORTHWESTERN UNIVERSITY, ETC.

Source further advised that SDS will conduct a meeting at 7:30 p.m. on April 17, 1969, at Tech Hall on the NU Campus and that Fred Hampton, leader of the Black Panther Party, Chicago, Illinois, will be the speaker. This meeting will be held in the same building and at the same time that a meeting is scheduled for the Naval Reserve Officers Training Corp. Source stated that it is possible that the latter meeting may be disrupted by SDS.

On April 17, 1969, a second confidential source, who has furnished reliable information in the past, advised that the above mentioned Negro hunger strikers remained in the plaza in front of Rebecca Crown Center all night on the night of April 16 - 17, 1969, and were joined by approximately 100 white students some of whom carried lighted candles. The demonstration was entirely peaceful and no incidents or arrests occurred.

"The Chicago Sun-Times", a daily Chicago newspaper, in it's issue of April 17, 1969, stated that Julian Bond, the first Negro elected to the State of Georgia Legislature, spoke briefly to the 21 black students on the night of April 16, 1969. Bond urged the Negro students to continue their protest. Bond, according to the article, stopped at NU prior to a scheduled speech which he made at Kendall College, Evanston, Illinois.

Descriptions of the Black Panther Party and SDS are attached to this memorandum.

Copies of this memorandum are being furnished the United States Attorney, United States Secret Service, and Naval Investigative Service Office, all Chicago; and to the Region I, 113th Military Intelligence Group, Evanston, Illinois.

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. GUS HALL, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anti-communist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of July 24, 1968, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

FRED HAMPTON said that BOBBY SEALE was at a meeting of the Black Panther Party (BPP) in Maywood on April 9, 1969. He is in Chicago because of some Court problems. SEALE wants to get some help from the BPP in California.

Informant advised he knows of no BPP member in Maywood named "NICK" nor anyone named "DENNIS".

FRED HAMPTON now has someone traveling with him and HAMPTON said he is a "bodyguard".

Informant will attempt to identify him.

Informant advised SA DAVID R. STRUCK on April 16, 1969:

Several individuals, all Negro youths, broke the windows in the Tastee-Freeze at 12th and Madison. The identities of the youths are not known to informant.

On April 14, 1969, a meeting was held at ROBERT BRUCE's house, in Maywood. Present were the following BPP members; FRED HAMPTON, ROBERT BRUCE, WALTER ALLEN, TYRONE GLADNEY, MATTHEW ANGRUM and NATHANIAL JUNIOR. Nothing was planned or decided at the meeting and the discussion centered around HAMPTON being sentenced on May 13, 1969.

Informant advised SA ROBERT PEVAHOUSE on April 22, 1969:

The owner of the Tastee-Freeze identified GREGORY PERKINS as one of the persons who broke his windows and has signed a complaint against him. PERKINS intends to talk to the BPP about possible retaliation against the owner for signing the complaint.

Informant furnished the following information on May 6, 1969:

There was a Black Panther Party (BPP) meeting at ROBERT BRUCE's house on the evening of May 2, 1969. Present were FRED HAMPTON, BRUCE, WALTER ALLEN, GREGORY PERKINS, TYRONE GLADNEY, MATTHEW ANGRUM, NEAL THOMAS and DAVID VALENTINE. Several other young Negro males were present whose identities are unknown to the informant. PERKINS claimed he had talked to the owner of the Tastee-Freeze at 12th and Madison and the owner said he would drop the charges against PERKINS and LEN WATTS for the damage they had done. The case comes up in court on May 21, 1969.

There was a meeting of the BPP at BRUCE's house on May 5, and the same individuals were present as on May 2. The informant stated that some of the older, married members, like CARSWELL, the WADE brothers seemed to have become afraid of coming to the meeting and afraid of possible future trouble because of their involvement with the BPP. He stated some of these members may drop out.

The informant also noted that NATHANIAL JUNIOR was not present. Informant heard that the trouble in Summit-Argo wherein the woman was burned and beaten arose because she would not produce a gun she had been keeping for someone else.

Informant heard from a former girl friend in Summit that NATHANIAL JUNIOR was trying to kill the woman and a boy. One DENNIS HARVEY, also of Summit was with JUNIOR and HAMPTON was giving orders. During the torture and beating JUNIOR and the others were scared off when they heard someone coming.

At the meeting on May 5, 1969, BRUCE and ALLEN stated that if HAMPTON is sentenced on May 13, to a term in prison they were going to try to blow up the Maywood Police station .

There will be a BPP trial on this coming Friday night May 9, 1969, for FRED HAMPTON. This trial is in keeping with the BPP rules that say that a BPP member must be tried by black persons of his own standing in the community and the trial in court with white judges and juries is an improper trial. The time and place of the trial are not yet known but present will be members of the BPP from Chicago, Summit, Maywood and possibly California. HAMPTON expressed hope that BOBBY SEALE would also be there.

HAMPTON continues to want Sergeant SAMSON to be the next Chief of Police, There is a rumor around Maywood, however, that Captain WILBERT SAMUAL will be appointed. HAMPTON doesn't want him to be the Chief of Police, because he is not a Negro.

MALCOLM X BLACK HAND SOCIETY OF THE WORLD, INCORPORATED

On May 20, 1969, a Chicago Police Department source, which has furnished reliable information in the past, advised that a memorial birthday celebration for the late Malcolm X, was held on the night of May 19, 1969, at the Capitol Theater, 7941 South Halsted, Chicago, Illinois, and this celebration was sponsored by the Malcolm X Black Hand Society of the World, Inc., whose leader is W. C. Anas Luqman.

A source, who has furnished reliable information in the past, advised that the Malcolm X Black Hand Society of the World, Inc., was organized in May, 1968. The first public meeting was held at Senate Theater, 3128 West Madison Street, Chicago, Illinois, on May 20, 1968, The purpose of the Malcolm X Black Hand Society of the World, Inc., was to perpetuate the teachings of Malcolm X and to stress black unity in membership which is limited to blacks only and there are no chapters or affiliations outside of Chicago.

Malcolm X is fully described in the characterizations pertaining to Muslim Mosque, Incorporated (MMI), and Organization of Afro-American Unity, Inc., (OAAU) in the Appendix Section.

This source reported that the affair at the Capitol Theater was attended by approximately 350 persons with no more than 10 being white and it lasted from approximately 9:00 until midnight This source identified the speakers as:

Fred Hampton, Negro male
Member of the Black Panther Party (BPP), Chicago

Dick Gregory, Negro male

Russ Meek, Negro male

Carolyn Rodgers, Negro female
black poetess

W. C. Anas Luqman, Negro male
Leader of the Malcolm X Black Hand Society of the World, Inc.

On May 20, 1969, a second source, who has furnished reliable information in the past, furnished the following information to a representative of the Federal Bureau of Investigation (FBI):

Source advised that approximately 300 persons attended a memorial celebration for Malcolm X at the Capitol Theater. Source stated that W. C. Anas Luqman was the first speaker and he spoke concerning the necessity of all black people to unite together, stating that Malcolm X was the beginning of this black unity movement which is set up to lead the blacks out of ignorance and into vitalized lives. Luqman described Malcolm X as a "black prince".

Source continued that Russ Meek spoke at great lengths about the necessity of blacks having to start getting together and stop selling out to the whites. Meek's comments concerned blacks getting arms and learning such things as karate to help kill the oppressors. Meek spoke about each Negro becoming acquainted with his neighbors so that he may seek shelter and hiding when whites move against him. Meek stated that all blacks were not helping their black brothers and the white man can still overpower the Negro and throw him in jail any time he wants to. Meek spoke concerning the Black Panther Party (BPP), and the fact that this party has scared many whites who do not know where they will strike next.

Source indicated that various honorary awards were granted to Negroes in attendance and these awards presented by the Malcolm X Black Hand Society of the World, Inc., went to Dick Gregory, Huey Newton, and Bobby Seale, both BPP members and which awards were accepted by Fred Hampton. Several other of these awards were given to persons who the source could not identify.

A characterization of the BPP is attached.

Source advised that Carolyn Rodgers read some of her poems, two of which were entitled "I Ain't Seen Nothin' Yet" and "Poem For Malcolm".

Source identified Fred Hampton of the Chicago BPP as the next speaker and Hampton expressed his great love and respect for Malcolm X and for his philosophies, stating that Malcolm X had gone to the mountain top but had come back to realize that he was still a "suppressed nigger". Hampton stated that Malcolm X saw that change was necessary and from that point in Hampton's speech, he gave a typical BPP speech concerning the necessity for Negroes arming themselves to beat back the oppressor. Hampton concluded by stating that he was a revolutionary, with the comments "all power to the people, all power to the BPP, Panther power".

Source stated that Dick Gregory was the last speaker but limited his comments to the necessity for black people organizing themselves in their own behalf and indicated he was in sympathy with the BPP.

Source advised that because of inclement weather, the scheduled picnic to precede the evening rally at the Capitol Theater did not take place, other than a few members of the Malcolm X Black Hand Society of the World, Inc., being present to direct those appearing to attend the nighttime rally.

A copy of this communication is being furnished to the United States Attorney and U. S. Secret Service, both Chicago, and Region I, 113th Military Intelligence Group, Evanston, Illinois

APPENDIX

MUSLIM MOSQUE, INCORPORATED (MMI)

The March 13, 1964, edition of "The New York Times," a daily newspaper published in New York, New York, contained an article on page 20 which indicated that MALCOLM X (LITTLE), former national official of the Nation of Islam (NOI) who broke with the NOI on March 8, 1964, publicly announced in New York City on March 12, 1964, that he had formed the Muslim Mosque, Incorporated (MMI). The MMI, according to the article, would be a broadly based politically oriented black nationalist movement for Negroes, only, financed by voluntary contributions. In this public statement, MALCOLM X urged Negroes to abandon the doctrine of non-violence when it is necessary to defend themselves in the civil rights struggle, and he also suggested that Negroes form rifle clubs to protect their lives and property in time of emergencies in areas where the government is unable or unwilling to protect them.

Incorporation papers of the MMI filed on March 16, 1964, with the Business Section, Clerk of Courts, New York County, New York, New York, reflect that the MMI was incorporated under the Religious Corporation Law of the State of New York to work for the imparting of the Islamic Faith and Islamic Religion in accordance with "accepted Islamic principles." The principal place of worship to be located in the Borough of Manhattan, New York, New York.

The May 23, 1964, edition of the "New York Amsterdam News," a weekly Negro newspaper published in New York City, contained an article by columnist JAMES BOOKER in which he indicated that he had heard that the visit by MALCOLM X with Muslim leaders during his African tour has changed him to become [illegible] in his anti-white feelings and to become more religious.

On October 6, 1964, a confidential source advised that the MMI is apparently affiliated with the true orthodox Islamic Religion through its affiliation with the Islamic Foundation (of New York), 1 Riverside Drive, New York City. The only teachings of the MMI are on the Islamic Religion.

2

MUSLIM MOSQUE, INCORPORATED (MMI)

This confidential source advised on May 17, 1965, that the headquarters of the MMI are located in Suite 128, Hotel Theresa, 2090 Seventh Avenue, New York, New York, where they were established on March 16, 1964. These headquarters are shared with the Organization of Afro-American Unity Incorporated (OAAU) which was also headed by MALCOLM X.

MALCOLM X was assassinated on February 21, 1965, while addressing an OAAU rally at the Audubon Ballroom, Broadway and 166th Street, New York City.

This same confidential source advised on September 8, 1965, that the activities of the MMI following the death of MALCOLM X were limited to the teaching of classes in the Islamic Religion and a class in judo for self-protection. These classes were held regularly until the latter part of July, 1965, when they were discontinued. Since then, the MMI has held no meetings and there has been absolutely no activity by the MMI which appears to be completely "dead."

ORGANIZATION OF AFRO-AMERICAN UNITY, INCORPORATED (OAAU)

On June 28, 1964, MALCOLM X LITTLE, founder and leader of the Muslim Mosque, Incorporated (MMI), publicly announced the formation of a new, all Negro, militant civil rights action group to be known as the Organization of Afro-American Unity (OAAU), with himself as Chairman. This announcement was made at a public rally held by the MMI in the Audubon Ballroom, Broadway and 166th Street, New York City.

A printed and published statement of basic OAAU aims read by MALCOLM X at this meeting indicates that it shall include "all" people of African descent in the Western Hemisphere, as well as "our" brothers and sisters on the African continent. It is patterned after the "letter and spirit" of the Organization of African Unity established (by African heads of States) at Addis Ababa, Ethiopia, in May, 1963.

A recording of the remarks of MALCOLM X at this meeting indicates that the aim of the OAAU is to eliminate differences between Negroes so they can work together for "human rights," while the initial objective is to "internationalize" the American civil rights movement by taking it to the United Nations. LITTLE condemned the non-violent civil rights movement and claims that Negroes should be taught to protect themselves, when and if necessary. The OAAU will sponsor a program for Negroes in education, politics, culture, economics, and social reform.

MALCOLM X was assassinated on February 21, 1965, while addressing an OAAU rally at the Audubon Ballroom, New York City.

On April 13, 1965, a confidential source advised that on March 26, 1965, the OAAU filed a Certificate of Incorporation with the Department of State, State of New York, Albany, New York, and henceforth, the organization's true name will be Organization of Afro-American Unity, Incorporated.

On April 29, 1968, a second confidential source advised that the president and head of the OAAU is ELLA COLLINS, a half-sister of the late MALCOLM X, who resides a great majority of the time in Boston, Massachusetts.

On April 28, 1968, this same source advised that the OAAU headquarters is still located at 224 West 139th Street, New York, New York. Meetings have not been held in several months and the organization appears to be breaking up and no longer functioning.

1 **APPENDIX**

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

> "Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Informant furnished the following information on May 8, 1969:

There was a BPP meeting on May 7, 1969, at ROBERT BRUCE's house, 28 South 15th Avenue, Maywood. FRED HAMPTON was there for only a few minutes and gave out 200 flyers to be passed out around town concerning a mock trial of himself to be held on May 9, 1969. Present were BRUCE, WALTER ALLEN, WILMA and MATTHEW ANGRUM, TYRONE GLADNEY, and NEAL THOMAS. THOMAS sells the newspaper "Black Panther" around town for 25 cents a copy.

On May 9, 1969, informant made available the following material:

One copy of "The Black Panther" newspaper dated April 20, 1969.

C

JWG:

One copy of "The Black Panther" newspaper dated May 4, 1969.

One copy of a flyer "Honor of Political Prisoners" dated May 9, 1969.

One copy of "To the Oppressed People etc." no date.

One copy of "In the Summer of 1968 etc." no date.

Informant advised on May 9, 1969, that there will be a dance to raise funds in Argo tonight (May 9, 1969), and, therefore, the mock trial has been postponed. One of the flyers gives the time and place of the dance.

FRED HAMPTON will be sentenced on May 13, 1969, and on that date the Black Panthers intend to cause disturbances in Maywood, according to talk at the meeting on May 7, 1969.

Informant advised on May 14, 1969 as follows:

The dance last Friday night was strictly a social fund raising event and there was no trouble.

There was a meeting of the BPP on the evening of May 12, 1969, at BRUCE's house. Present were HAMPTON, BRUCE, WALTER ALLEN, the ANGRUMs, DAVID VALENTINE, NEAL THOMAS and several young teenage boys. They were still talking about possibly blowing up the Maywood Police Station when HAMPTON is sentenced but they did not mention where they would get the explosives or how they would do it. HAMPTON's sentencing has been postponed until a later date. The informant believes the plot to blow up the station is just talk.

HAMPTON obtained ten used pistols, some .22 caliber and has sold them to members of the BPP in Maywood and Chicago.

GREGORY PERKINS said that whenever HAMPTON or NATHANIEL JUNIOR are being sought on warrants, they live in at the BPP headquarters, 2350 West Madison, in Chicago, until they can get the bond money and surrender with their attorneys.

Informant advised on 5/22:

One CHARLES KROP, who lives at 1715 South 6th Avenue, runs a restaurant in the 600 block of South 5th Avenue, in Maywood. He is a white man, married to a Mexican woman. He is the leader apparently of the "Brown Berets." The Black Panthers are using a room behind the restaurant to meet occasionally.

FRED HAMPTON stated the Brown Berets are joining the Panthers during their meeting to determine if they have mutual interests.

JWG

Informant stated there are rumors around Argo-Summit that NATHANIEL JUNIOR and DENNIS HARVEY are seeking a way to go to Cuba before they are arrested. Informant stated he believes JUNIOR is at 2350 West Madison hiding out.

Informant advised the BPP meeting on 5/21 was held at Chuck's Record Shop, 1019 South 17th. The only thing discussed was the mock trial to be held at the Old Lutheran Seminary, 1644 South 11th Avenue, on Saturday night at 8:00 p.m. This building is used by the O.E.O. and apparently someone made it available to the BPP.

Informant advised on 5/24:

The place of the mock trial was changed to the Village Hall in Maywood for 5/24, and 25/69, at 8:00 p.m. All persons are invited.

FRED HAMPTON expects to be sentenced on 5/26, and needs $3,000-$4,000 bond money to stay out of jail during his appeal.

Informant advised on 5/26/69:

The mock trial went smoothly Saturday and Sunday night. More than 100 people attended, half black and half white. HAMPTON was found "not guilty." HAMPTON was his own lawyer. No violence occurred.

Informant advised on 5/28/69:

ROBERT BRUCE is very unhappy because FRED HAMPTON was kept in jail without an appeal bond. He tried to get the BPP to meet and discuss ways of raising bond money, but was unsuccessful on 5/26, and 5/27.

BRUCE said the BPP should wait about a week or a week and a half to see if HAMPTON will get out on bond. After that, if he is not out, then there will be plans made for destruction of property in Maywood.

Informant advised on June 5, 1969, the following:

There was a meeting of the BPP at Charles Krap's Restaurant on 5th Avenue in Maywood on the night of May 28, 1969. About 20 BPP members were present as well as several Brown Berets. They had large photos of FRED HAMPTON and were going to put them into several shops in Maywood as part of a "Free HAMPTON" Campaign. The meeting was actually held in the old photo store next to the restaurant which is closed and boarded up. It is entered through the restaurant.

BOBBY CARSWELL and GREGORY PERKINS are the two BPP members who are spearheading the campaign to raise money for HAMPTON's bond.

The informant stated he thinks "TACO CHARLIE", who is CHARLES KROP, is somewhat crazy.

JWG

ROBERT BRUCE is now too scared to do anything and it appears he wants to be less involved in the BPP.

PERKINS and THOMAS BLAIR planned to visit HAMPTON in jail, date unknown.

During the weekend of May 31-June 1, 3 or 4 BPP members went around in Maywood and got 200 names on a petition to free FRED HAMPTON. HAMPTON's older brother, MURTHY WADE, "BOBBY" CARSWELL and NEAL THOMAS, are the ones who obtained the petitions.

CARSWELL said that "TACO CHARLIE" has promised to get ammunition for the BPP. He apparently has a card of some type which enables him to buy guns and ammunition. He seems to do everything CARSWELL asks him to do.

Informant advised on June 6, 1969:

There was a meeting on June 5, 1969, at the home of GENE MOORE, 1423 South 11th Avenue. He is a supporter of FRED HAMPTON, but not a member of the BPP.

About 50 Negroes were present, mostly BPP members and they were all angry about the FBI raid on BPP headquarters in Chicago.

The discussion centered around the fact that the raid must have been set up by someone inside. They also claimed the purpose of the raid was to get the petitions for HAMPTON's release so he would be kept in jail. They were all angry about the "theft" of the money and typewriters by the FBI.

CARSWELL said that NATHANIEL JUNIOR and HARVEY had left the headquarters two days before the raid and had "gone south".

The BPP does not trust "TACO CHARLIE". Some members feel he will eventually turn against the Negroes

A new petition will be circulated by the BPP to get DUFFY removed from the Maywood PD. He is the officer who testified against HAMPTON at his recent trial.

A rally is planned for FRED HAMPTON on June 12, 1969, at 2:00 PM at the Lido Theatre in Maywood. All will be invited and money will be collected for HAMPTON's release.

The rally for FRED HAMPTON was held on this date, 6/12/69, from 3:00 PM to 5:45 PM at the Lido Theatre in Maywood. The microphones and sound system were set up by GREGORY PERKINS who then left to go to work. The rally was run by WILLIAM HAMPTON, FRED's older brother. There were nearly 200 people present including whites, blacks, and Mexicans. Represented were the BPP from Chicago, the Brown Berets, someone from SDS who made a speech, several students from a college somewhere, a few clergymen including a Negro preacher from Melrose Park who read a note from FRED HAMPTON's mother.

LEO HOWARD spoke, WILLIAM HAMPTON spoke, an SDS leader spoke, a representative from the Brown Berets spoke and PAUL WADE spoke. All spoke about the plights of HAMPTON and a collection was taken up. There was much concern about the fact that HAMPTON was moved to some jail about 300 miles away.

PAUL WADE spoke and said they should all go to where HAMPTON is and break him out of jail. He also said that if the police invade any Negro homes that the Negroes should shoot it out with the police if they are entering illegally.

A collection was taken for HAMPTON.

ROBERT BRUCE is around town somewhere in hiding. He is being sought on a Chicago Kidnapping Warrant. He is one of the sixteen indicted for this crime.

Informant advised that NEAL THOMAS had withheld money collected for the BPP and they were going to kill him, but he pleaded for his life and the BPP decided to give him another chance.

Informant advised on 6/15/69.

ROBERT BRUCE was at WALTER ALLEN's house in Broodview this morning. He will probably be at a meeting at "Toco Charlies" restaurant, Maywood, at 8:00 PM tonight. This meeting was called to discuss ways of getting money to help BRUCE get out of Maywood to Chicago.

Informant advised on 7/11/69:

PAUL WADE, ALLEN HATHWAY and BILL BURNETTE returned to Maywood on 7/11 from their trip to the East Coast which included Boston, Newark, and Washington, D.C.

PAUL WADE said he had called the BPP headquarters in California and will travel there in two or three weeks to enlist their aid in a plan to get FRED HAMPTON out of jail even if they have to break him out. Those who will go to California will be PAUL WADE, GREGORY PERKINS and WALTER ALLEN. There have been several holdups in Maywood, in the past week and there is a possibility the following individual was involved (rumors heard by informant) one FNU HUMPHERY, who was released from jail on about 7/3/69.

Informant advised on 7/17/69:

On 7/16 the Maywood Police Department was called to assist in a repossession of furniture from WESLEY WADE's after WADE had refused to return the furniture. Then WADE fought off the Maywood Police when they kicked in the door. He was arrested and PAUL WADE was very angry about the Police breaking down the door.

He may enlist others to aid him in some type of retaliation.

Informant subsequently advised on 7/17/69:

PAUL WADE and one CLAYTON KENDALL (PB) from California are out looking for the policeman who broke in the door at WESLEY WADE's house.

PAUL WADE has a .38 caliber pistol and may use it if he becomes angry enough.

PAUL WADE said that one THOMAS O'NEAL (PB) is a leader of the BPP in Washington Police Department and he is formerly from Maywood.

MICHAEL HENDERSON has been released from jail and is back in Maywood.

ORGANIZATION OF BLACK
AMERICAN CULTURE (OBAC)
(BLACK UNITED FESTIVAL,
AUGUST 16, 1969, DIXMOOR,
ILLINOIS)

On August 15, 1969, a first source, who has furnished reliable information in the past, advised that the Organization of Black American Culture (OBAC), a group that sponsors black cultural enrichment programs in the Chicago area and maintains office space at 77 East 35th Street, Chicago, planned to hold a festival at Dixmoor Park, 140th and Wood Streets, Dixmoor, Illinois, on August 16, 1969.

The festival is being called the Black United Festival. It is to be centered around an exhibition of black art and crafts. Two sessions are scheduled, one in the afternoon from 12:00 noon until 5:00 p.m. and the other in the evening from 7:00 p.m. to 11:00 p.m. The evening session is to feature the following speakers: Russ Meek, representing the Black Impeachment Committee (BIC); Bob Lucas, representing the Black Liberation Alliance (BLA); Leonard Sengahli, representing the Blackstone Rangers, a Chicago Negro youth gang; and Fred Hampton, representing the Black Panther Party (BPP) of Illinois. Matilda Haywood, a female Negro singer, an associate of Russ Meek, is scheduled to entertain.

A characterization of the BPP is attached hereto.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation (FBI). It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

OBAC (BLACK UNITED FESTIVAL,
AUGUST 16, 1969, DIXMOOR, ILLINOIS)

The source advised that OBAC has obtained a local permit from local authorities to use the park. OBAC has agreed to conclude the affair by 11:00 p.m. which is considered the regular closing hour for the park.

This source advised that there is no indication that any disturbance should occur at this affair.

A second source, an agency which collects intelligence data in the Chicago area, has advised in the past that Russ Meek is a militant Negro who has made a number of speeches in the Chicago area expressing hatred for whites. Meek has claimed that law enforcement officers are determined to exterminate black people. Meek has also urged that Negroes arm themselves.

According to this source, the Black Impeachment Committee (BIC) is a "paper" organization which has been created by Meek. BIC is without any active membership.

The Black Liberation Alliance (BLA) is a community action group focusing attention on local organizing through local community councils, working on a daily basis with members of the black community on such problems as housing, education, health and welfare problems.

On August 16, 1969, Clifford Wood, Chief of Police, Dixmoor, Illinois, advised that festival activity at Dixmoor Park between the hours of 12:00 noon and 5:00 p.m. was limited to a group of about eight to ten persons, all Negro, setting up public address-type equipment.

Chief Wood stated that at about 7:45 p.m. a group of about 50 to 75 persons, all Negro, both male and female, had gathered in the park. The number of individuals in attendance fluctuated inasmuch as people were constantly arriving and constantly leaving during the evening session of the festival.

Chief Wood stated that festival activity consisted of entertainment by a singer, and a number of short speeches, the subject matter of which pertained to solving Negro problems. There were demonstrations of African-style dancing and performances of African-type music.

Chief Wood stated that by 11:00 p.m., August 16, 1969, the festival activities were over and all individuals who had attended had left the park area. There were no incidents in connection with the festival and no arrests were made. The activity in the area of the park was normal throughout the festival session.

On August 18, 1969, the first source advised that the evening session of the Black United Festival at Dixmoor Park on August 16, 1969, began at approximately 7:30 p.m. that date. Activity consisted of a number of speeches, entertainment by Negro singer Matilda Haywood, demonstrations of African dance styles and African music styles, a karate demonstration and a "singing session".

This source stated that the number of persons in attendance fluctuated as individuals came and left the area constantly during the activities. He estimated that there may have been from 250 to 300 individuals in attendance.

The source advised that Russ Meek spoke. He talked about the raid that was conducted on BPP Headquarters at 2350 West Madison Street, Chicago, by the Federal Bureau of Investigation (FBI) on June 4, 1969. He termed such activity by the FBI as unwarranted harassment of the BPP. Meek also discussed the incident which took place on July 31, 1969, at BPP Headquarters when officers of the Chicago Police Department engaged in a shooting incident with Negro males who were in BPP Headquarters space. Meek indicated that this was another example of unnecessary harassment on the part of law enforcement officials against the BPP. Meek indicated that Negroes should oppose such activity on the part of law enforcement officials.

This source stated that Rufus Walls, Minister of Information, Illinois Chapter of the BPP, also spoke. Walls complained about harassment on the part of law enforcement officials against the BPP. Walls claimed members of the BPP know that the FBI has been placing informers in the BPP. He claimed that the FBI did not prosecute any of the eight members of the BPP who were arrested on June 4, 1969, at BPP Headquarters, Chicago, because the FBI did not desire to disclose the identity of any FBI informers in the BPP. Walls claimed that the BPP knows who the FBI informant is. Walls also mentioned the BPP Breakfast for Children Program. He asked those attending that if they were able to they should make a financial contribution to this program. A collection was taken up.

Bob Lucas of the BLA also spoke. He discussed the activities of the Coalition for United Community Action (CUCA), a consortium of about 60 community, civic and other neighborhood organizations in the Chicago area which has been demonstrating at a number of building construction sites in Chicago in protest of racial discrimination in the construction industry. Lucas indicated that the Negroes in suburban areas of Chicago should support the activities of CUCA. Lucas stated that CUCA has been able to utilize the services of some of the Negro youth gangs in Chicago to help picket construction sites.

Lucas stated that "We have a method of jamming police communications". However, he did not further elaborate on this statement other than adding that if police officials are unable to communicate they would have a difficult time in determining the activities of the demonstrators.

'Lucas stated that in his view it is likely that riots or disturbances could take place in Chicago at anytime during the remainder of this year.

Lucas indicated that Negroes should be prepared to defend themselves in cases of emergency, even to the extent of instructing their women in the use of firearms.

Leonard Sengahli, representing the Blackstone Rangers, a Negro youth gang operating principally on the south side of Chicago, spoke. He stressed that the Negro people should unite in their efforts to correct injustices. He indicated that only through unity will Negroes be able to solve their problems. He said that if everybody stays together, their efforts will be successful; but if they divide into a number of different groups, they will fail in their objectives.

This source stated that throw-away type sheets bearing the title "Black Panther Party" on which were printed a BPP version of the incident which took place at BPP Headquarters, Chicago, between members of the BPP and the Chicago Police on July 31, 1969, indicating that the BPP demands an end to police brutality and the murder of black people were available.

A second throw-away type sheet captioned "Pig Harassment" with the name, address and telephone number of the Illinois Chapter of the BPP printed thereon indicated that the BPP was interested in land, bread, housing, education, clothing, justice and peace and that politicians have given them nothing but oppression in return. The throw-away type sheet indicated "Daley's fascist pigs have continually harassed the Panther Party in the Panther's attempts to meet the needs of the people".

OBAC (BLACK UNITED FESTIVAL, AUGUST 16, 1969, DIXMOOR, ILLINOIS)

According to the source, the festival ended at approximately 11:00 p.m., August 16, 1969. The source said that he was not aware of any incidents taking place during the festival.

On August 18, 1969, Sheriff Joseph Woods, Cook County Sheriff's Office, made available a report concerning the festival prepared by officers of the department. This report indicated that approximately 150 people were in the park area.

Robert Lucas was one of the speakers. Lucas was reported to have stated "If the police are unable to communicate, they won't know where we are". This report indicated that the speakers requested the assistance of suburban people in case of riots so that police would be too busy and unable to concentrate in any one area. The speakers also indicated the importance of destroying police communication centers, the possibility of putting sugar in police gas tanks, causing traffic jams on expressways and derailing trains coming through the suburban areas. The report indicated that they also gave instructions as to how to make black powder bombs, however, the report did not indicate the identity of those giving such instructions.

Robert Lucas discussed expanding efforts to close down construction sites in the Chicago area and stated that they would not be stopped by a court injunction. He requested the help of suburban youth gangs to assist in keeping construction sites closed.

The report concluded indicating that other activities at the rally included karate demonstrations and folk singing demonstrations.

Copies of this memorandum are being furnished the following agencies:

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, ". . . we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

SPEECHES OF FREDERICK ALLEN HAMPTON
AT ILLINOIS STATE UNIVERSITY,
NORMAL, ILLINOIS, ON OCTOBER 29, 1969
AND SOUTHERN ILLINOIS UNIVERSITY,
CARBONDALE, ILLINOIS, ON NOVEMBER 14, 1969

On October 27, 1969, who has furnished reliable information in the past, advised Fred Hampton would appear at the Ballroom, Student Union Building, Illinois State University (ISU), Normal, Illinois, at 7:30 PM on October 29, 1969. Hampton was scheduled to appear as the guest speaker for the Students For A Democratic Society (SDS)*, Revolutionary Youth Movement (RYM II) faction of SDS.

On October 27, 1969 who has furnished reliable information in the past, advised that a facility request for the Ballroom of the Student Union at 7:30 PM on October 29, 1969, had been signed by Kenneth Klette of SDS and Carroll Byron Cox, Jr., Faculty Advisor for SDS at ISU. T-2 further advised that this meeting was advertised as a public meeting.

On October 29, 1969, representatives of the Federal Bureau of Investigation attended a program at the Student Union on the Illinois State University campus at Normal, Illinois, for the purpose of listening to a speech by Fred Hampton, Black Panther Party (BPP)*leader from Chicago, Illinois. At the entrance to the meeting, all persons attending were required to undergo a meticulous search by members of the SDS.

The program began at approximately 7:00 PM, with an introduction by Mark Clark, Captain, Peoria Black Panther Party. Clark introduced the next speaker as Eddie McChriston, Lieutenant, Peoria Black Panther Party, who described the ten-point program of the BPP. McChriston then introduced Leon Harps, Lieutenant, Peoria Black Panther Party, who spoke on systematic genocide,

* See Appendix

CONFIDENTIAL

Harps introduced the next speaker as a member of SDS. This speaker was later identified as Kenneth Klette. Klette called for students to stay away from class for a week and help in the strikes against huge corporations. The program then returned to Mark Clark, Master of Ceremonies.

At this point Clark turned the program over to a Negro male who identified himself as Fred Hampton, Deputy Minister, Chicago Chapter, BPP. Hampton spoke at length on the BPP leaders Newton, Seale and Cleaver. He urged the group to arm themselves and protect their homes. He called for those in attendance to support Bobby Seale, who had been bound, shackled and gagged by Judge Hoffman. Hampton said, "Kill the pigs", "arm yourselves", and then stated, "We have to shut Judge Hoffman up by ramming (inaudible) down his mouth". He then stated, "We follow the Marxist-Leninist line of thought and advocate revolution." The meeting then broke up and Hampton rejoined his bodyguards and BPP members from Peoria, Illinois, and left the ballroom.

There were approximately 350 persons in attendance, about 50 per cent of whom were Negro. There were no incidents or arrests at the time of the speech; however, after the speech as the contingent from Chicago was leaving, one was given a citation for improper turn signal, by the campus police.

On November 5, 1969, who has furnished reliable information in the past, advised that at a meeting of Students for a Democratic Society (SDS) on November 4, 1969, it was announced that on November 14, 1969, in connection with the November 15th Moratorium Demonstrations in Washington, D.C., a "Brother Fred", head of the BPP in Illinois, would speak at Southern Illinois University. The SDS announced that its members would act as security guards, and that the speech would be made in the Ballroom of the University Center on the campus of Southern Illinois University, Carbondale, Illinois. T-3 advised he was of opinion "Brother Fred" was Fred Hampton, known to T-3 as BPP leader in Chicago, Illinois.

On November 15, 1969, who has furnished reliable information in the past, advised that on October 27, 1969, the Southern Illinois University Student Government Activities Council reserved the University Center facilities, stating the event would be attended by 1,000 to 1,500 persons.

On November 14, 1969, representatives of the Federal Bureau of Investigation attended a speech given by Black Panther Party leader Fred Hampton at Southern Illinois University, Carbondale, Illinois. All those attending the speech were searched at the entrance and pictures were taken of some of those persons entering.

At 8:40 PM, Joan Gray was introduced as Head of the Women's Division of the Illinois BPP. The master of ceremonies did not introduce himself. Joan Gray denounced white liberals who lend merely their intellectual support to the Panther movement, and attacked those/blacks who espouse black pride and African culture.

At 9:00 PM an individual was introduced as the Health Minister of the Illinois BPP. This individual described the health programs in the ghetto sponsored by the BPP, which programs are available to all who need them.

Fred Hampton began speaking at 9:10 PM. Hampton began his speech by indicating his strong disapproval of the propenents of black pride and culture, stating that African clothes will not stop a bullet and that the police, whom he referred to as "pigs", could still shoot blacks down in the street unless they defended themselves with guns. Hampton further denounced the police, stating that more "pigs" who were killed, the better for the people.

Hampton compared politics and war to ice and water, concluding that they are essentially the same substance and can be used for different purposes. Hampton cited a recent shooting incident in Chicago involving Black Panther Jake Winters, praising Winters as a true example of a Panther.

Hampton then proceeded to denounce Judge Hoffman of Chicago in profane and obscene terms, referring to Hoffman as a homosexual. In describing Hoffman, the adjectives fascist, racist and similar terms were used.

Hampton denounced the capitalist system as one where a minority rose to the top to exploit the majority, and concluded his speech with the assertion that the BPP was not directing its struggle against all whites but only against "fascist racist pigs". He stated that those whites who fit the latter description will be classified by their actions and not their words.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as presently regarded, came into being at a founding convention held June, 1962, at Port Huron, Michigan. From an initial posture of "participatory democracy" the line of the national leadership has revealed a growing Marxist-Leninist adherence which currently calls for the building of a revolutionary youth movement. Concurrently, the program of SDS has evolved from civil rights struggles to an anti-Vietnam war stance to an advocacy of a militant anti-imperialist position. China, Vietnam and Cuba are regarded as the leaders of worldwide struggles against United States imperialism whereas the Soviet Union is held to be revisionist and also imperialist.

At the June, 1969, SDS National Convention, Progressive Labor Party (PLP) forces in the organization were expelled. As a result, the National Office (NO) group maintained its National Headquarters at 1608 West Madison Street, Chicago, and the PLP faction set up headquarters in Cambridge, Massachusetts. This headquarters subsequently moved to Boston. Each group elected its own national officers, which include three national secretaries and a National Interim Committee of eight. Both the NO forces and the PLP forces claim to be the true SDS. Both groups also print their versions of "New Left Notes" which sets forth the line and the program of the particular faction. The NO version of "New Left Notes" was recently printed under the title "The Fire Next Time" to achieve a broader mass appeal.

Two major factions have developed internally within the NO group, namely, the Weatherman or Revolutionary Youth Movement (RYM) I faction, and the RYM II faction. Weatherman is action-oriented upholding Castro's position that the duty of revolutionaries is to make revolution. Weatherman is regarded by RYM II as an adventuristic elitist faction which denies the historical role of the working class as the base for revolution. RYM II maintains that revolution, although desired, is not possible under present conditions, hence emphasizes organizing and raising the political consciousness of the working class upon whom they feel successful revolution depends. Although disclaiming control and domination by the Communist Party, USA, leaders in these two factions have in the past proclaimed themselves to be communists and to follow the precepts of a Marxist-Leninist philosophy, along pro-Chinese communist lines.

A second source has advised that the PLP faction which is more commonly known as the Worker Student Alliance is dominated and controlled by members of the PLP, who are required to identify themselves with the pro-Chinese Marxist-Leninist philosophy of the PLP. They advocate that an alliance between workers and students is vital to the bringing about of a revolution in the United States.

SDS regions and university and college chapters, although operating under the outlines of the SDS National Constitution, are autonomous in nature and free to carry out independent policy reflective of local conditions. Because of this autonomy internal struggles reflecting the major factional interests of SDS have occurred at the chapter level since the beginning of the 1969-70 school year.

A characterization of PLP is attached.

PROGRESSIVE LABOR PARTY (PLP)

"The New York Times" city edition, Tuesday, April 20, 1965, page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1965, under the name of the PLP which had been known as the Progressive Labor Movement.

According to the article, "The Progressive Labor Movement was founded in 1962, by Milton Rosen and Mortimer Scheer after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line."

A source advised on June 3, 1968, that the PLP held its Second National Convention in New York City, May 31, to June 2, 1968, at which time the PLP reasserted its objective of the establishment of a militant working class movement based on Marxism-Leninism. This is to be accomplished through the Party's over-all revolutionary strategy of raising the consciousness of the people and helping to provide ideological leadership in the working class struggle for state power.

The source also advised that at the Second National Convention Milton Rosen was unanimously re-elected National Chairman of the PLP and Levi Laub, Fred Jerome, Jared Israel, William Epton, Jacob Rosen, Jeffrey Gordon, and Walter Linder were elected as the National Committee to lead the PLP until the next convention.

The PLP publishes "Progressive Labor," a bimonthly magazine; "World Revolution," a quarterly periodical; and "Challenge-Desafio," a monthly newspaper.

The April, 1969, issue of "Challenge-Desafio" sets forth that "Challenge is dedicated to the peoples fight for a new way of life--where the working men and women control their own homes and factories; where they themselves make up the entire government on every level and control the schools, courts, police and all institutions which are now used to control them."

Source advised on May 8, 1969, that the PLP utilizes an address of General Post Office Box 808, Brooklyn, New York, and also utilizes an office in Room 617, 1 Union Square West, New York, New York.

On December 20, 1969, who has furnished reliable information in the past, advised that Charles Garry, attorney in San Francisco, California, who represents Black Panther Party (BPP) members and David Hilliard, National BPP Chief of Staff, arrived O'Hare Airport, Chicago, early p.m. of December 20, 1969.

See appendix for characterization of BPP.

Source stated that the above persons were met at the airport by Bobby Rush, Deputy Minister of Defense, Illinois Chapter, BPP, Rufus "Chaka" Walls, Deputy Minister of Information, Illinois Chapter, BPP, Willie Calvin, Captain of Defense, Chicago Branch, Illinois Chapter, BPP, and others unknown.

Source stated that this group then came by Illinois BPP Headquarters, 2350 West Madison, then on to the Sheraton-Chicago Hotel, 505 North Michigan Avenue, where Garry and Hilliard registered.

Source stated that the entire group then proceeded to Malcolm X Junior College, Chicago, where numerous persons spoke before the remaining Black Congressmen who made up the "Black Caucus". The "Black Caucus" was publicly identified as consisting of six Black Congressmen, self-appointed, who held on December 20, 1969, in Chicago, Illinois, a public unofficial inquiry regarding the death of Fred Hampton, Deputy Chairman, Illinois BPP, who was killed on December 4, 1969, by Cook County, Illinois State's Attorney's Police when they attempted to serve a search warrant concerning the illegal possession of weapons.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

DAVID HILLIARD

Source stated that Hilliard, Garry and Rush all appeared on the Marty Faye television show, Channel 26, WCIV, Chicago, on December 20, 1969, at 10:00 PM, wherein Hilliard talked about the BPP ten-point program and police harassment of the BPP. Garry indicated that he was responsible for bringing approximately $150,000 to his law firm before he began representing the BPP members and now brings in about $30,000. He also indicated that the police were harassing the Panthers as is evident by all the arrests throughout the nation.

Source stated that Rush stated the BPP has spent approximately $70,000 in legal costs for the defense of Huey Newton, National BPP Minister of Defense, and that the average Negro citizen has not advanced in society standing in over 100 years.

Source stated that the Illinois BPP Chapter gave Hilliard $2,000 cash as he indicated that the National BPP was in dire need of finances. Hilliard also indicated, according to this source, that Emory Douglas, National BPP Minister of Cultural Development, and D. C. Cox, National BPP Field Marshal, were both in Algiers with Eldridge Cleaver, National BPP Minister of Information, in self-imposed exile and that he (Hilliard) was contemplating a trip there next month.

On December 21, 1969, advised that Garry and Hilliard departed O'Hare Field, Chicago, between 3 and 4 PM on this date via unknown airlines. Source stated that no information was available as to their destination, however, both previously indicated they would visit Cleveland, Ohio, and New Haven, Connecticut, following Chicago.

Copies of this memorandum are being furnished the United States Attorney, United States Secret Service, Office of Special Investigations, Naval Investigative Service Office, and 113th Military Intelligence Group, Evanston, Illinois.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, ".....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

On 1/20/70, USA DONALD E. WALTER, Shreveport, La., telephonically contacted SA T. F. [illegible] of the Shreveport RA. Mr. WALTER said that he had been contacted by Mr. JERRIS LEONARD, Assistant Attorney General in charge of the Civil Rights Division, U. S. Department of Justice, with a request that WALTER contact the FBI to determine very discreetly some information relating to the burial of subject at Haynesville, La. He requested specifically that the FBI determine the city, cemetery and type of coffin in which HAMPTON was buried. There was no specific reason given for this request, although Mr. WALTER indicated confidentially that there apparently were discrepancies between two different doctors' reports relating to wounds received by HAMPTON when he was killed.

On 1/20/70, W. B. MARKS of Marks Funeral Home, Magnolia, Ark., and Haynesville, La., was discreetly contacted at which time he advised that HAMPTON was buried in the

Bethel Mission Baptist Cemetery, Haynesville, La. HAMPTON was placed in a metal half couch casket which in turn was placed inside a pine box. The body was buried with no other protection in sandy soil on the side of a hill with good drainage. It was MARKS' opinion that the body would be in good condition.

The above information was given orally to USA WALTER on the evening of 1/20/70 who stated he would relay the information to Mr. LEONARD.

MEMORANDUM

TO : SA

DATE: JUN 9 1969

FROM : SA ROY MARTIN MITCHELL

SUBJECT: BLACK PANTHER PARTY
BPP

On May 23, 1969, , who has furnished reliable information in the past, advised as follows:

RMM

ROBERT BRUCE, COUNT, DENNIS HARVEY, WILMER ANGRUM, DAVID VALENTINE, JAMES WHITE, WILLIAM O'NEAL, ROBERT SMILEY, MARGIE CURRY

On April 27, 1969, the above persons arrived at the Black Panther Party (BPP) headquarters, 2350 West Madison Street, and found O'NEAL and SMILEY already present. This happened about 12:00 noon or 1:00 p.m. and they arrived in BRUCE's Pontiac.

ROBERT BRUCE, FRED HAMPTON, BOB RUSH

BRUCE telephoned HAMPTON and told him that the Model 10 police shotgun was missing and they had brought the girl to the office. HAMPTON, according to BRUCE, said he would be right over. About this time, RUSH called the office and said that he would be right over. He was advised of the above.

DENNIS HARVEY, WILLIAM O'NEAL, WILMER ANGRUM, DAVID VALENTINE, JAMES WHITE, ALBERT MACKEY

HARVEY told the above group to go arrest MACKEY and bring him back to the office. ANGRUM took a .32 automatic; VALENTINE took a .25 or .32 automatic; O'NEAL took HARVEY's .38 Rohrn caliber and WHITE took a sawed off shotgun. This group left in VALENTINE's white 1959 Ford.

It is alleged that upon arrival at MACKEY's home, WHITE got out of the car with his shotgun in his pants and went to MACKEY's door. He returned to the car because no one answered the door.

This car proceeded around the corner, stopped and WHITE had ANGRUM get out to watch the house while the rest proceeded to the corner of 63rd and the main street of Argo where WHITE made a phone call to the BPP office, 2350 West Madison.

WHITE returned after a very short time because a police car went in the direction of MACKEY's home. VALENTINE suggested that the occupants' weapons be left at Brooker T's Tavern because the bartender there is a friend of Argo area Panthers. However, the suggestion was not heeded and the vehicle proceeded to a spot around the corner where ANGRUM had previously been let out.

A person identified as MACKEY by one of the occupants was walking toward a police squad car as VALENTINE's car passed MACKEY's residence.

When VALENTINE's vehicle stopped, ANGRUM ran and jumped into the vehicle.

En route to Argo, O'NEAL was allegedly filled in on what had already taken place and why they were to arrest MACKEY. It seems that a model ten shotgun, a police shotgun, had been left in the possession of MACKEY's friend, name not mentioned, but who was currently out of town, and when the Panthers went to this friend's family, they were told that MACKEY had the gun.

ROBERT BRUCE, COUNT, DENNIS HARVEY, MARGIE CURRY, JAMES WHITE, NATHANIEL JUNIOR, RICHARD POWELL

The above group, except possibly JUNIOR and POWELL, went into MACKEY's residence and beat him up because he would not produce the gun they were looking for. This group also took his shotgun.

MACKEY named MARGIE CURRY as the person having the gun. The group left MACKEY in Argo and brought CURRY back to the office at 2350 West Madison.

JAMES WHITE

Upon the arrest of WHITE, he called the BPP Headquarters, 2350 West Madison, and related that they had been arrested, you know what to do.

It was later learned that WHITE's mother had gone to the BPP office relating to them that WHITE was weakening and had told her that he was not taking this rap alone. The Panthers became afraid that he may talk and are concerned about this. His mother also told the Panthers that he is now a Muslim.

As a result, the Panthers are no longer providing his defense.

B. JONES

It was later learned that CURRY had been taken to the above person's residence, 6741 South Jeffery, either the third or fourth floor, where she was beaten. JONES is a yellow skinned Negro, 5'11", 230 pounds, about 29 or 30 years old. She is a former Panther; however, has subsequently been purged from the Party for an unknown reason. She drives a red 1965 Mustang.

Many of the Maywood and Argo area Panthers formerly had intercourse with her.

ALBERT MACKEY

It was determined that MACKEY returned the shotgun in question to the BPP.

The above information has been furnished to the Chicago Police Department.

The following individuals concerning an incident on 4/27/69 in Argo-Summit, Illinois, and based on current newspaper articles concerning Illinois grand jury indictments expect the following persons to be arrested:

FRED HAMPTON, Deputh Chairman of BPP of State of Illinois, already in jail.

NATHANIEL JUNIOR, Field Secretary, whereabouts unknown.

BILLY BROOKS, Deputy Minister of Education, 1320 South Kedvale, generally sleeps at office.

KING and MAY are vicious women and MAY allegedly has an apartment where they stay part of the time, address unknown.

JAMES WHITE, 7500 West 64th Street, Summit, in jail. This person has allegedly turned to the Muslim beliefs since his incarceration. His mother told the BPP leaders that he related to her that he was not going to take the blame himself. The Panthers believe that he also turned in information which led to the arrests of MICHAEL WHITE, his brother, NATHANIEL JUNIOR, DENNIS HARVEY and another.

RICHARD POWELL, on the education staff, 17430 West 63rd Place, Summit, Illinois, in jail.

DAVID VALENTINE, Lieutenant of Information, 405 South 8th Avenue, Maywood, Illinois.

DENNIS HARVEY, Captain of Defense, whereabouts unknown.

HARLON WALTON, BROOKER T's TAVERN

WALTON, unknown to the membership at large, appeared at the Brooker T's Tavern on this date, was not visibly greeted by several unknown persons recognized as Panthers at the time and left shortly thereafter. Just after he left several police officers arrived requesting information concerning him. Later it was learned that he was arrested regarding the indictments returned by the Illinois Cook County Grand Jury.

WALTON is not really trsuted by the Chicago Chapter of the BPP and his membership though valid is not generally known. One Panther indicated that WALTON is related to HAMPTON.

The above information was furnished to the GIU of the Chicago PD upon receipt.

6/13/69

CHRISTINA MAY, DELBERT ORR, YVONNE KING

MAY and KING rented the third floor apartment at 1729 West Adams in the name of ORR. ORR is allegedly a non-party member who got MAY pregnant. MAY and KING stayed in this apartment the night on 6/9 and 10/69, when the Chicago Police were arresting various persons on indictment warrants.

This information was furnished to the Gang Intelligence Unit on receipt.

BOB RUSH, JEWEL COOK, RUFUS WALLS

RUSH related that COOK and WALLS had been out of town, probably to the west coast area though not stated for an unknown reason, however, are now back. RUSH also claims his name was added to the indictments to be returned by the Illinois Cook County Grand Jury on 6/9/69 but for some unknown reason scratched off. Indications are that RUSH is no longer respected as a leader among the "hard core" Panther members.

COOK more or less indicated that "the coast" authorized a purge of the Chicago area members for any reason the Chapter felt justified in doing. This would eliminate members aware of information and therefore make picking the informants out easier.

6/14/69

BOBBY RUSH, LYNN FRENCH, SANDRA RICH, RICHARD BLACK, ANN CAMPBELL

Above Panthers plus 5 or 6 who were unknown attended a gathering at FRENCH's apartment on Marylin and 55th or 56th. It is not known what was discussed, however, believed it was just a social party.

6/15/69

BOBBY RUSH

Most Chicago Chapter members are very defintely beginning to take issue with RUSH being the leader of the Panthers in Illinois. Most are now talking behind his back, however, more and more members are frequenting him less and less.

JEWEL COOK, BOB LEE

Most Panthers are beginning to look toward these persons as the current or future leaders of the BPP in Illinois.

FRED HAMPTON

Most Panthers believe now that HAMPTON actually kept the party alive and growing prior to his incarceration. Further, most are writing him letters to this effect or sending him this "cheer" through the lawyers.

When the police arrived, shooting occurred and upon entering Panther Headquarters, seven BPP members were arrested, one shotgun and one .30 caliber Carbin was confiscated.

Source advised the shooting had occurred at Panther Headquarters during the Headquarters during the early morning hours of October 4, 1969 because of trouble recently developing between Vice Lords and the BPP. Source stated the Vice Lords were a Negro youth gang operating on Chicago's West side and had approached the Panthers "wanting

to be cut in" on a medical center which the Panthers had announced would open soon. BPP refused to allow the Vice Lords any "part of the action". The Vice Lords told the BPP to either stop work and not attempt to operate the medical center or if the Panthers did open the center the Vice Lords would "burn it down". As a result of this earlier conflict between the Vice Lords and Panthers, a car loaded with Vice Lords drove by Panther Headquarters early that morning and fired shots at the headquarters. The Panthers returned the fire and the PD,arrived when the Vice Lords were making a second pass by headquarters. When the Vice Lords spotted the police they left the area and the police returned the fire of the Panthers, subsequently resulting in the arrest of seven members.

This demonstration was sponsored, according to leaflet, by the Young Lords, the BPP and the Revolutionary Youth Movement (RYM II) faction of Students for a Democratic Society (SDS), on October 10, 1969. STATEMENT BY CHAIRMAN BOBBY SEALE TO JUDGE JULIUS J. HOFFMANN

I, Bobby G. Seale, submit the following in my handwriting to Judge Julius Hoffman of this Court in the Northern District of Illinois, Eastern Division of the U.S.A., where presently the trial of so-called 'Conspiracy to Riot' is being held, 9-26-69, and I, Bobby G. Seale, being one of the defendants of eight have been, by denied motion, the right to speak out in my behalf where my constitutional right to have 'Legal Counsel of my choice who is effective,' namely Charles R. Garry, who is on record in this court as my defense counsel that I have made agreement with by my choice only that he will assist me in my defense during this trial.

I submit to Judge Julius Hoffman that the trial be postponed until a later date where I, Bobby G. Seale, can have the 'Legal Counsel of my choice who is effective,' Attorney Charles R. Garry, and if my constitutional rights are not respected by this court then other lawyers on record here representing me, except Charles R. Garry, do not speak for me or represent me as of this date, 9-26-69. I fire them now until Charles R. Garry can be made available as chief counsel in this trial of so-called 'Conspiracy to Riot' and in fact be my legal counsel of choice who is effective in assisting me in my defense. The only attorney I know of who can defend me and be effective is Charles R. Garry, who is presently my attorney on record in this court.

If I am continuously denied this constitutional right of legal defense counsel of my choice who is effective by the Judge of this court, then I can only see Judge Hoffman as a blatant racist of this U.S. Court with gross prejudicial error toward all defendants and myself in particular.

POWER TO THE PEOPLE!

CHICAG[illegible] FUTILITY

It is now crystal clear to the masses of the people at home and abroad that the United States is a downright fascist country. This has been exemplified with the commencement of the trial of the so-called 'Conspiracy 8' on September 24th in Chicago.

The fascist judge, 'Adolph' Julius J. Hoffman has promised that this will be the trial of the decade. It is obvious that this is the last stage and the turning point in American history when the iron hand of the dictatorship will be displayed.

This mock trial would not be possible without the inclusion of the Black Panther Party. The fascist Gestapo pigs have railroaded our Chairman on another trumped-up charge. Having kidnapped him from San Francisco these lunatics took him by car to Chicago 12 days prior to the trial. They had him sleeping in various county jails throughout the journey. Jails not fit for any form of habitation. The result is that Chairman Bobby Seale arrived in Chicago sick from the rot and mess of the jails to face the SS and the Gestapo army.

These fascist madmen have refused to to allow him to see a doctor and it is obvious that they intend murdering the Chairman by any means necessary.

It would be deviating [illegible] to keep to the pattern set. Charles R. Garry, Chairman Bobby Seale's attorney, [illegible] postponement of the trial [illegible] the hospital for an operation [illegible] to be present in Chicago. 'Adolph Hitler' Hoffman has of course refused the request and Chairman Bobby Seale faces the fascists without an attorney.

The judge hurried through the [illegible] of a dictatorial jury selection [illegible] questions like [illegible] what were the qualifications necessary to sit on the jury. Relevant facts like [illegible] these people true representatives of the peer group of the defendants were thrown out as being immaterial and irrelevant.

This is a warning for us to intensify the struggle to heighten our awareness to come together as it is clear that this mockery of a system will not deem any justice and that the time is imminent for us to move from all directions.

It is also the time for us to understand that the [illegible] of the masses must be intensified. The action on the part of the mother country radicals in antagonizing the [illegible] institution [illegible] their level of a[illegible] from [illegible] level [illegible]

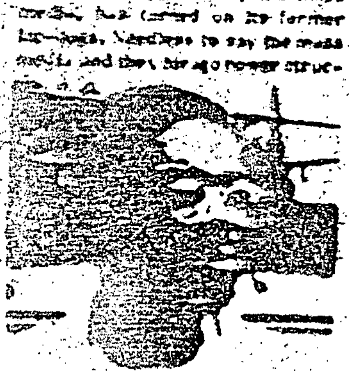
GROUNDWORK FOR FASCISM

America has taken step one of Fascism relatively calmly. Amidst a few murmurs of "threats of freedom of the press", the fascist power structure, formerly condoned and supported by the mass media, has turned on its former [illegible]. Needless to say the mass media and the [illegible] power structure have never gotten along to well. The relationship was similar to that of a banker and a whore with the media doing all the [illegible]-backing and also the [illegible] have been kicked out of the bed, and with memories of the last "convention" [illegible] fresh in their memories, they have remained, in the main, dutifully silent.



Roy "Masai" Hewitt
Minister of Education

The mass media has not been able nor seen fit to defend the Constitution when it is applied to members of the Black Panther Party, S.D.S., The Young Lords, Los [illegible] de la Raza, Ahmed Evans, and a multitude of other "negative elements" (it is neither a secret nor a surprise that news coverage of the years of repression has been more concerned with profits than truth.) It is a strange paradox [illegible] the "Constitution" [illegible] or help to those who [illegible] fend it. With the arrest Friday of nine newsmen in Chicago for allegedly violating the [illegible] taking-or-educating [illegible], the Federal Government [illegible] that freedom of the press is at best a sometime thing depending on the whims of the ruling class. Strange how most papers, radio, and T.V. stations found this blatant act of fascism only of secondary importance, if any at all. The fact that "it could never happen in America" was not debated pr[illegible] or con[illegible] the fact that this "ban" was formerly confined to "Nazi Germany" or "racist South Africa" was also easily ignored.

This failure of the human senses in men, who have professional reputations for being sharp, can only be viewed as cowardice or complicity. While this same "profession" failed to give proper context to their own miserable plight, they were on their jobs when it came time to spread "approved" government-issue lies about the Black Panther Party, The Young Lords, and the Young Patriots allegedly "awaiting a load of machine guns", that ever one (F.B.I., C.I.A., State and City pigs) seemed to know about, except the so-called "suspects". They were also quite skillful in seeing to it that this news was broadcast everywhere but Chicago.

This was compounded by the fact that:

1. They failed to give any cry of alarm when our Chairman, Bobby Seale was kidnapped in an obvious frame-up attempt.

2. They failed to give scope or context to the [illegible] Department's admitted plan to raid the National Headquarters of the Black Panther Party, with no survivors intended.

3. In recent months there has been an escalation of terror, murder, raids, [illegible] lies on the Black Panther Party, and the news media has been relatively silent. There were no cries of [illegible] there [illegible] in Viet Nam. No cries of the Government stifling the news were to be heard.

THE CHICAGO SET-UP

The fact that there have been three raids on Panther homes in Chicago in the last three weeks and one Panther (Larry Roberson) murdered, has almost totally eluded the sharp-eyed, keen-nosed news beagles. Also the fact that in all these raids weapons were seized, has likewise escaped the stalwart defenders of "the American way". This is no easy task since some of those raids were daylight raids, and involved as many as 35 uniformed, oinking, Fascist Pigs, with helicopters flying close-air support while pigs ran amuck. As of press time, the last Panther home raided was [illegible] Rush's (Dep. Minister of Defense for the State of Illinois) at [illegible] o'clock Saturday morning (September 21st). The pigs allegedly had a warrant for Bob Rush's arrest, but [illegible] they ripped off his gun, and left. Since then [illegible] the community as usual, but [illegible] fascists [illegible] their "warrant."

These [illegible] should be viewed [illegible] light of the fact the "[illegible]" machinery [illegible] Illinois National Guard (as fine a bunch of fascists as ever lived) is on stand-by; unlike the Convention, this time the mass media has been effectively-muzzled, blinded, and silenced; the "[illegible]" have been effectively disarmed. The only ones who know about any shipment of arms, are the pigs and the pig-controlled-media; the [illegible] coalition has already hinted that the plan of the "[illegible]" may include seizing the Pentagon; and you have the ground-work and the alibi for a massive St. Valentine's Day Massacre by fascist pigs posing as "servants of the people."

If any of those "Clark Kent" types has the guts of a mustard seed, they will write of Pig Daley in terms reserved for Hess, Himler, Eichman, and Co., but they would still be lying. A plot as monsterous and massive as this should not be alluded to a brain as small as Daley's, not even the most chicken-hearted of [illegible] newsmen.

The plot to destroy the Black Panther Party, and thereby crush the whole movement of dissent is directed by Tricky-Dick Nixon, and his number one hatchet man, Attorney General John Mitchell. Under their direction a federal task force set-up "to keep an eye on the Panthers", has inflicted a reign of terror and lies upon the Black Panther Party from coast to coast.

It is no surprise to the Black Panther Party that "it (fascism) has happened here", [illegible] how long will the people [illegible]

Judge Adolph Julius Hoffman, 74 years old, has been named as the hanging judge for the trial of the Conspiracy Eight. The 8 defendants are charged with conspiracy to incite a riot in 1968,
cite a riot in 1968, before the democratic convention. Chairman Bobby Seale, National Chairman of the Black Panther Party, and the other 8 defendants face 10 years imprisonment and $20,000 fine if they are convicted.

Judge Adolph Hoffman stands on his record as a fascist. He has continually propagated this fascist moribund judicial system upon any and all advocates of socialism and or collectivism. This judge always finds any defendants guilty who have views which differ in the slightest degree from his and his other reactionary paper cartoon characters.

On Thursday, September 25, 1969, the trial and selection of the jury began. Judge Hoffman & Coo exerted all efforts to deny Chairman Bobby and all the other defendants any and all motions presented by their defense attorneys. Once again it is most important that we recognize fascism for what it actually is. The 'hangman' only allowed pigs, pig's and paramilitary right participants to remain on the jury. Any person remotely [illegible] a member of the defendants' peer groups was immediately disqualified from the jury.

The judge and state's attorney Foran have an expert plan. They are obviously aware that we the people, and we the members of the Black Panther Party no longer tolerate astronomical intimidation. We will go forth no matter what the sacrifice to propagandize and educate the masses of people. It is impossible to deceive the masses for any extended period of time, and their time has most assuredly run out. "The spirit of the people is greater than the man's technology" and the spirit of the Vanguard can never be crushed. An idea like freedom and liberation which has been born and started to grow cannot be stopped when its time has come to mature.

LETTER TO BOBBY FROM HIS WIFE

Bobby:

The fascist pigs have kidnapped you, and are trying to railroad you on trumped-up charges. The ransom for you Bobby, is the annihilation of all Panther members and headquarters. If the pig power structure had any knowledge of political economy, and the hardships of oppressed people, then they wouldn't act like racists, but like Judge Sherwin, who freed our Eldridge.

The Panther Party has, is, and will go forth into the community and educate the masses of the people about the injuries, the exploitations and the murders which the ruling class have subjected us to. The working class has a high infant mortality rate, death from starvation, and the suicide rate has been on a steady increase. All this is part and parcel of making sure that the coins still jingle in the pockets of the bourgeoisie jackasses. Therefore, it is only logical that the avaricious businessmen, the demagogic politicians, the murderous racist pig cops, can do nothing more than murder us, when we show the people the correct ideology.

The pigs have, and will go forth to hire, organizations (who are tools for the government) to kill members of the Black Panther Party. Remember when it was mentioned that there have been too many legalized judicial murders in the court room? Judge Hoffman is the true example of a legal hangman.

Bobby, I love you, and I'm going to try and tell the masses of people what you've been rapping to me in the past. Your spirit is strong. It's like that ever-pounding beat within the souls of Black people which says, their spirit will never die, because you, Bobby, and Huey P. Newton started a fire within the masses, that the pigs will never put out.

Your other half,
Artie

JUDGE JULIUS J. HOFFMAN

WHO ARE THE REAL CONSPIRATORS

"As a Black Man in America, I can't get a fair trial in a RACIST COURT"...Chairman Bobby Seale

This was the theme of the court proceedings of the Conspiracy Eight. From the hand picked jury (eight middle aged, white suburbanites, two house negroes, and two big businessmen—all registered voters) to the constant denial by Julius 'Adolph Eichman' Hoffman of all the defense motions.

Before the selection of the racist, Nazi-ridden jury was made, they were allowed to read newspapers in the ceremonial courtroom. Later, Hoffman, pig Nixon's chief fund raiser and right hand lackey in Illinois, told the prospective jurors not to read newspapers, listen to TV, or talk with each other.

The special category of jurors, all registered voters, were in contradiction to the political morales of the defendants. The defendants, demonstrators against the bourgeois political process, and a socialist revolutionary, an advocate of the people's dictatorship (proletarian democracy) are going to be tried by people who support and participate in that same bourgeois political process. This unrepresentative, illegal and unconstitutional jury is illustrative of the court proceedings here in fascist America. THE BLACK PANTHER PARTY demands that all defendants be tried in a court by a jury of their peer group and not lilly white suburbanites, right-wingers, black lackies, and capitalist businessmen. This overt misrepresentation of the community illustrates the 'conspiracy' against the defendants in general and the Chairman in particular. [illegible] the only conspiracy was spent in dismissing prospective black jurors and working class people. The conspiracy became evident as the government [illegible] people who because of their class [illegible]

hoy, and Julius Hoffman, pig Judge) conspired and removed the conspiracy staff from from the defense counsel table.

Kunstler acknowledged Hoffman's effort to intimidate all defense-then
fort to intimidate all defense counsel then the fascist tee-totaler warned him to watch the language that he uses (not to talk of objective reality).

It will be impossible for a true revolutionary, Chairman Bobby, to get a fair trial from a bourgeois reactionary. This fascist bourgeois state (Babylon) is using the courts to fall the revolutionary machine. But it won't work, the Vanguard Party, the motive force of the revolutionary movement, has already began to motivate, mobilize and energize the once sleeping masses. The trial of Chairman Bobby shows the people that unless they are in power to control all legislative and judicial processes (proletarian democracy), their leaders will be railroaded and the Vanguard will be slowed down.

William J. (Jobawaukee) Campbell, Chief pig circuit judge and 'Adolph' Hoffman have schemed together to stifle any and all communication and information on the trial. No press releases, press statements, photographs, pictures or tapes can be made by the defendants to express their view of the legal lynching. The Chairman isn't even allowed to speak to the press in the presence of the mechanical monsters (U.S. Marshalls). 'Adolph' has said that he isn't there to satisfy public interest but will 'run the court as I see fit.' (A bourgeois reactionary and fascist oppressor can only give a bourgeois reactionary verdict and run a trial in the manner of Nazi fascists.)

FREE BREAKFASTS FOR CHILDREN

Last week the demagogic bourgeoisie press carried an article which stated that the Black Panther Party in the City of Chicago was no longer feeding hungry school children. The article also stated that the Party was using the Breakfast money and food for their own personal use. This is totally incorrect, the Black Panther Party refuses to accept the ideology of the capitalist pig power structure which starve [illegible] of its population and uses food funds to send their astro-pigs to the moon for the purpose of heightening exploitation.

The people and the Black Panther Party say there's something terribly wrong when Daley's Stockyard pigs have nothing more to do than sit in front of our breakfast centers and spy on and intimidate the hungry school children, who attend our centers by the hundreds each morning.

Not only do the Breakfast Centers provide free breakfasts but they also serve as a place where children receive revolutionary culture, education and also immediate first aid treatment. We believe anything the people want and need can be gained through revolutionary struggle and until the people realize this we will continue to lighten the oppressive load that this pig power structure has placed on the people.

So the Black Panther Party's Breakfast for Children Program will continue in oppressed communities as long as the masses find it necessary. And we say to the pigs who wallow in the pig pen cars in front of the Breakfast Centers, our offices and cribs, Beware! The beat of the people is much too fast, so go back home where you belong. The only reason he can give for locking the attorneys up is Chairman Bobby's insistence upon having Charles Garry as his counsel. This is blackmail, piracy, genuine and unadorned.

One must understand the significance of the courts here in Babylon. There aren't too many more pigs they can hire, or too many more laws that they can pass, but the fascist power structure can call grand jury hearings and issue indictments forever. They are using the court system to frustrate the revolutionary struggle and imprison the man power needed to carry the revolution through to the end.

BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by BOBBY SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "....we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. MICHAEL KLONSKY, National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the world-wide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power and does not support the polices of that country.

SDS maintains a National Office in Room 206, 1608 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC), CHICAGO BRANCH

A source advised in May, 1968, that the Chicago Branch of SNCC was an affiliate of the national SNCC with headquarters located in Atlanta, Georgia. It was a non-membership type group headed in Chicago by ROBERT ALFONZO BROWN, a 19 year old male Negro, with the title of Midwest Region Director. BROWN maintained strict loyalty to STOKELY CARMICHAEL, Recruiter and Organizer and former National Director of SNCC. BROWN attempted to align Chicago's SNCC activities within the framework of CARMICHAEL's policies.

In a speech at Chicago on March 25, 1968, CARMICHAEL commented as follows: "The white people are preparing to commit genocide against the black race. What are we feeling so moral about? We know the honky got everything. He got it by stealing it. He's not going to give you anything. We got to take it. These brothers on the streets every day take it, but they're taking it for themselves. Let's organize them and let them take it for our people."

This source advised on August 27, 1968, that officials of the Chicago Branch of SNCC disbanded that branch on August 25, 1968, and as of that time it was no longer in existence. Its leaders became associated with the Black Panther Party at that time.

APPENDIX

STUDENT NONVIOLENT COORDINATING COMMITTEE (SNCC)

The Student Nonviolent Coordinating Committee (SNCC), headquartered at 360-362 Nelson Street, S. W., Atlanta, Georgia, is a nonmembership organization, which was born out of the sit-in movement that erupted across the South beginning in 1960.

Today SNCC identifies itself as an organization in the revolutionary vanguard. It advocates that to be successful it is necessary to develop a revolutionary ideology and revolutionary program.

According to SNCC the year 1967 marked a historic milestone in the struggle for the liberation of black people in the United States and the year that revolutionaries throughout the world began to understand more fully the impact of the black movement. SNCC declared that "liberation will come only when there is final destruction of this mad octopus--the capitalistic system of the United States with all its life-sucking tentacles of exploitation and racism that choke the people of Africa, Asia, and Latin America. The realities of black life, together with the recognition instilled in SNCC workers forced its members to further popularize the legitimacy of self-defense and rebellions when oppression became too great."

From May, 1966, until May, 1967, Stokely Carmichael was National Chairman of SNCC. As of July, 1968, Carmichael resided in Washington, D. C., where he was affiliated with SNCC and active as temporary chairman of a black coalition group. In May, 1967, Carmichael was replaced by Hubert Gerold Brown, commonly known as H. Rap Brown, who served until June, 1968.

In June, 1968, at the Staff and Central Committee meeting of SNCC held in Atlanta, Georgia, it was decided to restructure the organization by equalization of responsibility by creating ten deputy or vice chairmanships. The primary purpose for this change is to take law enforcement pressure off any single individual.

The purpose of this memorandum is to record that on 4/18/75 Mr. James Wilderotter, Associate Counsel to the President, Executive Office Building, stated he had reviewed a final copy of the Intelligence Division Position Paper on Jurisdiction including Exhibit L, pages 36 and 37. Mr. Wilderotter advised Bureau Supervisor Alonzo L. Lacey that The White House interposed no objection to the Jurisdiction paper being furnished to the Senate Select Committee.

With reference to the study entitled Intelligence Division Position Paper on Jurisdiction, Mr. Wilderotter requested that he be furnished a copy and this was done. In addition, Wilderotter had previously on 4/4/75 reviewed the paper for approval of the use of items concerning Presidential or National Security Council interest.

SUBJECT: INTELLIGENCE DIVISION POSITION PAPER ON AUTHORITY TO CONDUCT NATIONAL SECURITY INTELLIGENCE INVESTIGATIONS

~~Security~~ Jurisdiction

The purpose of this memorandum is to summarize investigative efforts to authenticate Hoover memoranda dated 8/24-25/36.

Document Section, FBI Laboratory, determined the type appearing on Hoover memorandum dated 8/25/36 was prepared on a Remington typewriter with an elite type used since October, 1935. Hoover memorandum to Tamm dated 9/10/36, was prepared on an IBM typewriter with pica-style type used since 1930.

The letterhead used on both Hoover memoranda of 8/24-25/36 was authorized FBI stationery effective August 14, 1936.

On 3/10/75, Mr. Donald B. Schewe, Assistant Librarian, Reference Archives, Franklin D. Roosevelt Library, Hyde Park, New York, advised that The White House Ushers Appointment Book contained entries showing that on Thursday, August 24, 1936, from 9:20 a.m. to 10:12 a.m., President Roosevelt met with Mr. Hoover in his residence at The White House prior to leaving for his office. Schewe pointed out that this meeting was significant since President Roosevelt met Mr. Hoover immediately after returning from an extended trip, a departure from his usual practice. There was no entry on 8/25/36, other than the President's departure for the Dakotas at 10:40 p.m.

On 4/2/75, review of Cordell Hull Papers, Library of Congress, reflected that a Desk Diary (container #68, folder #295, microfilm #38) of Secretary Hull contained an entry on 8/25/36 that the Secretary had luncheon with the President between 1:00 p.m. to 3:15 p.m.

Detailed memorandum attached.

MEMORANDUM FOR MR. TAMM
FROM JOHN EDGAR HOOVER
DATED SEPTEMBER 10, 1936;
CONFIDENTIAL MEMORANDUM BY
JOHN EDGAR HOOVER DATED AUGUST 25, 1936.

On this date, SA Alonzo L. Lacey of the Intelligence Division delivered the above-captioned memoranda to the Laboratory with a request to determine the make of typewriter employed in the preparation of the memoranda and the date of introduction of the type styles employed. The purpose of this investigation was to ascertain whether or not the type styles on the typewriters used to write the memoranda were in use on the dates appearing on the memoranda.

It was determined that the "Memorandum For Mr. Tamm from John Edgar Hoover dated September 10, 1936" was prepared on an IBM typewriter equipped with a pica style of type which has been in use since 1930. The typewriting comprising the "Confidential Memorandum by John Edgar Hoover dated August 25, 1936" was determined to have been prepared on a Remington typewriter equipped with an elite style of type that has been in use since October, 1935.

The memoranda were returned to SA Lacey.

RESEARCH CONDUCTED AT FRANKLIN D. ROOSEVELT LIBRARY, HYDE PARK, NY ON 3/10-12/75

On 3/10/74, Mr. DONALD B. SCHEWE, Assistant Librarian in the Reference Archives, Franklin D. Roosevelt Library, Hyde Park, NY, was advised of our interest in locating any communications bearing upon a conversation between former President FRANKLIN D. ROOSEVELT and former Secretary of State CORDELL HULL in the latter part of August, 1936. Mr. SCHEWE was advised that this conversation was concerned with the security of the US and that Mr. J. EDGAR HOOVER of the FBI may have participated in this conversation. Mr. SCHEWE was also advised that Mr. ROOSEVELT allegedly reduced the subject matter of above conversation to a memorandum and that we were interested in locating this memorandum or some information bearing upon above conversation. Arrangements were made to meet with Mr. SCHEWE at the Franklin D. Roosevelt Library in Hyde Park, NY, on 3/12/75. Mr. SCHEWE indicated that in the meantime he would conduct some research in this matter.

On 3/12/75, Mr. SCHEWE advised that he had conducted some research relative to our telephone call on 3/10/75, and inquired if we could be more specific with regard to the dates of the information desired. SCHEWE was advised that to the best of our knowledge the conversation we were interested in involving FRANKLIN D. ROOSEVELT (FDR), HULL and Mr. HOOVER, occurred on approximately 8/24-26/36 and that the conversation concerned the internal security of the US.

Mr. SCHEWE, at this point, furnished a Xerox copy of a "buck slip" dated 8/24/36, (copy of which is attached) on White House stationery, classified "Confidential and addressed to the Secretary of State from FDR". Mr. SCHEWE stated that "buck slips" are nothing more than a cover memorandum utilized to transmit communications which are attached thereto. It is to be noted that this "buck slip" indicates that attached to it was a memorandum for the Secretary of State, unsigned, undated and recommending coordination of activities of all agents of the Government in foreign countries. SCHEWE advised

62-116395-

ENCLOSURE

that the synopsis of this memorandum which appears on the "buck slip" was the usual practice at that time to identify the documents attached to it. SCHEWE added that this was the only document he was able to locate which may have some bearing on the desired information. SCHEWE stated that the possibility exists that the referred to memorandum may be located among the collection of papers of CORDELL HULL which are now stored at the Library of Congress, Washington, D.C.

Mr. SCHEWE then exhibited to interviewing personnel the White House Ushers Appointment Book which was hand-written and kept on a daily basis. This appointment book contained the following pertinent information:

Thursday, August 13, 1936, at 9:50 AM FDR departed the White House for a visit to the flood areas in NY, Ohio and Pennsylvania.

Thursday, August 24, 1936, FDR returned to White House at 8:45 AM.
9:20 AM FDR met with Mr. HOOVER from 9:20 AM to 10:12 AM.

(Note * - There is no entry in this book for Aug. 24, 1936, indicating that Mr. HULL was there. Mr. SCHEWE advised that it is interesting to note that FDR met Mr. HOOVER in his residence in the White House on 8/24/36, prior to leaving for his office in the White House. SCHEWE also pointed out that this meeting was significant since FDR met with Mr. HOOVER on 8/24/36, immediately after returning from an extended trip. This, according to SCHEWE was a departure from FDR's usual practice.

There was no record in the White House Usher's Appointment Book for 8/25/36, which would indicate that FDR met with either Mr. HULL or Mr. HOOVER on that date. This book indicates that FDR departed the White House on Tuesday, 8/25/75, at 10:40 PM for a trip to the draught areas, in upper Maine, South Dakota and North

Dakota, as well as a visit to Mt. Rushmore. FDR did not return to the White House until Sunday, Sept. 6, 1936, at 10:02 AM.

The White House Usher's Appointment Book further reflects that FDR, during the period July 10, 1936, to Aug. 10, 1936, was away from the White House campaigning. FDR returned to the White House on 8/10/36, and remained there until 8/13/36, when he again departed on a trip and returned on 8/24/36. FDR also departed from the White House on 8/25/36, and returned on 9/6/36.

Mr. SCHEWE also produced to interviewing personnel the appointment book of FDR's private secretary, GRACE TULLY for the pertinent period. This appointment book reflects all of FDR's office appointments. A review of this appointment book fails to reflect that FDR met or had an appointment with Mr. HOOVER in his office during the period 8/13/36 to 9/6/36. However, this appointment book does reflect that during this period FDR did have a meeting with CORDELL HULL on 8/25/36, at 1:00 PM.

Mr. SCHEWE further advised that he personally reviewed the following and was unable to locate any documents or references which could possibly shed some light on the matter of interest to us:

1.) Papers kept in FDR's safe.

2.) Papers kept by his secretary in a separate White House safe.

3.) Papers kept in FDR's official presidential file.

4.) Papers kept in FDR's alphabetical file maintained by his secretary.

5.) Individual agencies files.

6.) J. EDGAR HOOVER's file.

7.) Attorney General's file.

8.) Assistant Attorney General's file.

9.) National Security file.

10.) Internal Security file.

11.) FBI file.

In conclusion, Mr. SCHEWE stated that after reviewing all of the above data, he concluded that the pertinent document of interest to us is not at the FDR Library at Hyde Park, NY. SCHEWE added that if any such document is at the Library, it is misfiled and as there are approximately 21 million pages of manuscripts and documents at the Library, it would be impossible to locate same.

It is to be noted that on the enclosed "buck slip" there are four penciled notations, i.e. 285-C, X20, X285 and X67. SCHEWE stated that these notations are part of the FDR Library cross-reference system. SCHEWE added that he checked these references and could locate nothing further regarding the matter of interest to us. SCHEWE stated that these references pertained to the enclosed "buck slip".

On 2/6/75 Mr. Kelley and I met with Senator Church and Bill Miller, Staff Director of the Senate Select Committee. Senator Church pointed out that he intended to run the Committee in a very responsible manner, had no intention of destroying or impairing the effectiveness of the intelligence community and, in fact, hoped that the efforts of the Committee would help to reestablish public confidence in the intelligence agencies.

Parameters have not been drawn but Senator Church feels that the Committee will confine its activities largely to inquiries into domestic activities. The inquiries will be designed to determine whether agencies have acted outside the law and the type of remedial legislation necessary to prevent such abuses in the future.

Study will be largely concerned with the activities of the Central Intelligence Agency but will, of course, involve the FBI and other agencies involved in domestic intelligence.

The Committee hopes to have a nonpartisan staff of approximately 40 employees headed up by Mr. Miller and would appreciate having necessary background investigations expedited to permit an early clearance. Miller indicated he has already been in touch with Mr. Hotis and Mr. Bowers in this regard. It was explained that the contemplated procedure involved the FBI conducting the full-field investigation necessary with the results being furnished to the Chairman, after which he would, upon being personally satisfied as to their loyalty, furnish the results to CIA for final clearance. Senator Church appeared satisfied with this arrangement. He stated that he wanted to prevent leaks and be hopefully as successful as the Judiciary Committee was on the impeachment inquiry. Our experience in this regard was pointed out wherein the Judiciary Committee in connection with the 17 wiretaps had written us a letter indicating that if we made classified

information available they would afford it appropriate security restricted to members only, excluding staff, and would not make the information public. Subsequent to the hearings, the Committee published its report which contained our classified documents right along with the Top Secret classifications. Senator Church was not aware of this, appeared surprised by it, and stated surely the information must have been declassified. I advised him that not by us and it was our information.

Senator Church was asked whether in his opinion the formation of the Select Committee would have any effect on the proliferation of committees seeking to obtain testimony from the FBI and it was his opinion that this would have a favorable effect. He said he had been in touch with other members of the Senate who felt that it was a waste of time to have repetitious testimony on the same subject matter before a variety of committees and he had the feeling that the other committees would hold off until after the Senate Select Committee completed its hearings. He indicated that he could not vouch for what would happen in the House, however, he intended to speak to the House leadership in order to try to effect some coordinated approach there also, because he was well aware of the large number of committees seeking to provide oversight or obtain information from the intelligence agencies.

A question arose as to the extent of cooperation with the Committee and Senator Church was assured that the FBI would be completely responsive subject to certain limitations which would have to be delineated by the President in order to protect sensitive sources and information. Senator Church indicated that he was going to talk to the President in this regard in order to secure his complete cooperation, and it was Senator Church's feeling that the Committee should be entitled to answers to any questions they might ask without restriction other than, of course, the identities of informants. He felt the progress of the Committee would be severely impaired if it were necessary to go to Court over such questions to obtain enforcement of their right to have access to whatever information they need.

This memorandum for record purposes reports discussion 4/25/75 between Bureau's Liaison Agent, L. F. Schwartz, and Mr. Jack E. Thomas, Chief, Coordination Staff, Intelligence Community Staff, relating to Abstracts we are to prepare for the Central Community Index (CCI) in connection with Senstudy 75.

Attached are (1) memorandum 4/11/75 re CCI and its attachments, memorandum 4/10/75 and Abstract format; and (2) letter 4/21/75 from Thomas to Schwartz and its attachment, Abstract format. On 4/25/75 Schwartz and Thomas discussed applicability of instructions in attachments and arrived at the following understandings.

The FBI will provide Abstracts only, not documents, to have on record in the CCI a summary of what we have furnished to the Select Committees. Abstracts should be dated when typed without regard to delivery date of Abstract or date of communications to which they pertain. Under item number nine of format, enter date of communication involved, not date it is delivered to a Select Committee. We may use an abbreviated version for the Select Committees' names, such as "Senate Select Committee." We will title Abstracts as near as possible in a manner keyed to the language of the request from the Select Committee. Inasmuch as we will honor only written requests from the Select Committees, the "Requester" will always be shown as the name of the requesting Committee and not the name of any Committee personnel.

MEMORANDUM FOR: USIB Principals

SUBJECT: Community Aspects of Inputs to Congressional Committees Investigating Intelligence

1. The Intelligence Community Staff, with John M. Clarke, Associate Deputy/IC, as my representative in these matters, will keep the Board and other appropriate officials advised as to progress of the investigations conducted by the Senate and House Select Committees investigating intelligence activities. In particular, it will ensure that we are kept informed as to materials which are formally being provided to the Select Committees by all elements of the Community. The USIB Ad Hoc Group will assist on this matter and provide the mechanism for regular and constant communications.

2. In response to this assignment, the Intelligence Community Staff is establishing a registry for documentation relating to the investigations. This registry will be a source of reference of all responses, testimony, et cetera, provided by USIB agencies and available to your designated representatives.

3. In order to make the registry useful to the Board, it is essential that it include:

a. File copies of documents or other materials which each Intelligence Community element provides to one of the Select Committees where the originating agency considers the materials to involve aspects of Community activities, and/or which may result in follow-on queries concerning the functioning of the Community. The availability of this documentation will be of particular importance if it is expected there will be subsequent inquiries relating to the materials provided and involving elements of the Community other than the originating element.

b. An abstract of each formal input to a Select Committee - unless the Intelligence Community registry is provided with an actual copy of the material itself. A proposed format for such abstracts is attached.

Dear Frank:

Reference is your request for comments on the sample abstracts prepared in the FBI as a report on materials being provided to the Senate Select Committee.

As you know, we want to make the Community Registry as complete a record as possible of what is provided to the Committee, and for this reason hope that the actual copy of special reports and particularly important documents will be provided to the Registry. Where this is not done, an abstract or summary of each document or homogenous set of documents.

We have amended the abstract format slightly to include an entry for "Document Classification." A copy of the amended format is enclosed.

Your sample abstracts require a few alterations to make them more "indexable."

a. Item 1, "TITLE/SUBJECT" refers to the subject matter of the material which is being provided. The abstract on the FBI Manual of Instructions should have an entry here something like "Instructions covering FBI Investigations in the Security Field," rather than the title of the Senate Committee.

b. The date at the head of the page should be the date of preparation of the abstract. The date of submission to the Committee is listed at Item 9.

c. The entry "ORIGINATING ORGANIZATION" identified the organization with authority to release the document.

File 62-116395

ENCLOSURE

62-116395-92

d. The "SUMMARY OF CONTENTS" section should be brief, but also should clearly indicate what is being provided to the Committee. I wonder, for instance, whether your sample on the letterhead memoranda was issued in widely separated time periods. The summary as written gives no indication as to the particular subject of any of the memoranda and the single sentence now used to describe all of them covers the waterfront.

e. If the request for information comes officially from the Committee, the Committee title should be entered under "REQUESTOR," but if the requestor is an individual member of the Staff, his name should be indicated.

f. The last entry in the format, "PROBLEM AREAS," has particular significance since it is important to know if there are Third Agency, or sources and methods, or other sensitivity problems involved, and this is the place to identify them. We are beginning to use the abstracts prepared in our office as an aid to obtaining release clearance when we are dealing with the document for which another agency must concur in the release. The "PROBLEM AREAS" section gives such other agency an idea as to whether we see any important reason why they should be concerned about release of the document. The entry in this final section of the format is expected to prove useful for this purpose.

5. One copy of the document or its abstract is all that is needed by the registry.

6. The mailing address of the registry is:

RE: INTERVIEW OF RETIRED FBI
SPECIAL AGENT (SA) BY SSC
STAFF MEMBER

Set out below is information available to the FBI concerning captioned matter.

SSC Interview of Retired FBI SA Lish Whitson

On the afternoon of April 23, 1975, Mr. Lish Whitson personally appeared at the office of an FBI official, stated that he had just been interviewed by Mr. Michael Epstein, Staff Member of the SSC, and was desirous of reporting the results of that interview which Whitson related as follows:

Epstein first asked Whitson when he entered the FBI, when he first arrived for assignment at FBI Headquarters, to which Headquarters Division he had been assigned, and when he retired. (FBI records reveal that Whitson joined the FBI as an SA November 20, 1933, and retired June 19, 1972. He was assigned at Headquarters December 16, 1941, attached to the Domestic Intelligence Division and served in that Division until his retirement. The current name for that Division is Intelligence Division). Epstein then told Whitson that he knew that Whitson had at one time mailed a package to Mrs. Martin Luther King from Tampa, Florida, and asked Whitson to relate the details concerning this matter. Whitson thereupon

told Epstein that in the late Summer of 1964, former FBI Assistant to the Director William C. Sullivan had telephoned Whitson at his home one Saturday and told him that late FBI Director Hoover wanted Whitson to deliver a package to Miami, Florida, by plane and on arrival at the Miami airport to telephone Sullivan for further instructions. Whitson did as directed and upon calling Sullivan, was instructed to address the package to Mr. Martin Luther King. Accordingly, Whitson had the package weighed, put postage stamps on it, and addressed it to Martin Luther King (not Mrs. Martin Luther King as Epstein had indicated). The following day, Sunday, Whitson flew back to Washington and on the next day, Monday, he informed Sullivan that his instructions had been carried out. Sullivan commented to Whitson "Someday I will tell you about that."

Epstein asked Whitson who had paid for the stamps to mail the package and Whitson said that he had probably done so utilizing per diem money. Epstein asked whether he had put a return address on the package and Whitson replied in the negative. Epstein asked if Whitson had gone to the Miami FBI Office, whether any Agent had met him at the Miami airport, and whether Whitson had discussed this matter with anyone. Whitson told Epstein that he had not gone to the Miami Office, that no Agent had met him, and that he had discussed the matter only with Sullivan. At this point, Whitson asked Epstein how he got the story. Epstein merely laughed and did not reply to the question.

Epstein also asked Whitson whether he had ever written a memorandum regarding this matter, to which Whitson replied in the negative. Epstein asked if Whitson had ever seen a memorandum on this matter and Whitson again replied in the negative.

U. S. SENATE SELECT COMMITTEE TO STUDY GOVERNMENTAL OPERATIONS WITH RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF RETIRED FBI SPECIAL AGENT (SA) BY SSC STAFF MEMBER

On April 24, 1975, Whitson telephoned the FBI official referred to above on two occasions to report additional information which Epstein had secured from Whitson by telephone on April 24, 1975. This additional information was as follows:

Epstein asked how Whitson had made the trip to Miami; that is, how it was paid for. Whitson told him he had issued a Government Transportation Request (GTR). Epstein asked whether there was any prior written authorization for Whitson to make the trip and Whitson told him there was none. Epstein asked what kind of record would have been made covering the trip and Whitson explained that the only record he knew of would be the expense voucher he submitted covering the expenses involved and possibly the copy of the GTR which he had issued. Whitson explained to Epstein that the voucher would merely show that the GTR had been issued for a round-trip to and from Miami and how much per diem had been claimed in connection with the trip. Epstein inquired as to whether Whitson had registered at the Airport Hotel in Miami, and, if so, whether it was under his own name. Whitson told Epstein that he had registered under his name at this hotel.

Additional Information Furnished to FBI By Whitson

In addition to the foregoing, Whitson furnished to the FBI official the following information on April 23, 1975, which information he did not furnish to Epstein.

When Sullivan told Whitson he wanted him to fly the package to Miami, he stated that only he, Sullivan, Mr. Hoover, Mr. Tolson, (then FBI Associate Director) and Mr. Belmont (then FBI Assistant to the Director) knew of this situation. (At the time, 1964, Sullivan was an Assistant Director.) Sullivan never did explain to Whitson anything more regarding this incident.

Whitson said that when he arrived at the North Terminal at National Airport, following Sullivan's telephonic instructions, a young man who was unknown to Whitson but who addressed him as "Mr. Whitson," turned over to him a package which was wrapped in brown paper and sealed with sealing tape. It is Whitson's recollection the package measured approximately eight inches by eight inches by one inch.

It is Whitson's further recollection that at the time the foregoing occurred, King was either just about to go abroad to receive the Nobel Peace Prize or probably had already gone abroad. It was Whitson's recollection that sometime shortly after the mailing of the package, Sullivan commented to Whitson that the package had not yet been received by King. Because of this remark, Whitson is of the belief that the package was mailed to King at the headquarters of the Southern Christian Leadership Conference and not to King's residence. Further, it was Whitson's recollection that it was not long after he had mailed the package that King had a personal meeting with Mr. Hoover in the latter's office.

Whitson observed that in his opinion, the information which was in the possession of Epstein prior to interviewing Whitson must have originated with Sullivan. Whitson noted that Mr. Hoover and Mr. Tolson are both deceased and that he has heard nothing to indicate that Mr. Belmont has been contacted by members of the Staff of the SSC. One other factor that causes Whitson to feel that Sullivan was the source of the information was a question Epstein raised as to whether Whitson had put a return address on the package when he addressed it to King. Whitson said he recalls that when he was in Miami and received the telephonic instructions from Sullivan, Sullivan told him that he should put a return address on the package and Whitson then pointed out to Sullivan that if he did so, and the name of the addressee became smeared, the package would end up at someone's return address rather than in the

dead letter office. Sullivan concurred that no return address should be used. Thus, Sullivan would probably have reason to have commented regarding the use or nonuse of a return address.

On April 24, 1975, Whitson furnished by telephone to the aforementioned Bureau official the following additional information which he had not furnished to Epstein. Whitson stated it was now his recollection he had made the Miami trip either in the late Summer or early Fall of 1964 and that King was "away" at the time.

FBI Records Concerning Whitson's Travel

The following information is on record in the FBI concerning the travel of Whitson discussed above. On December 9, 1964, a Travel Voucher was processed for payment to Whitson the sum of $19.40 for travel during the period November 1-30, 1964. On record also is a memorandum copy of a Government Transportation Request issued November 21, 1964, to National Airlines in the sum of $107.40 for air coach travel, Washington, D. C., to Miami, Florida, and return. November 21, 1964, has been determined to have been a Saturday. There is not available in the FBI any copy of the actual voucher submitted by Whitson.

NOTE: Original and one copy to the Attorney General (AG may forward the copy to James A. Wilderotter, Associate Counsel to the President). Information herein taken from two memoranda W.R. Wannall to J. B. Adams 4/23, 24/75, "Senstudy 75; Former Supervisor Lish Whitson, Assigned Intelligence Division." Voucher and GTR information from J. D. STANDARD FORM NO. 64

Office Memorandum • UNITED STATES GOVERNMENT

TO :Director, Federal Bureau of Investigation DATE: May 20, 1954.

FROM The Attorney General

SUBJECT: MICROPHONE SURVEILLANCE

XI

155-26

declassified 4/26/74 TEB/am

[redacted]

The recent decision of the Supreme Court entitled Irvine v. California, 347 U.S. 128, denouncing the use of microphone surveillances by city police in a gambling case makes appropriate a reappraisal of the use which may be made in the future by the Federal Bureau of Investigation of microphone surveillance in connection with matters relating to the internal security of the country.

It is clear that in some instances the use of microphone surveillance is the only possible way of uncovering the activities of espionage agents, possible saboteurs, and subversive persons. In such instances I am of the opinion that the national interest requires that microphone surveillance be utilized by the Federal Bureau of Investigation. This use need not be limited to the development of evidence for prosecution. The FBI has an intelligence function in connection with internal security matters equally as important as the duty of developing evidence for presentation to the courts and the national security requires that the FBI be able to use microphone surveillance for the proper discharge of both of such functions. The Department of Justice approves the use of microphone surveillance by the FBI under these circumstances and for these purposes.

I do not consider that the decision of the Supreme Court in Irvine v. California, supra, requires a different course. That case is readily distinguishable on its facts. The language of the Court, however, indicates certain uses of microphones which it would be well to avoid, if possible, even in internal security investigations. It is quite clear that in the Irvine case the Justices of the Supreme Court were outraged by what they regarded as the indecency of installing a microphone in a bedroom. They denounced the utilization of such methods of investigation in a gambling case as shocking. The Court's action is a clear indication of the need for discretion and intelligent restraint in the use of microphones by the FBI in all cases, including internal security matters. Obviously, the installation of a microphone in a bedroom or in some comparably intimate location should be avoided wherever possible. It may appear, however, that important intelligence or evidence relating to matters connected with the national security can only be obtained by the installation of a microphone in such a location. It is my opinion that under such circumstances the installation is proper and is not prohibited by the Supreme Court's decision in the Irvine case.

Previous interpretations which have been furnished to you as to what may constitute trespass in the installation of microphones, suggest that the views expressed have been tentative in nature and have attempted to predict the course which courts would follow rather than reflect the present state of the law. It is realized that not infrequently the question of trespass arises in connection with the installation of a microphone. The question of whether a trespass is actually involved and the second question of the effect of such a trespass upon the admissibility in court of the evidence thus obtained, must necessarily be resolved according to the circumstances of each case. The Department in resolving the problems which may arise in connection with the use of microphone surveillance will review the circumstances in each case in the light of the practical necessities of investigation and of the national interest which must be protected. It is my opinion that the Department should adopt that interpretation which will permit microphone coverage by the FBI in a manner most conducive to our national interest. I recognize that for the FBI to fulfill its important intelligence function, considerations of internal security and the national safety are paramount and, therefore, may compel the unrestricted use of this technique in the national interest.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

Reference Legal Counsel to J. B. Adams memorandum dated 3/20/75 captioned as above and letter of Senator Frank Church dated 3/19/75.

Relet requested, among other things, the titles and number of FBI field office agents assigned to internal security, intelligence collection and/or counterintelligence matters, operations or activities, together with the percent of total agent man-hours devoted to such matters, operations and activities (page 3, item IIIC of relet).

The purpose of this memorandum is to forward to the Legal Counsel Division, through the Intelligence Division, the response, attached herewith, to the above request.

It is noted the request specifically mentions internal security, intelligence collection and counterintelligence matters. Our response has been constructed in the traditional two categories of internal security and counterintelligence. Intelligence collection (informants) is included in the data for both of the other categories as appropriate.

RECOMMENDATION:

ADDENDUM: Intelligence Division, WOC:aso, 4/4/75

The Intelligence Division has reviewed the attached figures prepared by the Administrative Division. Under the criteria of the current Classification Act it would be impossible to justify classification of these figures; however, should they be made public or fall into the hands of a hostile foreign intelligence service, it would reveal the current capability the FBI employs in the field of counterintelligence against the total foreign threat. In view of the above, the Intelligence Division strongly recommends that the Legal Counsel Division discuss this with the staff of the Senate Select Committee pointing out the vulnerability implicit in this attachment in an effort to have the Committee withdraw its request identified as III C.

ADDENDUM: LEGAL COUNSEL DIVISION PVD:dkg 4-14-75

Regarding the observations of the Intelligence Division concerning the making available the amount of manpower dedicated to counterintelligence and domestic intelligence work in the FBI, the Legal Counsel Division has the following observations:

OK to classify confidential PVD

(1) Based on our analysis and conversations this Division has had with Fred B. Griffith of the Inspection Division, it appears that the information contained in this memorandum may be classified confidential under Executive order 11652.

(2) Before making any determination as to whether we make such information available to the Senate Select Committee, it would appear we should determine from CIA what their response to such a request will be so that our position and that of CIA will be consistent in this area. In this regard SA Paul V. Daly has contacted Leon F. Schwartz, Liaison Section of Intelligence Division, and requested he determine from CIA what their position in this regard is.

(3) It is not believed that we should take a hard and fast position that this information not be made available to the Committee or that we make an effort to have the Committee withdraw their request for this information. We should rather develop some fallback position such as that this information will be made available to the Chairman of the Committee or will be made available during an oral briefing, etc.

Mr. L. C. Groover to Mr. Walsh memorandum dated 3/4/75 entitled "Senate Select Committee on Intelligence Activities" forwarded to the Intelligence Division for review the titles and numbers of FBI field office Agents assigned to internal security, intelligence collection, and/or counterintelligence matters, operations or activities. This was in response to requirement IIIC of Senator Church's letter dated 3/19/75.

By addendum dated 4/4/75 the Intelligence Division recommended that the Legal Counsel Division discusses with the staff of the Senate Select Committee (SSC) our reluctance to provide these type figures to the SSC.

On 4/11/75 I discussed with Mr. John Clark, Associate Deputy to the Director of Central Intelligence for the intelligence community, the request of Senator Church. Specifically, Mr. Clark was asked if Central Intelligence Agency (CIA) had received such a request and how they responded. Mr. Clark advised that CIA had not received a specific request for the titles and numbers of CIA officers assigned to intelligence collection or counterintelligence matters. However, CIA had received a request to identify the names and numbers of CIA covert officers assigned overseas.

REC-106 62-116395-866

Mr. Clark advised that CIA intended to advise the Staff Director of the SSC that CIA was unwilling to provide such names and numbers to the SSC for retention in its files. However, CIA would be willing to allow a senior staff member or the Staff Director to review the names and numbers of CIA covert officers overseas at the CIA headquarters building.

On 4/11/75, from 10:00 am until 12:20 pm, staff members of the Senate Select Committee on Intelligence Activities were briefed by Assistant Director Wannall and members of his staff in the Conference Room at INTD. Briefed from the Committee were Mr. William Miller, Staff Director; Mr. Frederick A. O. Schwarz III, Chief Counsel; and Messrs. Mark Gitenstein, Marvin Epstein, Patrick Shea, Britt Snider and Loch Johnson, all staff members.

The first hour of the briefing was occupied with the showing of the INTD slide presentation and commentary which provided highlights of the work of the INTD, both in the counterintelligence and internal security field. Following this presentation a question and answer period ensued for the rest of the briefing. Mr. Miller and Mr. Schwarz posed most of the questions.

In the counterintelligence field the thrust of the questioning was directed toward the continuing growth of the hostile intelligence presence in the United States and its short-term and long-term effect on the FBI's operations. Mr. Wannall pointed out that the Director on previous occasions had indicated his intention to "beef up" the counterintelligence effort of the FBI by the addition of some 250 Special Agents, and that INTD had also effected certain programs designed to assign certain counterintelligence functions to non-Agent personnel, thereby freeing additional Special Agents to function as case officers. In response to a question as to whether the additional investigative effort necessary to counter the mounting hostile intelligence threat might not involve investigation of more and more American citizens, Mr. Wannall conceded

that this was inevitable. He stressed, however, the investigative policies of the FBI which protected the constitutional rights and right of privacy of such individuals.

On the domestic internal security side the thrust of the questioning appeared to indicate an interest in the predication, duration and administrative controls of investigations of domestic organizations and individuals. Again, Mr. Wannall stressed the precautions inherent in FBI policy and instructions to the field in these matters, pointing out, in effect, that these investigations are founded on statutory authority and are closely supervised by experienced personnel at Headquarters level. The Committee staff appeared to accept these answers and no critical or hostile attitudes on their part were evident.

The briefing was terminated at 12:20 pm, due to commitments on the part of the staff. Mr. Miller and Mr. Schwarz both expressed their appreciation for the briefing and indicated it had been most instructive. They indicated a desire to continue these discussions at some later date and Mr. Wannall assured them that he would be happy to continue the briefing at any future mutually agreeable time.

Perhaps most significant of all questions posed was the final question by Mr. Schwarz in which he inquired as to what advantages and disadvantages to the FBI could be anticipated as a result of the Committee fulfilling its mandate. Mr. Wannall replied that any statutory authority defining and affirming the FBI's role in the intelligence collection field would certainly be a positive achievement. He also stated that any result of the Committee's investigation which would tend to limit the investigative resources or the investigative effectiveness of the FBI would surely be an unfortunate negative factor.

~~FORMER~~ SUPERVISOR LISH WHITSON
ASSIGNED INTELLIGENCE DIVISION

At 3:17 p.m., 4/22/75 former Special Agent Lish Whitson who for many years was a supervisor in the Intelligence Division telephoned me to advise that he had received a request to appear for an interview by Michael Epstein, staff member of the Senate Select Committee. The interview was scheduled for 4/23/75.

In response to a question by Mr. Whitson, he was advised that to the writer's knowledge this was the first former Bureau employee who had been requested to appear for an interview by any member of the staff of the Select Committee. Whitson stated that he was proceeding on the basis that he would respond to questions propounded to him but he had some reservation in his mind concerning answering questions which would involve material which he knew to be classified at the time he retired. He commented he had noted in the news media that staff members of the Committee were reportedly to be granted clearances through TOP SECRET - Q (Atomic Energy Matters).

Whitson was advised by the writer that while it was true staff members were being granted clearances, the Bureau was endeavoring to establish procedures through the Attorney General whereby highly sensitive and classified material could be revealed on a restricted basis in response to Committee inquiries; for example, in some instances we would request that only the Majority and Minority leaders on the Committee be furnished certain types of material and in other instances only the Senators themselves as opposed to all staff members.

REC-100 62-116395-84

Mr. Whitson said in view of this, it was his intention to be as responsive and candid during the interview by Mr. Epstein as he could be but if any questions arose in his mind with respect to revelation as to what he, Whitson, considered to be sensitive material, he anticipated he would express his concern to Mr. Epstein and advise him he felt it would be appropriate to check with the Bureau since he is aware of regulations by the Attorney General which preclude revealing FBI information without the Attorney General's specific

The Senate Select Committee's 3/19/75, letter was transmitted with an attachment, prepared by the Committee's staff, which set forth examples of the type of information concerning domestic intelligence jurisdiction of interest to it. Among those items cited in the attachment to the Committee's 3/19/75, letter was a study on jurisdiction prepared for former Acting FBI Director Louis Patrick Gray III by the Office of Legal Counsel, dated 5/18/72. Representatives of the Legal Counsel Division do not believe the 5/18/72 study is, in itself, appropriate to furnish in response to the question of the Senate Select Committee on legal authority. However, Legal Counsel Division believes that two internal FBI memoranda, prepared in connection with the drafting of the 5/18/72, study, would be pertinent to the Senate Select Committee's inquiry. UBJECT: FBI JURISDICTION: CRIMINAL INTELLIGENCE INFORMATION

You requested analysis of the legal authority for FBI criminal intelligence collection and its relationship to our statutory jurisdiction in criminal matters.

"The gathering of criminal intelligence information" describes activity not subject to precise definition. However, its general objective is well understood by those engaged in law enforcement. There exist individuals and groups whose daily occupations are directed toward profit without regard to the restraints of the law. Yet, by the very nature of their associations, little actual participation in criminal acts may be observed by the most astute law enforcement observer. Their existence and contribution to the sum of criminal behavior has been detected and to some degree measured by the collection of data concerning their personal life-styles, property holdings, associates, influence, and access to capital. Such information has been characterized as "criminal intelligence."

For years, the FBI has been aware of the need to identify these resources of the criminal element. Congress responded to this need through the Organized Crime Control Act of 1970. The Congressional findings were that organized crime in the United States is a highly sophisticated, diversified, and widespread activity that annually drains billions of dollars from America's economy by unlawful conduct and by the illegal use of force, fraud and corruption. Legitimate business and labor unions are infiltrated and corrupted and our democratic processes are subverted. The problem was declared to be of of national concern both as to our economy and the domestic security.

Memorandum J. A. Mintz to Mr. Dalbey
RE: FBI JURISDICTION: CRIMINAL
INTELLIGENCE INFORMATION

The Act attempted to attack organized crime by making criminal the management of syndicated gambling and by prohibiting racketeering activity characteristic of organized crime including the use of illegal proceeds for investment in legitimate business enterprises.

The long-established suspicions of law enforcement officers were confirmed by the Congressional findings but statutory enactments did not eliminate the conduct described as evil therein. There remains the task of establishing the identities of those constituting the national menace and developing prosecutable evidence of their guilt. "Criminal intelligence" collection is one means by which this responsibility may be fulfilled. It may be the only practical means in view of the scarcity of witnesses willing to testify and of the high mortality potential of those who do appear. A classic example of such intimidation is reported in United States v. Addonizio, 451 F2d 49 (3rd Cir. 1972) where a prospective witness in a corruption case found an anonymous note on the seat of his car which read "This could have been a bomb. Keep your mouth shut."

Accepting the need for intelligence gathering as a practical necessity, the issue remains as to its propriety in the face of Constitutional protections. If the Supreme Court announces that individuals have a Constitutionally protected right of privacy that may be overcome only through established arrest, search, and subpoena procedures, the issue will be settled. But, thus far, the Court has only drawn upon the concept of Constitutional privacy to resolve cases involving special circumstances such as marital affairs (Griswold v. Connecticut, 381 U.S. 479 (1965)) and interception of communications (Katz v. United States, 389 U.S. 347 (1967))

More specific Constitutional limitations on the criminal intelligence function may be found in the First Amendment protections of speech and assembly; the Fourth Amendment prohibitions of unreasonable searches and seizures; and the Fifth Amendment privilege against compulsory self-incrimination.

The theme consistently found in decisions having a bearing on th relationship between these rights and the collection of criminal intelligence is that, when in direct conflict, the collection efforts must yield. Such is

not to label criminal intelligence as necessarily the product of malpractice, but to recognize the paramount nature of the Constitutional interests being safeguarded. Other incidents of government regulatory authority have been required to yield as well when confronted with legitimate claims of Constitutional protection, e.g. the administrative search cases, Camara v. Municipal Court, 387 U.S. 523 (1967).

Overt and obtrusive conduct susceptible of being characterized as harassment may well be enjoined as, for example, was the case of an obvious 24-hour-a-day physical surveillance of an individual, his home, relatives, friends, and associates (Giancana v. Johnson, 335 F2d 366 (7th Cir. 1964) cert. den. 379 U.S. 1001. Similar results might be expected where an identified officer loiters in the subject's place of business (Bee See Books, Inc. v. Leary, 291 F. Supp. 622 (SD N.Y. 1968) or openly attends organizational meetings where his presence inhibits communication and the transaction of the business of the assembly (Local 309, United Furniture Workers v. Gates, 75 F. Supp. 620 (ND Ind. 1948)). However, open photographic surveillance of public gatherings (Donahoe v. Duling, 330 F. Supp. 308 (ED Va. 1971)) and secret monitoring of criminal activities through the use of undercover agents (Lewis v. United States, 385 U.S. 206 (1966)) and informants (Hoffa v. United States, 385 U.S. 295 (1966)) have met with judicial approval.

Obviously, criminal intelligence information gained by unreasonable search and seizure or through compelled self-incrimination is tainted and subject to judicial condemnation upon complaint of one having the requisite standing.

Perhaps, the decision coming nearest to discussing the legality of criminal intelligence collection was Anderson v. Sills, 106 N.J. Super. 545, 256 A2d 298 (1969), (reversed on the ground more complete record was needed to support the decision) 56 N.J. 210, 265 A2d 678 (1970). New Jersey had responded to the threat of continuing civil disorders by collecting intelligence information on persons and events alleged to have some relationship to such activities. The trial court held the collection effort to be unconstitutional because it conflicted with the First Amendment.

However, the court order to destroy the intelligence files excepted instances "where such information will be used to charge persons with specifically defined criminal conduct." 256 A2d at 305. Thus, the decision may be interpreted as drawing a distinction between collection of intelligence information where political or social factors are involved and First Amendment freedoms therefore may be directly inhibited and collection of criminal intelligence information where the objective is the establishment of criminal conduct and the identities of the offenders. While the Fourth and Fifth Amendment may be enjoyed by the guilty and innocent alike, it is improbable that the First Amendment would be stretched so far as to protect freedom of speech and assembly when such speech and assembly constitute elements of a criminal offense. On appeal, the Supreme Court of New Jersey returned the case for further development of the record and observed ". . . the executive branch may gather whatever information it reasonably believes to be necessary to enable it to perform the police roles, detectional and preventive. A court should not interfere in the absence of proof of bad faith or arbitrariness." [illegible] A2d at [illegible].

A tentative conclusion may be stated, subject to further development of the case law. The gathering of criminal intelligence information for the purpose of developing evidence of specific offenses characteristic of organized crime is legally justified as well as practically necessary. Where there is diversion from the proper objective and such collection efforts are manipulated to cause harassment or where such activity conflicts with Constitutional rights, to that extent the criminal intelligence program must be reformed.

UBJECT: FBI AUTHORITY IN DOMESTIC INTELLIGENCE MATTERS

You requested an analysis of the Bureau's authority to conduct domestic intelligence investigations. The question of the jurisdictional basis for these investigations is being examined at length by the Domestic Intelligence Division and will not be discussed here.

It is fair to say that the domestic intelligence program is one of the more controversial areas of the Bureau's activities. For one thing, an intelligence investigation casts a broader net than inquiries that are directed toward the proof of a specific offense. A large amount of raw data is collected, much of which has no immediate bearing on potential offenses or offenders. But seemingly trivial information may later become important in the detection and prevention of violence or civil disorder. There are also fears that these investigations may eventually touch upon one's political beliefs, habits or associations; or that information collected for proper purposes may eventually be misused at the hands of Government. Each is a legitimate concern. The notion of Government prying into the personal lives of its citizens is repellent to all of us. And yet there is a strong sense that the Government must acquire necessary intelligence information if it is to meet its responsibilities in connection with the national security.

One of the major concerns about our domestic intelligence activities is that they are not supervised or monitored by any outside agency. The claim is made that the Executive Branch has been left wide discretion to define its own authority, and to choose the directions, methods, and focus of its investigations. For one thing, the law has never made clear what facts and circumstances must be present to authorize an intelligence investigation, nor how far such an investigation may lawfully proceed without being directed toward proof of a specific offense.

ENCLOSURE

And unlike the practice in criminal cases, our electronic surveillances in security matters are not submitted for prior court approval. For another, the exclusionary rule which provides the usual method of judicial control over investigative procedures, is not often available in security cases. Since the goal is largely preventive, these cases seldom come before the courts. As a result, the public, the courts, and the Congress have very little information about how we operate in domestic intelligence matters and what we do with the information acquired.

In response to this situation, some members of the Congress have pressured for tighter controls over the Bureau, perhaps in the form of a watchdog committee to oversee our operations. Senator Ervin, who chairs the Senate Subsommittee on Constitutional Rights has expressed particular concern about the right of privacy and the authority of the Government to gather information. In an exchange of correspondence with the Department of Justice, the Senator has requested specific documentation of the Department's guidelines for the gathering and retention of domestic intelligence information. He has also suggested that legislation might be enacted, requiring a showing of probable cause before an investigation can be initiated by the Government. It is doubtful that any such measure would pass the Congress, but the proposal does show the mood of the times.

A parallel trend may be developing in the courts. In several recent cases, plaintiffs have made the claim that Government information gathering, which goes beyond the effort to apprehend criminal suspects, may have a "chilling effect" on the exercise of First Amendment rights. These challenges thus far have not been successful. Anderson v. Sills, 56 N.J. 210, 265 A2d 678 (1970); Donahoe v. Duling, 330 F. Supp. 308 (E.D. Va. 1971); American Civil Liberties Union v. Westmoreland, 323 F. Supp. 1153 (N.D. Ill. 1971).

The courts have generally recognized that one of the principal functions of the Bureau is to gather information law violators, agitators of violence and possible subversives.. Tatum v. Laird, 444 F2d 947, 957 (D.C. Cir. 1971) cert. granted, 404 U.S. 955 (1971); The Fifth Avenue Peace Parade Committee, et al. v. J. Edgar Hoover, et. al., 70 Civ. 2646 HRT, decided February 16, 1972. The Court of Appeals for the District of Columbia Circuit, has observed that the identity of the agency gathering such information is determinative of the significance of any alleged chill to

to First Amendment rights. Thus, in Davis v. Ichord, 442 F2d 1207 (D. C. Cir. 1970) although appellants allegedly felt chilled by a Congressional Committee's investigation of them, the Court of Appeals found there was insufficient justiciability in their claims to create a viable case or controversy. This was because appellants had "failed to bring the fear of investigation by the present Committee home to themselves," their fears were wholly speculative; there were no criminal proceedings confronting them; nor was any action pending. Moreover, the Court in Davis found that the power of a Congressional Committee began and ended with the investigation; whenever a Committee of the Congress seeks punitive action, the Judiciary must become involved, and thus every investigation has a judicial check which operates to guarantee the protection of constitutional rights.

This latter aspect of the Davis decision was given perspective by the Court of Appeals in Tatum. In contrasting the potential impact on First Amendment rights occasioned by investigations conducted by the military with investigations conducted by a civilian investigative agency, such as the Federal Bureau of Investigation, the Court observed:

> The compilation of data by a civilian investigative agency is thus not the threat to civil liberties or the deterrent on the exercise of the constitutional right of free speech that such action by the military is, because a civil investigative agency has no inherent power always being subject to the well-defined restrictions of law and the approval of the courts. * * *

There, the Court pointedly examined the "source of the chill" as it had in Davis, and in applying the "chilling effect doctrine", singled out the FBI as a source which does not generate a reasonable basis for inhibitions or apprehensions. In this connection the Court stated,

Referring to our holding in Davis that the "source of the chill" is important in determining whether there is any inhibiting effect on the exercise of First Amendment rights, we think that there is a significant difference between investigative actions taken by a military agency in reference to civilians and similar investigative actions taken by a regular investigative agency of a civilian branch of the Government.

One of the functions of a civilian investigative agency, such as the Federal Bureau of Investigation, is to compile information on law violators, agitators of violence, and possible subversives. It has always been recognized that this is a delicate function, and it is exercised under the direction of the Attorney General. Investigation is performed by men a majority of whom are under the direction of lawyers in the Justice Department, and the information compiled is only usable and effective through court action. The FBI is powerless to imprison or to affect his liberty in any way except through the action of the courts.

As to the surveillance of public meetings through the use of informants, it has been held that such surveillance is not per se actionable. See Donahoe v. Duling, 330 F. Supp. 308 (E.D. Va. 1971) (police surveillance of street demonstrations held not to offend First Amendment rights).

The Supreme Court in Hoffa v. U.S., 385 U.S. 293 (1966), held that the use of secret informants is "not per se unconstitutional", and does not violate the Fifth Amendment privilege against self-incrimination, nor the Fourth Amendment prohibition against unreasonable searches and seizures. The Court upheld, as reasonable under the Fourth Amendment, admission at trial of evidence obtained by an undercover informant to whom a defendant spoke without knowledge that he was in the employ of the police. 385 U.S. at 300-303. See also Lewis v. U.S., 385 U.S. 206 (1966) and Lopez v. U.S., 373 U.S. 427 (1963).

Moreover, the Supreme Court in U.S. v. White, 401 U.S. 745 (1971), recently held that the use of secret informants does not violate any constitutionally justifiable expectation of privacy under the Fourth Amendment, even when an informant uses electronic equipment to transmit his conversations with defendants to other agents.

If the use of undercover government informants without a warrant does not violate the Fourth Amendment and invade a defendant's constitutionally justifiable expectations of privacy, Hoffa v. U.S., supra, and such informants may write down their conversations with defendants and testify concerning them, or simultaneously record and transmit such conversations to others, who may testify against them, On Lee v. U.S., 343 U.S. 747 (1952); U.S. v. White, supra, then clearly mere visual "surveillance" of plaintiffs in plain view by informants at public meetings would not violate their constitutional rights.

It would seem that those who elect to present their views actively in the public arena deliberately expose themselves to the public. See Associated Press v. Walker, 388 U.S. 130 (1967). Any recording of their activities by the defendants does not invade their privacy any more than does a newspaper, radio, or television story, and, indeed, much less since any information compiled is usable and effective only through court action. Tatum v. Laird, 444 F2d 947, 957 (D.C. Cir. 1971).

More difficult questions are presented where the investigation delves into the private affairs of the individuals or organizations. But even here, the courts have generally sustained our procedures so long as they comport with the restrictions of the Fourth, Fifth and Sixth Amendments. The Fifth Avenue Peace Parade Committee, et. al. v. J. Edgar Hoover, et. al., 70 Civ. 2646 HRT, decided February 16, 1972. (examination of bank records) U.S. v. Gerhart, 275 F. Supp. 443 (S.D. W. Va. 1967) (examination of bank records); Minker v. U.S., 312 F2d 632 (3d Cir. 1962) (trash covers); Cohen v. U.S., 378 F2d 751 (9th Cir. 1967) (mail covers); U.S. v. Van Leeuwen, 397 U.S. 249 (1970) (detention and examination of packages in the mail); Mancusi v. DeForte, 392 U.S. 364 (1968) (seizure of union records); Hoffa v. U.S., supra; U.S. v. White, supra; (use of informants).

In summary, it is premature to say that the First Amendment line of cases, dealing with the "chilling" concept offers any substantial impediment to our intelligence investigations. There is less reason for optimism, however, with regard to congressional intervention. We should be prepared, therefore, to meet arguments regarding the need for outside supervision. The sound answer, which should satisfy governmental needs and individual rights, is found in tight internal controls and carefully developed guidelines.

INTELLIGENCE COLLECTION

The FBI's intelligence function is well established and documented. Yet, our work in gathering intelligence has been the subject of continuing criticism from segments of the press with charges being made that the FBI is conducting without authority security investigations of persons who are not in violation of the law. It has also been charged that our intelligence collection is uncontrolled, capricious and dwells on personal idiosyncrasies without there being any security interest involved. Fragments of information, distorted and twisted to convey the false impression that the FBI is wantonly disregarding the privacy of citizens, have been published.

The FBI does not conduct security investigations of individuals without clear-cut authority and tight controls. Critics have taken fragments of intelligence which have come to their attention and built them up into what is represented as the end product of security investigations with political overtones. In these instances, the items upon which such importance was placed have been fragmentary intelligence from substantive

investigations and could not be viewed in their real significance, except as they fit into the overall perspective of the case. This is indicative of the danger of using piecemeal intelligence taken out of context; properly used, however, intelligence is a legitimate and necessary part of all security investigations.

Intelligence is information and the collection of it is inseparable from efficient investigative operations. In fact the two--investigation and intelligence--are mutually dependent.

In the security field, it is vital that the Federal Government detect factors which have a direct bearing on possible violations of law related to the overthrow or destruction of the Government. Intelligence developed to identify individuals who have a propensity for revolutionary or racial violence or have affiliations with subversive or revolutionary groups is essential in the enforcement of the laws designed to protect the integrity of the Government. Intelligence is also essential to the detection of attempts or conspiracies to move against the Government, actions which may themselves be crimes.

No constitutional provisions, statutory enactments or judicial rulings have attempted to deprive law enforcement of its intelligence function, although various attempts have

been made to define or limit the areas encompassed by intelligence and particularly the techniques of collection. It is also recognized that some intelligence gathering activities may have an incidental "chilling" effect on individual citizens. The spectre of the Government's investigatory presence may cause a reaction in citizens, inhibiting the exercise of their full constitutional rights. Therefore, a balance between the requirements of the Government and the constitutional rights of citizens must be maintained.

The intelligence function of investigation, must be both reasonable and practical. It varies in scope and intensity with the seriousness of the provision it seeks to enforce. It is neither reasonable nor practical to launch an aggressive intelligence collection effort concerning the activities of those who might potentially violate a local antilittering ordinance. Detection of a conspiracy to bomb the White House, on the other hand, certainly justifies a continuous and intensive intelligence effort to identify the participants and gain knowledge of any specific plans.

It is mandatory that a Government protect its integrity and this has been recognized by judicial authorities. Ordinary crimes victimize an individual or groups; crimes against the existence of the government victimize society. Carrying these crimes to their ultimate produces the ultimate crime against society--the destruction of that society.

It is clear that the aspirations of most revolutionary groups far exceed their capability to achieve their ultimate objectives. They are, however, quite capable of eroding the integrity of the democratic system by lesser acts and, if not discouraged or thwarted, might well accumulate the will and power for more decisive action. The dramatic success of the Castro revolution is a sufficient example. Consequently, continuing intelligence collection relating to all revolutionary individuals and organizations, commensurate with the immediate threat posed, is imperative to proper vigilance.

The FBI serves as a prime producer of intelligence for the Executive Branch. Over the years it has provided information concerning hostile actions directed against the U. S.

by foreign governments, their intelligence services and others acting in their behalf. On the domestic scene the FBI has penetrated conspiracies ranging from the communist underground to the hooded night riders of the Klan who terrorized our black citizens. But, in the 1960's explosive changes occurred in the internal security problems faced by the country. These changes were reflected in both the scope and nature of the FBI's response and in the intelligence requirements levied upon the FBI by the Executive Branch.

In the decade of the '60's, social change and upheaval added to the critical areas of the FBI's intelligence responsibilities the problems of revolutionary and extremist ✓ activities. America was stunned by violent student disruptions, bombings and riots. Spanning the decade were civil rights protests, reactions against them, and tragically, the burning and looting of Watts in 1965 and the conflagrations in Detroit, Newark and Washington, D. C. And, what had been the youthful idealism of the emerging new left in the 1962 Port Huron Statement was drowned out by the obscene Weatherman war cries

as they took their revolution to the streets of Chicago in 1969 during their "Days of Rage."

As the tide of crime and disruption swelled, it brought with it new and pressing problems on the domestic security scene. FBI domestic security investigations increased accordingly. There was also an immediate increase in FBI intelligence collection concerning the lawlessness and violent tactics of these emerging revolutionary elements.

Intelligence collection was essential in contending with these new domestic security problems. This fact was recognized by the reports of two Presidential Commissions. The report of the National Advisory Commission on Civil Disorders (Kerner Commission, 1968) stressed that the absence of accurate information before and during disorders created special control problems. It emphasized that law enforcement organizations must develop the means to obtain adequate intelligence for planning purposes and that law enforcement should "gather, evaluate, analyze and disseminate information on potential as well as actual civil disorders."

Similarly, the President's Commission on Campus Unrest (1970) took special note of the need for intelligence in effective law enforcement. The Commission stated in its report, "It is an undoubted fact that on some campuses there are men and women who plot, all too often successfully, to burn and bomb, and sometimes to maim and kill." The report concluded that the best, AND sometimes the only, means law enforcement has to thwart or prevent such plots is through "clandestine intelligence work."

Prevention is the very essence of the proper use of intelligence. To be forewarned is to be placed in a position to carry out countermeasures to meet a threat. During the mass actions and violent confrontations of the 1960's, FBI intelligence collection was crystallized in dissemination of information to other government agencies. This intelligence provided them with an essential working tool to contend with public disorders and activities of a revolutionary nature.

In a memorandum to the Director of the FBI, 9/14/67, Attorney General Clark stressed the importance of intelligence. The Attorney General asserted, "It is most important that

you use the maximum available resources, investigative and intelligence, to collect and report all facts bearing upon (riot activity)." Elaborating on this point, he said, "In these circumstances we must be certain that every attempt is being made to get all information bearing upon these problems; to take every step possible to determine whether the rioting is pre-planned or organized; and, if so, to determine the identity of the people and interests involved; and to deter this activity by prompt and vigorous legal action." The Attorney General's evaluation of the importance of intelligence in this instance applies with equal force to other areas of the FBI's security work.

In December, 1967, the Department of Justice, aware of the high priority of intelligence in dealing with civil disorders, created the Inter-Division Information Unit. This is a repository for "reports which relate to individual or organizational activities which may play a part in instigating or spreading civil disorders" and includes intelligence "relating to black power and black nationalist organizations,

officers and members thereof, racial incidents throughout the country, and any specific demonstrations which are being planned and are of such nature as to render them subject to the possibility of violence." Quick retrieval of this intelligence was emphasized through the use of computers.

Attorney General Mitchell wrote to the FBI Director on May 17, 1971, concerning the Intelligence Evaluation Committee, created to analyze and evaluate intelligence for the guidance of the White House and other departments of the Executive Branch. In this memorandum, the Attorney General stated, "Intensified activities on the part of militant groups here in Washington, D. C., and elsewhere in the country clearly point up the need not only for the gathering of the highest quality intelligence available but also for an expert analysis and evaluation of the intelligence product itself."

Presidential Directives

Directive of the President - 6/26/39 directing that investigation of all espionage, counterespionage, and sabotage matters are handled by FBI.

Directive of the President - 9/6/39 requesting the Attorney General to instruct FBI to take charge of investigative matters relating to espionage, sabotage, and violations of the neutrality regulations.

Presidential Directive - 1/8/43
reiterated instructions of previous directive of 9/6/39 and requested law enforcement officers, patriotic organizations and individuals turn over to FBI all information regarding espionage, sabotage and violations of neutrality regulations.

Presidential Directive - 7/24/50
reiterated substance of 9/6/39 and 1/8/43 directives, noting they provided for FBI to take charge of investigative work in matters relating to espionage, sabotage, subversive activities and related matters.

Directive of President 12/15/53
referred to previous Presidential Directives and added investigation by FBI of violations of Atomic Energy Act.

Executive Order 10450 4/27/53
established programs to insure that the employment and retention of any Government employee is clearly consistent with the interests of national security. Requires check of FBI Fingerprint Files and, in cases where derogatory information develops, FBI conducts a full-field investigation.

Executive Order 11605 7/2/71
calls for Subversive Activities Control Board, when petitioned by the Attorney General, to determine after hearings if any organization is totalitarian, fascist, communist, subversive, or whether it has adopted a policy of advocating the commission of acts of force or violence to deny others their Constitutional or statutory rights. By inference, the FBI, as investigative arm of the Attorney General, would develop evidence for hearings required. Also, FBI, by inference, would develop evidence of membership in such organizations, which may be basis for denial of Government employment.

Policy Instructions of Attorney General

September 14, 1967: instructions of then Attorney General Ramsey Clark for FBI to investigate possibility of conspiracy to plan, promote, or aggravate riot activity.

February 18, 1969: instructions from the Assistant Attorney General, Internal Security Division, for FBI to obtain information concerning possibility that underlying subversive groups were giving illegal directions or guidance to numerous campus disorders.

(Other policy instructions from Attorney General and Department have been received, amplifying points set forth above; many of these concerned specific cases.)

National Security Council Directives

Directive on Internal Security, March 23, 1949, establishing Interdepartmental Intelligence Committee (IIC) responsible to coordinate investigation of domestic espionage, counterespionage, sabotage, subversion and other related intelligence matters affecting internal security. FBI represented on IIC.

United States Intelligence Board (USIB) established September 15, 1958, to maintain coordination between CIA and other intelligence agencies. FBI a member of USIB to provide domestic intelligence for correlation with foreign intelligence.

Interagency Agreements

Delimitations Agreement signed by IIC members March 23, 1949, to establish jurisdiction in investigations by members of espionage, counterespionage, subversion, and sabotage and to provide for exchange of information on above matters.

FBI-Secret Service Agreement signed November 26, 1971, to provide for transmittal of information from FBI to Secret Service regarding individuals and organizations who, because of their propensities, represent or may represent a danger to the safety of the President and certain other persons.

IMPLEMENTATION OF AUTHORITY

The criteria and guidelines for FBI investigations are furnished to the field in a "Manual of Instructions," the "F. B. I. Handbook," and in Letters to all Special Agents in Charge. In addition, instructions and guidance are given to the field in Headquarters communications on specific cases. Compliance with criteria and guidelines is obtained by supervision in both the field and at Bureau Headquarters. In addition, regular inspections of field and Headquarters Divisions assure that Bureau policies concerning investigations are being followed.

In the security field, the basic responsibility of the FBI is to investigate revolutionary organizations dedicated to the violent overthrow or destruction of the United States Government. These include old-line Marxist groups, for example, the Communist Party, USA, and the Trotskyist Socialist Workers Party; and such new revolutionary groups as the Students for a Democratic Society, the Black Panther Party and the Weatherman. In the investigation of subversive individuals a determination is made of the dangerousness of the individual and efforts are made to obtain evidence of violations of any applicable

Federal laws. To assist in cataloguing the level of dangerousness of those individuals and to retrieve quickly information concerning them, the Domestic Intelligence Division maintains a card file known as the Administrative Index.

Administrative Index

Title II of the Internal Security Act of 1950 (Emergency Detention Act) before it was repealed on September 25, 1971, provided for emergency detention of subversive individuals in the event of a national emergency. To implement that provision of the act, the FBI and the Department of Justice maintained the Security Index. This Index was, of course, discontinued with the repeal of the Emergency Detention Act. By memorandum of October 22, 1971, however, the Attorney General noted that the repeal of Title II "does not alter or limit the FBI's authority and responsibility to record, file and index information secured" in this field and concurred in the establishment of an administrative index to assist in "making readily retrievable and available the results of its (the FBI's) investigations into subversive activities."

15

To this end, such an index (called Adex) was instituted for making quickly retrievable information on four categories of individuals in order of dangerousness:

I) National leaders of revolutionary or extremist groups, members who have exhibited a propensity for violence, members with training in sabotage, espionage, or guerrilla warfare,. unaffiliated revolutionaries with a propensity for violence, and revolutionaries with access to key facilities.

II) Secondary leadership of revolutionary and extremist groups, active members of these groups, and unaffiliated revolutionaries or extremists with a propensity for violence against property rather than persons.

III) Rank-and-file members of revolutionary groups within the previous five years, leaders of fronts for revolutionary groups, and individuals with revolutionary ideologies likely in a national emergency to commit acts of espionage, sabotage, or terrorism.

IV) Persons likely to assist, financially or otherwise, revolutionary groups, or persons in a position to influence others to commit acts inimical to the national defense.

Investigation of an individual is conducted to determine whether or not he should, consistent with the criteria of these categories, be listed on the Adex. If, as

16

the result of the investigation, it is determined he does not meet the criteria the case is closed. If, on the other hand, he does meet the criteria, he is listed in the Adex according to the determined degree of dangerousness. Category I cases continue under investigation for as long as the individual continues to warrant that Category listing. When an individual is listed in Categories II, III, and IV, however, the investigation is closed, subject to periodic reopening to verify his location, to determine his activities and to ascertain whether he still qualifies for inclusion in the Adex. Provision is made for upgrading, downgrading and purging an individual from the Adex as his activities and level of dangerousness fluctuate.

Revolutionary Groups

Investigations of individuals for a determination of whether or not they meet the criteria for Adex generally involve their degree of affiliation with revolutionary and extremist groups. The purpose of investigations of basic revolutionary and new-left type groups is to: (1) provide intelligence to the Executive Branch which will enable the President to fulfill his Constitutional responsibilities;

(2) detect developing conspiracies to violate substantive laws and initiate prosecutive action whenever possible to prevent such conspiracies from being carried out; and (3) develop evidence necessary for the Attorney General to file petitions before the Subversive Activities Control Board in accordance with provisions of the Internal Security Act of 1950 and Executive Order 11605.

The criteria, guidelines and restrictions on the investigations of revolutionary groups are outlined below:

> Investigation is initiated upon receipt of information indicating that organization advocates overthrow of Government or engages in activity to deny others their Constitutional or statutory rights.
>
> Investigation is conducted to establish aims and objectives, location and size, domination and control by hostile foreign power, identities of all leaders and members.

In regard to their front groups and organizations which they have infiltrated:

> Investigation is initiated upon receipt of information that organization is dominated, controlled or influenced to substantial degree by revolutionary organization.
>
> Investigation is conducted to determine degree of infiltration, aims and objectives, location and size and identities of all leaders.

Extremist Groups

The purpose of investigations of white hate and black extremist organizations is to: (1) provide intelligence to the Executive Branch which will enable the President to fulfill his Constitutional responsibilities; and (2) detect developing conspiracies to violate substantive laws and initiate prosecutive action whenever possible to prevent such conspiracies from being carried out. Investigations of white hate groups are confined to those which have actually or allegedly committed or have conspired to commit acts of violence or have adopted a policy of advocating or inciting the use of violence to deny others their rights under the Constitution. Investigations of black extremist organizations concern those groups which take extremist, anti-U. S. Government, anti-white positions and whose activities have involved them or may involve them in civil unrest and/or subversive activity.

Subversive, Revolutionary and Extremist Individuals

Individuals referred to as subversives are generally affiliated with old-line basic revolutionary organizations; those termed revolutionaries are usually new left types; and those called extremists are fundamentally

19

involved in violent or revolutionary activities based on race. Procedures for the investigation of these types of individuals are similar and the criteria are outlined as follows:

Membership in a basic revolutionary organization

Espousing the LINE OF REVolutionary movements

Special trainING ABROAD, or leadership training, in a revolutionary group

Individuals having access to key facilities who have been members of a revolutionary group at any time

Persons with revolutionary, terrorist, anarchistic or extremist beliefs who are likely to seize upon a national emergency to endanger public safety

Individuals who have actually or allegedly committed, conspired to commit, or adopted policy to commit acts of violence to deny others their rights under the Constitution

Extremists and revolutionaries who have demonstrated a propensity for violence, have involved or may involve themselves in civil unrest, or who advocate violent overthrow of the Government

Persons who influence others to engage in acts inimical to the national defense or who are likely to furnish financial or other assistance to revolutionary or extremist elements because of their sympathies, associations or ideologies

Unaffiliated Individuals

In the areas of revolutionary (new left) and extremist activities, some investigations are conducted of individuals who are not affiliated with organizations. Investigation of an individual is undertaken when information is received that the person:

Is a revolutionary and adheres to the Weatherman ideology of advocating a revolution now and uses terrorist tactics in furtherance of revolution

Is a revolutionary or extremist and demonstrates by acts or statements propensity for violence against property

Exhibits revolutionary or extremist ideology and is likely to seize opportunity in national emergency to commit espionage, sabotage, terrorism or otherwise interfere with Federal or local governments or defense efforts

Influences others to engage in acts inimical to national defense or likely to furnish financial or other assistance to revolutionary or extremist elements

Espionage and Foreign Intelligence Investigations

The mission of the FBI in the foreign intelligence field is one of counterintelligence. The objectives and priorities of counterintelligence have been variously stated and evaluated. Generally, these objectives may be listed in declining priority as follows: (1) the detection and

identification of intelligence operations and agents; (2) the penetration of these operations for the purpose of control and the development of intelligence information; (3) neutralization of hostile intelligence operations through disruption and disinformation; and, (4) prosecution. Whatever the assigned priority, the overall objective is to deny access to information sought by whatever practical means are available.

Foreign intelligence investigations are grounded in the Espionage statute and related laws including the Registration and Atomic Energy Acts. Individual investigations are initiated usually on the basis of a known or suspected connection with a foreign intelligence service, foreign country or subversive organization with such connections. Since these investigations emanate from various sensitive sources and involve special considerations, extensive criteria and limitations are defined and enumerated in current instructions.

In general terms, the governing criteria are designed to preclude initiation and continuance of investigations which are not justified. The limitations are designed to control the scope of investigation in order to insure security of our interests through close supervisory scrutiny.

22

Restrictions on Investigations

FBI guidelines go beyond the rules for opening, investigating and closing cases; they also impose restrictions to make certain that we do not violate the constitutional rights of any individual and to preclude investigations from becoming "fishing expeditions." In the security field these are some of the restrictions WHICH are applied:

Security cases are evaluated continually to determine if we are fulfilling our responsibilities. Those cases not warranting further investigation are closed promptly.

There are no investigations of members of an organization which does not advocate use of force to bring about existing changes in the Government. Examples are the Socialist Party, the Independent Workers of the World and Independence Party of Puerto Rico.

Persons arrested during disruptive demonstrations are identified since circumstances of an arrest, in some cases, may indicate a propensity for violence. However, a mere arrest in connection with a demonstration is an insufficient basis in itself for security investigation. The arrest must be coupled with a demonstrated propensity for violence or with subversive or revolutionary activity on the part of the individual arrested.

When it is determined that a security subject is a member of the armed services, the investigation is discontinued immediately and the military advised.

Civil rights organizations are not investigated.

Ambassadors or heads of permanent missions to the United Nations are not investigated.

No surveillances are conducted at the White House, the Capitol, the Supreme Court, the House and Senate Office Buildings or the United Nations.

No telephone or microphone surveillances are operated without prior written approval of the Attorney General.

Bureau authority is REQUIRED for:

Investigations of officials and diplomatic representatives of foreign countries. (Department of State authority is also required.)

Investigation of communist infiltration of a political organization.

Developing sources connected with an institution of learning.

Interviews of subjects of active, current security investigations.

Investigations of faculty members. If approval is granted, only established sources functioning in an administrative capacity may be contacted on the campus. Other established sources and informants must be contacted away from the campus. Contacts with students, graduate students and faculty members must also have Bureau authority.

Interviews of labor leaders and persons in educational, mass media or publishing fields.

These examples demonstrate a consciousness of the need to impose limitations on investigations and the continuing imposition of them.

Information Storage and Retrieval

The storage and retrieval of information is a basic operational necessity of any investigative or intelligence-gathering agency. Procedures within the FBI for these functions provide for written records of information received from a variety of sources--confidential informants, confidential INVESTIGATIVE techniques, and open sources--and the storage of this information in different types of files. These include active investigative files on organizations and individuals and some general files. These "raw" files are maintained both at the Seat of Government and in the various field offices. Information in the files is thoroughly indexed so that data can be retrieved.

In the intelligence field, when an allegation within the jurisdiction of the FBI is received, a case on an individual or on an organization may be opened, depending on the quality of the allegation. Nonspecific information that is received on an individual or organization is placed in the pertinent file, if one exists, or is placed in a general file if the organization or individual is not the subject of a specific file.

These files are an integral part of the intelligence-gathering function. By the very nature of the FBI's assignment to coordinate internal security information, the maintenance of data over a period of time is required and it is necessary that a system for retrieving this information be used.

Because these files OFTEN contain derogatory information that may not SUBSTANTIATED [illegible] by further investigation (the derogatory information received may not be germane to a matter within the FBI's jurisdiction), the Attorneys General have long taken the position that these files should not be available for public scrutiny. Incalculable damage to individual reputations could result from the disclosure of single items of information without knowing the full background concerning the receipt of a particular item and the context within which it was recorded.

The late Justice Robert Jackson, in his capacity as Attorney General, wrote in 1941:

> Disclosure of information contained in the reports (FBI files) might also be the grossest kind of injustice to innocent individuals. Investigative reports include leads and suspicions, and sometimes even the statements of malicious or misinformed people. Even though later and more complete reports exonerate the individuals, the use of particular or selected reports might constitute the grossest injustice, and we all know a correction never catches up with an accusation.

Dissemination

The Bureau's general policy on dissemination is that information developed by or coming to the attention of the FBI is promptly referred to all agencies of the Executive Branch of the Federal Government having a potential interest in it or responsibility for taking action concerning it, WHENEVER THAT INterest or responsibility is apparent or known. This policy is in accordance with numerous formal agreements entered into between the Bureau and other Government agencies. It is also in accordance with Presidential directives obligating the Bureau to act as clearing house for information affecting the internal security of the U. S.

Despite this general liberal policy of dissemination, we have recognized that with regard to highly sensitive information a determination must be made on an individual basis as to what information should be disseminated and how it should be transmitted. The degree of sensitivity and/or the security classification will determine level of dissemination to any interested agency and the method of transmittal. In certain instances, sensitive information may be furnished to a high-level official with a request that dissemination in his agency be restricted to his personnel on a need-to-know basis. Such information might be disseminated by secure teletype, courier, liaison, and where necessary, by secure telephone. Information furnished orally is confirmed in writing.

SCOPE OF FBI JURISDICTION
AND AUTHORITY IN DOMESTIC
INTELLIGENCE INVESTIGATIONS

MDR16
ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1-18-01 BY SP-2ALM/LLG

During our meeting on July 26, 1973, you referred to a discussion you had with Senator Charles McC. Mathias, Jr., of Maryland during your confirmation hearings as to the statutory authority of the FBI and the Department of Justice in the field of domestic intelligence investigations. You then asked Mr. William D. Ruckelshaus to work with the FBI in weighing the pros and cons with regard to statutory authority in this area. I mentioned that research was being performed on this subject at the present time and that we would be in touch with Mr. Ruckelshaus with regard to this matter when we have completed the results of our consideration and findings within the FBI.

Actually, a study has been going on in the FBI for more than two years as to the scope of FBI jurisdiction and authority in domestic intelligence investigations. When Mr. L. Patrick Gray, III, was designated as Acting Director of the FBI, he instructed that a position paper be prepared concerning the jurisdiction and authority of the FBI to conduct domestic intelligence investigations. A position paper was prepared which in essence stated that authority of the FBI in this field is based on legislative enactments, even though we may have publicly relied heavily on Presidential directives as the basis for such authority. Mr. Gray ordered an in-depth study made of the position and in August, 1972, a detailed report was furnished to him. The following is a summary of that report.

Over a period of several months there were a number of public statements questioning authority and jurisdiction of the FBI to conduct domestic intelligence-type investigations, particularly where there is no clear-cut legislative authority apparent. One of the most searching inquiries was contained in a paper presented by Professor John T. Elliff at a two-day conference at Princeton University in October, 1971, sponsored by the Committee for Public Justice.

62-116395-83

ENCLOSURE

A major thrust of Professor Elliff's paper concerned FBI authority derived from legislative enactments as opposed to that derived from Presidential directives, beginning with a directive issued by President Roosevelt in September, 1939. Professor Elliff is of the opinion that the 1939 directive, which was reiterated on three subsequent occasions, was magnified by the FBI from its original purpose to a definitive order to conduct intelligence-type investigations.

Senator Sam J. Ervin, as you know, had been probing into the nature and extent of FBI intelligence-type investigations. Senator Ervin had even announced that he intended to propose legislation to prohibit the FBI from investigating any person without that individual's consent, unless the Government has reason to believe that person has committed a crime or is about to commit a crime. Other Congressmen indicated a similar interest in FBI investigative activities.

Our study revealed that the FBI had declared publicly over a long period of time that its responsibilities in the domestic intelligence field are authorized under legislative enactments, Presidential directives, and instructions of the Attorney General. The Presidential directives are obviously the 1) directive dated September 6, 1939, and reiterated January 8, 1943; July 24, 1950; and December 15, 1953, and 2) Executive Order 10450 dated April 27, 1953 (and amended but not yet implemented by Executive Order 11605 dated July 2, 1971).

In carefully analyzing the language of the first directive, dated September 6, 1939, and considering that the subsequent directives are all hinged on that one, we believe that there is a misconception as to the extent of jurisdiction or authority conveyed to the FBI by these directives. It appears that while the 1939 directive fixed responsibility on the FBI to handle espionage, sabotage, and neutrality matters, it did not convey any authority or jurisdiction which the FBI did not already have from legislative enactments. It is difficult to read into this directive or in any of those which followed any authority to conduct intelligence-type investigations which would or could not be conducted under an umbrella of legislative enactments.

As a matter of historical fact, President Roosevelt in August, 1936, did request former Director J. Edgar Hoover to conduct investigations of subversive activities in this country, including communism and fascism. This request, however, was a confidential oral request and there is doubt that any record of it was made outside the FBI. This request, or Presidential mandate, was based, incidentally, on the fact that the law provided that the FBI could conduct such investigations if the Secretary of State should so request.

The study revealed that while the 1939 et seq. directives did not grant any special intelligence-gathering authority to the FBI, we were responsible under these directives to collect all intelligence information furnished by local, state, and Federal law enforcement agencies and patriotic citizens and to sift and coordinate all such information for indications of subversive activity covered by Federal statutes.

The study concluded that the FBI has the responsibility to conduct whatever investigations are necessary to determine if statutes relating to espionage, sabotage, insurrection or rebellion, sedition, seditious conspiracy, advocacy of overthrowing the Government, and other such crimes affecting the national security have been violated. In this connection we note that in a letter dated September 14, 1967, the Department of Justice advised that the FBI is continually alert to the problem of recurring riots and is submitting intelligence reports to the Department of Justice concerning such activity. This letter enumerated several Federal statutes and stated these could be applicable in using maximum available resources, investigative and intelligence, to collect and report all facts bearing on the question of schemes or conspiracies to plan, promote or aggravate riot activity.

In other words, the Department was requesting all possible intelligence-type investigative activity based on the existence of certain statutes. We see this as being no different from our intelligence-type investigations relating to plans of groups or individuals to overthrow, destroy, interfere with or threaten the survival of effective operation of national, state, and local governments.

Based on this study, we believe that had there never been a single one of the Presidential directives in question the FBI would have conducted and will, through necessity, continue to conduct the same intelligence-type investigations as were conducted from 1939 to the present date. We also believe, however, that in order to counter the criticism and skepticism of such individuals as Professor Elliff and Senator Sam J. Ervin that an up-to-date Executive order should be issued clearly establishing a need for intelligence-type investigations and delineating a clear authority for the FBI to conduct such investigations based on guidelines established by the Attorney General and adhering to constitutional principles.

The study concluded with two basic recommendations. 1) That the Department of Justice be requested to sponsor comprehensive legislation spelling out the FBI's investigative authority in the collection of intelligence information relating to the national security and; 2) that the Department of Justice be requested to seek a comprehensive Executive order which would cover any possible gap between statutory authority and Executive necessity in protection of the national security.

At first glance these recommendations may appear to contradict our position that we already have statutory authority to conduct security-type investigations; that this being the case we do not need additional legislative enactments, nor do we need an Executive order. But being realistic we think that the basic statutes upon which we rely for our authority to conduct domestic intelligence investigations need to be updated to fit 1973 needs. Title 18 U.S.C. Sections 2383, 2384, and 2385 relate to the national security, but the legislative history of 2383 and 2384 indicates that they were designed for the Civil War era, not the Twentieth Century, and Section 2385 has been reduced to a fragile shell by the Supreme Court. These statutes are unquestionably still valid, but updating is certainly indicated. The bills introduced as H.R. 6046 and S. 1400 in the 93rd Congress appear to contain language which should fill our statutory needs, except perhaps for those groups, such as the Ku Klux Klan, which do not seek to overthrow the Government, but nevertheless are totalitarian in nature and seek to deprive constitutionally guaranteed rights.

As to the need for an Executive order, we think that two issues are involved. We have statutory authority, but what we need is a definitive requirement from the President as to the nature and type of intelligence data he requires in the pursuit of his responsibilities based on our statutory authority. In other words, there is a need, from our standpoint, for both authoritative and definitive guidelines. The statutes give us the authority. The Executive order would define our national security objectives.

Members of Congress, including such men as Senator Robert C. Byrd of West Virginia, have proposed legislation to spell out jurisdiction and authority of the FBI in this field. It would appear that the President would rather spell out his own requirements in an Executive order instead of having Congress tell him what the FBI might do to help him fulfill his obligations and responsibilities as President.

The political climate of suspicion and distrust resulting from disclosures coming out of the Watergate hearings could present an obstacle to getting any such Executive order signed in the immediate future. However, the rationale is nevertheless valid and when scrutinized closely, the language in the Executive order we hereinafter propose establishes definitive guidelines which have heretofore been unclear. It is my belief that we should go forward with this.

We therefore propose and recommend that an Executive order along the following lines be submitted to the White House with a strong recommendation for approval. The language which follows is merely to illustrate the type of Executive order which we think would be appropriate and does not necessarily represent an ideal format or style which should be submitted to the White House.

EXECUTIVE ORDER

"Whereas the Constitution of the United States was established to insure, among other things, domestic tranquility; to provide for the common defense; and to promote the general welfare for the people of the United States; and

"Whereas the President of the United States has the constitutionally imposed responsibility of defending the Constitution and the existence of the Government thereunder; and

"Whereas there have been continuing unlawful acts of violence perpetrated against the Government of the United States or against citizens of the United States or against persons entitled to the protection of the United States thereby endangering the domestic tranquility, threatening the common defense, and jeopardizing the general welfare of the people of the United States; and

"Whereas the Congress has enacted laws prohibiting acts such as treason, sedition, sabotage, espionage, insurrection and rebellion, seditious conspiracy, civil disobedience, rioting, assassination, kidnaping, deprival of civil rights, and conspiracies to commit such acts; and

"Whereas the President of the United States as Chief Executive in the maintenance of the Government thereunder must have intelligence information for appropriate decisions in the discharge of his constitutionally imposed responsibilities;

"Now by authority vested in me by the Constitution and statutes of the United States and in the interest of orderly operation of this Government and in furtherance of the domestic tranquility, common defense, and general welfare of the people of the United States it is ordered that;

"The Attorney General prepare and issue guidelines, conforming to the principles of the Constitution and the Bill of Rights, and outlining the necessary direction, coordination, and guidance of investigations to assure that the Federal Bureau of Investigation provides on a continuing basis intelligence information essential to the execution of laws pertaining to subversive activity and other such activity affecting the national security, domestic tranquility, and general welfare of the United States."

The Nation has been going through a time of terror. The concept of urban guerrilla terrorism has been adopted by various extremist elements in the United States. Bombings of public buildings and national institutions;

killing of police officers who, by their uniform, are a symbol of the democratic establishment; hijacking of aircraft in furtherance of revolutionary movements; terrorist assaults on foreign diplomatic personnel and establishments; and open declaration of war on our form of government are only a few of the violent acts which have been perpetrated by domestic subversives who seek to destroy or seriously cripple our Government. Terrorist guerrilla attacks which were once confined to far away places and related to problems of no immediate concern of ours are now possible in this country. Foreign terrorist groups in collusion with domestic terrorists have laid plans for an airport massacre of the type which recently occurred in Israel. Other foreign terrorist elements have laid plans for terrorist attacks on American soil. Already one foreign official has been assassinated, possibly by terrorists.

It would be folly to adopt an investigative policy based on the concept of investigation only when there is reason to believe a crime involving the national security has been committed. The FBI must obviously anticipate the crimes described above. We believe that in order for the Government to be in position to defend itself against revolutionary and terrorist efforts to destroy it, the FBI must have sufficient investigative authority to conduct intelligence-type investigations not normally associated with enforcement of the statutes. In other words we think the President has the inherent Executive power to expand by further defining the FBI's investigative authority to enable it to develop advance information concerning the plans and aspirations of terrorists and revolutionaries who seek to overthrow or destroy the Government. However, we also believe that such expanded authority must be formally set forth in an Executive order and that this recommendation is responsive in the Attorney General's expressed interest in laying more formal guidelines to our work in areas where definition is not now clear.

We consider the issuance of a new Executive order delineating our jurisdiction, authority, and responsibility to gather and report intelligence information relating to the national security to be a very important and high priority matter. We believe the issuance of guidelines by the Attorney General under Title 28, Section 533, United States Code, to be equally important.

For your information, our own investigative guidelines as contained in our Manual of Instructions relating to domestic subversive investigations have been completely rewritten to conform with the concept that our domestic intelligence-type investigations are based on Federal statutes. These guidelines provide that in each instance, the domestic intelligence investigation must be predicated on information indicating that the organization or individual is engaged in activity which could involve a violation of specific statutes relating to the national security. A copy of the new guidelines was previously provided to the Department of Justice in connection with the request of Senator Edward M. Kennedy to obtain a copy of the FBI's Section 87 of the Manual of Instructions. The effective date of the new guidelines was August 1, 1973.

ADDENDUM: Intelligence Division, WOC:aso, 4/4/75

The Intelligence Division has reviewed the attached figures prepared by the Administrative Division. Under the criteria of the current Classification Act it would be impossible to justify classification of these figures; however, should they be made public or fall into the hands of a hostile foreign intelligence service, it would reveal the current capability the FBI employs in the field of counterintelligence against the total foreign threat. In view of the above, the Intelligence Division strongly recommends that the Legal Counsel Division discuss this with the staff of the Senate Select Committee pointing out the vulnerability implicit in this attachment in an effort to have the Committee withdraw its request identified as III C.

ADDENDUM: LEGAL COUNSEL DIVISION PVD:dkg 4-14-75

Regarding the observations of the Intelligence Division concerning the making available the amount of manpower dedicated to counterintelligence and domestic intelligence work in the FBI, the Legal Counsel Division has the following observations:

(1) Based on our analysis and conversations this Division has had with Fred B. Griffith of the Inspection Division, it appears that the information contained in this memorandum may be classified confidential under Executive order 11652.

(2) Before making any determination as to whether we make such information available to the Senate Select Committee, it would appear we should determine from CIA what their response to such a request will be so that our position and that of CIA will be consistent in this area. In this regard SA Paul V. Daly has contacted Leon F. Schwartz, Liaison Section of Intelligence Division, and requested he determine from CIA what their position in this regard is.

(3) It is not believed that we should take a hard and fast position that this information not be made available to the Committee or that we make an effort to have the Committee withdraw their request for this information. We should rather develop some fallback position such as that this information will be made available to the Chairman of the Committee or will be made available during an oral briefing, etc.

SUBJECT: SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES

In connection with our investigations of staff members for captioned Committee, we have developed derogatory information on two individuals which has been brought specifically to the attention of William Miller, Staff Director of the Committee. One of these involved Mrs. Diane Eloise LaVoy whose sister-in-law questioned her loyalty and declared she "does not love America." The sister-in-law said Mrs. LaVoy constantly criticized the U. S. Government and its policy and underlying weaknesses of our society. Another individual said she was highly critical of CIA activities. This information was pointed out to Miller on 3-25-75 when the results of the investigation were delivered to him, and he also was advised that the CIA would be furnished the same data in accordance with our agreement concerning these matters.

On 3-24-75 and 3-28-75 results of the investigation concerning Mrs. Betty Dale Ellison were delivered to Miller and he was advised that a prior supervisor with eight years of training and experience in psychiatric care stated he felt Mrs. Ellison needs psychological examination. He termed her a trouble maker and said he would have fired her if he had the authority. He described her definitely as a security risk due to her mental and emotional instability. It also was pointed out to Miller that other former supervisors described her as unstable when working under pressure and unable to get along with fellow employees. Miller was told that this information also would be furnished to CIA.

On 4-2-75 Miller advised Inspector Bowers he had considered the matter involving Mrs. LaVoy and had discussed it with the Committee Chairman, and they had decided to proceed with her as a staff member since they did not feel the derogatory remarks by her sister-in-law were sufficiently strong enough to disqualify her since the remainder of the investigation was favorable.

Miller also advised on 4-2-75 that their review of the Ellison investigation showed justifiable concern for her being cleared for the staff, and he asked for any guidance we might give him. It was pointed out that the only real solution to the situation seemed to be that she not be added to the staff. Miller said he would appreciate any comments from the CIA also in this regard. This request was conveyed to CIA by Section Chief William Cregar of the Intelligence Division who subsequently advised that Charles Kane, Director of Security, CIA, had reviewed the file on Ellison and agreed there was sufficient cause to question her suitability for assignment to the Select Committee staff. Kane stated CIA Director Colby concurred in this observation.

These views were conveyed to Miller on 4-9-75. Miller stated at that time that they had resolved the situation by assigning Mrs. Ellison to purely administrative tasks and that she would be fully isolated from any sensitive or classified information in connection with her responsibilities.

On 3-19-75 Inspectors John B. Hotis, David W. Bowers, and Special Agent Paul V. Daly met with William Miller, Staff Director; Frederick A. O. Schwarz, Jr., Chief Counsel; and Michael T. Epstein of the Senate Select Committee (SSC) staff. During the meeting Mr. Schwarz requested a briefing be arranged for staff members of SSC concerning the operations of the Intelligence Division, that they be furnished copies of training documents pertaining to matters handled by the Intelligence Division, and that they be furnished a glossary of terms used in the intelligence field. He pointed out the aforementioned material would greatly assist in the SSC staff developing an understanding of the Intelligence Division operations and hopefully prevent misunderstandings or needless requests of the FBI.

Mr. Miller advised that Senators Frank Church and John Tower intended to contact the Director in the immediate future to discuss arrangements relating to the SSC's review of the FBI activities.

RECOMMENDATIONS:

(1) Intelligence Division review and ~~where possible~~ make available training documents relating to training concerning Intelligence Division matters and a glossary of terms used in the intelligence field, or recommend a counter offer.

(2) Legal Analysis Office in conjunction with the Intelligence Division arrange a briefing for Senate Select Committee staff members.

At 11:00 a.m. on April 17, 1975, Inspector John B. Hotis Special Agent Paul V. Daly and I met with Deputy Attorney General Tyler and Associate Deputy Attorney General James Hutchinson at the request of the Deputy Attorney General.

Deputy Attorney General Tyler advised that he had been requested by Burke Marshall and F.A.O. Schwarz, III, who are consultant and General Counsel, respectively, for the Senate Select Committee, to meet with him on Monday afternoon, April 21, 1975, to discuss matters relating to the Committee's activities. The Deputy Attorney General said that he has been personally acquainted with Mr. Marshall for a long time and also is acquainted with Mr. Schwarz. He considered the possibility of having a Bureau representative attend the meeting, but then decided it would be best if he would meet with Marshall and Schwarz privately to determine whether they desire to discuss details of the Committee's responsibilities and if it became necessary, he would request the Bureau to send a representative to the meeting.

REC 44 62-116395-79

The Deputy Attorney General said that he would, of course, advise us orally or in writing of the results of his conference with Mr. Marshall and Mr. Schwarz.

APR 22 1975

The Deputy Attorney General inquired as to the procedure currently being employed in responding to the Committee's requests and Inspector Hotis explained the current procedures. I mentioned to the Deputy Attorney General the existence of the Ad Hoc Committee of Intelligence Agencies and suggested to him that he might desire to designate a representative to attend those meetings in order to be on notice as to the policies being developed by the White House and the intelligence community in responding to Committee requests. I explained to him that James Wilderotter, formerly Associate Deputy Attorney General, was the

Department's representative on the Committee, but he has now been reassigned to responsibilities at the White House. I told him that Assistant Attorney General Scalia had been scheduled to attend the last meeting of the Committee, although he was unable to attend. The Deputy Attorney General said that he would discuss with Mr. Scalia the possibility of having Mr. Scalia attend as the Department's representative.

I asked the Deputy Attorney General whether he was undertaking the principal responsibility in the Department for matters relating to the Senate Select Committee and other committees that may be inquiring into the FBI and he said that that was not clear as yet because the Attorney General has taken a personal interest in these matters and it appeared that the responsibilities are still fragmented within the Department. It was his opinion that the responsibilities should be centralized and he appeared to be willing to undertake that responsibility.

It was my impression that the Deputy Attorney General was interested in being of assistance to the FBI in these matters and expressed a willingness to cooperate by having the FBI participate as much as possible with the Deputy Attorney General.

Mr. William G. Miller is the Staff Director for the Select Committee to Study Governmental Operations with respect to intelligence activities. On 10/5/73, representatives of our Washington Field Office (WFO) interviewed Mr. Miller, with Bureau approval, [relative to contacts he had had with members of the Soviet Embassy, Washington, D. C.](S) At that time, Mr. Miller was the Director of the Special Senate Committee to Terminate the National Emergency. On that occasion he was most cooperative, and upon being advised that the FBI's interest in (S)[Soviet Embassy personnel focused more on their personalities rather than Soviet policies] per se, Mr. Miller agreed to be interviewed whenever the FBI felt such was necessary.

WFO has recently conducted an interview with Mr. Albert Ashton Lakeland, Jr., Executive Assistant to Senator Jacob Javits of New York, [relative to his past contacts with Grigoriy A. Rapota, a former Third Secretary assigned to the Soviet Embassy, Washington, D. C. My memorandum to you 4/10/75, tickler copies as above, advised of the formal establishment of a task force called Project Senstudy 75 for the purpose of implementing responses to requests for information from Senate and House Select Committees on Intelligence Activities.

From time to time, requests will be made of various Divisions at FBIHQ for assistance in preparing responses. The Office of Legal Counsel has already contributed considerably in support of Senstudy 75 and is an integral part of the Project.

In order that we may keep an up-to-date record of the cost to the Bureau in handling this Project, each Assistant Director is requested to effect the necessary procedures to maintain such records and by the third of each month furnish by routing slip to W. O. Cregar, Room 4063, JEH Building, the following information: (1) Name of Division reporting; (2) Month for which reporting, which will be month just ended; (3) Man days devoted to Project assistance, broken down by (a) Agent and (b) clerical, including GS level for both Agent and clerical. An example submitted by 5/3/75 would be as follows: (1) GID; (2) Report for 4/75; (3)(a) one-half day @ GS-16; one day @ GS-15; three days @ GS-14; (3)(b) two days @ GS-7; two days @ GS-5.

This is effective commencing 4/1/75 and first routing slip report due 5/3/75 will be for the month of April, 1975.

If a Division has not participated during the preceding month, merely submit a routing slip to this effect.

The cooperation of all is urged so that the necessary cost data may be compiled each month. It is recognized that exact figures will not be feasible and that estimates will be most practical and will suffice.

This memorandum records the formal establishment of a task force entitled Project Senstudy 75.

The concept behind the establishment of this Project is to develop a capability of implementing requests received from Select Committees of the Congress in a comprehensive and timely fashion but yet allow the Bureau to continue to conduct its day-to-day business in as normal a manner as possible. We believe that by creating this facility we will be able to meet the requirements of these Select Committees with the exception of the research that will have to be done in the substantive Divisions.

While the Project will direct internal work and related liaison with the intelligence community and the White House staff, we envision the Legal Analysis Unit Office of Legal Counsel Division as continuing to be the primary point of direct contact with the Select Committees of the Congress. They will receive all requests and deliver all responses to these Committees. In addition, they will meet with the staffs of the Committees to insure the reasonableness of requests. If necessary, they will call upon the expertise of the substantive Division for determination as to whether a proposed request from the Committees can be responded to within a reasonable period of time and within the capabilities of the FBI's information retrieval system.

REC- 100 62-116395-

At the present time four Supervisors have been delegated to work exlusively on the Project. They are as follows:

12 APR 23 1975

The Project Manager will be Section Chief William O. Cregar, CI-2 Section, Intelligence Division. His duties will encompass the review of all incoming requests from the Select Committees in an effort to identify policy questions;

ambiguities requiring recontact with Committee staffs; the assignment of research responsibilities to substantive Divisions; following such responsibilities to insure timely responses; as well as representing the FBI on the Executive Committee of the Ad Hoc Coordinating Group for Congressional Review of the Intelligence Community. Assistant Director John A. Mintz is also a member of the Executive Committee. This latter responsibility will provide Cregar and Mintz with direct liaison not only with senior officials of the intelligence community but also with the President's counsel.

Mr. Elmer W. Larson, Unit Chief, Training Unit, IS-3 Section, Intelligence Division will act as Cregar's Number One Man; will administer the work of the Project; and act in the absence of Cregar.

Seymor F. Phillips, Unit Chief, Civil Disorders Reporting Unit, IS-1 Section, Intelligence Division will serve as the Review Coordinator for the Project. His responsibilities will be to review all research; coordinate all responses; be available to consult with substantive Divisions as to proper form of our responses; identify any conflicts in FBI positions where several Divisions are responding to a particular question; as well as to insure the quality, completeness and adequacy of responses to Select Committees requests. Additionally, Phillips will be responsible for the preparation of abstracts to be furnished to the Interagency Registry maintained at CIA Headquarters. This Registry established by the Executive Committee of the Ad Hoc Group at the suggestion of and with the concurrence of the White House will serve as the coordinating mechanism for the entire intelligence community.

Mr. Leon F. Schwartz, Liaison Officer with CIA, CI-4 Section, Intelligence Division will function as the Liaison Officer with the intelligence community responsible for coordinating and clearing all information under the third agency rule where FBI responses are of interest to or are of a proprietary interest to other agencies of the intelligence community. Schwartz will serve as the Bureau's representative on the Ad Hoc Coordinating Group for Congressional Review of the Intelligence Community.

CONTINUED - OVER

Because of the White House insistence that all requests and responses be completely coordinated and available for review by White House representatives, it is imperative that the Project have a self-sustained records facility to insure immediate access to requests received from and responses furnished to the Select Committees. In addition, in those instances where certain FBI documents furnished to the Select Committees must be sanitized (excised), it is imperative this records facility not only retain copies of the sanitized documents but also copies of the original text. For these reasons a senior clerical employee has been requested to function as a Records Manager for the Project.

In addition to the above, there will be stenographic and clerical personnel assigned to the Project to support the work of the Bureau Supervisors. We have not committed any more personnel to the Project than are absolutely necessary at the present time. Should the requests of the Select Committees require additional personnel, appropriate memoranda will be submitted with a complete justification for additional personnel assigned to the Project.

Although the physical space for the Project is limited, all personnel connected with Project Senstudy 75 will be located in Room 4063, J. Edgar Hoover Building. This space is physically located within the Intelligence Division.

As a matter of interest, Mr. James Wilderotter, Associate Counsel to the President, has requested that should any member of the intelligence community get requests from other Committees of the Congress which impact on the intelligence community; could be of interest to the White House; or are of such sensitivity that coordination is required, copies of both the requests and an abstract of the responses should be made available to the Interagency Registry.

ON INTELLIGENCE ACTIVITIES

From a review of the table of contents of this Manual it can be seen that the material contained in this Manual pertains to administrative rather than investigative operations of the FBI, and for that reason it has not been possible to select portions of this Manual which pertain directly to internal security, intelligence collection, and/or counterintelligence matters, operations, or activities responsive to the Committee's request. The various other requests contained in the Committee letter of March 19, 1975, are receiving attention and further response will be forthcoming at the earliest possible time.

NOTE:

Table of contents for Manual of Instructions and Manual of Rules and Regulations, as well as the several Sections of the Manual of Instructions which are being transmitted to the Select Committee, have already been made available to the General Accounting Office in the past, with the exception of Section 36, Section 105, and Section 107, Part II. Sections 105, 107, Part I and Part II, and Section 130 are not being furnished to the Committee, but the Committee will be allowed to examine these Sections at FBIHQ. Section 36, dealing with espionage, although classified, does not contain sensitive material involving sources and we feel in the spirit of the requirement we should furnish this Section to the Committee.

As a matter of interest, all of the material with respect to the Manual of Instructions which has been made available to GAO is actually maintained in FBI space.

BRIEFING FOR STAFF MEMBERS
BY INTELLIGENCE DIVISION
APRIL 11, 1975

As you were previously advised, William Miller, Staff Director of the Senate Select Committee on Intelligence Activities, requested that we provide a briefing for certain staff members of the Committee on the functions of the Intelligence Division. He asked that the briefing cover both internal security and foreign counterintelligence operations and that it provide a broad overview of our investigative responsibilities.

The Intelligence Division is prepared to offer a two-hour briefing beginning at 10:00 a.m. on Friday, 4-11-75. It will include a slide show to be followed by a general discussion and an opportunity to afford questions and answers. After a luncheon break, the staff members will be given a brief tour of the Files and Communications Division.

Since the briefing will cover classified materials, no staff members will be invited unless they have appropriate security clearances. As a consequence Professor John Elliff, who has been tentatively named Director of the Committee's Task Force on Domestic Intelligence, will not attend. It is hoped that we may provide him with a private meeting at some later date.

REC-106 62-116395-74

It is expected that those attending the briefing will include: Mr. Miller, F. A. O. Schwarz III, Chief Counsel, Mark Gitenstein and Marvin Epstein, staff members. Since no Committee members will be present, we are not recommending that the staff meet with the Director.

12 APR 23 1975

RECOMMENDATION:

That the above-named staff members of the Senate Select Committee be given a briefing by the Intelligence Division and the Files and Communications Division on 4-11-75.

"The Washington Post," Thursday, 4-10-75, edition on page A31 contains an article reporting an interview of Senator Frank Church, Chairman of the Senate Select Committee on Intelligence Activities. Senator Church, according to this article, stated that the Committee is reserving the right to make public eventually any documents it gets and is accepting nothing with "strings attached."

Inasmuch as this Committee is also the Committee which the FBI is furnishing information to, it is believed a clarification of Senator Church's statement must be obtained and in the interim we should furnish the Senate Select Committee only those documents which do not have a caveat such as classified documents or documents bearing the property stamp.

Section Chief William O. Cregar advised that he had contacted Dr. John M. Clarke, Associate Deputy to the DCI for the Intelligence Committee concerning Senator Church's reported statement. Clarke stated that CIA Director William E. Colby was highly upset at Church's remark and that this statement would be a topic of a discussion of the Executive Committee meeting of the Ad Hoc Coordinating Group on Congressional Review the morning of 4-11-75. We will be represented at that conference by Section Chief William O. Cregar and Assistant Director John A. Mintz. Clarke indicated the position that the CIA will apparently take regarding this problem is that the White House should obtain the clarification although CIA Director Colby initially was prepared to send a letter over his signature to Senator Church to obtain such clarification.

EX-110 REC-4 62-116395-13

Inasmuch as the request by this Committee was forwarded through the Department, Senator Church's statement was brought to the attention of Douglas Marvin, Assistant to the Attorney General, who has been handling all FBI responses to Senate Select Committee requests. Marvin indicated he was concerned at Church's statement and stated it was the Attorney General's desire that he be advised of any Bureau response to the Committee concerning this matter.

Senate CIA Committee Says White House Stalls on Data

By George Lardner Jr.
Washington Post Staff Writer

The Senate Committee on Intelligence Operations disclosed yesterday that the White House is still stalling on a month-old request for the directives involving covert activities by the Central Intelligence Agency and other arms of the Government.

Sen. Frank Church (D-Idaho), the committee chairman, told reporters after a closed, 2½-hour meeting that he had been authorized to write another letter to President Ford asking him to expedite the request.

The committee asked Mr. Ford on March 12 for all the executive orders and top-secret National Security Council directives concerning the CIA and the rest of the intelligence community, including the command structure at the White House.

The President was also asked to supply the committee with a copy of CIA Director William E. Colby's January report to Mr. Ford on allegations of illegal domestic spying by the agency.

But all the committee has gotten so far, Church said, has been what the White House evidently regards as the least sensitive documents on the list.

Church said he did not know "what the hang-up is" since White House aides have indicated they consider the committee's entire request as "perfectly proper."

Church did not spell out all of "the more sensitive data" that is still being withheld, but he said it includes both the Colby report and the top-secret White House and National Security Council directives dealing with covert operations, both foreign and domestic.

The Idaho senator said the committee is reserving the right to make public eventually any documents it gets and is accepting nothing with "strings attached." But he declined to speculate on whether this might be the reason for the administration's hesitance.

Church said all of the records were essential to the committee's mandate to investigate the CIA and the rest of the government's intelligence community. He said he still had no reason to think at this point that the White House would refuse to give them up, but he emphasized that he saw no reason for further delay.

Church said the committee also authorized its staff of about 35 lawyers and investigators to start gathering evidence and interviewing witnesses as the prelude to a projected round of public hearings this summer. The House has also ordered a similar inquiry but its committee, headed by Rep. Lucien Nedzi (D-Mich.), has yet to choose a staff director.

The Senate committee's chief counsel, Fritz Schwarz, said directors have now been named for all four of its task forces. They are William Bader, head of the foreign intelligence task force; John Elliff, head of the domestic intelligence task force; Alton H. Quanbeck, head of the Military intelligence task force, and David Aaron, head of the task force that will study the intelligence community's 'command and control structure."

Bader is a former Senate Foreign Relations Committee aide and has recently been working with the Ford Foundation. Elliff is a Brandeis University professor and expert in domestic law enforcement activities. Quanbeck has been director of the Brookings Institution's defense analysis project and Aaron has served on the National Security Council staff.

Schwarz said that each of the task forces will cut across the lines of various intelligence agencies and focus on general avenues of inquiry, such as the "legal authority and legal restraints" for intelligence work; the targets and techniques of intelligence-gathering, counterintelligence and covert operations, and the question of who orders and controls those activities.

This memorandum reports the results of a meeting of the Executive Committee of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community (hereafter referred to as the EXCOM), held at CIA Headquarters on the morning of 4/4/75.

This meeting was chaired by Mr. Colby in his role as the Director of Central Intelligence. In attendance were Mr. Roderick Hills, Assistant Counsel to the President; Associate Deputy AG Wilderotter; Mr. John Clarke; as well as senior officials from Defense, Treasury, National Security Council, Office of Management and Budget, and the Energy Research and Development Administration.

The following items of interest were discussed:

Mr. Roderick Hills reported that he had a meeting with the Counsel and Staff Director of the Senate Select Committee (SSC) to discuss having Legal Counsel present when members of a particular agency were being interviewed by SSC staff personnel. The essence of this meeting resulted in the SSC being receptive to such an arrangement but it would be incumbent upon each agency, department or bureau to negotiate the specific arrangements for such representation with the SSC. Hills also discussed the problem of the unknown employee or former employee who might request to be interviewed unbeknownst to the parent agency. It was suggested to the Counsel and Staff Director by Hills that such an employee be interviewed by only one staff member, that the staff member attempt to determine the scope of this individual's testimony and then discuss such testimony with the parent agency to insure the agency could provide advice as to the sensitivity of the unknown employee's testimony. No firm decisions were made but it would appear the Counsel and Staff Director will agree to allow Counsel to be present during the

testimony of a secret employee and following such testimony the employee will be allowed to meet with staff members of the SSC in an Executive Session. It is anticipated more definitive information on the final decisions regarding this aspect will be forthcoming from the White House.

The question was raised by the Bureau representative as to whether the Ad Hoc Group and/or the interagency registry should be notified as to requests members of the Intelligence Community receive from other Congressional committees. Mr. Wilderotter advised that this would be a judgment question; however, if a request from a Congressional committee other than the Select Committees impacted on the Intelligence Community, involve sensitive issues or would be of interest to the White House, such requests should be provided to the interagency registry along with an abstract of the response.

Attached is a list of those members of the SSC staff who have been certified for access to compartmented information. Also attached is a paper identifying 10 issues likely to grow out of Select Committee deliberations. The pencil notation in the right-hand column identifies those agencies of the Intelligence Community responsible for preparing a paper which addresses these issues. It is noted that issue identified as number eight is entitled, "Intelligence Files and Privacy." Mr. Colby asked that the FBI prepare this paper. Assistant Director Mintz advised that the Bureau has a study underway on this very subject and agreed that the Bureau would prepare this study. The deadline for completion of the study is 4/25/75.

Also attached is a copy of the survey of the SSC facility, Room G-308, Dirksen Building, covering all aspects of physical and technical security. None of the participants of the EXCOM had any objection to the facility and we presume the SSC will abide by the procedures outlined in the attached survey report.

Attached also for information is a draft of an employee notice and agreement concerning treatment of confidential material being considered by the SSC. It is to be noted that to date neither the Committee nor its staff has signed any such Secrecy Agreement.

SURVEY REPORT

Senate Select Committee Facility
Dirksen Bldg. 1st & C Street, N. E.
Washington, D. C.

1. In response to a request from Mr. Ben Marshall, Security Director, Senate Select Committee, (tele. 224-1700) Messrs. Nicholas R. Zubon and Robert E. Burgener conducted a comprehensive security survey of the Senate Select Committee's Facility on 24 March 1975.

2. Mr. Marshall provided both a comprehensive tour of the facility and a detailed explanation of the operation.

3. The following are pertinent facts concerning the security procedures as related to the Senate Select Committee Facility:

A. Type of Facility

The Committee is in the auditorium (Room G 308) of the Dirksen Building at 1st and C Streets, N. E., Washington, D. C. Access to the auditorium is gained easiest by entering the building from the 1st and C Streets entrance. A 24-hour guard post is located just inside this entrance. The Select Committee facility is 40' east of the building guard post. It is nearly in direct line of sight, however, a foyer surrounded by a 6' high temporary partition precludes the auditorium entrance door from being visible. The entrance to the auditorium is protected by a 24-hour guard post.

The auditorium (Room G 308) is approximately 100' long x 45' wide. The floor, ceiling and walls are made of 6" to 8" solid masonry. The ceiling has a false ceiling approximately 18" deep in which the air handling equipment and sundry other service components are housed. All major air handling equipment is on the roof above the auditorium. Access to the roof which is strictly controlled by the Director of Security, is gained by a stairway in the southeast corner of the auditorium. The sidewalls each have a 2' x 3' register approximately 12' above the floor through which

air is passed from the auditorium to the air handling equipment on the roof. These registers are solidly bolted into the walls.

The front of the auditorium (south wall) is covered by a large movie screen. To the right and left of the movie screen are two rooms 6' wide and approximately 15' long used by the research section clerical personnel. These rooms have countertop openings approximately 3' above the floor for access from within the auditorium. Countertop openings exist along both sidewalls for approximately three quarters of the length of the wall. The sidewalls have intercorridors on the opposite side of the countertops which have been converted into unpartitioned office space. The only reproduction machine, a xerox model 3100, is located in the west corridor. The east corridor has been converted into a compartmented information storage room and a compartmented document reading room. The Security Director indicated that he may move his office to the head of the compartmented reading room to provide a larger measure of access control to this sensitive area.

The auditorium has six wooden exterior doors, 7' high and 3" thick. The entrance door into the auditorium (west and north wall) will have an electrical push-button lock installed. A similar door in the east end of the north wall will be barred and bracketed on the inside to prevent unauthorized entry. The west wall has 2 exterior doors leading into the Capitol Police offices. The east wall has two exterior doors with one leading to the roof while the second door exits into the Capitol Police Garage. All exterior doors will be alarmed. The doors now have Yale 197 1/4 locks with the keys controlled by Mr. Marshall. The fire safety factor concerning these locked doors was discussed with him.

The auditorium has a small second floor area at the north end. Access is gained by two stairways on the east and west side of the auditorium. The second floor space consists of a large projection room, currently filled with projection equipment, and five small private film viewing rooms.

The five small rooms will be converted into witness interview rooms. The windows in each of these rooms will be covered during the stay of the Select Committee in the auditorium.

B. Access Controls

Access to the Dirksen Building is gained by either the main entrance on 1st and C Streets, ground level, or the Basement Tunnel Entrance at the rear of the building. Both entrances have a 24-hour guard post where persons entering are checked for identification. Brief cases and packages are processed through x-ray machines. Vendors entering the main entrance are checked for ID, however, all boxes are not checked.

Entry into the auditorium is controlled by a guard at the door. His instructions are that all persons entering must show an ID card. Visitors are permitted only by appointment. They are logged in and escorted at all times while in the auditorium. From 1800 hours Friday through 0800 hours Saturday, and from 1300 hours Saturday to 0700 hours Monday everyone must sign the log in and out and show an ID. In the event an access problem arises at the guard post, regardless of the hour, Mr. Marshall is alerted.

C. Guards

The Dirksen Building and the auditorium are protected by members of the U. S. Capitol Police Department. The Building has two 24-hour/7day-a-week guard posts at the entrances while the Senate Select Committee has one 24-hour/7 day-a-week guard post at the entrance and an after-hours roving patrol inside the auditorium. All police officers are well trained, wear the Capitol Police uniform and carry Smith and Wesson 38 caliber revolvers. After-hour patrols check all doors, the entire auditorium for classified material that may not have been secured, and the second floor hourly during the night. The guards on duty at the time of the survey were alert and responsive to their duties. During off-duty hours, guard supervisors make at least two unscheduled visits to the guard posts during each shift. In addition the guard at the stationary post has four telephones, two of which have a pickup and automatic ring feature with Capitol Police Headquarters. There will be no rotation of police officers during the occupancy of the Committee. The same officers will be assigned to these posts.

D. Alarms

All exterior doors to the auditorium will have contact (microswitch) alarms. The Remington Rand safes, being obsolete, will be protected by a proximity alarm. The compartmented storage room and an adjacent reading area will be protected by a volumetric alarm. For fire protection a smoke detector/rate of rise alarm will be installed in the compartmented area. All alarms will enunciate at the guard desk at the entrance to the auditorium. The ADT Company will install and maintain the alarms.

E. Safes

The facility has 22 safes. Sixteen 4-drawer Remington Rand Safes located below the movie screen. Three class six Mosler 5-drawer, two class 1 Diebold 2-drawer, and one class 2 Diebold four-drawer are located in the compartmented storage room. With the exception of the Remington Rand safes, all other safes are in good working order.

The safe combination and repairs are under contract with the Safemaster Company. The safe combinations were recently changed by that company. All safe combinations are under the control of Mr. Marshall. However, an assist on day-to-day operations is provided by Mr. Pat Shea, Assistant Staff Director, who acts as backup for safeguarding the combinations to the safes in the compartmented storage room. Messrs. Larry Kieves, John Petersen and Ms. Jan Orloff are backup for the combinations to the sixteen Remington Rand Safes. Mr. Marshall was given two change keys in the event he decides to change the combination himself should staff personnel rotate.

F. Document Control

Incoming CIA documents will be delivered by Agency courier to the guard at the entrance door to the auditorium. The registry officer will receipt for them and take them to the Registry Section where all documents will be logged. Compartmented and Top Secret material will be taken to the Compartmented Storage Room and placed in a safe after it has been logged in Registry. Individuals, on an access list promulgated by Mr. Marshall draw the compartmented documents from the safes but must read them in the adjacent area dedicated for this purpose. Documents classified below TS/Codeword will

be stored in the Remington Rand safes. The documents in the Remington Rand safes can be drawn by anyone on the staff, but must be receipted for with the Registry Officer. The documents are to be read on the tables placed there for that purpose in the Research Section.

Further control of classified documents is directed through the assigning of a staff employee given responsibility for the reproduction of documents on the xerox machine. He will control the number of copies made on typewriters.

All classified material is secured in safes at the end of the working day.

H. Classified Waste

It is estimated that one 50-pound bag of classified waste will be generated each week while the Committee is in session. Once the bag is filled with classified waste, it will be placed in the locked trunk of Mr. Marshall's automobile and taken to the Federal Reserve Building incinerator where he will witness destruction by burning. In the event this incinerator is booked to capacity, he will take the classified waste and burn it at the D. C. incinerator. Should either incinerator become unavailable to the Committee, Mr. Marshall was assured that CIA would consider assisting him in the secure disposition of Committee classified waste.

I. Compartmented/TS Storage

A room dedicated as the codeword/TS storage room is in the northeast corner of the auditorium. Its five walls are solid masonry ranging from 6" to 8" thick. A 1/8" stainless steel door frame is bolted to the masonry walls. A prefabricated 9 gage wire cross-patch metal frame door is attached to the steel frame serving as access control to the dedicated room. The door will be secured by lock and key once classified material arrives for storage. This room will be alarmed.

J. Telephone

The Facility has six standard telephones in the auditorium. Five of the telephones will be equipped with conversation

masking devices. A central switch installed ahead of the telephone instruments will disconnect all telephones simultaneously, should the need arise. The telephone system is maintained by the local telephone company.

K. Security Briefings

All new members of the committee receive a thorough briefing from Mr. Marshall on security procedures and security responsibilities. Briefings are periodically reinforced when conditions warrant.

L. Security Duty Check Procedures

Custodians secure the safe cabinets assigned to them, i.e. Mr. Shea, codeword room, Messrs. Kieves, Petersen, and Ms. Orloff, Research area. Mr. Marshall double checks behind them. The custodian, Security Director and the roving guard patrol check the entire auditorium to ensure all classified material has been secured at the end of the day.

M. Counteraudio Inspection

Mr. Marshall has taken action on this requirement and continues to monitor this area to provide the Committee with as much security protection against the Audio threat as possible.

N. Shredder

The facility has one Destroyit Model 51 Shredder used only for shredding the most sensitive documents. Other documents are not shredded in this machine because of its limited shredding capability.

O. General Observations

The security procedures implemented within the Senate Select Committee facility are sufficient to provide a proper environment for the protection of classified materials. The survey officers were pleased with the security director's dedication to the objective of providing the best security possible for the Committee.

NOTES FOR SESSION

In previous sessions we discussed the importance of highlighting issues likely to grow out of Commission or Committee deliberations. We observed that we should identify some of those on which a legal brief or annex would be helpful to Executive Branch initiatives. The idea was to select a few where a solid research paper with options, pros and cons, etc., could help us develop a firm grip on the questions in the issue and identify options. For example, the question of Executive privacy presents itself, and I gather is being worked on.

There are others we feel it would be useful for the group to address and assign responsibility for further work. For example:

Suggested Action

1. Economic Intelligence and National Security--new discussion — Treasury

2. Covert action and the law — CIA

3. The Intelligence Budget--open, black, or closed--rational and procedures for handling past, present and future — OMB

4. Joint Congressional oversight committee for Intelligence — CIA.

5. GAO and the audit authorities of U.S. Intelligence Agencies — IC Staff help from legal counsel

6. Confidential funds authorities, contingency reserves, legal base, history and uses — CIA-DOD

7. Cover for Foreign Intelligence Actions legal and administrative issues — CIA-State

8. Intelligence files and privacy — FBI [illegible]

9. The "fact of" question--international, legal and political considerations — State

10. "Sources and methods" legislation — OMB & Justice

This memorandum reports the results of a meeting of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community (hereafter referred to as the Group), held at CIA Headquarters on the morning of 4/2/75.

The study prepared for the President's Foreign Intelligence Advisory Board (PFIAB) entitled, "Human Intelligence," has come to the attention of the Senate Select Committee (SSC). The major contributors to this report were the FBI and CIA. It is an extremely sensitive document and for that reason any requests from any committees of the Congress for copies of this report should be referred to the White House. At the present time, the consensus of those persons in the White House dealing with the subject of release of information to the committees of Congress is that this report will not be provided Congressional committees at this time.

The SSC does recognize a requirement to comply with the Third Agency Rule which states in effect that classified information or material originating in one department shall not be disseminated outside any other department to which it has been made available without the consent of the originating department. CIA's General Counsel has produced a paper entitled "The Third Agency Rule," copy attached, which they have requested be reviewed by the Legal Counsels of all agencies making up the Intelligence Community. A copy of CIA's paper referred to above has been made available to Assistant Director Mintz who has indicated he will be in direct contact with Mr. Warner, CIA's General Counsel.

objections be furnished to the Security Committee of the United States Intelligence Board (USIB) for consideration. A copy of these guidelines has been furnished to the Freedom of Information Unit of the Legal Counsel Division for review. Their comments will be furnished to the Bureau's representative, Mr. Frank Schwartz, on the USIB Committee in compliance with the mandate from the Ad Hoc Group.

Also attached is a copy of the abstract which all agencies of the Intelligence Community are being required to use in abstracting information that agency has provided one of the Select Committees. These abstracts will be retained in an interagency registry to be available for review by any members of the Intelligence Community as well as the White House. The purpose of this interagency registry is to have available in one location all information in abstract form that members of the Intelligence Community have provided the SSC.

Attached is a memorandum for Mr. John Clarke, Chairman of the Group, advising the names and titles of individuals on Congressman Nedzi's staff or on the staff of the House Armed Services Committee who have been approved for access to classified material. It is assumed that these persons will have continuing close relations with Congressman Nedzi and may be officially associated with the House Select Committee.

Also attached is a letter from Senator Church, Chairman of the Select Committee, addressed to the President enclosing a list of documents which the SSC is requesting from the White House.

ACTION:

For information and record purposes.

The Third Agency Rule

1. As early as November 1953, the third agency rule was included in Executive Order 10501, which has now been revoked. Section 7(c) prohibited the dissemination of "classified defense information originating in another Department or agency" to an agency "outside the receiving Department or agency without the consent of the originating Department or agency". The only exception to this rule is that dissemination may be made under the authority of Section 102 of the National Security Act. This section authorizes the Director of Central Intelligence "to correlate and evaluate intelligence relating to the national security, and provide for the appropriate dissemination of such intelligence within the Government using, where appropriate, existing agencies and facilities".

2. Historically, the responsibility of the DCI to disseminate intelligence has referred to "finished intelligence". This product is the end result of contributions from members of the Intelligence Community. Therefore, in this situation the finished product is a~~n~~ homogenous product and therefore the approval for further dissemination beyond the receiving agency must come from the Central Intelligence Agency.

3. Executive Order 10501 was superseded by Executive Order 11652 which became effective 1 June 1972. This Executive order did not specifically cover the third agency rule. However, it does provide the following controls: Sec. 9. Special Departmental Arrangements. The originating Department or other appropriate authority may impose, in conformity with the provisions of this order, special requirements with respect to access, distribution and protection of classified information and material, including those which presently relate to communications intelligence, intelligence sources and methods and cryptography.

4. In anticipation of the implementation of Executive Order 11652, a directive was issued on May 17, 1972 entitled "National Security Council Directive Governing the Classification, Downgrading, Declassification and Safeguarding of National Security Information". This directive does not contain the term "third agency rule" but does have four subsections which relate to procedures which are similar to what historically had been called the third agency rule. These sections are:

> A.(2) Determination of Need-to-Know. In addition to a security clearance, a person must have a need for access to the particular classified information or material sought in connection with the performance of his official duties or

ENCLOSURE 62-116395-68

contractual obligations. The determination of that need shall be made by officials having responsibility for the classified information or material.

D. Consent of Originating Department to Dissemination by Recipient. Except as otherwise provided by Section 102 of the National Security Act of 1947, 61 Stat. 495, 50 U.S.C. 403, classified information or material originating in one Department shall not be disseminated outside any other Department to which it has been made available without the consent of the originating Department.

E. Dissemination of Sensitive Intelligence Information. Information or material bearing the notation "WARNING NOTICE -- SENSITIVE INTELLIGENCE SOURCES AND METHODS INVOLVED" shall not be disseminated in any manner outside authorized channels without the permission of the originating Department and an assessment by the senior intelligence official in the disseminating Department as to the potential risk to the national security and to the intelligence sources and methods involved.

F. Restraint on Special Access Requirements. The establishment of special rules limiting access to, distribution and protection of classified information and material under Section 9 of the Order requires the specific prior approval of the head of a Department or his designee.

5. Examples of the application of the Third Agency Rule are:

(a) In a national security estimate, contributions are received from all members of the Intelligence Community and then disseminated to members of the community under the authority of the DCI;

(b) A CIA intelligence report disseminated to the State Department may not be sent by the State Department to the Department of Commerce without the permission of the CIA;

(c) Information which the CIA furnishes the President's Commission may not be disseminated to other agencies or to the Congress without the concurrences of CIA. Thus, a request from the Congress to the Commission for CIA information should be referred to CIA for action so that the necessary protection of the information can be insured.

(d) If the Navy Department discusses one of its operations with CIA, CIA may not include information about that operation in papers it disseminates to other agencies unless it has received the permission of the Navy Department. The distinction here is that a Navy operation would not be considered part of the finished intelligence mechanism and therefore would not fall within the statutory authority of CIA to disseminate intelligence.

MEMORANDUM FOR: USIB Ad Hoc Group

SUBJECT: Handling of Third Agency Matters in Response to Congressional Select Committees

1. As you are aware, Senator Church already has submitted to me a long list of materials which he requests be provided to his Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. He has submitted other lists to the Federal Bureau of Investigation and to the White House. It is expected that other elements of the Intelligence Community will be hearing from Senator Church.

2. The scope of the investigation necessarily is going to involve Third Agency relationships to a considerable degree.

3. In the implementation of Executive Order 11652, "Classification and Declassification of National Security Information and Material," the President directed the following:

> "D. Consent of Originating Department to Dissemination by Recipient. Except as otherwise provided by Section 102 of the National Security Act of 1947, 61 Stat. 495, 50 U.S.C. 403, classified information or material originating in one Department shall not be disseminated outside any other Department to which it has been made available without the consent of the originating department."

4. As regards Section 102 of the 1947 Act, the following quotes 102 (e) in full:

> "(3) To the extent recommended by the National Security Council and approved by the President, such intelligence of the departments and agencies of the Government, except as hereinafter provided, relating to the national security,

shall be open to the inspection of the Director of Central Intelligence, and such intelligence as relates to the national security and is possessed by such departments and other agencies of the Government, except as hereinafter provided, shall be made available to the Director of Central Intelligence for correlation, evaluation and dissemination: Provided, however, that upon the written request of the Director of Central Intelligence, the Director of the Federal Bureau of Investigation shall make available to the Director of Central Intelligence such information for correlation, evaluation and dissemination as may be essential to the national security."

5. If I am requested to provide certain materials and investigation indicates that the material asked for involves a document which originated within an organization other than the Intelligence Community Staff or the Central Intelligence Agency, the requestor will be asked to redirect his inquiry to the office of origin.

6. It already is apparent, however, that the documentation being requested inevitably is going to include references to interrelationships among various of the elements of the intelligence community. Clearing each and every such reference with every agency mentioned could manifestly be extremely consuming of time and manpower.

7. I propose the Ad Hoc Group agree on the following procedure. Where it appears that truly sensitive matters are involved, the material will be sanitized by the agency concerned and a check will be made with the appropriate Third Agency organizations before release. Where the reference concerns a Third Agency indirectly or is not considered sensitive and does not pose policy concerns, the agency concerned may forward the material to the requesting Select Committee without an item-by-item, mention-by-mention clearance with Third Agencies. However, in all cases notification that such material has been forwarded will be made to the central index and

1. agency receiving request
2. originating agency

all agencies alerted through that mechanism. Agencies will designate on their submissions to the central index, the name and telephone number of the releasing party.

8. Ad hoc members should be prepared to discuss and come to some agreement on this matter at the next meeting.

MEMORANDUM FOR: USIB Ad Hoc Group

SUBJECT: Sanitization Guidelines for Documents Provided Congressional Select Committees

1. Attached is a copy of a statement, "Guidelines for Sanitizing Certain Documents Provided Select Committees" prepared by the Chairman, USIB Security Committee, for consideration by the Ad Hoc Group. This step is a follow on to the understanding the DCI has with Senator Church that sanitization of selective documents will be undertaken before the documents are released to the Committee. Similar understandings have been discussed with House Staff as well.

2. It is important that, to the extent possible, all intelligence organizations follow generally the same sanitization guidelines. Accordingly, the USIB Ad Hoc Group should consider utilizing these or similar guidelines within their respective organizations.

3. If requested by the Chairman, the DCI will discuss orally with the Chairman and Vice Chairman of the Senate and House Select Committees the content of the sensitive USIB or CIA material excised from documents. Where appropriate, the DCI may discuss this sensitive material with the entire Select Committee. He considers it essential that the written record provided to the Committee staff not include such sensitive information for the protection of intelligence sources and methods.

GUIDELINES FOR SANITIZING CERTAIN DOCUMENTS PROVIDED SELECT COMMITTEES

1. The Director of Central Intelligence has recently discussed with Senator Church the need for special consideration and treatment by the Select Committee of certain sensitive aspects of intelligence activities and the Senator has expressed his recognition of this need. Included in such matters are the identities of sensitive sources, the material provided to the United States by cooperating foreign intelligence services, the details of technical devices and systems and of operational methods, the identities of certain employees whose safety could be jeopardized if revealed, the identities of American citizens and organizations who have cooperated with US intelligence and some additional materials the public disclosure of which would create serious foreign policy or national security problems. Such material should be protected not only from exposure but indeed the risk of exposure. Further, recognition should be given to the need to protect certain other information which, if improperly disclosed, might impair the privacy rights of individuals.

#MDR16
ALL FBI INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 1/18/01 BY SP2 ALM/JG

2. One form of this special consideration may include use of sanitization procedures to avoid the risk of exposing such matters and at the same time satisfy the Select Committee's need for a full understanding of the community's activities.

3. What May Be Sanitized

While it is not possible to anticipate all requirements which may be levied by the Committees for documenting material and not possible to determine specifically what material should be excised from these documents, the following illustrations are offered in certain likely categories. The criteria in all cases should meet the test mentioned above.

4. Collection of Intelligence

(a) The Committee will probably address the matter of how intelligence activities or methods have or may impinge upon individual rights. Documents supporting responses may be sanitized by removal of identities of sensitive agents and informants, covert personnel, and contractual cover arrangements. A descriptive phrase may be substituted, i.e., a foreign journalist, a political official in the opposition party. No sanitization should be used in connection with

names of individuals whose employment or former employment by, or association with a department or agency, does not remain secret or for individuals whose present or future activities on behalf of the department or agency do not require that previous cover arrangements remain secret.

(b) Some information may be required with respect to technical intelligence systems including cryptologic and communications activities and reconnaissance capabilities. Almost all of such material is currently handled in compartmentation control channels under various codewords or nicknames. No security threat is perceived by release of these codenames or nicknames in documents. Details of the technical systems involved, contractual arrangements, funding and/or names of companies or consultants whose participation was obtained under agreement of continued secrecy may be excised from documents. Any question on release of codeword material should be referred to the Program Manager who in turn may consult with the Director of Central Intelligence to ensure a consistent approach in the community's sanitization procedure. While documentary samples of intelligence obtained by technical means may be used in support of verbal testimony, no raw product should be provided the Committees

for retention. If absolutely required by the Committees, sanitization of such raw product should be conducted to mask the degree of technical capabilities.

5. Intelligence Estimates

Finished intelligence reports of departments and agencies and estimates do not usually contain source identifications and will not normally require sanitization. However, departments and agencies should review such publications to ensure deletion of source identities.

6. Administration

Information concerning the internal administration arrangements of intelligence agencies may be requested. This may include staffing charts with occupants identified. ~~Sanitization of individual,~~ Identities of personnel formerly not under cover and now functioning in a cover assignment should be deleted as well as those who may in the future be considered for a covert assignment.

7. General

The following categories of information or specific examples may arise in any number of circumstances in documentation requested by the Select Committees. In all cases, serious consideration should be given by the department or agency concerned to the necessity of

deletion or sanitization of this type of information, prior to providing the document.

(a) Agent or informant names or operational information revealing them.

(b) Details which would reveal the effectiveness of sensitive methods and techniques (1) ~~employed overseas in human source~~ collection, (2) employed for the physical security protection of the department's or agency's personnel or physical environment.

(c) The numbers, locations, times and other indications of recruitment or emplacement of personnel within targetted foreign organizations.

(d) The success or failure of recruitment attempts in any given targetted foreign organization.

(e) Names of particular employees whose physical safety or future career might be placed in jeopardy by exposure.

(f) Foreign or US sources, official or otherwise who agreed to cooperate under terms of explicit or implied confidentiality, who would be embarrassed or endangered by disclosure of their role.

(g) Identifying information on intelligence services in friendly and neutral countries.

(h) Identifying collaborative operations between the United States intelligence agencies and other foreign intelligence liaison services against targets within the country extending the collaborations or within a jointly targetted third country.

(i) Identifying collaboration with foreign governments in signals intelligence collection, particularly for arrangements which, if revealed, would be politically embarrassing in the countries involved.

(j) Identification of technical intelligence operations of high technical vulnerability and extremely high political sensitivity.

(k) Specific identification of foreign technical collection installations involving high political sensitivity in the host country.

(l) Details or disclosure of monetary arrangements with US and foreign banks, investment houses, etc., in support of foreign intelligence operations.

(m) Specific information on special relationships with private firms established with the approval of top corporate officials. This includes names of firms or industrial associations that collaborate in a special manner such as providing cover for foreign intelligence operations.

(n) Names of firms collaborating with US intelligence agencies in collection and assessment programs (especially those having large foreign clienteles).

(o) Proprietary information relating to contractors or furnished in confidence.

8. What Should Not Be Sanitized

There are general categories of intelligence activities which have already been placed in the public domain by the mass news media or authors with background experience in intelligence departments or agencies of the community. Names, places, dates and events which have been so revealed should not be excised if contained in requested documents.

~~There is an increasing body of information which has been~~ released under the Freedom of Information Act. No further sanitization of this material should be conducted unless it relates to an individual's rights to privacy.

9. Techniques of Sanitization

Sanitization of intelligence material is usually considered the act of physical removal of the identity of a person, place or thing from written communication with or without regard for the residual

content. Use of a substitution device, either pseudonym or ident is an example of sanitization which permits intelligent continuity of the material without revealing the true identity. Sanitization does not extend to the use of false or misleading substitute material in this context.

The integrity of official records must be maintained. The following sanitization techniques apply only to copies of records.

(a) Physical Sanitization - Names may be cut out and the residual material xeroxed and submitted to Committees. Names may be masked with correction tape and then xeroxed. The xerox copy may be submitted to the Committees.

(b) Names may be deleted and replaced with "IDEN." The deleted material is provided on a separate IDEN list which contains names or descriptive phrases substituted for deletions.

(c) The material can be retyped or reprinted with substitute phrases or substitute descriptions which do not reveal the sensitive material.

(d) Entire pages can be removed from some documents and replaced with a blank page carrying only reference information

as to the location of the sensitive material within the contributing department or agency. This technique may be employed when physical sanitization or excision of material results in unintelligible gibberish as residue.

(e) Within a category of inquiry, it may be desirable to extract a complete document from requested material when the request is broad and all inclusive within its field. The existence of such a document should be made known to the Committees but retained by the agency or department for review under escort of a representative of the department or agency.

10. Management of Sanitization

The original record and a copy of the sanitized version provided should be readily available in all cases. Materials developed within an agency or department in response to requests should be reviewed at an appropriate level for completeness, responsiveness and accuracy. In the case of documents or materials of a community nature, the release should be done in coordination with the departments or agencies and/or the Program Manager concerned and any sanitization should be agreed upon during coordination.

This proposed use of sanitization as a special arrangement to protect selected issues contained in material provided to Select Committees by one agency may prove to be a futile exercise if not practiced in common by all participating departments and agencies. It is essential to the proposal that departments and agencies attempt to employ the same criteria for sanitization and coordinate as required. This paper can serve only as general guidelines on sanitization.

The President
The White House
Washington, D. C.

Dear Mr. President:

On behalf of the Senate Select Committee To Study Governmental Operations With Respect To Intelligence Activities, Senator Tower and I want to thank you for the opportunity we had on March 5 to discuss the work of the Committee. I want to express my personal appreciation for the direct and forthright manner in which you addressed some of the initial questions that lay before the Select Committee, and your willingness to assist the Committee to meet its responsibilities under the mandate of S. Res. 21.

We are in agreement that the work of the Committee should proceed as expeditiously as possible and the Committee is gratified at the full and complete cooperation that we have received from the Executive agencies up to this point. In every respect thus far, the agencies have been fully cooperative with the Committee and the staff and I believe this augers well for a constructive and expeditious conclusion to our inquiry.

At our meeting on March 5th with you, we discussed the general areas in which the Committee would need initial documentation. As we discussed, our first requirements are to determine the legal basis for the activities for the intelligence agencies of the United States Government. In this regard, it will be helpful to the Committee to receive from whomever you may designate, the documents, files, and other papers that might be required to fully determine the legal basis for the activities of United States intelligence agencies. With the unanimous approval of the Committee, I respectfully request that the documents on the attached list directly relevant to the inquiry authorized by S. Res. 21, be supplied to the Committee at the earliest opportunity.

With kind regards,

Sincerely,

Frank Church

SUBJECT: SENSTUDY 75

Sew 160

By memorandum dated 3-20-75, you were advised of a request received from the Senate Select Committee on Intelligence Activities. The Intelligence Division requested that an attempt be made to modify portions of the Committee's request.

Regarding Part I titled Legal Authorities, the Intelligence Division pointed out that this particular request was wide-ranging and required a considerable file review as it requested any memorandum discussing the legal authority of the FBI to "(1) investigate internal security matters, (2) collect intelligence information, and (3) engage in counter-intelligence activities; together with copies of all constitutional and statutory provisions, executive orders, presidential directives, Attorney General opinions and memoranda, and any other materials asserted as sources of such authority." With regard to Part III concerning the FBI's administrative organization, they requested the identities by name of personnel in the Intelligence Division, Unit Chief and above. This caused concern in the Intelligence Division that there would be a needless proliferation of a list of Bureau personnel working in this field which list, of course, would be of interest to foreign intelligence sources.

On 4-1-75 Inspector John B. Hotis and SA Paul V. Daly discussed these matters with William Miller, Staff Director of the Senate Select Committee; John T. Elliff, who has been nominated to head the task force for the Committee looking into FBI activities; F. A. O. Schwarz, Counsel to the Senate Select Committee; and staff member Michael Epstein. They agreed to modify the request in Part III to the extent that personnel in the Intelligence Division need not be identified by name below the level of Assistant Director in the organization chart to be furnished them pursuant to their request of 3-19-75. They asked as an alternative the Bureau prepare a list of personnel in the Intelligence Division down to the level of Unit Chief with names included which they would have access to review in Bureau space.

With regard to Part I relating to legal authorities, they stated they were amenable to the Bureau furnishing them whatever documents they have retrieved up to this time which have been recovered pursuant to their request of 3-19-75 and that no additional detailed review need be conducted until they review the aforementioned documents. At the end of their review they will make any additional specific requests concerning this part of their request. They also asked that in our response we furnish them copies of documents listed on a three-page paper prepared by the staff of the Senate Select Committee, a copy of which is attached.

Staff Director Miller requested that the Bureau expedite their response to the Senate Select Committee's request as the first meeting of that Committee is scheduled for Wednesday, 4-9-75, and he felt strongly that they must have material that showed progress in their study of the FBI prior to that time. Mr. Miller requested that, if necessary, the request be responded to in a piecemeal basis and that the complete response does not necessarily have to be made at one time.

It is suggested that we make available to this Committee as soon as possible those documents which we have furnished the General Accounting Office (GAO) which also fall within the 3-19-75 request of the Senate Select Committee. In this regard staff members have advised they are in contact with GAO auditors concerning the FBI.

By way of observations it is obvious that the staff members of the Committee are well versed in Bureau policy and procedures. To this point they have been cooperative and we should insure that we give a timely response to their various requests.

RECOMMENDATIONS:

(1) That the Intelligence Division advise whether modification of the Senate Select Committee's request concerning legal authorities for investigations and the modification of the table of organization of the Intelligence Division are acceptable and, if so, expeditiously prepare the necessary response to the Senate Select Committee.

SUBJECT: CONGRESSIONAL COMMITTEES
REVIEW OF FBI OPERATIONS

The purpose of this memorandum is to recommend that all responses for the production of records, etc., received from Congressional committees be forwarded by letterhead memorandum through the Deputy Attorney General to the requesting committee, and also that in selected instances a property stamp or statement be affixed to certain documents limiting access.

With the proliferation of committees in Congress looking into FBI operations, it is essential that a standard procedure for the forwarding of documents to the requesting committees be established. Inasmuch as requests such as the request of the Senate Select Committee on Intelligence Activities have been forwarded to this Bureau through the Department, it would appear logical that responses to such inquiries and all other inquiries of Congressional committees, whether they be directed to the Department and/or the Bureau, be responded to through the Department. Such a procedure not only will make all our responses consistent but will also give the Department an opportunity to review and approve documents being made available to Congress.

In connection with our preparation of responses to requests of Congressional committees, it is suggested that all responses should be by letterhead memorandum, the first paragraph of which should clearly describe the specific request which is being responded to in the letterhead memorandum.

UNRECORDED COPY FILED IN 62-116395

In those instances where documents are of a nature that we are not desirous of unauthorized personnel, whether they be in Congress or otherwise, having access to, we should affix a property stamp. This property stamp should read as follows:

APR 11 1975

> "This document is prepared in response to your request and is not for dissemination outside of your Committee. Its use is limited to official proceedings by your Committee and the contents may not be disclosed to unauthorized personnel without the express approval of the FBI."

Subject: Delimitation of Investigative Duties of the Federal Bureau of Investigation, the Office of Naval Intelligence, the Intelligence Division of the Army, and the Office of Special Investigations, Inspector General, U. S. Air Force.

The Agreement for Coordination of the Federal Bureau of Investigation, Office of Naval Intelligence, Intelligence Division of the Army, and the Office of Special Investigations, Inspector General, U. S. Air Force.

I. The undersigned have reviewed the directive contained in the President's Memorandum of June 26, 1939, as augmented by his Directive of September 6, 1939, the Delimitations Agreement of February 9, 1942, and the Presidential Directive of October 30, 1947. In addition, cognizance has been taken of the provisions of the Atomic Energy Act of 1946, and the specific application of that Act is set forth in Section II hereof. All other provisions of this Agreement are apart from and have no relation to the stated requirements of the Atomic Energy Act. In view of the above, it is now agreed that responsibility for the investigation of all activities coming under the categories of espionage, counterespionage, subversion and sabotage (hereinafter referred to as "these categories") will be delimited as indicated hereinafter. The responsibility assumed by one organization in a given field carries with it the obligation to exchange freely and directly with the other subscribing organizations all information of mutual interest. When the organization with primary operating responsibility is unable for any reason to produce material in that field desired by the subscribing agencies, such special arrangements as may be legal or desirable will be worked out through negotiation at the national level prior to activity by one agency in another agency's field. It is recognized by the subscribers hereto that the Headquarters Department of the Army has decentralized such functions to its major subordinate commanders. When the major subordinate commanders of the Department of the Army cannot effect satisfactory special arrangements, the matter will be referred to the Director of Intelligence of the Army for further negotiations at the national level. Close cooperation and coordination between the four subscribing organizations is a mutually recognized necessity.

APPENDIX A

PERIOD OF MARTIAL LAW

I. It is further agreed that when a state of martial law has been declared by the President, the armed forces commander will assume responsibilities for coverage in these categories. His authority to direct and control the subscribing agencies of the armed forces will be limited only by such instructions as he may receive from the Secretary of Defense. He will have authority to coordinate the intelligence activities of the subscribing agencies in his area of responsibility, within the limits of their available personnel and facilities, by the assignment of missions, the designation of objectives, and the exercise of such coordinating control as he deems necessary. He is not authorized to control the administration or discipline of the subscribing agencies in the area of his responsibility, nor to issue instructions to them beyond those necessary for the purposes stated above.

II. Personnel of the subscribing agencies in the area of responsibility of the armed forces commander will still send reports to and be under the continued supervision of their respective headquarters. They will render such aid and assistance to the armed forces commander and his designated representatives as are possible and practicable. They will furnish all pertinent information, data, and other material that are or may be necessary or desirable to the armed forces commander by the most expeditious means and methods possible consistent with requisite security. Each headquarters of the subscribing agencies will promptly be advised by its agencies of all information and data appropriately identified as having been furnished to the armed forces commander.

APPENDIX B

PERIODS OF PREDOMINANT MILITARY INTERESTS, NOT INVOLVING MARTIAL LAW

I. In time of war certain areas will come into prominence as potential theaters of operation. When an armed forces commander of such a potential theater is designated, he definitely has interest in, though not control of, the civilian life within the area. In order that the armed forces commander may prepare himself for the discharge of the possible responsibility which may affix to him, the following procedure is agreed upon:

1. Agents of the FBI; of ONI; ID, Army; and the OSI, IG, U.S. Air Force will continue to function in accordance with the provisions of Sections II, III, IV, and V.

2. In addition thereto, the armed forces commander may take steps to analyze the facilities existing and to explore the manner in which complete coverage will be obtained if martial law is declared. Adequate liaison with the other subscribing agencies will insure that the armed forces commander will have the benefit of the experience, judgment and knowledge of the representatives of the other agencies.

3. The armed forces commander is authorized to request and receive such information from the other three agencies as he may desire and they may be able to furnish.

II. The analysis and exploration referred to above will show the coverage furnished by each of the subscribing agencies and any additional coverage each subscribing agency can undertake. When the commander feels that more complete coverage is required, it is recognized that he is authorized to augment the coverage with such elements of the subscribing agencies as are under his jurisdiction. Prior to any invasion of the spheres normally coming under the cognizance of the other subscribing agencies, the armed forces commander should obtain the necessary authority from the Secretary of Defense.

III. Irrespective of the fact that the preceding recommendations have placed the initiative in the hands of the armed forces commander, whenever any of the other services feel that such a survey to determine adequacy of coverage should be undertaken, it should be so recommended.

The Office of Naval Intelligence and
The Office of Special Investigations, Inspector General, U.S. Air Force

The Director of Intelligence, U.S. Army, the Director of the Federal Bureau of Investigation, the Director of Naval Intelligence and the Director of the Office of Special Investigations, Inspector General, U.S. Air Force, with a view to promoting the closest possible cooperation and coordination between the Field Services of these agencies agree that the following recommendations will be transmitted to their field installations:

(a) Special Agents in Charge of the Federal Bureau of Investigation Divisional Offices, Military Intelligence Officers of the pertinent Armies, District Officers of the Office of Special Investigations, Inspector General, U.S. Air Force, and Naval District Intelligence Officers will maintain close personal liaison between those offices and their representatives, including a meeting of representatives of the four agencies, preferably the officers in charge, at least twice per month, for the purpose of discussing pending and contemplated investigative activities, and any other subject necessary to insure that there is proper coordination of their investigative work.

(b) The close personal liaison to be maintained between representatives of the four agencies at all times should insure that there is not duplication of effort in any field, and that a proper coverage of the whole investigative field is maintained. Particular attention should be paid to avoiding any duplication in connection with the use of informers.

(c) A distinction should be recognized between the investigative interest of individual agencies and the coverage interest. It is believed that all four agencies should study, from time to time, the coverage of the investigative field in order to insure that all channels of interest and avenues of information are adequately covered by at least one of the participating agencies.

(d) Where there is doubt as to whether or not one of the other agencies is interested in information collected, it should be transmitted to the other agency.

(e) Consideration should be given to the fact that certain classes of information are of general interest to the Military, Naval, and Air Force Intelligence Services in connection with background and knowledge of espionage and sabotage organizations, even though the Military, Naval, and Air Force Intelligence Services may have no apparent direct investigative interest.

(f) Should differences of opinion of a minor nature occur, the directors of the four intelligence agencies feel that with proper personal liaison, such differences can be satisfactorily adjusted locally by the officials in charge of the various divisional organizations.

Supplemental Agreement No. III to the Delimitations Agreement (As Amended June 8, 1950)

Investigative Jurisdiction on Vessels of Military Sea Transportation Service

1. The investigative jurisdiction of all activities under the categories of espionage, counterespionage, subversion and sabotage on vessels of the Military Sea Transportation Service is as follows:

a. Investigative jurisdiction on vessels purchased by the Navy will be the responsibility of the Office of Naval Intelligence.

b. Vessels obtained by the Navy through a "bare boat charter" will be under the investigative jurisdiction of the Office of Naval Intelligence.

c. Vessels allocated to the Military Sea Transportation Service which are manned and supervised by their private owners are under the investigative jurisdiction of the FBI.

2. When civilian personnel who are subjects of an investigation under a or b above reach a U.S. port or a port where the FBI has a field agency, or prior to reaching such port, if practicable, the Department of the Navy will promptly furnish the FBI all pertinent information concerning the investigation. If personnel who are subjects of an investigation as above remove themselves from the vessel upon arrival of the vessel in port and further surveillance is considered necessary, the Navy will continue surveillance until notified by the FBI at local level that the FBI will make every effort to transfer responsibility upon arrival of the vessel at the port.

3. When the FBI opens an investigation under c above or when an FBI investigation in progress develops or is believed about to develop ramifications under a, b or c above, the FBI will promptly furnish all pertinent information to the Navy and will thereafter coordinate its actions with the Navy whenever and wherever deemed necessary to insure proper pursuit of the case.

Supplemental Agreement No. IV to the Delimitations Agreement

Investigation of Private Contractors of the Armed Forces

It is agreed by the subscribers of the Delimitations Agreement (hereinafter referred to as subscribers) that with reference investigations of civilian employees, applicants for employment, directors and key personnel of privately owned plants and facilities, working or bidding on contracts important to the Army, Navy or Air Force (hereinafter referred to as the Armed Forces) procurement, the following will be followed insofar as practicable. Exceptions thereto will be adjusted by mutual agreement between the subscribers concerned.

a. The Armed Forces will conduct background investigations of such persons unless there is a particular reason for requesting that an investigation be conducted by the FBI or the FBI has a special interest in a particular case and has notified the Armed Forces of such interest.

b. The FBI will conduct complaint investigations of such personnel upon specific request in each case by one or more of the Armed Forces. If one of the Armed Forces has no further need for an investigation requested, but not completed, prompt notification will be made to the FBI.

c. Investigations conducted by the Armed Forces under a above will be terminated and all information passed to the FBI when credible derogatory information of a loyalty nature is uncovered. Upon receipt of such a case, the FBI will proceed as under b above if one of the Armed Forces so requests.

d. When one of the subscribers is aware that another is conducting an investigation on a person or firm identical or closely connected with a person or firm it contemplates investigating, no investigation will be undertaken without the consent of the subscriber which has an investigation in progress. The investigating agency will make available to the other interested agency copies of the reports of the investigation made.

e. Normally, identity of confidential informants will not be communicated from one subscriber to another; however, when such communication occurs, the receiving subscriber will employ the highest possible safeguards to insure that such informants are not compromised. No transmittal of information concerning confidential informants to a third subscriber or to another agency is authorized except by specific consent of the originator.

f. A subscriber who receives a report of investigation from another subscriber may freely transmit copies of such reports to a third subscriber except as provided in e above.

g. A report of complete investigation received by the Armed Forces from the FBI will not be reopened without the approval of the FBI except to obtain additional background information. In such case, the FBI will be furnished copies of all information obtained. Other information required by the Armed Forces will be requested of the FBI.

h. If one of the Armed Forces requests the FBI to conduct an investigation or to conduct additional investigation as provided under g above, and if for any reason the FBI declines or is unable to conduct such investigation or additional investigation, the Armed Force concerned may proceed with the investigation. The FBI will be furnished copies of the results thereof if the FBI so requests or if the Armed Force concerned considers the results to be of FBI interest.

i. Nothing above is to be construed as altering the basic Delimitations Agreement of 1949 or current agreements concerning subversive organizations.

(Approved by I.I.C. June 2, 1949)

Supplemental Agreement No. V to the Delimitations Agreement

Investigation of Reserve and Civilian Components of the Armed Services

It is agreed by the subscribers to the Delimitations Agreement that the Army, the Navy and the Air Force may conduct background investigations on members of the inactive reserve and National Guard who are anticipated being called back to active duty, or where an investigation is undertaken for the purpose of determining whether the individual should be disenrolled from his military status, or to determine whether the individual may be granted access to classified military information. The following procedures shall be pursued in each of the above circumstances:

(1) The Intelligence agencies of the Army, Navy or Air Force before undertaking such background investigation will consult the FBI to determine: (a) if the FBI has an investigation in progress; if so, no investigation will be undertaken by the intelligence agencies except as may be mutually agreeable to the Armed Force concerned and the FBI; (b) if the FBI already has made an investigation; if so, the results will be made available to the other agencies; (c) if the FBI has information on the individual, even though it may not have conducted an investigation.

(2) If, after consulting the FBI, investigation is undertaken by the other agencies, it will be pursued no further than is necessary to make the determination required by the other agencies, and all information developed pertinent to the four categories will be furnished promptly to the FBI.

CENTRAL INTELLIGENCE AGENCY OPERATIONS IN THE UNITED STATES

(1) CIA will not initiate an investigation of any foreign official in the United States without the concurrence and coordination of the FBI. In this context, the term "investigation" means systematic and direct inquiries or procedures (such as physical or technical surveillances or neighborhood inquiries) aiming at developing information concerning an individual's activities or background; "investigation" does not include the acceptance or the development of information through social contacts or contacts normally made by CIA agents in discharging their cover functions. (S)

(2) CIA will seek concurrence and coordination of the FBI before approaching for recruitment any foreign official or communist-bloc visitor in the United States. The FBI will concur and coordinate if the proposed action does not conflict with any operation, current or planned, including active investigation of the FBI. (S)

(3) CIA will advise the FBI prior to any planned meeting between a CIA asset and a foreign official or communist-bloc visitor of known or presumed interest to the FBI (this would include all communist-bloc officials and visitors) for purposes of assessment and social development. (S)

(4) Clandestine CIA staff operatives, domestic American agents of CIA, and foreign agents of CIA recruited abroad who come to the United States will be identified to the FBI by name or appropriate description depending on the national security interest involved. (S)

(5) Pursuant to paragraph 4 above, when a CIA agent arrives in the United States for a visit or for an (S)

SECRET

~~GROUP 1~~
~~Excluded from automatic downgrading and declassification~~

assignment, the Bureau will be advised and the two agencies will confer regarding the handling of the agent in the United States. It is recognized that each case will have its individual peculiarities. The governing principle will be positive intelligence interest as weighed against internal security factors. CIA will continue its contractual relationship for the purpose of handling the training, the procurement of positive foreign intelligence, the fulfillment of CIA commitments to the agent, and the preparation of the agent for his next assignment abroad. (S)

(6) In those cases where CIA will be handling its agent in the United States, CIA will service FBI security or counterintelligence requirements and will provide the FBI all agent information bearing on counterintelligence or internal security matters, including the scope and nature of the agent's access to information and the identities of the agent's significant contacts, particularly in the communist-bloc field. In such cases where CIA servicing has been inadequate to FBI internal security interests, the FBI will have direct access to the agent. (S)

INVESTIGATIVE GUIDELINES
TITLE XI, ORGANIZED CRIME CONTROL ACT OF 1970
REGULATION OF EXPLOSIVES

1. General

Title XI of the captioned law amends Title 18, United States Code, by adding a new chapter 40 with section numbers 841 through 848 governing the importation, manufacture, distribution and storage of explosive materials and creating certain Federal offenses pertaining to the unlawful use of explosives. Administration of explosives regulation is vested in the Secretary of the Treasury as is investigative jurisdiction over the unlawful acts proscribed in section 842. Under authority contained in section 846 the Federal Bureau of Investigation (FBI) and the Bureau of Alcohol, Tobacco and Firearms (ATF) have concurrent investigative jurisdiction as to the remainder of chapter 40, i.e., the unlawful acts proscribed in subsections (d), (e), (f), (g), (h) and (i) of section 844. Although not specified in chapter 40, the Postal Inspection Service shall have jurisdiction to investigate all incidents involving explosive or incendiary devices sent through the mails or directed against U.S. Postal Service property.

Title XI greatly broadens Federal authority pertaining to explosives-connected offenses. At the same time, Congress has expressly disclaimed any intent to occupy the field to the exclusion of state law on the same subject matter. To effect both Congressional purposes and to prevent unnecessary duplication of effort it is essential that the limited Federal investigative resources be carefully allocated, particularly in cases in which both the ATF and the FBI have jurisdiction.

2. Federal Bureau of Investigation (FBI) Jurisdiction in General

(a) Effect on prior jurisdiction - This agreement applies only to those incidents as to which the FBI had no investigative jurisdiction prior to the enactment of the captioned law and to incidents previously subject to FBI investigation by reason of chapter 65, Title 18, United States Code (malicious mischief). Investigative procedures in other types of incidents (e.g., train wrecking, damaging aircraft and motor vehicles, racketeering) shall remain unchanged.

(b) Primary jurisdiction - Subject to the provisions hereof, the FBI will exercise primary jurisdiction over all alleged violations of section 844 which are directed at foreign diplomatic facilities or at activities, such as transportation and tourist offices, operating under the aegis of a foreign government although not in a diplomatic status, over all alleged violations of subsections 844(d) through (i) which are perpetrated by terrorist/revolutionary groups or individuals and all other violations of subsections 844(e) through (g) which are not directed at Treasury Department or Postal Service buildings or functions.

(c) Type of Investigation to be Conducted

(1) Offenses perpetrated by terrorist/revolutionary groups or individuals - The FBI will immediately initiate a full investigation of all alleged violations of section 844 which appear at the outset to have been perpetrated by terrorist/revolutionary groups or individuals as defined in advance by the Internal Security Division of the Department of Justice. If ATF or the Postal Inspection Service has properly initiated investigations and information is subsequently developed indicating apparent involvement of terrorist/revolutionary groups or individuals, responsibility shall be relinquished to the FBI unless a determination is made by the Department of Justice that a transfer of responsibilities will unduly impair further investigative efforts.

(2) Alleged offenses against Colleges and Universities - The FBI will immediately initiate a full investigation of any alleged violation of section 844 which involves the use or attempted use of explosive (as distinguished from incendiary) materials against the facilities of a college or university. Investigation of alleged violations involving use or attempted use of incendiary materials will be limited initially to the development of background information as prescribed in paragraph 6 below.

(3) Alleged offenses directed against foreign diplomatic facilities and related activities - The FBI will immediately initiate a full investigation of all alleged violations of section 844 which are directed at foreign diplomatic facilities and related activities as described in paragraph 2(b) above.

(4) All other alleged violations of subsection 844(f) -- offenses involving use of explosives against United States property or federally financed organizations, and (g) - offenses involving possession of explosives in buildings owned, leased, used, etc., by the United States - The FBI will immediately initiate a full investigation of all violations of subsection 844(g) over which it has primary jurisdiction hereunder, and those violations of 844(f) which are directed at federal property (e.g., a military facility) or a federal function (e.g., a Selective Service or ROTC facility). In other violations of 844(f) the FBI will develop and disseminate background information as indicated in paragraph 6 below.

3. Bureau of Alcohol, Tobacco and Firearms Division (ATF) Jurisdiction in General

(a) Violations ancillary to firearms laws violations or violation of section 842 - The Alcohol, Tobacco and Firearms Division (ATF) of the Department of the Treasury will exercise investigative jurisdiction over violations of section 844 which are ancillary to its primary jurisdiction over the Federal firearms laws or over section 842 of Title XI.

(b) Violations of subsection 844(d) - interstate transportation of explosives with unlawful intent and subsection 844(i) - offenses against property used in or affecting commerce - Subject to paragraph 2b, above, the ATF will exercise primary investigative jurisdiction over violations of subsection 844(d) and (i) and will conduct a full investigation thereof unless notified by the Criminal Division that pursuant to paragraph 2(c)(1), above, the Department of Justice has requested FBI investigation in a particular matter.

(c) Violations directed at Treasury Department property or functions - The ATF shall have primary jurisdiction to investigate all violations of section 844 which are directed at Treasury Department property or functions and will conduct a full investigation of such violations.

4. Postal Inspection Service Jurisdiction

The Postal Inspection Service shall have primary jurisdiction to investigate all violations of section 844 which are directed at U.S. Postal Service property or functions.

5. Special Considerations

(a) Bomb Threats, false information (section 844(e)) - The ATF and the Postal Inspection Service shall have jurisdiction over violations of section 844(e) against Treasury Department or Postal Service property or functions, respectively. The FBI shall have jurisdiction over all other violations of section 844(e). Upon receipt of information alleging or suggesting a violation of subsection 844(e), the investigative agency concerned will review available information to determine whether the identity of the offender is known or can be readily ascertained and, if not, whether the evidence suggests a pattern or plan of such offenses by a particular offender or against a particular victim. If such a pattern appears or if the offender is identified, all available information will be disseminated as indicated in paragraph 6 below.

(b) Use/carrying explosive in commission of a felony (section 844(h)) - Violations of 844(h) should be handled as an adjunct of the felony from which they arise and should be discussed with the appropriate United States Attorney or Division of the Department handling prosecution of the underlying felony offense. The agency having jurisdiction over the underlying felony will have investigative jurisdiction over the 844(h) violation (e.g., bank robbery is under FBI jurisdiction).

(c) Violations of 26 U.S.C. 5861 (destructive devices) - In incidents involving alleged violations of 18 U.S.C. 844 (which may also involve a violation of 26 U.S.C. 5861), ATF shall not exercise its primary jurisdiction under 26 U.S.C. 5861 involving destructive devices, but the incident shall be treated in accordance with the provisions of these guidelines. This is in no way a relinquishment by ATF of its investigative jurisdiction under Title II of the Gun Control Act of 1968.

6. Development of Background Information

Some incidents such as those directed against Federal property or functions (paragraph 2(b) above) require immediate full federal investigation. Others require a more circumspect approach and will result in full Federal investigation only after consideration of factors pertinent to the exercise of Federal jurisdiction. Accordingly, in those incidents which these guidelines do not prescribe immediate full investigation, the investigative agency having jurisdiction will develop background information which includes (a) facts bearing on motivation such as involvement of the suspected perpetrators in terrorist/revolutionary activities, organized crime, labor-management disputes, or racial-religious hate activities; (b) the applicability of state and local laws and likelihood of state or local investigative and prosecutive actions; and (c) any other available facts indicating whether or not the offense warrants Federal investigation and prosecution. Such background information will be submitted telephonically (202-739-2745) or by teletype (710-822-0008) to the General Crimes Section of the Criminal Division and to the appropriate United States Attorney. The Criminal Division will advise the investigative agency concerned whether the matter warrants submission to any other Division or Section of the Criminal Division, and when so warranted the Criminal Division will transmit the information to such other Division or Section.

7. Full Investigation

A full investigation will be initiated immediately in those instances wherein such investigation is specified herein. In other instances full investigation will be initiated only upon direction of the Department of Justice after consideration by the Division having cognizance over the matter of the background information developed under paragraph 6 above.

8. Reports

Copies of case reports prepared in matters investigated under these guidelines will be furnished directly to the Department of Justice and the appropriate United States Attorney. All investigative agencies

shall submit initial reports as soon as practicable to the Department of Justice and shall submit progress reports once each 30 days or as soon thereafter as possible. The Criminal Division of the Department of Justice will be informed as soon as possible in each instance wherein an investigative agency initiates an investigation under section 844. Such notification is of critical importance to the avoidance of duplication of investigative activities. Also each agency subscribing to these guidelines shall, upon instituting investigation regarding possible violations of section 844, immediately notify other subscribing agencies having a logical interest therein. Also, a sufficient level of follow-up liaison and dissemination shall be maintained to avoid duplication of investigative effort.

Additionally, each such agency will exchange information on a timely basis and in a manner which will not interfere with ongoing investigations relative to types, sources, movement, and storage of explosives which are the subject of its investigations. Information regarding significant developments in investigations being conducted under these guidelines and information of an intelligence nature developed incidental to investigations which is of logical interest to the Department of Justice shall be furnished promptly to the Criminal Division of that Department which will be responsible for any necessary further dissemination within that Department.

9. Review of Guidelines

These guidelines shall be reviewed on a continuing basis by the parties hereto to determine whether problems exist in their administration which should be alleviated or whether modification of any of the terms of the agreement are needed in the interests of better law enforcement.

AGREEMENT BETWEEN THE FEDERAL BUREAU OF INVESTIGATION AND THE UNITED STATES SECRET SERVICE CONCERNING PROTECTIVE RESPONSIBILITIES

"AGREEMENT BETWEEN THE FEDERAL BUREAU OF INVESTIGATION AND THE UNITED STATES SECRET SERVICE CONCERNING PROTECTIVE RESPONSIBILITIES

["I. Purpose of Agreement

"The Federal Bureau of Investigation (FBI) originates, and receives from other sources, large numbers of reports on individuals and organizations. One purpose of this agreement is to define that portion of the information on file with, or received or originated by, the FBI, which the United States Secret Service (USSS) desires to receive in connection with its protective responsibilities.

"The USSS has statutory authority to protect, or to engage in certain activities to protect, the President and certain other persons. (Certain other persons, as used in this agreement, refers to those persons protected by the Secret Service under Title 18, U. S. Code, Section 3056.) The authority of the USSS to protect the President or certain other persons is construed to authorize it to investigate organizations or individuals and to interview individuals who might constitute a threat to the President or certain other persons. The FBI has statutory authority to investigate assault, killing or kidnaping and attempts or conspiracies to kill or kidnap the President and other designated individuals.

"The FBI will make available to the USSS information it may request or information which by its nature reveals a definite or possible threat to the safety of the President and certain other persons.

"A second purpose of this agreement is to insure the most effective protection for the President and certain other persons by establishing a clear division of responsibility between the FBI and the USSS. Such division will also avoid compromising investigations or sources and needless duplication of effort.

"II. General Responsibilities

"The USSS is charged by Title 18, U. S. Code, Section 3056, with the responsibility of protecting the person of the President of the United States, the members of his immediate family, the President-elect, the Vice President or other officer in the order of succession to the office of President, and the Vice President-elect; protecting the person of a former President and his wife during his lifetime and the person of a widow of a former President until her death or remarriage, and minor children of a former President until they reach 16 years of age, unless such protection is declined; protecting persons who are determined from time to time by the Secretary of the Treasury, after consultation with the Advisory Committee, as being major Presidential and Vice Presidential candidates who should receive such protection (unless the candidate has declined such protection); protecting the person of a visiting head of a foreign state or foreign government and, at the direction of the President, other distinguished foreign visitors to the United States and official representatives of the United States performing special missions abroad (unless such persons decline protection).

"The Executive Protective Service, under the control of the Director, USSS, is charged by Title 3, U. S. Code, Section 202, with protection of the Executive Mansion and grounds in the District of Columbia; any building in which Presidential offices are located; foreign diplomatic missions located in the metropolitan area of the District of Columbia; and foreign diplomatic missions located in such other areas in the United States, its territories and possessions, as the President, on a case-by-case basis, may direct.

"The FBI is charged under Title 18, U. S. Code, Section 1751, with investigative jurisdiction over the assault, killing or kidnaping, and attempts or conspiracies to assault, kill or kidnap the President of the United States and other designated individuals.

"The FBI has responsibility for Federal investigations of all violations of Title 18, U. S. Code, Sections 112, 970, 1116-1117 and 1201, relating to the 'Act for the Protection of Foreign Officials and Official Guests in the United States.'

"The FBI has investigative jurisdiction over violations of a wide range of the criminal statutes of the United States including primary jurisdiction over matters affecting the internal security of the United States.

"III. Exchange of Information and Coordination of Responsibilities

"The USSS undertakes to identify individuals or groups who because of their propensities or characteristics, may be dangerous to the President of the United States and certain other persons. To assist the USSS in identifying such individuals and groups the FBI agrees to furnish to the USSS, information (other than public source information or information originating with other U. S. agencies) from its files or which may come to its attention which by its nature reveals a danger or possible danger to the President or certain other persons, or which can be construed as falling within the categories of information desired by the USSS as set forth in Section IV of this agreement.

"The FBI will inform the USSS of the identity of individuals or organizations who come to the attention of the FBI as knowingly and willfully advocating, abetting, advising, or teaching the duty, necessity, or propriety of overthrowing or destroying the Government of the United States, or the Government of any state, territory, or possession, or political subdivision therein, by force or violence, or by the assassination of any officer of any such government. The FBI will furnish the USSS with reports on such individuals or organizations as requested. During investigation by the FBI of such individuals or organizations, the FBI will be alert and promptly notify the USSS of any information indicating a possible plot against the person of the President and certain other persons.

"The USSS agrees that it will conduct no investigation of individuals or groups identified or suspected of being threats to the internal security of the United States without notifying the FBI. However, when time for

consultation is not available, and an indication of immediate danger exists, the USSS may take such action as is necessary with respect to carrying out its protective responsibilities. Any information obtained by the USSS during such action will be furnished to the FBI as expeditiously as possible.

"The FBI will not conduct investigation of individuals or groups solely for the purpose of establishing whether they constitute a threat to the safety of the President and certain other persons unless there is an indication of a violation of Title 18, U. S. Code, Section 1751, or other statute over which the FBI has jurisdiction.

"It will be the responsibility of the FBI to advise the USSS when investigation is being initiated under Title 18, U. S. Code, Section 1751 and thereafter to furnish the USSS with copies of the FBI investigative reports as they are prepared. It will be the responsibility of the USSS to furnish the FBI any information in its possession or which may come to its attention which reasonably indicates that a violation of Title 18, U. S. Code, Section 1751, has been or is being committed.

"The USSS also agrees to furnish the FBI any information in its possession or which may come to its attention indicating a violation of any other statutes over which the FBI has investigative jurisdiction.

"The FBI, under its responsibility for investigation of violations of Title 18, U. S. Code, Sections 112, 970, 1116-1117, 1201 and 1751 will take cognizance of the protective responsibilities of the Treasury Department under Title 3, U. S. Code, Section 202 and Title 18, U. S. Code, Section 3056 and thus does not limit or interfere with the authority of the Secretary of the Treasury in the discharge of his statutory protective responsibilities. This is not to be construed as vesting concurrent investigative jurisdiction with the Treasury Department with respect to investigations of individuals or organizations engaged in activities affecting the national security including terrorism, treason, sabotage, espionage, counter-espionage, rebellion or insurrection, sedition, seditious conspiracy, neutrality matters, Foreign Agents Registration Act, or any other Statute or Executive Order relating to national security. Any investigations of such groups or individuals for any reasons other than in connection with protective responsibilities must be closely coordinated with and have the concurrence of the FBI in order to minimize interference with national security responsibilities of the FBI.

"IV. Information to be Furnished to the United States Secret Service by the Federal Bureau of Investigation

"A. When an individual or group is referred by the FBI to the USSS, the following information will be furnished to the extent available:

"Individual - Identification data including name or names, addresses, photograph (or statement as to availability of such), physical description, date and place of birth, employment, and marital status.

"Organization - Name or names, address or addresses, officers, size, purpose or goals of organization, source of financial support, background data and such other relevant information as may be available.

"Information in FBI Files - A summary, as appropriate, of pertinent portions of any FBI file on an individual or organization referred.

"FBI Identification Records - The USSS will make specific requests in each instance where a check of the FBI identification records is desired.

"2. Information concerning attempts or threats to redress a grievance against any public official by other than legal means, or attempts personally to contact such officials for that purpose.

"3. Information concerning threatening, irrational, or abusive written or oral statements about U. S. Government or foreign officials.

"4. Information concerning civil disturbances, anti-U. S. demonstrations or incidents or demonstrations against foreign diplomatic establishments.

"5. Information concerning illegal bombings or bomb-making; concealment of caches of firearms, explosives, or other implements of war; or other terrorist activity.

a. Irrational or suicidal behavior or other emotional instability.

b. Strong or violent anti-U. S. sentiment.

c. A propensity toward violence.

"7. Information concerning persons who may be considered potentially dangerous to individuals protected by the USSS because of their background or activities, including evidence of emotional instability or participation in groups engaging in activities inimical to the United States.

"V. Provision of Federal Bureau of Investigation Personnel to Protect the President and Other Protected Persons

"The USSS may, in accordance with Title 18, U. S. Code, Section 3056 request FBI Agents be detailed to the USSS in order to augment the capacity of the USSS to perform its protective duties. Such requests should be addressed to the Director of the FBI.

"FBI Agents detailed to the USSS are under the direction and exclusive operational control of the Director of the USSS for the period of their assignment. The FBI Agents so detailed may perform an armed or other protective function.

"VI. Implementation of Agreement

"In order to effect the best possible security of the President and certain other persons and places whose protection is the responsibility of the USSS, the FBI and the USSS will construe the terms of this agreement liberally and will take such steps as are necessary to insure the proper exchange and coordination of information.

"The agreement shall be reviewed annually by representatives of the FBI and the USSS, or at such other times as the FBI or the USSS may request, to insure that the agreement is both practical and productive. Revisions may be made on the authority of the Director of the FBI and the Director of the USSS.

"This agreement supersedes all prior agreements between the FBI and the USSS.

The statement in the attached of the Third Agency rule is accurate and does not present legal problems.

As an observation paragraph number 7 of the document titled "Handling of Third Agency Matters in Response to Congressional Select Committee" dated March 28, 1975, (attached) appears to be subject to various interpretations. This paragraph and in particular the second sentence of the paragraph appears to allow the agency receiving the Committee's request to respond in instances where a Third Agency is indirectly involved and the material is sensitive without first contacting the Third Agency. Any notification of the Third Agency in this instance of the furnishing of such information to the Committee would be after the fact. The term indirectly is not defined. Additionally, this paragraph allows the Agency receiving the Committee's request to respond in instances where a Third Agency is directly involved and the material is nonsensitive without checking with the Third Agency involved. It would appear the language in paragraph number 7 should be tightened up and the appropriate terms defined.

MEMORANDUM FOR: USIB Ad Hoc Group

SUBJECT: Handling of Third Agency Matters in Response to Congressional Select Committees

1. As you are aware, Senator Church already has submitted to me a long list of materials which he requests be provided to his Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities. He has submitted other lists to the Federal Bureau of Investigation and to the White House. It is expected that other elements of the Intelligence Community will be hearing from Senator Church.

2. The scope of the investigation necessarily is going to involve Third Agency relationships to a considerable degree.

3. In the implementation of Executive Order 11652, "Classification and Declassification of National Security Information and Material," the President directed the following:

> "D. Consent of Originating Department to Dissemination by Recipient. Except as otherwise provided by Section 102 of the National Security Act of 1947, 61 Stat. 495, 50 U.S.C. 403, classified information or material originating in one Department shall not be disseminated outside any other Department to which it has been made available without the consent of the originating department."

4. As regards Section 102 of the 1947 Act, the following quotes 102 (e) in full:

> "(3) To the extent recommended by the National Security Council and approved by the President, such intelligence of the departments and agencies of the Government, except as hereinafter provided, relating to the national security,

shall be open to the inspection of the Director of Central Intelligence, and such intelligence as relates to the national security and is possessed by such departments and other agencies of the Government, except as hereinafter provided, shall be made available to the Director of Central Intelligence for correlation, evaluation and dissemination: Provided, however, that upon the written request of the Director of Central Intelligence, the Director of the Federal Bureau of Investigation shall make available to the Director of Central Intelligence such information for correlation, evaluation and dissemination as may be essential to the national security."

5. If I am requested to provide certain materials and investigation indicates that the material asked for involves a document which originated within an organization other than the Intelligence Community Staff or the Central Intelligence Agency, the requestor will be asked to redirect his inquiry to the office of origin.

6. It already is apparent, however, that the documentation being requested inevitably is going to include references to inter-relationships among various of the elements of the intelligence community. Clearing each and every such reference with every agency mentioned could manifestly be extremely consuming of time and manpower.

7. I propose the Ad Hoc Group agree on the following procedure. Where it appears that truly sensitive matters are involved, the material will be sanitized by the agency concerned and a check will be made with the appropriate Third Agency organizations before release. Where the reference concerns a Third Agency indirectly or is not considered sensitive and does not pose policy concerns, the agency concerned may forward the material to the requesting Select Committee without an item-by-item, mention-by-mention clearance with Third Agencies. However, in all cases notification that such material has been forwarded will be made to the central index and

all agencies alerted through that mechanism. Agencies will designate on their submissions to the central index, the name and telephone number of the releasing party.

The Third Agency Rule

1. As early as November 1953, the third agency rule was included in Executive Order 10501, which has now been revoked. Section 7(c) prohibited the dissemination of "classified defense information originating in another Department or agency" to an agency "outside the receiving Department or agency without the consent of the originating Department or agency". The only exception to this rule is that dissemination may be made under the authority of Section 102 of the National Security Act. This section authorizes the Director of Central Intelligence "to correlate and evaluate intelligence relating to the national security, and provide for the appropriate dissemination of such intelligence within the Government using, where appropriate, existing agencies and facilities".

2. Historically, the responsibility of the DCI to disseminate intelligence has referred to "finished intelligence". This product is the end result of contributions from members of the Intelligence Community. Therefore, in this situation the finished product is a~~n~~ homogenous product and therefore the approval for further dissemination beyond the receiving agency must come from the Central Intelligence Agency.

3. Executive Order 10501 was superseded by Executive Order 11652 which became effective 1 June 1972. This Executive order did not specifically cover the third agency rule. However, it does provide the following controls: Sec. 9. Special Departmental Arrangements. The originating Department or other appropriate authority may impose, in conformity with the provisions of this order, special requirements with respect to access, distribution and protection of classified information and material, including those which presently relate to communications intelligence, intelligence sources and methods and cryptography.

4. In anticipation of the implementation of Executive Order 11652, a directive was issued on May 17, 1972 entitled "National Security Council Directive Governing the Classification, Downgrading, Declassification and Safeguarding of National Security Information". This directive does not contain the term "third agency rule" but does have four subsections which relate to procedures which are similar to what historically had been called the third agency rule. These sections are:

> A.(2) Determination of Need-to-Know. In addition to a security clearance, a person must have a need for access to the particular classified information or material sought in connection with the performance of his official duties or

ENCLOSURE
62-116395-64

contractual obligations. The determination of that need shall be made by officials having responsibility for the classified information or material.

D. Consent of Originating Department to Dissemination by Recipient. Except as otherwise provided by Section 102 of the National Security Act of 1947, 61 Stat. 495, 50 U.S.C. 403, classified information or material originating in one Department shall not be disseminated outside any other Department to which it has been made available without the consent of the originating Department.

E. Dissemination of Sensitive Intelligence Information. Information or material bearing the notation "WARNING NOTICE -- SENSITIVE INTELLIGENCE SOURCES AND METHODS INVOLVED" shall not be disseminated in any manner outside authorized channels without the permission of the originating Department and an assessment by the senior intelligence official in the disseminating Department as to the potential risk to the national security and to the intelligence sources and methods involved.

F. Restraint on Special Access Requirements. The establishment of special rules limiting access to, distribution and protection of classified information and material under Section 9 of the Order requires the specific prior approval of the head of a Department or his designee.

5. Examples of the application of the Third Agency Rule are:

(a) In a national security estimate, contributions are received from all members of the Intelligence Community and then disseminated to members of the community under the authority of the DCI;

(b) A CIA intelligence report disseminated to the State Department may not be sent by the State Department to the Department of Commerce without the permission of the CIA;

(c) Information which the CIA furnishes the President's Commission may not be disseminated to other agencies or to the Congress without the concurrences of CIA. Thus, a request from the Congress to the Commission for CIA information should be referred to CIA for action so that the necessary protection of the information can be insured.

(2) If the Navy Department discusses one of its operations with CIA, CIA may not include information about that operation in papers it disseminates to other agencies unless it has received the permission of the Navy Department. The distinction here is that a Navy operation would not be considered part of the finished intelligence mechanism and therefore would not fall within the statutory authority of CIA to disseminate intelligence.

By agreement, the FBI is currently conducting full field investigations regarding SSC staff personnel. These have extremely short (2 week) deadlines which are identical to those afforded Presidential appointments and are, therefore, given preferential treatment in opening, assigning, and following field progress. The Special Inquiry Unit of the Employees Security and Special Inquiry Section, which has about twice its normal case load, is handling these requests. Senator Church, Chairman, SSC, originally estimated that between 35 and 40 staff members would be submitted for investigation. As of today, 4-3-75, we have received requests for 65 such investigations from the SSC and the end does not appear to be in sight. They are received in bunches as many as 6 at a time, which is not the even flow expected and presents an additional burden.

In addition it is expected that similar requests will be forthcoming in the near future from the HSC since we have a similar agreement with it. Congressman Nedzi, Chairman of the HSC, has estimated "probably no more than about 25 staff members will be hired." It remains to be seen if this estimate also falls short of actual receipts.

Since there is no charge for these full field investigations they will have to be considered in the budget. It is noted the current charge for a full field investigation, where applicable, is $2028.

SUBJECT: SENSTUDY 75

This memorandum recommends that the attached draft of a paper prepared by CIA entitled, "Ambiguities and the Law," be reviewed by the Legal Counsel Division for comment and that a member of the Division be named to represent the FBI in future meetings with legal representatives from other U. S. Intelligence Board (USIB) agencies and departments. The purpose of such a group is to develop recommendations for changes in existing laws or the proposal of new legislation which Mr. Colby as the Director of Central Intelligence can offer to the Senate Select Committee for their consideration.

At a meeting of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community 2/27/75, a draft paper entitled, "Ambiguities and the Law," was distributed to all members. This paper was drafted by Mr. Marvin Smith of CIA. It is considered a starting point for the Intelligence Community to identify areas in existing statutes that should be changed, as well as to recommend new legislation deemed necessary to clarify for the Congress and the American people the authorities, the limitations and missions of various member agencies or departments of the Intelligence Community.

In furnishing copies of this paper to members, the Chairman of the Ad Hoc Group, Mr. John Clarke, acknowledged the paper presents a starting point and in no way should be considered a final draft. He suggested that Legal Counsel representatives of each agency or department of USIB review the document and submit their comments directly to Mr. Marvin Smith, on Agency code 143, extension 4055. Following the receipt of such comments from the legal offices of member agencies and departments, it was proposed that a meeting would be called in an effort to begin drafting a paper representative of the Intelligence Community which would reflect recommended changes in existing statutes or proposals for new legislation.

D R A F T

AMBIGUITIES AND THE LAW

CIA, NSA, DIA, FBI and, to some extent, several other Federal Agencies, collect information and produce intelligence, but of different kinds and for different purposes. This is recognized in practice but is not as clearly established in the law. Given some lack of clarity in the law and some uncertainty regarding limits placed on intelligence activities, misunderstanding and fear of abuse of power easily thrive~~s~~. In reality, however, in the implementation of mission and charters and in direction and control, there are not as many unresolved ambiguities as the uninformed may suppose.

The experience following the National Security Act of 1947 is such that it is now possible to eliminate some of the vagueness of the language of the Act. The certainty and public confidence that should result from clarifications in the law should far outweigh any disadvantages. A number of possible amendments or additions to current laws have already been mentioned, and proposed legislation has already been submitted for some. These ideas and others are suggested, below.

ENCLOSURE

62-116395-162

1) Clarify CIA's mission and charter by amending the National Security Act of 1947 to reflect:

--that included in the proper functions of the Agency are (a) collection of foreign intelligence information; (b) conduct of activities to carry out CIA's counterintelligence responsibilities overseas; and (c) conduct of covert action operations overseas when authorized by the President;

--that CIA's responsibility to produce intelligence relates only to foreign intelligence;

--that it is a duty of the Agency to develop advanced technical equipment to improve the collection and processing of foreign intelligence information; and

--that the conduct of any counterintelligence operation or other activity overseas directed specifically at U.S. citizens (other than CIA employees) will be undertaken in coordination with the FBI or as requested by the FBI or by other USG agencies in coordination with the FBI.

2) Establish the authority for those agencies engaged in the collection and production of foreign intelligence to carry on certain specified activities within the United States, such as:

--protection of classified information and their own installations against penetration and compromise;

--investigation of employees, applicants, and those persons who could assist the U.S. foreign intelligence effort;

--investigation of employees and other individuals to be granted access to sensitive information;

--collection of foreign intelligence information from foreign nationals and from cooperating U.S. citizens;

--establishment of mechanisms in support of foreign intelligence activities; and

--cooperation with the FBI in investigations relating to the unauthorized disclosure of foreign intelligence.

3) Remove uncertainty regarding responsibility for internal security matters by modifying appropriate laws to establish clearly:

--that the collection of counterintelligence information in the United States and the collection of information related to internal security are functions of the FBI;

--that the responsibility for the production of intelligence related to internal security rests with the FBI; and

--that with due regard to assessed reliability of the information and responsibilities for protecting sources and methods, those agencies engaged in foreign intelligence activities will make available to the FBI and other Federal agencies, as appropriate, the security and counterintelligence information relating to foreign nationals in the United States and to U.S. citizens which is derived as a by-product of foreign intelligence activities.

4) Recognize international terrorism and international illegal drug activities as threats to U.S. national security and proper targets for U.S. foreign intelligence efforts, as well as for internal security operations.

5) Provide protection against the unauthorized disclosure of intelligence sources and methods by:

--providing for the protection of intelligence sources and methods on a statutory basis independent of Executive Order 11652;

--clarifying that the Director of Central Intelligence is responsible for protecting intelligence sources and methods related to foreign intelligence and foreign counterintelligence;

--assigning to the Director of the Federal Bureau of Investigation the duty of protecting intelligence sources and methods related to internal security and to counterintelligence within the United States;

--imposing specific burdens, upon officers and employees of all branches of the government and others granted official access, not to disclose such information without authorization,

and providing criminal sanctions for unauthorized disclosures;

--establishing effective injunctive recourse, through the Attorney General, for protection of all intelligence sources and methods;

--providing for in camera judicial review of material revealing intelligence sources and methods when relevant and necessary to criminal and civil proceedings;

--delineating authorities and responsibilities for investigating suspected or discovered unauthorized disclosures by (a) U.S. citizens overseas and (b) all persons within the United States.

6) Delineate areas of interagency assistance that facilitate performance of authorized missions, promote economy of resources, and as a matter of policy are desirable, for example:

--cooperation in research and development of technical collection and information processing equipment, methods and techniques;

--loan or supply of equipment, methods and techniques;

--provision of training in special skills and techniques;

--passage of information derived as a by-product of foreign intelligence activities to those agencies responsible for the matters involved.

A few changes in the procedures for reviewing intelligence activities might add considerable understanding and confidence. Of paramount importance is a form of congressional oversight that permits the provision to Congress of the necessary information in a timely, efficient and controlled manner. It is recognized that a number of Committees in both the Senate and House must be informed of substantive intelligence, operational matters and fiscal details in varying degrees. Just as in the executive branch, the test of access should be

"need-to-know." To apply this test and to control and protect sensitive information provided to Congress, a focal point within Congress would be extremely helpful. Whether a joint committee or not, such a focal point would also be valuable in facilitating changes in laws affecting intelligence activities. Congress might find that a more uniform approach to budget presentation and review would provide better insight and understanding.

The foregoing suggestions are by no means definitive. They do, however, present areas that in the experience of the intelligence community deserve careful attention.

Project Senstudy 75, established within the Intelligence Division, for the purpose of developing a capability of implementing requests received from the Select Committees of the Congress. Bureau file 62-116395 has been opened for this Project.

WOG

Because of the unusual factors relating to this entire Project, such as the sensitive nature of much of the material involved, urgency for handling, necessity for having the file very readily available to the working staff at all times, and similar other reasons, it is essential that the file be maintained in the work area of the Project which, effective 4/14/75, will be in room 4063, JEH. The purpose of this memorandum, therefore, is to have Files and Communications Division take necessary steps to arrange for the maintenance of the file in the designated room rather than in the usual manner.

There has already been much publicity about the Select Committees and we anticipate much more. This involves many newspaper stories. It is, therefore, believed very desirable that a Sub A file to the main file be opened as the standardized repository for newspaper articles. As a first step, it will be necessary that a few articles already in the main file be extracted and placed in the new Sub A file in the usual chronological order.

Per agreement between Awe (Div. 4) & Phillips (Div 5) we will NOT open a Sub A for newsclips but keep them in T-folder w/ Project. 4/14/75

In attached W. O. Cregar to Mr. W. R. Wannall memorandum of 3-6-75, captioned as above, it is recommended that the Legal Counsel Division coordinate and assign responsibilities to appropriate Divisions for the collection and preparation of certain materials we can anticipate the Senate Select Committee (SSC) will soon request from the FBI.

In this regard, it is suggested that all Divisions receiving requests for information in connection with testimony before this Committee respond in the same commendable and expeditious manner that they responded in connection with the preparation of the Director's Brief on his testimony before the House Subcommittee on Civil Rights and Constitutional Rights. The format of this information should generally be as follows:

1 - Heading in all caps, centered, brief description of contents;

2 - White, watermarked bond paper, 8 x 10 1/2";

3 - At least a 2" left margin. This is essential since material will be inserted into a folder;

4 - Double spaced;

5 - Do not number pages;

6 - Each Division will be responsible for the accuracy and completeness of the information furnished in final form. This will also include up-dating any information previously furnished;

7 - Use "Mag" card typewriter (courier ~~ball~~); identifying caption on the card folder should be adequate to readily identify it with the corresponding paper. In addition to the ~~caption, card~~ folder should also have the name of the originating Division.

8 - Furnish all "Mag" cards to the Legislative Matters Section, Legal Counsel Division, along with the write-up.

This memorandum recommends that the Legal Counsel Division coordinate and assign responsibilities to appropriate Divisions for the collection and preparation of certain materials we anticipate the Senate Select Committee (SSC) will soon request from the FBI.

Memorandum W. O. Cregar to W. R. Wannall, dated 3/5/75, reported the results of a meeting between Senator Church and Mr. Colby wherein Senator Church advised he anticipated asking all agencies and departments of the Intelligence Community for (1) Organizational charts broken down to a branch level going back to 1947, (2) Copies of all budgets since 1947 and (3) Documents reflecting all cash flows since 1947.

Attached is a copy of a short letter from Mr. John Clarke, Chairman of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community to Mr. William G. Miller, Staff Director, SSC. Also attached is a copy of a memorandum from Mr. Clarke to all members of the Ad Hoc Coordinating Group on Congressional Review of the Intelligence Community. This memorandum sets out in more detail what information the SSC will be seeking from all agencies making up the Intelligence Community. It should be noted that on page two of Mr. Clarke's memorandum he notes a formal request from Senator Church to all agencies can be expected.

The Intelligence Division believes considerable time and effort will be required from several Divisions to pull this information together. It is believed we should begin now to assemble the data in anticipation of a request.

Dear ~~Mr. Miller~~ Bill:

Pursuant to your request, I have advised all members of the Ad Hoc Group of the United States Intelligence Board and Mr. Thomas K. Latimer, Special Assistant to the Secretary of Defense, of Senator Church's request to provide legal authority and organization charts of USIB entities from their inception. I also have alerted them to the Committee's desire for comprehensive historical data on personnel, budgets, and cash flow for the same periods. They will expect to hear more directly from Senator Church on these matters.

By early next week, we will begin providing you the CIA data in response to the Chairman's request. The first set of annexes developed under the auspices of the USIB Ad Hoc Group is ready and I am having five copies of each run off for your use. Please advise if more copies are desired.

MEMORANDUM FOR: Principals of the Ad Hoc Coordinating Group on Congressional Review

SUBJECT: Information Requested by Senate Select Committee Staff Director

1. Senator Church has asked the Director to provide to the Senate Select Committee copies of CIA legal authorities and organization charts to branch levels, 1947-1975. He also indicated he wants similar authorities and charts for all USIB entities from their inceptions. In the case of CIA this will be from 1947; NSA from 1952; DIA from 1961; etc.

2. The Committee is seeking a comprehensive historical base line for each U.S. intelligence organization--its structure and the people involved over time. Therefore, Senator Church has asked that the names of all incumbents who have held supervisory responsibilities over the period, down through the branch level, also be provided. The Staff Director has been made aware of the difficulties involved in tracing personnel assignments too far back but asks that every effort be made to meet the request. CIA is proceeding accordingly.

3. Senator Church has also asked for budget and cash flow data on all U.S. intelligence organizations from their inceptions. The CIA finds that the source and uses tables, employed in annual financial reports, provides the historical profile desired. Supplemental data on specific programs can follow if requested. Senator Church wants data which will show specific patterns of expenditures

ENCLOSURE 62-116395-58

as distinct from budgets and appropriations. A formal request from the Chairman to all agencies on this matter can be expected.

4. The Senate Select Committee will be ready to receive classified material this week. It is suggested that Ad Hoc Group members begin assembling the legal, organizational, personnel, and budgetary data for early submission. I have provided Mr. Miller, Staff Director, with a list of Ad Hoc Principals, phone numbers, titles, etc. He understands that the central point for DOD is Mr. Thomas K. Latimer and for Treasury, Mr. Edward C. Schmults, Assistant Secretary for Enforcement.

By memorandum Legal Counsel to J. B. Adams dated 3/12/75, the Legal Counsel Division indicated that its Legislative Matters Section would coordinate and assign responsibilities within the Bureau for the collection and preparation of material for the Senate Select Committee.

This memorandum instructed Intelligence Division to accumulate data which was identified in a memorandum from Mr. John M. Clarke from the Ad Hoc Coordinating Group of the Intelligence Committee. Clarke's memorandum was attached to W. O. Cregar to W. R. Wannall memorandum dated 3/6/75. The identified data to be collected outlined in Clarke's memorandum was proposed-type data that the Senate Select Committee has indicated an interest in.

In view of 3/19/75 letter subsequently received from Senator Frank Church (Democrat, Idaho), Chairman of the Senate Select Committee, to the Attorney General outlining a request for specific FBI documents they are interested in receiving, the Intelligence Division has begun accumulating this specific data. In view of this request for specific data, the Intelligence Division will not accumulate the data outlined in the Clarke memorandum since it was only in the nature of proposed data and differs from the specific data to be collected which is extensive in nature.
